

1

00:00:00,000 --> 00:00:13,600

I received a call at home while I was at work and I thought I'd call back and I called

2

00:00:13,600 --> 00:00:18,880

his home phone, there was no answer, so I called the line on the car because he's got

3

00:00:18,880 --> 00:00:22,280

a hot siding going someplace and I thought he might need me.

4

00:00:22,280 --> 00:00:25,280

Are you one of the parties that has a CB radio?

5

00:00:25,280 --> 00:00:26,280

Yes.

6

00:00:26,280 --> 00:00:32,280

Okay, well we had an object goal over the 6th Northwest, I had about 625.

7

00:00:32,280 --> 00:00:39,280

We've been getting reports from as far north as Alberta, Army Commandments in Alberta,

8

00:00:39,280 --> 00:00:48,280

and East to spoke to the Dallas Oregon, and apparently there's more than one object involved here.

9

00:00:48,280 --> 00:00:57,280

I was just on the other line talking to a newsman and he says that citizens ban people

10

00:00:57,280 --> 00:01:02,280

are picking up quite a bit of information, and there's probably something's going on

11

00:01:02,280 --> 00:01:04,280

over around the coma right now.

12

00:01:04,280 --> 00:01:10,280

Yeah, well we've got a CB set up here at home and we've been monitoring on and on, but

13

00:01:10,280 --> 00:01:18,280

we've got 23 channels to scan and we can't really pick out which one the action's on right now.

14

00:01:18,280 --> 00:01:19,280

Right.

15

00:01:19,280 --> 00:01:23,280

Okay, I'll get back to you if I get anything important.

16

00:01:23,280 --> 00:01:24,280

Yeah.

17

00:01:24,280 --> 00:01:25,280

And you can call too.

18

00:01:25,280 --> 00:01:32,280

Oh, incidentally, I brought up Jake the other day, an idea of contacting some of the local radio

19

00:01:32,280 --> 00:01:41,280

stations like KJR who did the big deal on the car statements and publicly KOL although

20

00:01:41,280 --> 00:01:43,280

they're not really that into it.

21

00:01:43,280 --> 00:01:50,280

But when I heard, I believe yesterday in the morning, an interview with you on KOL and

22

00:01:50,280 --> 00:01:56,280

when I called KJR this morning for an appointment with Chef Roddy, they said you've been in contact with him.

23

00:01:56,280 --> 00:01:57,280

Yes, I have.

24

00:01:57,280 --> 00:02:04,280

I see, would there be any point in me going ahead and making contact with him then?

25

00:02:04,280 --> 00:02:10,280

Jake gives me a bunch of promo material to pass out.

26

00:02:10,280 --> 00:02:14,280

So I was just wondering if I should go ahead and make contact with myself.

27

00:02:14,280 --> 00:02:16,280

Well, they're pretty well up on it down there.

28

00:02:16,280 --> 00:02:17,280

I see.

29

00:02:17,280 --> 00:02:20,280

Yeah, I think you'd probably save yourself a little time.

30

00:02:20,280 --> 00:02:23,280

Yeah, well, time I got plenty of time.

31

00:02:23,280 --> 00:02:27,280

Anyway, that's basically it.

32

00:02:27,280 --> 00:02:30,280

I didn't get a chance to talk to Jake.

33

00:02:30,280 --> 00:02:36,280

I've been trying to get set up on a schedule so we can all get together and meet.

34

00:02:36,280 --> 00:02:39,280

Yeah, I know he's talking about that.

35

00:02:39,280 --> 00:02:44,280

Yeah, and I just got screwed up on my hours of work so I'm not sure just when we'll be

36

00:02:44,280 --> 00:02:46,280

all be able to get together and go at once.

37

00:02:46,280 --> 00:02:52,280

It looks like right now that after eight o'clock on a weekday night, it'll be just about the

38

00:02:52,280 --> 00:02:57,280

only time we'll be able to get together because I'm working kind of a split swing shift.

39

00:02:57,280 --> 00:03:00,280

Okay, well, we'll get in touch.

40

00:03:00,280 --> 00:03:02,280

We're having a touch of that.

41

00:03:02,280 --> 00:03:05,280

I'm a little bit confused here tonight but I've been going from phone to phone.

42

00:03:05,280 --> 00:03:10,280

Yeah, well, if you do get a sighting, say in the South Seattle area, none of us have

43

00:03:10,280 --> 00:03:15,280

too much gas right now, but if you do get a good balance sighting in the South Seattle

44

00:03:15,280 --> 00:03:19,280

area, give us a ring because we got, well, nothing else.

45

00:03:19,280 --> 00:03:24,280

We can sight and get two cars to put into a third and get someplace.

46

00:03:24,280 --> 00:03:26,280

Okay, thanks a lot.
