

1

00:00:00,000 --> 00:00:05,000

This is Bob Verbal of Phenomenon Research.

2

00:00:05,000 --> 00:00:10,000

I'm calling to get a little bit of information about your study last Thursday night.

3

00:00:10,000 --> 00:00:19,000

Could you give me the time on that? I believe I forgot to ask you about that.

4

00:00:19,000 --> 00:00:29,000

Okay, the time was about six o'clock I think. I was watching the news. I didn't look at the clock.

5

00:00:29,000 --> 00:00:32,000

About six p.m.

6

00:00:32,000 --> 00:00:37,000

Yeah, about that.

7

00:00:37,000 --> 00:00:40,000

Okay.

8

00:00:40,000 --> 00:00:44,000

Uh, and I believe that you showed us the car was orange.

9

00:00:44,000 --> 00:00:53,000

Yeah, well it was, it wasn't really orange. It was, uh, you know, kind of like the fire you see in the fireplace.

10

00:00:53,000 --> 00:00:54,000

I see.

11

00:00:54,000 --> 00:00:59,000

It was that kind of adult color.

12

00:00:59,000 --> 00:01:06,000

Now, are you facing west, where you have to go to the truth?

13

00:01:06,000 --> 00:01:13,000

It's an apartment. I'm facing to the north, to the northwest.

14

00:01:13,000 --> 00:01:17,000

Pretty much either way, because it's a wrap around window.

15

00:01:17,000 --> 00:01:20,000

The window face is west, and then a face is north.

16

00:01:20,000 --> 00:01:25,000

I see.

17

00:01:25,000 --> 00:01:32,000

Maybe you, uh, by any chance, hurt anyone else with this thing?

18

00:01:32,000 --> 00:01:40,000

Um, no, I, none of my friends at school, or no one else I know, has seen it.

19

00:01:40,000 --> 00:01:44,000

Or saw it or anything. Just from what I heard over the radio.

20

00:01:44,000 --> 00:01:46,000

Yeah.

21

00:01:46,000 --> 00:01:48,000

Okay, thanks a lot Gary.

22

00:01:48,000 --> 00:01:53,000

Okay, um, is there, you know, these are not the sites where it landed or anything here?

23

00:01:53,000 --> 00:01:54,000

No.

24

00:01:54,000 --> 00:01:55,000

Or hit the earth?

25

00:01:55,000 --> 00:01:57,000

No, no, I don't think they will either.

26

00:01:57,000 --> 00:02:03,000

Yeah, they said that, uh, the period was at, by the time it hit the earth, it was about the size of

the baseball.

27

00:02:03,000 --> 00:02:05,000

Yeah, well, could be.

28

00:02:05,000 --> 00:02:10,000

Yeah, well, the thing that was weird about it is that it seemed to take a sudden direction.

29

00:02:10,000 --> 00:02:14,000

But then it, uh, accelerated towards the east.

30

00:02:14,000 --> 00:02:17,000

I mean, towards the, yeah, towards the east.

31

00:02:17,000 --> 00:02:19,000

You're guessing about that turn then?

32

00:02:19,000 --> 00:02:22,000

Yeah, it, yeah, it did. It turned.

33

00:02:22,000 --> 00:02:23,000

Uh-huh.

34

00:02:23,000 --> 00:02:25,000

It turned, accelerated, and then it was gone.

35

00:02:25,000 --> 00:02:29,000

We've seen how that, it had softwood eliminated, medium to,

36

00:02:30,000 --> 00:02:39,000

because mediums just do not turn, they can't turn the atmosphere anywhere from 40 to 140,000 miles an hour.

37

00:02:39,000 --> 00:02:46,000

And of course depending upon their angle, it's easy to have, and how fast they burn up, but they never change course.

38

00:02:46,000 --> 00:02:50,000

Yeah, it's at the right angle to do, yeah.

39

00:02:51,000 --> 00:03:00,000

It just, it just like it, like it, uh, was a jet fighter coming in for a, coming in for a straight.

40

00:03:00,000 --> 00:03:09,000

And then just, just like that same sloping pattern when it was coming in, and then it just took a right angle turn ahead of the, just like that.

41

00:03:09,000 --> 00:03:15,000

And then during this acceleration, or what appeared to be the acceleration, there were, uh, um,

42

00:03:15,000 --> 00:03:20,000

either with sparks, or what appeared to be sparks coming out of the tail.

43

00:03:20,000 --> 00:03:21,000

Yeah.

44

00:03:21,000 --> 00:03:25,000

That were trailed about three times as long as the object.

45

00:03:25,000 --> 00:03:26,000

Okay.

46

00:03:28,000 --> 00:03:35,000

And you're pretty sure that that, that you, when you first saw it, that it was, uh, coming from Duzor?

47

00:03:35,000 --> 00:03:37,000

It was coming, yes, coming from Duzor, I think so.

48

00:03:37,000 --> 00:03:38,000

I think so.

49

00:03:40,000 --> 00:03:41,000

Okay, thank you very much.

50

00:03:41,000 --> 00:03:42,000

Okay.

51

00:03:42,000 --> 00:03:43,000

Bye now.
