

1

00:00:00,000 --> 00:00:07,000

This is the new department.

2

00:00:07,000 --> 00:00:11,000

Okay, this is Bob Gribble, a phenomena researcher in Seattle, Washington.

3

00:00:11,000 --> 00:00:12,000

Alright.

4

00:00:12,000 --> 00:00:16,000

We would like to get a little information on that so-called fireball scene in your area

5

00:00:16,000 --> 00:00:17,000

last night.

6

00:00:17,000 --> 00:00:20,000

Okay, I'll tell you what I know, but it ain't much.

7

00:00:20,000 --> 00:00:21,000

Okay.

8

00:00:21,000 --> 00:00:23,000

You want to ask me questions?

9

00:00:23,000 --> 00:00:24,000

Well, what?

10

00:00:24,000 --> 00:00:25,000

Phenomena research?

11

00:00:25,000 --> 00:00:26,000

Right.

12

00:00:26,000 --> 00:00:27,000

That sounds cool.

13

00:00:27,000 --> 00:00:30,000

Is it something like, believe it or not?

14

00:00:30,000 --> 00:00:34,000

Oh, no, we specifically investigate UFO reports.

15

00:00:34,000 --> 00:00:35,000

That's cool.

16

00:00:35,000 --> 00:00:36,000

That's really interesting.

17

00:00:36,000 --> 00:00:37,000

Okay.

18

00:00:37,000 --> 00:00:38,000

Right.

19

00:00:38,000 --> 00:00:39,000

You want to ask me questions?

20

00:00:39,000 --> 00:00:40,000

You want me to tell you what I know?

21

00:00:40,000 --> 00:00:42,000

Well, tell me what you know first.

22

00:00:42,000 --> 00:00:43,000

Okay.

23

00:00:43,000 --> 00:00:52,000

The Lewis County Sheriff's Department is probably the most local person that talks to me about

24

00:00:52,000 --> 00:00:53,000

it.

25

00:00:53,000 --> 00:01:00,000

They say that they know anything and they tell me that last night, McCord Air Force State's

26

00:01:00,000 --> 00:01:09,000

air approach called them and said the weather plane had seen an impact in Lewis County and

27

00:01:09,000 --> 00:01:12,000

that they saw a fire on the ground at that spot.

28

00:01:12,000 --> 00:01:22,000

They reported that they had seen it something like 7.35 PM and that it was on a line between

29

00:01:22,000 --> 00:01:25,000

McKenna and Cinnabar.

30

00:01:25,000 --> 00:01:33,000

Somewhere between those two, they said that it looked like it was about three miles north

31

00:01:33,000 --> 00:01:40,000

of Cinnabar and 13 miles south of McKenna.

32

00:01:40,000 --> 00:01:45,000

The Sheriff's Department says that makes it within a circle radius of something like 30

33

00:01:45,000 --> 00:01:47,000

mile radius circle.

34

00:01:47,000 --> 00:01:58,000

They, I guess, McCord sent a chopper to look around, but I guess clouds took over so they

35

00:01:58,000 --> 00:02:01,000

decided to give up the search.

36

00:02:01,000 --> 00:02:06,000

According to the Sheriff, again, nothing, no search has been going on since that time,

37

00:02:06,000 --> 00:02:10,000

but the Sheriff's Department says they're going to send their chopper, the Sheriff's

38

00:02:10,000 --> 00:02:17,000

Department, to look around at the clock to see if they can find any fire or anything.

39

00:02:17,000 --> 00:02:20,000

Have you had any calls?

40

00:02:20,000 --> 00:02:25,000

Personally, the only call that I've had is from other radio stations asking, what do you know?

41

00:02:25,000 --> 00:02:29,000

I haven't had a single person call and say we saw something.

42

00:02:29,000 --> 00:02:34,000

The Sheriff's Department just told me that they hadn't had a single person call, you know,

43

00:02:34,000 --> 00:02:37,000

a civilian and say we saw this thing, what's going on?

44

00:02:37,000 --> 00:02:40,000

A plane crash or anything like that.

45

00:02:40,000 --> 00:02:44,000

As far as that goes, I heard a tape on another radio station.

46

00:02:44,000 --> 00:02:51,000

They played a man they said was an FAA official saying that people said that they'd seen it

47

00:02:51,000 --> 00:02:55,000

all the way up into Canada and that, you know, all around the state of Washington people

48

00:02:55,000 --> 00:02:57,000

had seen it, the fireball.

49

00:02:57,000 --> 00:03:00,000

Let's say I got no call here, neither is the other radio station.

50

00:03:00,000 --> 00:03:02,000

They just told me the other radio station is.

51

00:03:02,000 --> 00:03:05,000

They said, hey, first one, no one.

52

00:03:05,000 --> 00:03:07,000

That's the other radio station.

53

00:03:07,000 --> 00:03:10,000

Okay, we are in search of witnesses to this thing in your area.

54

00:03:10,000 --> 00:03:13,000

Is there any chance of getting any kind of a blurb on your news?

55

00:03:13,000 --> 00:03:15,000

That you are?

56

00:03:15,000 --> 00:03:17,000

Ah, yeah, I'd say so.

57

00:03:17,000 --> 00:03:20,000

I'm probably going to be in search of myself because right there.

58

00:03:20,000 --> 00:03:25,000

That'd be the only thing that I have to tell people that somebody said it's odd.

59

00:03:25,000 --> 00:03:27,000

Okay.

60

00:03:27,000 --> 00:03:29,000

You haven't discovered any yet, have you?

61

00:03:29,000 --> 00:03:30,000

Oh, yes.

62

00:03:30,000 --> 00:03:32,000

We were flooded with calls last night.

63

00:03:32,000 --> 00:03:37,000

Everywhere from 6.15 to about 7.45 reported, say, now.

64

00:03:37,000 --> 00:03:42,000

I guess the reason, there are a few reasons maybe you can verify this, it'd be quiet, you know.

65

00:03:42,000 --> 00:03:49,000

Not to me, people called around here is because where it fell is just an extremely, you know, nobody lives there.

66

00:03:49,000 --> 00:03:52,000

You know, miles of logging roads and all of that.

67

00:03:52,000 --> 00:03:53,000

Yes.

68

00:03:53,000 --> 00:03:54,000

Out in the old field.

69

00:03:54,000 --> 00:04:01,000

Well, we had, like I say, many individual sightings here and many in a low-level altitude, around the Seattle area.

70

00:04:01,000 --> 00:04:02,000

Yeah.

71

00:04:02,000 --> 00:04:05,000

Have you heard from anybody from Lewis County?

72

00:04:05,000 --> 00:04:08,000

No, I called there and I couldn't get any information at all.

73

00:04:08,000 --> 00:04:11,000

Right, Lewis County, I mean, have you heard any citizens from Lewis County?

74

00:04:11,000 --> 00:04:12,000

No.

75

00:04:12,000 --> 00:04:16,000

Okay, well, you know, hope you find something.

76

00:04:16,000 --> 00:04:18,000

Hope I do too.

77

00:04:18,000 --> 00:04:27,000

You might call back, like I say, I'll, you know, I will probably be, if they don't find anything, I'll probably be going down to the area myself.

78

00:04:27,000 --> 00:04:30,000

See if I find anybody who says it's odd.

79

00:04:30,000 --> 00:04:31,000

Okay, well, thanks for watching.

80

00:04:31,000 --> 00:04:32,000

Okay, you're welcome.

81

00:04:32,000 --> 00:04:33,000

Thanks.
