

1

00:00:00,000 --> 00:00:07,000

I haven't got a couple of the pennies here, but they sound pretty good.

2

00:00:07,000 --> 00:00:12,000

One of them I got to witness myself finally, and this is something unbelievable.

3

00:00:12,000 --> 00:00:15,000

I couldn't believe my own eyes.

4

00:00:15,000 --> 00:00:19,000

This was on September 25th, and I'm still working on it.

5

00:00:19,000 --> 00:00:23,000

I've got another witness to interview you.

6

00:00:23,000 --> 00:00:28,000

But this thing was seen over north, ever.

7

00:00:28,000 --> 00:00:35,000

A guy called me, I was working police dispatch about 8.30 on that night.

8

00:00:35,000 --> 00:00:45,000

A guy called me up and they were watching this strange object do some aerial acrobatics out just north of town about a quarter mile away from the residence.

9

00:00:45,000 --> 00:00:51,000

A guy said it had some lights on it, blue, red, and white wood sent me and me to the airplane.

10

00:00:51,000 --> 00:01:01,000

So I just bashed an officer out there, but the officer got there and the thing had disappeared to the south for a little bit.

11

00:01:01,000 --> 00:01:05,000

And then I got a burger or a robbery or something, had to call him off.

12

00:01:05,000 --> 00:01:09,000

But it came back, and the guy called me back.

13

00:01:09,000 --> 00:01:16,000

And so I called all the airports around and they informed me that there were two late planes up in

the area.

14

00:01:16,000 --> 00:01:20,000

I wish this guy did a thorough along with this thing.

15

00:01:20,000 --> 00:01:30,000

So anyhow, it was zipping around pretty fast, covering a standing one spot, moving at a fast rate of speed, you know, from where it was 30 miles away and back.

16

00:01:30,000 --> 00:01:31,000

Yes.

17

00:01:31,000 --> 00:01:40,000

And so anyhow, I couldn't take it anymore, so I had to do a provisional leave and I went up on the fourth floor of the courthouse, which you can see the whole area.

18

00:01:40,000 --> 00:01:45,000

And I looked around, and I immediately saw the two plane buzzed around.

19

00:01:45,000 --> 00:01:49,000

And I thought, ready to give it up, I couldn't see anything.

20

00:01:49,000 --> 00:01:56,000

Jesus, all of a sudden right there in front of me is this very big, well, first they saw the lights.

21

00:01:56,000 --> 00:01:58,000

There's three of them.

22

00:01:58,000 --> 00:02:01,000

And this thing was kind of coming down in a spiral.

23

00:02:01,000 --> 00:02:04,000

It looked to be about 3,000 feet up in here.

24

00:02:04,000 --> 00:02:07,000

This was directly east of me from here.

25

00:02:07,000 --> 00:02:08,000

Okay.

26

00:02:08,000 --> 00:02:14,000

Okay, this thing, this spiral down to about 1,500 feet, very slowly.

27

00:02:14,000 --> 00:02:18,000

And when it got to the bottom, it just stopped and hung there.

28

00:02:18,000 --> 00:02:20,000

It was about 1,500.

29

00:02:20,000 --> 00:02:31,000

And at that time, I could see the two lights in front and one in the rear, but they weren't like airplane lights, you know, they were kind of like a flood light, all of them going down.

30

00:02:31,000 --> 00:02:32,000

Yes.

31

00:02:32,000 --> 00:02:33,000

And they were pulsating.

32

00:02:33,000 --> 00:02:40,000

They would stretch out to about maybe 100 feet or maybe further, just my estimation.

33

00:02:40,000 --> 00:02:42,000

And then get them back down to nothing.

34

00:02:42,000 --> 00:02:49,000

And when they get almost down to them, I can make up this big outline like a shield or a bullet, you know.

35

00:02:49,000 --> 00:02:51,000

Uh-huh.

36

00:02:51,000 --> 00:02:54,000

And by this time, I just bleed my eyes.

37

00:02:54,000 --> 00:02:57,000

There's no sound, no nothing.

38

00:02:57,000 --> 00:03:00,000

So I watched it first in all of a few minutes.

39

00:03:00,000 --> 00:03:08,000

And the thing takes off again and retraces the spiral right back up to about 3,000 feet.

40

00:03:08,000 --> 00:03:09,000

Oh boy.

41

00:03:10,000 --> 00:03:16,000

Now then, I guess it's about where it was when I first saw it.

42

00:03:16,000 --> 00:03:23,000

The thing kind of pulsating kind of stopped and it kind of lowered a little bit, you know.

43

00:03:23,000 --> 00:03:25,000

Real strange light.

44

00:03:25,000 --> 00:03:28,000

I've never seen anything like it on anything.

45

00:03:28,000 --> 00:03:31,000

I can't even describe the type of light it was.

46

00:03:31,000 --> 00:03:36,000

Then, you know, it moved off to the north.

47

00:03:36,000 --> 00:03:40,000

And went way out over the valley there, hung there for a minute.

48

00:03:40,000 --> 00:03:44,000

And then this baby comes right back towards me.

49

00:03:44,000 --> 00:03:49,000

Goes right over my head, I would say, less than a thousand feet.

50

00:03:49,000 --> 00:03:53,000

Went by me, went to the south town here a little bit.

51

00:03:53,000 --> 00:03:59,000

And then started doing some funny generations up, down, ahead, you know.

52

00:03:59,000 --> 00:04:02,000

And then nothing, just blanked out, was gone.

53

00:04:02,000 --> 00:04:04,000

Yeah. What time was this, Jerry?

54

00:04:04,000 --> 00:04:07,000

This was at 8.35.

55

00:04:07,000 --> 00:04:11,000

Now, about 8.40, I would say, when I got up on the roof.

56

00:04:11,000 --> 00:04:12,000

Okay.

57

00:04:17,000 --> 00:04:20,000

Now, when this thing went over my head, there was, that's really no sound.

58

00:04:20,000 --> 00:04:24,000

And it was just an eerie feeling, let me tell you.

59

00:04:24,000 --> 00:04:29,000

And I thought I would possibly be able to identify something at that time.

60

00:04:29,000 --> 00:04:33,000

But all the lights seemed to be, when it went over me,

61

00:04:33,000 --> 00:04:36,000

they all seemed to be melded in together or something.

62

00:04:36,000 --> 00:04:38,000

Yeah, that's...

63

00:04:38,000 --> 00:04:42,000

Kind of a funny, not like a laid, but more of a glowy thing.

64

00:04:42,000 --> 00:04:44,000

Yeah, like a band later on.

65

00:04:44,000 --> 00:04:48,000

Well, let's say that, I just, just, just weird.

66

00:04:48,000 --> 00:04:50,000

Yeah.

67

00:04:50,000 --> 00:04:53,000

I thought if I ever got to see anything like this,

68

00:04:53,000 --> 00:04:55,000

I'd be able to really get a good report.

69

00:04:55,000 --> 00:04:59,000

But I was dumbfounded to say the least.

70

00:05:00,000 --> 00:05:03,000

I can understand that.

71

00:05:03,000 --> 00:05:07,000

But the lights didn't seem to...

72

00:05:07,000 --> 00:05:09,000

I don't know, I can't describe it.

73

00:05:09,000 --> 00:05:11,000

They weren't real bright.

74

00:05:11,000 --> 00:05:15,000

They were more of a dull color, but they...

75

00:05:15,000 --> 00:05:18,000

Anyhow, the one light, when I was sitting out there,

76

00:05:18,000 --> 00:05:22,000

one light was kind of a blueish-green color.

77

00:05:22,000 --> 00:05:28,000

The other light right next to it seemed to be on the edge of the sun.

78

00:05:28,000 --> 00:05:32,000

It was kind of an orange-y color.

79

00:05:32,000 --> 00:05:36,000

And the one on the back was kind of a, in between a red and a white.

80

00:05:36,000 --> 00:05:40,000

A little funny kind of light.

81

00:05:40,000 --> 00:05:45,000

And like I say, when they want to get my bright stuff,

82

00:05:45,000 --> 00:05:48,000

it seemed like everything just went together and just projected

83

00:05:48,000 --> 00:05:52,000

a big thing way out away from the craft on downward.

84

00:05:52,000 --> 00:05:55,000

Right, this is it.

85

00:05:55,000 --> 00:05:58,000

Really something.

86

00:05:58,000 --> 00:06:01,000

I was dumbfounded to say this, and I couldn't hardly dispatch.

87

00:06:03,000 --> 00:06:06,000

You were lucky, you were lucky, man.

88

00:06:06,000 --> 00:06:10,000

Oh yeah, that's the first time I ever think I'd get in on something like that.

89

00:06:10,000 --> 00:06:14,000

But if I hadn't been a busy night, you know,

90

00:06:14,000 --> 00:06:16,000

and I could have kept the officer there,

91

00:06:16,000 --> 00:06:18,000

I could have got a report from him too.

92

00:06:18,000 --> 00:06:21,000

But anyhow, I went out and got a report from Mr. Roosa,

93

00:06:21,000 --> 00:06:23,000

who lives out north of town here,

94

00:06:23,000 --> 00:06:27,000

and had him make out a report, sign a statement and everything.

95

00:06:27,000 --> 00:06:32,000

And then I got a hold of one of the neighbors up there.

96

00:06:32,000 --> 00:06:36,000

And their kids, evidently, were watching this thing for quite some time

97

00:06:36,000 --> 00:06:41,000

before the people noticed it out their window.

98

00:06:41,000 --> 00:06:46,000

And I had them make up, these are kids 13 and 14,

99

00:06:46,000 --> 00:06:52,000

live up the street, but I hadn't made up a report anyhow.

100

00:06:53,000 --> 00:06:57,000

And also, when I got to talk to this guy three times, no,

101

00:06:57,000 --> 00:07:00,000

and when I got out there to talk to him,

102

00:07:00,000 --> 00:07:06,000

he told me that one of these planes appeared to try to close in on this thing.

103

00:07:06,000 --> 00:07:10,000

He said it came around and came up behind it

104

00:07:10,000 --> 00:07:16,000

and was flying along in the same flight path, probably about a mile apart.

105

00:07:16,000 --> 00:07:19,000

When all of a sudden this thing just increased the speed

106

00:07:19,000 --> 00:07:23,000

and was 30 miles away within a matter of seconds.

107

00:07:23,000 --> 00:07:30,000

So I tried to find out who was in the planes up there that night so far.

108

00:07:30,000 --> 00:07:33,000

I haven't had any luck.

109

00:07:33,000 --> 00:07:39,000

Evidently, Payne said that they had two planes in sight in that area.

110

00:07:39,000 --> 00:07:46,000

And the homies had a plane up and Arlington had a plane up.

111

00:07:46,000 --> 00:07:49,000

But everybody's kind of just on me in that direction.

112

00:07:49,000 --> 00:07:55,000

I'm not sure if they'll get anything out of the pilot or not.

113

00:07:55,000 --> 00:07:58,000

That was beautiful.

114

00:07:58,000 --> 00:08:02,000

That's the good report.

115

00:08:02,000 --> 00:08:05,000

I also have another one here that's fairly good.

116

00:08:05,000 --> 00:08:08,000

I think it's pretty credible.

117

00:08:08,000 --> 00:08:14,000

Instead of running up your telephone bill, Jerry, why don't we just drop up and see you?

118

00:08:14,000 --> 00:08:16,000

You're going to be off.

119

00:08:16,000 --> 00:08:19,000

I'm going to work today and I'll be off for three.

120

00:08:19,000 --> 00:08:22,000

That means you'll be off tomorrow and Sunday.

121

00:08:22,000 --> 00:08:25,000

You got anything planned for tomorrow?

122

00:08:25,000 --> 00:08:27,000

No, I'm keeping it open.

123

00:08:27,000 --> 00:08:32,000

I've had so much to do and I've been training extra and working extra down there at the job.

124

00:08:32,000 --> 00:08:36,000

And everything's finally straightened out to where I got some time.

125

00:08:36,000 --> 00:08:40,000

I'm going to be able to get people a little more back into it again.

126

00:08:40,000 --> 00:08:45,000

So I've been trying to keep up with everything that's going on up here.

127

00:08:45,000 --> 00:08:47,000

But that's about all I've been able to handle.

128

00:08:47,000 --> 00:08:49,000

That's a one-man job anyway.

129

00:08:49,000 --> 00:08:51,000

How about tomorrow morning?

130

00:08:51,000 --> 00:08:53,000

I'll do it.

131

00:08:53,000 --> 00:08:55,000

Would 10 be too early?

132

00:08:55,000 --> 00:08:57,000

I get off work at 8 o'clock.

133

00:08:57,000 --> 00:08:59,000

Oh, anytime.

134

00:08:59,000 --> 00:09:03,000

Okay, I'll get Jacob and we'll come right up there.

135

00:09:03,000 --> 00:09:05,000

Great sounds good.

136

00:09:05,000 --> 00:09:06,000

Okay, how's your family?

137

00:09:06,000 --> 00:09:08,000

Oh, everybody's good.

138

00:09:08,000 --> 00:09:10,000

Glambo's working every day.

139

00:09:10,000 --> 00:09:13,000

Kids are going to school.

140

00:09:13,000 --> 00:09:15,000

We never see each other.

141

00:09:15,000 --> 00:09:18,000

But these days.

142

00:09:18,000 --> 00:09:21,000

Still on the same roof anyway.

143

00:09:21,000 --> 00:09:23,000

Oh, yeah.

144

00:09:23,000 --> 00:09:25,000

Okay, we'll see you tomorrow morning.

145

00:09:25,000 --> 00:09:26,000

Hey, sounds good.

146

00:09:26,000 --> 00:09:27,000

Thanks a lot, Jerry.

147

00:09:27,000 --> 00:09:28,000

You betcha.

148

00:09:28,000 --> 00:09:29,000

Okay, bye.
