

1

00:00:00,000 --> 00:00:08,200

It happened about five minutes ago the radio announced it and they said they didn't know

2

00:00:08,200 --> 00:00:10,640

if any more were around and I sighted another one.

3

00:00:10,640 --> 00:00:12,560

Okay, where are you located?

4

00:00:12,560 --> 00:00:14,840

Magnolia on Seattle, Washington.

5

00:00:14,840 --> 00:00:18,960

Okay, would you give us a description of what you saw?

6

00:00:18,960 --> 00:00:24,240

It's sort of a triangle shape with a bright light in the front, two white lights on two

7

00:00:24,240 --> 00:00:28,520

wings and then one red light in the middle.

8

00:00:28,520 --> 00:00:30,520

What time did you see this?

9

00:00:30,520 --> 00:00:32,520

What time is it now, do you know?

10

00:00:32,520 --> 00:00:33,520

9.49.

11

00:00:33,520 --> 00:00:36,520

About 9.30.

12

00:00:36,520 --> 00:00:37,520

Okay.

13

00:00:37,520 --> 00:00:40,520

How long was it in view?

14

00:00:40,520 --> 00:00:46,520

Well, it was going faster than the one I first saw, the radio announced it had this one had

15

00:00:46,520 --> 00:00:53,520

just two red lights and then one white light and this one was, what was the question again?

16

00:00:53,520 --> 00:00:56,520

How long was it in view?

17

00:00:56,520 --> 00:00:57,520

Five seconds maybe.

18

00:00:57,520 --> 00:00:58,520

Uh huh.

19

00:00:58,520 --> 00:01:01,520

Were you outdoors when you saw this?

20

00:01:01,520 --> 00:01:02,520

Yes, I was.

21

00:01:02,520 --> 00:01:06,520

I first thought when I ran out to see a better view of it.

22

00:01:06,520 --> 00:01:08,520

How far away from you would you say it was?

23

00:01:08,520 --> 00:01:14,520

Well, about as high as an airplane would be going to SeaTag from Magnolia.

24

00:01:14,520 --> 00:01:15,520

Okay.

25

00:01:15,520 --> 00:01:17,520

It's heading north to south.

26

00:01:17,520 --> 00:01:22,520

Okay, no sound.

27

00:01:23,520 --> 00:01:24,520

This thing?

28

00:01:24,520 --> 00:01:29,520

First one had sort of an airplane sound but the second one I didn't know here, they passed

29

00:01:29,520 --> 00:01:31,520

each other.

30

00:01:31,520 --> 00:01:32,520

Okay.

31

00:01:32,520 --> 00:01:34,520

And this just moved out of sight?

32

00:01:34,520 --> 00:01:37,520

Yeah, it went over the Puget Sound.

33

00:01:37,520 --> 00:01:39,520

I see, okay.

34

00:01:39,520 --> 00:01:42,520

Like it was landing and crashing or something?

35

00:01:42,520 --> 00:01:44,520

It was going down when I saw it last.

36

00:01:44,520 --> 00:01:47,520

I see, in other words it just dropped out of sight.

37

00:01:47,520 --> 00:01:48,520

Yeah.

38

00:01:48,520 --> 00:01:49,520

Okay.

39

00:01:49,520 --> 00:01:52,520

And again it's coming from the Puget Sound area over.

40

00:01:52,520 --> 00:01:58,520

This is the slow one going up the triangle with just two white lights in the red light

41

00:01:58,520 --> 00:01:59,520

in the middle.

42

00:01:59,520 --> 00:02:03,520

Looking out my window I can see it coming over the Puget Sound area.

43

00:02:03,520 --> 00:02:05,520

Heading south to north?

44

00:02:05,520 --> 00:02:07,520

Okay, yeah.

45

00:02:07,520 --> 00:02:08,520

Okay.

46

00:02:08,520 --> 00:02:10,520

It's toward Ballard.

47

00:02:10,520 --> 00:02:14,520

He's not going as fast as the red one was.

48

00:02:14,520 --> 00:02:18,520

The red one usually goes under him or above him or right beside him.

49

00:02:18,520 --> 00:02:20,520

I can't spot the red one right now.

50

00:02:20,520 --> 00:02:23,520

Are you watching these troubenaculars by any chance?

51

00:02:23,520 --> 00:02:24,520

No.

52

00:02:24,520 --> 00:02:25,520

Okay.

53

00:02:25,520 --> 00:02:29,520

But when we got a clear look when it went overhead it was the triangle shape, this one.

54

00:02:29,520 --> 00:02:31,520

Then the other one I think is the same shape.

55

00:02:31,520 --> 00:02:33,520

I'm not quite sure about that one.

56

00:02:33,520 --> 00:02:34,520

Okay.

57

00:02:34,520 --> 00:02:37,520

Well, we sure appreciate your call.

58

00:02:37,520 --> 00:02:39,520

Where did you get our number?

59

00:02:39,520 --> 00:02:40,520

The blue.

60

00:02:40,520 --> 00:02:44,520

I called the operator and she told me to decide as police and I gave me a number.

61

00:02:44,520 --> 00:02:46,520

Okay, thank you very much.

62

00:02:46,520 --> 00:02:47,520

Yeah.

63

00:02:47,520 --> 00:02:48,520

Thank you.
