

1

00:00:00,000 --> 00:00:04,000

The island called Hat Island.

2

00:00:04,000 --> 00:00:08,000

Hat Island? Yes. It's in between Woodby Island and Everett.

3

00:00:08,000 --> 00:00:14,000

And I just got a phone call from my brother. He was up there and he said that he saw a UFO.

4

00:00:14,000 --> 00:00:18,000

And it's been up in the sky for about 20 minutes.

5

00:00:18,000 --> 00:00:25,000

A very bright one. It's yellow. He said he saw streaks in it and a kind of like a stem coming off from the bottom.

6

00:00:25,000 --> 00:00:30,000

Which is also lit up. And then there was some kind of light behind it.

7

00:00:30,000 --> 00:00:34,000

Okay. Is there any way we can contact him?

8

00:00:34,000 --> 00:00:40,000

I don't know the phone number up there. Oh I see.

9

00:00:40,000 --> 00:00:45,000

And this would be west of Hat Island? No east. East of Hat Island.

10

00:00:45,000 --> 00:00:53,000

Could I give you the phone number to my house when you could ask my mother? I think she knows the phone number to Hat Island.

11

00:00:53,000 --> 00:00:58,000

Okay. And this is going on right now.

12

00:00:58,000 --> 00:01:09,000

Yeah. I see. Are you calling from Everett? No I'm calling from Seattle. I'm at Gwendole Landisown. We're going cold.

13

00:01:09,000 --> 00:01:13,000

Okay thank you very much. We'll follow that up. Okay. Thanks. Bye.

14

00:01:13,000 --> 00:01:22,000

This is Bob Gerber of Phenomenal Research. I talked to your mother a short time ago and she said that you had a little story on UFO sighting.

15

00:01:22,000 --> 00:01:27,000

You'd like to tell me. Well. I wonder if I could get it right from the beginning.

16

00:01:27,000 --> 00:01:36,000

Sure. We were going down the hill just to call my mom and tell her. And we were just kicking around down there for a while.

17

00:01:36,000 --> 00:01:44,000

And we just shot. And we just decided up there and there's nothing to hold anything up there with.

18

00:01:45,000 --> 00:01:53,000

And it was just beating around. It looked like it was just covering me. And it was going for about 25 minutes and then it was gone.

19

00:01:53,000 --> 00:01:59,000

When this thing disappeared did it move away or just go out?

20

00:01:59,000 --> 00:02:09,000

Well we didn't watch it for that long. We just watched it and we didn't see it go. But it was beating around and there were three little dots behind it.

21

00:02:10,000 --> 00:02:15,000

Three little dots? Were the dots a light? Yeah.

22

00:02:15,000 --> 00:02:24,000

And what color was this object? Like a big thing of light in the sky.

23

00:02:24,000 --> 00:02:31,000

Just white? Yeah. All white? No. Like lights in your house or up in the sky.

24

00:02:31,000 --> 00:02:40,000

I see. Like big lights. And did this thing remain absolutely stationary as you were watching it?

25

00:02:40,000 --> 00:02:46,000

Yeah. It stopped at 100 and that one stopped.

26

00:02:46,000 --> 00:02:54,000

Did you say that you just happened to look up into the sky and saw this or did it come into the area? I mean fly into the area?

27

00:02:54,000 --> 00:03:00,000

No. See we always go up to that one place and it's never been there before.

28

00:03:00,000 --> 00:03:11,000

And there was nothing there to hold it up or anything. And I wouldn't imagine a helicopter or anything would be a rain for about a half an hour.

29

00:03:11,000 --> 00:03:17,000

And I just, you know, we watched it for a long time.

30

00:03:17,000 --> 00:03:23,000

What's this? Excuse me, go ahead. It looked like there was one big step and three little steps behind it.

31

00:03:23,000 --> 00:03:32,000

I see. And these little ones were also the same color? Yeah, they were just, you know, like white.

32

00:03:32,000 --> 00:03:35,000

Just completely separated from the big one? Mm-hmm.

33

00:03:35,000 --> 00:03:41,000

Did you hear any sound while listening to this thing up there? No. It stopped.

34

00:03:41,000 --> 00:03:45,000

No aircraft in the area? No.

35

00:03:45,000 --> 00:03:51,000

And you watched it for about, do you figure, 20 minutes? Yeah, but 20 minutes still have to be an hour.

36

00:03:51,000 --> 00:04:07,000

Uh-huh. And how many people were with you at the time? Just me, my brother, and a friend, and a couple other friends who were there.

37

00:04:07,000 --> 00:04:12,000

Well, then there were about four of you. Right. Uh-huh.

38

00:04:12,000 --> 00:04:17,000

And they all saw and described the same thing? Mm-hmm.

39

00:04:17,000 --> 00:04:22,000

Now, was this object hovering over land or was it hovering over the water?

40

00:04:22,000 --> 00:04:31,000

It was over land. It looked like it, but it looked like a long way away, but it was still dead.

41

00:04:31,000 --> 00:04:41,000

Uh-huh. Well, now, from the point where you were standing, was it practically overhead or to the west of you or east or what?

42

00:04:41,000 --> 00:04:50,000

It was about southeast, southwest. South-east, huh?

43

00:04:50,000 --> 00:04:55,000

And that says, you've never seen anything like that before? No, never.

44

00:04:55,000 --> 00:05:00,000

How about the weather conditions? Was it clear or cloudy?

45

00:05:00,000 --> 00:05:05,000

It was kind of cloudy, and it just lit up the whole area around there.

46

00:05:05,000 --> 00:05:17,000

It just lit up clouds. It looked like there was just a big, long white streak, and you know, there was that big shed. It looked like, and then three other small ones.

47

00:05:17,000 --> 00:05:19,000

Uh-huh.

48

00:05:19,000 --> 00:05:31,000

And then, um, I won't. And then the clouds and everything were lit up around it, like a cloud coming down through it.

49

00:05:31,000 --> 00:05:36,000

Well, then you could tell definitely that this was underneath the clouds? Uh-huh.

50

00:05:39,000 --> 00:05:42,000

And how old are you? 15.

51

00:05:43,000 --> 00:05:50,000

Okay, now, in the end, we need some more information on this. Would it be okay to get back to you?
Uh-huh.

52

00:05:50,000 --> 00:05:54,000

Okay, about what time did that sighting occur? Do you have any idea?

53

00:05:54,000 --> 00:06:02,000

Um, what time was it about last night? What time was it about last night that we saw that thing?

54

00:06:08,000 --> 00:06:10,000

Between 6 and 7 probably.

55

00:06:10,000 --> 00:06:12,000

Between 6 and 7.

56

00:06:14,000 --> 00:06:17,000

And you figure at least 20 minutes, which, uh, you observed it.

57

00:06:17,000 --> 00:06:19,000

Um-huh.

58

00:06:20,000 --> 00:06:28,000

Well, you were watching it for this 20 minutes, then were you distracted to something else, then when you look back, the thing was gone. Is that the way it disappeared?

59

00:06:28,000 --> 00:06:36,000

No. Um, we just went up to the data reddit, you know, thought it was nothing.

60

00:06:37,000 --> 00:06:45,000

But, you know, it was still in our minds. It just didn't bother you, like, there was no way we could get in touch with anybody, really.

61

00:06:45,000 --> 00:06:50,000

Oh, I see. Now, you just went back to doing what you were doing before. Uh-huh.

62

00:06:51,000 --> 00:06:57,000

No, we didn't think anybody would have believed us anyway. You know, people are.

63

00:06:58,000 --> 00:07:06,000

Okay, I sure appreciate this information, and if you're ever here of anything in the future, why, be sure to let us know.

64

00:07:06,000 --> 00:07:07,000

Okay.

65

00:07:07,000 --> 00:07:08,000

Thank you very much.

66

00:07:08,000 --> 00:07:09,000

Bye.
