

1

00:00:00,000 --> 00:00:04,720

We understand that you saw something here the other night.

2

00:00:04,720 --> 00:00:07,640

We wonder if we could get a description of your experience.

3

00:00:07,640 --> 00:00:17,160

Yes, I live on Annas Island and we're up on the edge of a 160 foot cliff above the water

4

00:00:17,160 --> 00:00:25,960

and I have an unobstructed view of at least 180 degrees from my viewpoint and all of a

5

00:00:25,960 --> 00:00:31,960

time I saw this object coming from the northeast.

6

00:00:31,960 --> 00:00:34,960

Do you know where Ketrin Island is?

7

00:00:34,960 --> 00:00:35,960

Yes.

8

00:00:35,960 --> 00:00:41,960

Oh, okay, it was coming from Ketrin Island along that shore which is, belongs to, it's

9

00:00:41,960 --> 00:00:44,960

a porvose reservation, you know.

10

00:00:44,960 --> 00:00:52,960

It was way out over there by that shore and it was coming down the sound at a pass clip

11

00:00:52,960 --> 00:01:03,960

and this was a half moon object, not a flying saucer type, but it was half moon and it was

12

00:01:03,960 --> 00:01:07,960

quite thick in the front part of it, you know.

13

00:01:07,960 --> 00:01:16,960

In other words, it was half moon and it was going that way forward in that direction and

14

00:01:16,960 --> 00:01:22,960

it was just coming on top of the water and it dove into the water.

15

00:01:22,960 --> 00:01:24,960

It appears we got disconnected.

16

00:01:24,960 --> 00:01:26,960

I guess we can.

17

00:01:26,960 --> 00:01:31,960

I was going through all this program and I'll try to start all over again.

18

00:01:31,960 --> 00:01:39,960

It was coming from Ketrin Island area along the fire shore and I can see everything clear

19

00:01:39,960 --> 00:01:43,960

beyond the squalled flat, you know what it is.

20

00:01:43,960 --> 00:01:51,960

Okay, it came along and it probably was about, even with DuPont, when it dove into the water.

21

00:01:51,960 --> 00:01:53,960

You know where DuPont is?

22

00:01:53,960 --> 00:01:56,960

No, I don't think so.

23

00:01:56,960 --> 00:01:59,960

Well, it's DuPont is right across from where I live.

24

00:01:59,960 --> 00:02:00,960

Okay.

25

00:02:00,960 --> 00:02:04,960

Okay, and I live on Coal Point and it's violent.

26

00:02:04,960 --> 00:02:05,960

Right.

27

00:02:05,960 --> 00:02:15,960

Not just about to DuPont, it dove into the water and left a big foam spray like deal

28

00:02:15,960 --> 00:02:17,960

when it went into the water.

29

00:02:17,960 --> 00:02:18,960

Yes.

30

00:02:18,960 --> 00:02:23,960

And it disappeared and I kept looking at the winter one.

31

00:02:23,960 --> 00:02:26,960

Heck it was, you know, pretty soon.

32

00:02:26,960 --> 00:02:30,960

Well, maybe a six seconds or so.

33

00:02:30,960 --> 00:02:38,960

It surfaced again and it was scammed on top of the water a whole lot, a hundred feet

34

00:02:38,960 --> 00:02:47,960

above the water and it continued on for quite a ways and then when it got to approximately,

35

00:02:47,960 --> 00:02:54,960

even with the squalled flat, it dove into the water again and I lost, I couldn't see it again

36

00:02:54,960 --> 00:02:55,960

after that.

37

00:02:55,960 --> 00:02:57,960

If it came up again, I don't know.

38

00:02:57,960 --> 00:03:02,960

It disappeared and I couldn't see it beyond that point.

39

00:03:02,960 --> 00:03:07,960

That's what it, that's my version of the whole thing.

40

00:03:07,960 --> 00:03:08,960

I see.

41

00:03:08,960 --> 00:03:13,960

What was the time last from the time you first saw it until it just disappeared the last time?

42

00:03:13,960 --> 00:03:17,960

Oh, it was about not over two minutes.

43

00:03:17,960 --> 00:03:19,960

It was very fast.

44

00:03:19,960 --> 00:03:23,960

It was moving at quite a speed.

45

00:03:23,960 --> 00:03:28,960

It just, it was the hardest thing I've ever saw in my life.

46

00:03:28,960 --> 00:03:38,960

I just was really, I always keep binoculars right by the window and we are leaving for

47

00:03:38,960 --> 00:03:41,960

Mexico for three months in a couple of days.

48

00:03:41,960 --> 00:03:44,960

We had loaded them in our motorhome.

49

00:03:44,960 --> 00:03:51,960

That's why I might have got a better view of it with our binoculars but it was very clear

50

00:03:51,960 --> 00:03:57,960

and it was very, there was no, there was any doubt about what I saw.

51

00:03:57,960 --> 00:03:58,960

Yes.

52

00:03:58,960 --> 00:04:01,960

Well now your side of the island, is that facing west or east?

53

00:04:01,960 --> 00:04:04,960

No, it's facing south.

54

00:04:04,960 --> 00:04:05,960

South, do south.

55

00:04:05,960 --> 00:04:06,960

Do south.

56

00:04:06,960 --> 00:04:07,960

Okay.

57

00:04:07,960 --> 00:04:09,960

And the weather was fairly good then?

58

00:04:09,960 --> 00:04:13,960

Yes, the weather was clear and the water was smooth.

59

00:04:13,960 --> 00:04:15,960

There was, there was no ripple on the water.

60

00:04:15,960 --> 00:04:17,960

It was just like glass.

61

00:04:17,960 --> 00:04:18,960

Yes.

62

00:04:18,960 --> 00:04:20,960

Now you were observing this from indoor?

63

00:04:20,960 --> 00:04:21,960

Yes.

64

00:04:21,960 --> 00:04:22,960

I see.

65

00:04:22,960 --> 00:04:31,960

We have 16 feet of glass here and in front of our home and we have like I say on a protected

66

00:04:31,960 --> 00:04:33,960

view for at least 180 degrees.

67

00:04:33,960 --> 00:04:34,960

I see.

68

00:04:34,960 --> 00:04:37,960

Were there any ships or boats on the water at the time?

69

00:04:37,960 --> 00:04:38,960

Not at the time.

70

00:04:38,960 --> 00:04:43,960

There was a boat or ship in sight and surely after that there was a lot of boats.

71

00:04:43,960 --> 00:04:44,960

I see.

72

00:04:44,960 --> 00:04:49,960

But where they were at this time, I can't figure it out but right after that there was more

73

00:04:49,960 --> 00:04:51,960

boats than I've seen since last summer.

74

00:04:51,960 --> 00:04:52,960

I see.

75

00:04:52,960 --> 00:04:55,960

Well then somebody in authority probably heard about that also.

76

00:04:55,960 --> 00:04:57,960

I can't figure out.

77

00:04:57,960 --> 00:04:59,960

Yes, there was a lot of boats.

78

00:04:59,960 --> 00:05:03,960

A lot of boats that just seemed like they just were forming that shortly after that.

79

00:05:03,960 --> 00:05:07,960

Would that be in the area where this thing finally went into the water and didn't come

80

00:05:07,960 --> 00:05:08,960

out again?

81

00:05:08,960 --> 00:05:09,960

Yes.

82

00:05:09,960 --> 00:05:10,960

Uh huh.

83

00:05:10,960 --> 00:05:11,960

Yeah.

84

00:05:11,960 --> 00:05:16,960

And do you know where the, well where the spotty flats are?

85

00:05:16,960 --> 00:05:22,960

Uh, the point on south, southern point of Van or Snialan is?

86

00:05:22,960 --> 00:05:25,960

Yes, I know where the island is.

87

00:05:25,960 --> 00:05:30,960

Well, there was, I heard the transmine, they go fishing a lot.

88

00:05:30,960 --> 00:05:35,960

They said there was probably 50 boats out there later after that.

89

00:05:35,960 --> 00:05:36,960

Uh huh.

90

00:05:36,960 --> 00:05:38,960

But they were all fishing first.

91

00:05:38,960 --> 00:05:39,960

Yes.

92

00:05:39,960 --> 00:05:40,960

Or looking for what I saw.

93

00:05:40,960 --> 00:05:41,960

Yes.

94

00:05:41,960 --> 00:05:43,960

Now I want to get a confirmation of the date.

95

00:05:43,960 --> 00:05:45,960

Was that Sunday morning or Monday morning?

96

00:05:45,960 --> 00:05:46,960

No, that was Saturday.

97

00:05:46,960 --> 00:05:47,960

Saturday morning.

98

00:05:47,960 --> 00:05:48,960

The 18th.

99

00:05:48,960 --> 00:05:49,960

Saturday morning.

100

00:05:49,960 --> 00:05:50,960

Okay.

101

00:05:50,960 --> 00:05:54,960

Yeah, the 18th, exactly 8.30 in the morning.

102

00:05:54,960 --> 00:05:56,960

My wife was not good.

103

00:05:56,960 --> 00:06:03,960

I hollered at her, but by the time she got there, I was of course gone.

104

00:06:03,960 --> 00:06:07,960

And of course you, have you heard any discussion among your friends or neighbors about seeing

105

00:06:07,960 --> 00:06:08,960

it at all?

106

00:06:08,960 --> 00:06:14,960

No, I told my, I wasn't even going to report because I figured that people wouldn't believe

107

00:06:14,960 --> 00:06:15,960

me in a way.

108

00:06:15,960 --> 00:06:21,960

So, but some of our friends said I should report it and then talk, and I reported it.

109

00:06:21,960 --> 00:06:22,960

I see.

110

00:06:22,960 --> 00:06:31,960

It was really, it was really quite exciting or whatever you want to call it.

111

00:06:31,960 --> 00:06:33,960

Yes, I know what you mean.

112

00:06:33,960 --> 00:06:36,960

Did you notice any aircraft in the area later?

113

00:06:36,960 --> 00:06:43,960

No, we didn't have any aircraft in the area at the time or afterwards.

114

00:06:43,960 --> 00:06:44,960

Not at all.

115

00:06:44,960 --> 00:06:45,960

No.

116

00:06:45,960 --> 00:06:51,960

I'm sure it wasn't an airplane because it was a big object.

117

00:06:51,960 --> 00:06:59,960

I'd say it was, oh, maybe in front of it was 75 feet long in this half-moon.

118

00:06:59,960 --> 00:07:00,960

Yes.

119

00:07:00,960 --> 00:07:12,960

And it was just big and moving at a terrific speed and how it could dive in the water and

120

00:07:12,960 --> 00:07:15,960

surfacing and I, it just was quite a puzzling to me.

121

00:07:15,960 --> 00:07:16,960

Yes.

122

00:07:16,960 --> 00:07:20,960

Did you see any surface features or openings or lights or anything on this object?

123

00:07:20,960 --> 00:07:28,960

No, it was a white-gray color, kind of a white-gray color.

124

00:07:28,960 --> 00:07:29,960

Yes.

125

00:07:29,960 --> 00:07:38,960

I saw no openings on it, of course it was about, I imagine, from my home across to the other

126

00:07:38,960 --> 00:07:40,960

side is probably about two miles.

127

00:07:40,960 --> 00:07:41,960

I see.

128

00:07:41,960 --> 00:07:47,960

So I couldn't see any windows or anything if there was such a thing in it.

129

00:07:47,960 --> 00:07:51,960

No electrical interference in your area that you noticed?

130

00:07:51,960 --> 00:07:53,960

Well, I didn't notice any at that time.

131

00:07:53,960 --> 00:07:56,960

I didn't have the radio on this thing.

132

00:07:56,960 --> 00:08:06,960

Although, oh, you talked about this discussion, so President Biden said that there, before

133

00:08:06,960 --> 00:08:12,960

that, that there was some other sightings around the narrow bridge.

134

00:08:12,960 --> 00:08:22,960

I didn't know whether that saw or not and that people said that President Biden said that

135

00:08:22,960 --> 00:08:30,960

you know, your radio communication, they couldn't get the radio to work for about ten minutes.

136

00:08:30,960 --> 00:08:32,960

Yes, we heard about that report.

137

00:08:32,960 --> 00:08:33,960

Yes.

138

00:08:33,960 --> 00:08:35,960

That was another very large object.

139

00:08:35,960 --> 00:08:43,960

Yeah, and that was the next day, I believe, after this happened that I saw.

140

00:08:43,960 --> 00:08:54,960

See, and it was, oh well, my wife said no, that was just after Chris might have that

141

00:08:54,960 --> 00:08:56,960

thing stuck, I think.

142

00:08:56,960 --> 00:09:00,960

But what I saw, I know I saw and it was there.

143

00:09:00,960 --> 00:09:06,960

There was no imagination because I'm not the type that imagines things.

144

00:09:06,960 --> 00:09:16,960

I've been a pilot for forty-some years, forty-eight years, and a commercial pilot, and I flew

145

00:09:16,960 --> 00:09:26,960

for the Air Force during World War II and I logged over seventy thousand hours without

146

00:09:26,960 --> 00:09:29,960

that is, during the war.

147

00:09:29,960 --> 00:09:30,960

Yes.

148

00:09:30,960 --> 00:09:36,960

I haven't logged out, I haven't paid a thousand hours, I've had since then or before then.

149

00:09:36,960 --> 00:09:41,960

I've been flying for many years, I've never seen anything like this before.

150

00:09:41,960 --> 00:09:44,960

I'd say you were a highly qualified observer then.

151

00:09:44,960 --> 00:09:46,960

Well, I would if I am, yes.

152

00:09:46,960 --> 00:09:48,960

I wonder if I could get your address.

153

00:09:48,960 --> 00:09:50,960

Yes, just Anderson Island.

154

00:09:50,960 --> 00:09:51,960

Just Anderson Island.

155

00:09:51,960 --> 00:09:52,960

Yeah.

156

00:09:52,960 --> 00:09:53,960

Okay.

157

00:09:53,960 --> 00:09:56,960

The only description I can give you is that we live on Cold Point.

158

00:09:56,960 --> 00:09:57,960

Okay.

159

00:09:57,960 --> 00:10:04,960

I'd like to leave our telephone number with you and the event that you see anything in

160

00:10:04,960 --> 00:10:06,960

the future or hear of anything being seen.

161

00:10:06,960 --> 00:10:08,960

What are your organizations?

162

00:10:08,960 --> 00:10:10,960

It's Phenomena Research.

163

00:10:10,960 --> 00:10:11,960

Phenomena?

164

00:10:11,960 --> 00:10:12,960

Right.

165

00:10:12,960 --> 00:10:17,960

Well, of course, unfortunately, we're leaving.

166

00:10:17,960 --> 00:10:19,960

In fact, we're leaving Island tomorrow.

167

00:10:19,960 --> 00:10:24,960

We're going into Seattle for a couple days to get my hands on the deck.

168

00:10:24,960 --> 00:10:25,960

We're leaving for Mexico.

169

00:10:25,960 --> 00:10:27,960

We've been gone three months.

170

00:10:27,960 --> 00:10:29,960

I hope you have a fine trip.

171

00:10:29,960 --> 00:10:30,960

Thank you.

172

00:10:30,960 --> 00:10:33,960

I don't know what else is in between now and then.

173

00:10:33,960 --> 00:10:35,960

I'll be looking.

174

00:10:35,960 --> 00:10:36,960

That's fine.

175

00:10:36,960 --> 00:10:37,960

Yes.

176

00:10:37,960 --> 00:10:38,960

What's your name?

177

00:10:38,960 --> 00:10:42,960

Bob Gribble, G-R-I-B-B-L-E.

178

00:10:42,960 --> 00:10:44,960

Bob Gribble, G-R-I-B-B-L-E.

179

00:10:44,960 --> 00:10:45,960

Right.

180

00:10:45,960 --> 00:10:48,960

Well, I'll certainly keep this on file.

181

00:10:48,960 --> 00:10:54,960

And if I stand there after I get back or before, I will get in touch with you.

182

00:10:54,960 --> 00:10:56,960

Thank you very much for your time.

183

00:10:56,960 --> 00:10:59,960

Thank you, Bob, and I wish we knew what this was.

184

00:10:59,960 --> 00:11:00,960

Okay, me too.

185

00:11:00,960 --> 00:11:01,960

Thank you.

186

00:11:01,960 --> 00:11:02,960

Thanks again.

187

00:11:02,960 --> 00:11:03,960

Goodbye.
