

1

00:00:00,000 --> 00:00:10,560

I see. Okay now, would you care to give us a complete description of everything that

2

00:00:10,560 --> 00:00:12,440

happened right from the beginning?

3

00:00:12,440 --> 00:00:21,440

All right. We were coming home and we noticed this real bright light and at first we thought

4

00:00:21,440 --> 00:00:28,640

well maybe it was either a helicopter or an airplane. And then we kept watching it and

5

00:00:28,640 --> 00:00:35,320

realized that it was too low for an airplane or a helicopter. And then pretty quick it

6

00:00:35,320 --> 00:00:40,360

would shoot off right out in front of us and go to the tech and then it would slow down

7

00:00:40,360 --> 00:00:46,600

as if it was really waiting on us to catch up to it. And then it would light up on us

8

00:00:46,600 --> 00:00:52,400

and we could see the base of it. We could see the shape of it that it was round. And

9

00:00:52,400 --> 00:00:57,840

it looked like it had two antennas sticking out from each side of it. And it followed

10

00:00:57,840 --> 00:01:03,840

us all the way about 11 miles until we got home. And then when we came in the house we

11

00:01:03,840 --> 00:01:10,040

looked our folks up and it kind of landed, you know, well it didn't land but I mean it

12

00:01:10,040 --> 00:01:14,960

was in the middle, right up above the folks house here. They saw it too.

13

00:01:14,960 --> 00:01:20,120

Okay. How close did that come to the house? Do you have any idea?

14

00:01:20,120 --> 00:01:23,560

Oh Lord, I don't know. Really? About a half a block.

15

00:01:23,560 --> 00:01:24,560

I see.

16

00:01:24,560 --> 00:01:26,560

You know, up in the air.

17

00:01:26,560 --> 00:01:34,480

Uh-huh. Okay, now when you were, when you first spotted this, did the object just swoop

18

00:01:34,480 --> 00:01:35,480

down out of the sky?

19

00:01:35,480 --> 00:01:37,980

Yeah, it looked like it just had come from nowhere.

20

00:01:37,980 --> 00:01:40,680

And they just pulled down in front of you or to the right or left?

21

00:01:40,680 --> 00:01:43,840

Well, it was to the left of me. I was driving and it was to my left.

22

00:01:43,840 --> 00:01:45,840

Did it stay to the left at all times?

23

00:01:45,840 --> 00:01:46,840

Yeah, all the time it was to my left.

24

00:01:46,840 --> 00:01:50,040

And it followed you at home in that position all the time?

25

00:01:50,040 --> 00:01:51,040

Right.

26

00:01:51,040 --> 00:01:55,040

Okay. And did this object change color at any time in its flight?

27

00:01:55,040 --> 00:02:00,920

Yeah, it was blue. And then it would kind of, really it would be a real bright color,

28

00:02:00,920 --> 00:02:01,920

like a yellow.

29

00:02:01,920 --> 00:02:02,920

Uh-huh.

30

00:02:02,920 --> 00:02:04,920

And then it would turn back into a blue color.

31

00:02:04,920 --> 00:02:10,520

Did these changes in color seem to correlate in any way with the change of speed?

32

00:02:10,520 --> 00:02:13,520

Yeah, right. When it would go faster, it was brighter.

33

00:02:13,520 --> 00:02:14,520

I see, okay.

34

00:02:14,520 --> 00:02:18,520

And then when it would slow down, it was, you know, a little dull in color. And like

35

00:02:18,520 --> 00:02:23,120

I said, it seemed like, you know, like, it would dim your lights on a car. But they were

36

00:02:23,200 --> 00:02:29,200

dim in their lights, but only the base, the bottom of it would light up to a blue color.

37

00:02:29,200 --> 00:02:33,200

Okay. Now you said you could see the bottom. Was there any indication that what you were

38

00:02:33,200 --> 00:02:35,200

looking at was a metallic object?

39

00:02:35,200 --> 00:02:37,200

Oh, no. Uh-uh.

40

00:02:37,200 --> 00:02:39,200

You could see it that well.

41

00:02:39,200 --> 00:02:40,200

No. Uh-uh.

42

00:02:40,200 --> 00:02:45,200

Okay. Did the light around the object happen to light up the area around, say the roadway

43

00:02:45,200 --> 00:02:46,200

or the, uh...

44

00:02:46,200 --> 00:02:51,200

Well, it, you know, it lit up right in the air there. It seemed like the sky brightened

45

00:02:51,280 --> 00:02:53,280

up some.

46

00:02:53,280 --> 00:02:58,280

I see. Okay. And did you by any chance hear any sound?

47

00:02:58,280 --> 00:03:00,280

No, no sound.

48

00:03:00,280 --> 00:03:05,280

Okay. And about what altitude was this object, as it followed you, did it maintain about

49

00:03:05,280 --> 00:03:07,280

the same altitude?

50

00:03:07,280 --> 00:03:14,280

Well, yeah, really, I guess it did. Because all the way in, it was about the same altitude.

51

00:03:14,280 --> 00:03:19,280

But like I said, it would take up off into a higher speed. And it would come right back

52

00:03:19,360 --> 00:03:24,360

now into what altitude it was about, following this all the way.

53

00:03:24,360 --> 00:03:27,360

Uh-uh. In other words, it was kind of playing tag with you all the way.

54

00:03:27,360 --> 00:03:29,360

Yeah. Right. That's what we figured.

55

00:03:29,360 --> 00:03:30,360

Uh-uh.

56

00:03:30,360 --> 00:03:31,360

It scared us both.

57

00:03:31,360 --> 00:03:32,360

It scared you both pretty bad?

58

00:03:32,360 --> 00:03:33,360

Yeah. Right.

59

00:03:33,360 --> 00:03:35,360

Okay. Have you had any ill effects from this?

60

00:03:35,360 --> 00:03:37,360

No. Uh-uh.

61

00:03:37,360 --> 00:03:43,360

Okay. About how long did you watch it?

62

00:03:43,360 --> 00:03:45,360

That was about a 10 mile trip, you said?

63

00:03:45,360 --> 00:03:47,360

Yeah. Right.

64

00:03:47,440 --> 00:03:49,440

So about 30 minutes.

65

00:03:49,440 --> 00:03:51,440

About 30 minutes, okay.

66

00:03:51,440 --> 00:03:57,440

And you say that you thought you could see what would be two antennas?

67

00:03:57,440 --> 00:04:01,440

Yeah. Sticking on, you know, on each side of it.

68

00:04:01,440 --> 00:04:05,440

Okay. And that was all the appendages you could see?

69

00:04:05,440 --> 00:04:07,440

Yeah. Right.

70

00:04:07,440 --> 00:04:11,440

Okay. Were you playing your car radio at the time?

71

00:04:11,440 --> 00:04:15,440

No. Uh-uh. Because the radio in the car doesn't work, but we were playing our tape deck.

72

00:04:15,520 --> 00:04:17,520

Oh, did you have any interference on that?

73

00:04:17,520 --> 00:04:23,520

There was some static, but we figured it might be the power lines that we were following.

74

00:04:23,520 --> 00:04:25,520

Oh, I see. Well, there were big power lines in the area?

75

00:04:25,520 --> 00:04:26,520

Yeah.

76

00:04:26,520 --> 00:04:28,520

Well, are these the high transmission lines?

77

00:04:28,520 --> 00:04:29,520

No. Uh-uh.

78

00:04:29,520 --> 00:04:32,520

Well, this is just the standard voltage for rural areas.

79

00:04:32,520 --> 00:04:33,520

Yeah. Okay.

80

00:04:33,520 --> 00:04:36,520

Did that object appear to follow those lines?

81

00:04:36,520 --> 00:04:42,520

No. It didn't. It stayed mostly by the hill areas.

82

00:04:42,520 --> 00:04:45,520

In fact, one time we thought it was going to run into a hill.

83

00:04:45,520 --> 00:04:50,520

I see. Okay. And did it make any close passes at you during this period?

84

00:04:50,520 --> 00:04:53,520

No. Uh-uh. It didn't come real close to us.

85

00:04:53,520 --> 00:04:58,520

No. Like I said, we were on the highway, and it was off to the left of us on the hill.

86

00:04:58,520 --> 00:05:00,520

It stayed right mostly right in the hill areas.

87

00:05:00,520 --> 00:05:05,520

Okay. Now, when this object was hovering over the house, how long did it remain there?

88

00:05:05,520 --> 00:05:11,520

Well, we don't really know. I know when we got home, it was about quarter to eleven,

89

00:05:11,520 --> 00:05:18,520

when we got home. We stayed up until midnight and watched it, and it hovered around the area until then.

90

00:05:18,520 --> 00:05:22,520

And then it took off. So it's about an hour.

91

00:05:22,520 --> 00:05:26,520

Okay. Now, when you say it took off, which direction did it go in?

92

00:05:26,520 --> 00:05:29,520

Well, it took off to the rest of us.

93

00:05:29,520 --> 00:05:32,520

Okay. Did that move it a pretty good clip?

94

00:05:32,520 --> 00:05:34,520

Yeah, because we couldn't see it anymore.

95

00:05:34,520 --> 00:05:36,520

Okay.

96

00:05:37,520 --> 00:05:43,520

Have you seen anything in the area or heard of anything being seen since?

97

00:05:43,520 --> 00:05:45,520

No, we sure haven't.

98

00:05:45,520 --> 00:05:47,520

Do you know if there were any other witnesses to this?

99

00:05:47,520 --> 00:05:49,520

Just others and my parents.

100

00:05:49,520 --> 00:05:53,520

I see. Okay. How old are you, Pat?

101

00:05:53,520 --> 00:05:54,520

I'm twenty-six.

102

00:05:54,520 --> 00:05:56,520

Twenty-six. And how old was Betty?

103

00:05:56,520 --> 00:05:57,520

Seventeen.

104

00:05:57,520 --> 00:05:58,520

Seventeen.

105

00:05:58,520 --> 00:06:03,520

If we send you a questionnaire, would you consider filling it out for us?

106

00:06:03,520 --> 00:06:04,520

I sure will.

107

00:06:04,520 --> 00:06:07,520

Okay. Well, just how impressed were you about what you saw?

108

00:06:07,520 --> 00:06:14,520

I was scared to death. I really was. I just didn't know what to believe, what it was.

109

00:06:14,520 --> 00:06:18,520

And that's the only thing we could come up with, was the UFO.

110

00:06:18,520 --> 00:06:20,520

Had you believed in those before?

111

00:06:20,520 --> 00:06:21,520

No.

112

00:06:21,520 --> 00:06:22,520

I see.

113

00:06:22,520 --> 00:06:23,520

I sure didn't.

114

00:06:23,520 --> 00:06:30,520

Well, you might be interested in knowing that with our research, we found that about 99% of the people who have these close encounter experiences are die-hard non-believers.

115

00:06:30,520 --> 00:06:32,520

No, is that right?

116

00:06:32,520 --> 00:06:34,520

I believe it.

117

00:06:34,520 --> 00:06:39,520

Would you believe that you were, or did you ever have the feeling that you were selected for that experience?

118

00:06:39,520 --> 00:06:40,520

No, I sure did.

119

00:06:40,520 --> 00:06:42,520

Okay.

120

00:06:42,520 --> 00:06:46,520

At any time while that object was pacing you, did it crisscross the highway?

121

00:06:46,520 --> 00:06:48,520

Yes, right. It did.

122

00:06:48,520 --> 00:06:54,520

It sure did. It went right over the, you know, front of us and then it went right back toward our left.

123

00:06:54,520 --> 00:06:56,520

I see. Okay.

124

00:06:56,520 --> 00:07:01,520

Well, we sure appreciate your calling, Nelson. If we need additional information, could we get back to you?

125

00:07:01,520 --> 00:07:02,520

You bet, yeah.

126

00:07:02,520 --> 00:07:04,520

Okay. Thank you very much.

127

00:07:04,520 --> 00:07:05,520

You're quite welcome. Bye.

128

00:07:05,520 --> 00:07:06,520

Bye-bye.
