

1

00:00:00,000 --> 00:00:06,000

I'll get a description of just exactly what happened to you up in the mountains.

2

00:00:06,000 --> 00:00:07,000

Uh-huh.

3

00:00:07,000 --> 00:00:10,000

Yeah, you're just a research organization.

4

00:00:10,000 --> 00:00:15,000

Right, this is a private research organization with a group of scientists and laymen studying

5

00:00:15,000 --> 00:00:17,000

the UFO mystery.

6

00:00:17,000 --> 00:00:18,000

Uh-huh.

7

00:00:18,000 --> 00:00:19,000

Okay.

8

00:00:19,000 --> 00:00:29,000

Well, I just noticed some, when I was, see, I just wandered into this space.

9

00:00:29,000 --> 00:00:42,000

I wandered into this campsite, um, in the evening, and I just kind of noticed some kind of log

10

00:00:42,000 --> 00:00:43,000

shelters.

11

00:00:43,000 --> 00:00:47,000

I mean, they weren't big log shelters.

12

00:00:47,000 --> 00:00:55,000

I mean, they were just, they were just about two or three logs laid on one another, and

13

00:00:55,000 --> 00:00:59,000

they were just kind of made, like somebody was starting to build some sort of a cabin

14

00:00:59,000 --> 00:01:02,000

or something, but just got a few logs put on.

15

00:01:02,000 --> 00:01:04,000

There were just two of these structures.

16

00:01:04,000 --> 00:01:10,000

So what I did was I built myself a little bed in there, and it was just a, a little,

17

00:01:10,000 --> 00:01:11,000

uh, settling down to sleep.

18

00:01:11,000 --> 00:01:19,000

And, uh, then I kind of, this full moon came up, and, um, and I noticed some clouds, um,

19

00:01:19,000 --> 00:01:25,000

I just, you know, woke up and was out, and, uh, and there were people, uh, I mean, I,

20

00:01:25,000 --> 00:01:30,000

I knew there were people looking for me that night, and, um, I mean, or, or looking for

21

00:01:30,000 --> 00:01:36,000

me that day, and I saw these, um, saw these clouds going along the sky.

22

00:01:36,000 --> 00:01:40,000

Um, they were pretty, they weren't too far above my head.

23

00:01:40,000 --> 00:01:45,000

I mean, they weren't too, I mean, they weren't too high in the sky.

24

00:01:45,000 --> 00:01:51,000

Um, but I just, just kind of noticed, um, kind of a strange cloud formation go by.

25

00:01:51,000 --> 00:01:56,000

There may have been one or two of them, and then I, I kind of yelled at them, you know,

26

00:01:56,000 --> 00:01:57,000

for some reason.

27

00:01:57,000 --> 00:01:58,000

Yes.

28

00:01:58,000 --> 00:02:04,000

I just, um, and I noticed some, uh, uh, further up in the sky, kind of like a star.

29

00:02:04,000 --> 00:02:11,000

I kind of saw these, these, um, they look like a couple of, um, well, they look a little

30

00:02:11,000 --> 00:02:17,000

bit bigger than stars, but they look like they were just a couple of them just overhead

31

00:02:17,000 --> 00:02:18,000

there.

32

00:02:18,000 --> 00:02:21,000

And then, and I just been thinking more about them, you know, I was just standing there,

33

00:02:21,000 --> 00:02:28,000

and then I noticed kind of over on the, over to my right, um, ways there was just seemed

34

00:02:28,000 --> 00:02:33,000

to be some sort of a strange light or something, maybe something landing over there.

35

00:02:33,000 --> 00:02:39,000

And then I sooner, I mean, no, a little while I just noticed these people kind of coming

36

00:02:39,000 --> 00:02:43,000

in and they kind of look, look like gypsies or Indians.

37

00:02:43,000 --> 00:02:49,000

I mean, they, they look like sort of nomadic people and they were of all ages.

38

00:02:49,000 --> 00:02:50,000

Yes.

39

00:02:50,000 --> 00:02:54,000

And, uh, and they just kind of, they didn't, didn't talk or anything.

40

00:02:54,000 --> 00:02:58,000

They just, um, I mean, they, they talked, but they, I didn't hear them.

41

00:02:58,000 --> 00:03:04,000

And then I just kind of sitting there observing them and they are seen to be making camp or

42

00:03:04,000 --> 00:03:05,000

something.

43

00:03:05,000 --> 00:03:13,000

They seem to be putting some vehicles in these, in these lot cabin places, in the lot places

44

00:03:13,000 --> 00:03:19,000

and, and they, they just seem to come in like they, like they've been there before.

45

00:03:19,000 --> 00:03:25,000

And, um, you know, it's just, they were just kind of, you know, kind of taking over.

46

00:03:25,000 --> 00:03:27,000

So I just kind of watched them.

47

00:03:27,000 --> 00:03:33,000

And then I, then I, uh, talked to them, tried to talk to them about some, about getting me

48

00:03:33,000 --> 00:03:34,000

out of here.

49

00:03:34,000 --> 00:03:41,000

And then one fellow showed me, uh, he seemed to show me, uh, some kind of a vehicle or

50

00:03:41,000 --> 00:03:46,000

some, some strange thing that, you know, look like, I don't know whether it would get me

51

00:03:46,000 --> 00:03:48,000

out of there or not, but I didn't know what to do.

52

00:03:48,000 --> 00:03:55,000

So I, I just went back to where I was standing and then, um, and then there seemed to be

53

00:03:55,000 --> 00:04:00,000

two helicopters looking, looking for me, I thought that night.

54

00:04:00,000 --> 00:04:05,000

They seemed to be going side by side and, um, looking for me.

55

00:04:05,000 --> 00:04:10,000

And so I kind of stood, I had this flashlight and I stood out and kind of the open, this

56

00:04:10,000 --> 00:04:16,000

is a little plateau here since there are trees, but there was some plateau and, and they

57

00:04:16,000 --> 00:04:20,000

seemed to be looking for me and looking for me.

58

00:04:20,000 --> 00:04:27,000

And, um, and, uh, these people are, they kind of drifted out to be around me.

59

00:04:27,000 --> 00:04:32,000

There seemed to be of all ages and one of them was sleep mom and they just seemed to

60

00:04:32,000 --> 00:04:36,000

be, you know, some of them were sleeping around me or something.

61

00:04:36,000 --> 00:04:45,000

I mean, it just kind of followed me out there and then I, um, uh, but then, uh, you know,

62

00:04:45,000 --> 00:04:52,000

just as those helicopters were about to get to me, I thought and see me, uh, the full

63

00:04:52,000 --> 00:04:57,000

moon had gone down and so they just kind of discontinued their search there because the

64

00:04:57,000 --> 00:04:59,000

full moon had gone down.

65

00:04:59,000 --> 00:05:08,000

And so, so then I was pretty discouraged and I just went and, uh, I went over by the stream

66

00:05:08,000 --> 00:05:18,000

and, uh, uh, this, they kind of came with me and are kind of, and this older lady, she

67

00:05:18,000 --> 00:05:20,000

said I should sleep in these pine boughs.

68

00:05:20,000 --> 00:05:25,000

I just went and slept on these, well, somewhat there are boughs and boughs or whatever and

69

00:05:25,000 --> 00:05:29,000

then I went to sleep and then I woke up and there was nobody there.

70

00:05:29,000 --> 00:05:34,000

But I saw some horses, some horses and they went away.

71

00:05:34,000 --> 00:05:40,000

I mean, they got out the way and then I, I went in and that campsite and there was just

72

00:05:40,000 --> 00:05:42,000

nobody there at all.

73

00:05:42,000 --> 00:05:48,000

And, uh, and, uh, I just didn't check for prints or anything.

74

00:05:48,000 --> 00:05:55,000

Uh, and I heard some dog barking and, uh, but I just, you know, went left there and went,

75

00:05:55,000 --> 00:06:00,000

uh, went up the mountain and hoped I'd be seen that day.

76

00:06:00,000 --> 00:06:05,000

Those vehicles that were, they put into these log sections, what did they look like?

77

00:06:05,000 --> 00:06:06,000

Oh, I'm not sure.

78

00:06:06,000 --> 00:06:08,000

I didn't really get a good, good look at them.

79

00:06:08,000 --> 00:06:20,000

They seem to be, well, they seem to be kind of like, um, they seem to be rectangular in

80

00:06:20,000 --> 00:06:21,000

shape.

81

00:06:21,000 --> 00:06:27,000

Um, seem like they could push them in kind of a, a log structure.

82

00:06:27,000 --> 00:06:34,000

Um, maybe they're, and I mean, they look kind of like, and they seem to be like, I mean,

83

00:06:34,000 --> 00:06:41,000

they weren't canoes, but they could, but they, uh, I mean, kind of seem to be pushing them

84

00:06:41,000 --> 00:06:46,000

in these log structures kind of like they would canoes or something like that.

85

00:06:46,000 --> 00:06:54,000

And, uh, and they also seem to have some other, seem to have some possible other vehicles around,

86

00:06:54,000 --> 00:06:58,000

but I, uh, I just couldn't tell.

87

00:06:58,000 --> 00:07:06,000

I mean, it was, it was kind of hazy, um, at night, uh, but, uh, these people, they just

88

00:07:06,000 --> 00:07:07,000

seemed to look different.

89

00:07:07,000 --> 00:07:11,000

And, you know, they just, um, I mean, they, they seemed to, I mean, they, they, they,

90

00:07:11,000 --> 00:07:14,000

they just, I mean, they just looked like a kind of a tribe of, of people.

91

00:07:14,000 --> 00:07:21,000

And, um, and, uh, I, I was just, uh, I wasn't terrified of them because I, they looked like

92

00:07:21,000 --> 00:07:22,000

people to me.

93

00:07:22,000 --> 00:07:26,000

And, uh, so, I mean, I, I don't really know what to think about it.

94

00:07:26,000 --> 00:07:31,000

I don't know whether it was something of an elucination or whether it was actually true

95

00:07:31,000 --> 00:07:32,000

or not.

96

00:07:32,000 --> 00:07:37,000

But, uh, you know, I, while I was experiencing it, I, I thought that, uh, what I was seeing

97

00:07:37,000 --> 00:07:38,000

was, uh, true.

98

00:07:38,000 --> 00:07:40,000

You know, what, what was really there.

99

00:07:40,000 --> 00:07:41,000

Right.

100

00:07:41,000 --> 00:07:44,000

What did those vehicles appear to be, uh, metallic?

101

00:07:44,000 --> 00:07:49,000

Um, I think so.

102

00:07:49,000 --> 00:07:53,000

You know, I would say, you know, if I had to guess, I would say they were.

103

00:07:53,000 --> 00:07:54,000

Okay.

104

00:07:54,000 --> 00:07:57,000

Now that light that you saw that came down out of this guy and landed, what did that

105

00:07:57,000 --> 00:07:58,000

look like?

106

00:07:58,000 --> 00:08:06,000

Well, I didn't really, oh, I mean, it was kind of a, a penetrate.

107

00:08:06,000 --> 00:08:16,000

I mean, it was, uh, kind of a light.

108

00:08:16,000 --> 00:08:22,000

I mean, it was, um, I just don't remember that much about the light itself.

109

00:08:22,000 --> 00:08:26,000

Uh, it, it, it, you know, it looked like a fairly strong light.

110

00:08:26,000 --> 00:08:29,000

Uh, it was a white light.

111

00:08:29,000 --> 00:08:39,000

And, uh, um, I just, uh, I just didn't notice it coming down that much until it seemed to

112

00:08:39,000 --> 00:08:40,000

be kind of down.

113

00:08:40,000 --> 00:08:45,000

And, uh, I just wasn't looking that direction.

114

00:08:46,000 --> 00:08:53,000

Did, uh, no, uh, verbal contact or communication?

115

00:08:53,000 --> 00:09:03,000

Well, I, I, I was talking, but they, uh, and they seemed to understand what I was saying,

116

00:09:03,000 --> 00:09:08,000

or I thought they did, but they didn't, they seemed to talk to each other, but they didn't

117

00:09:08,000 --> 00:09:13,000

seem to, I didn't hear them, you know, I didn't, uh, hear any sounds from them.

118

00:09:13,000 --> 00:09:17,000

I was just kind of moving around very silently.

119

00:09:17,000 --> 00:09:18,000

Okay.

120

00:09:18,000 --> 00:09:22,000

Now when they were moving about the area, could you hear, actually feel, or hear them walking

121

00:09:22,000 --> 00:09:25,000

on the ground, snapping twigs and so forth?

122

00:09:25,000 --> 00:09:27,000

Oh, not particularly now.

123

00:09:27,000 --> 00:09:29,000

It didn't have a feeling of it.

124

00:09:29,000 --> 00:09:31,000

Okay.

125

00:09:31,000 --> 00:09:36,000

Have you had any, uh, anything strange to happen since that experience?

126

00:09:36,000 --> 00:09:42,000

Uh, no, no, I just, uh, that was just the second night that I was lost.

127

00:09:42,000 --> 00:09:45,000

And then, I believe that was Wednesday night.

128

00:09:45,000 --> 00:09:50,000

And then, uh, Thursday, Friday and Saturday, I was also out, wasn't out that particular

129

00:09:50,000 --> 00:09:56,000

location, but I was out there and I didn't, uh, I hadn't experienced anything like that

130

00:09:56,000 --> 00:09:57,000

then.

131

00:09:57,000 --> 00:10:03,000

And, uh, you know, since then I haven't, I haven't dreamed or dreamt or anything about

132

00:10:03,000 --> 00:10:04,000

it.

133

00:10:04,000 --> 00:10:08,000

So, uh, nothing, nothing, uh, like that has happened since then.

134

00:10:08,000 --> 00:10:13,000

I noticed, uh, by the story here that the, uh, you did report it to the sheriff.

135

00:10:13,000 --> 00:10:16,000

Did you give him a complete rundown on that?

136

00:10:16,000 --> 00:10:18,000

Oh, I thought, I thought I did.

137

00:10:18,000 --> 00:10:19,000

Yeah.

138

00:10:19,000 --> 00:10:26,000

But, um, you know, I don't know how, you know, you know, what the sheriff thought about, I

139

00:10:26,000 --> 00:10:28,000

suppose he was a bit skeptical.

140

00:10:28,000 --> 00:10:29,000

Oh, sure.

141

00:10:29,000 --> 00:10:34,000

I was just wondering if you thought to ask him if they'd had any, uh, UFO reports in

142

00:10:34,000 --> 00:10:36,000

the area at that time?

143

00:10:36,000 --> 00:10:39,000

No, I didn't think to ask him.

144

00:10:39,000 --> 00:10:45,000

Um, I also, um, you know, it'd be interesting to know whether, whether there were actually

145

00:10:45,000 --> 00:10:49,000

two, two helicopters looking for me at that time.

146

00:10:49,000 --> 00:10:50,000

Yes.

147

00:10:50,000 --> 00:10:54,000

Uh, Wednesday night, you know, they were, uh, that by the full moon light, whether they

148

00:10:54,000 --> 00:11:01,000

were going side by side and, you know, uh, so at least, you know, that, I mean, so,

149

00:11:01,000 --> 00:11:05,000

uh, I, I mean, uh, you know, it'd be interesting to know that.

150

00:11:06,000 --> 00:11:13,000

Um, I think that's, uh, I think that's, uh, I think that's, uh, I think that's, uh,

151

00:11:13,000 --> 00:11:19,000

I think that's, uh, I think that's, uh, I think that's, uh, I think that's, uh,

152

00:11:19,000 --> 00:11:26,000

I think that's, uh, I think that's, uh, I think that's, uh, I think that's, uh,

153

00:11:26,000 --> 00:11:32,000

I think that's, uh, I think that's, uh, I think that's, uh, I think that's, uh,
