

1

00:00:00,000 --> 00:00:06,640

I'm calling for the UFO reporting center in Seattle, Washington.

2

00:00:06,640 --> 00:00:12,160

We understand that a state trooper attached to your office had a UFO experience one or

3

00:00:12,160 --> 00:00:13,160

two nights ago.

4

00:00:13,160 --> 00:00:15,360

Could you give us any information on that?

5

00:00:15,360 --> 00:00:18,800

I can't give you any information.

6

00:00:18,800 --> 00:00:24,040

It wasn't during my shift.

7

00:00:24,040 --> 00:00:28,080

I had a call from San Francisco, but he hasn't been in our area tonight.

8

00:00:28,080 --> 00:00:32,400

He's been in Cut Bank, which is forty-some miles away.

9

00:00:32,400 --> 00:00:33,400

What was his name?

10

00:00:33,400 --> 00:00:34,400

Allen.

11

00:00:34,400 --> 00:00:37,600

And he is working in the Cut Bank area?

12

00:00:37,600 --> 00:00:40,000

Yeah, he's stationed on a con man.

13

00:00:40,000 --> 00:00:41,400

He lives right here in town.

14

00:00:41,400 --> 00:00:42,400

Oh, I see.

15

00:00:42,400 --> 00:00:46,400

But he went to Cut Bank.

16

00:00:46,400 --> 00:00:53,040

His sergeant is in Cut Bank and they had some kind of a...they were up there this evening.

17

00:00:53,040 --> 00:00:54,040

I know.

18

00:00:54,040 --> 00:00:56,440

I haven't heard from him since about eight o'clock this evening.

19

00:00:56,440 --> 00:00:59,960

Okay, well, did his experience take place in the Cut Bank area?

20

00:00:59,960 --> 00:01:00,960

No, in Conradale.

21

00:01:00,960 --> 00:01:01,960

In Conradale.

22

00:01:01,960 --> 00:01:02,960

Yeah.

23

00:01:02,960 --> 00:01:05,960

Will you be seeing him or hearing from him this evening?

24

00:01:05,960 --> 00:01:07,960

Well, he works till midnight.

25

00:01:07,960 --> 00:01:14,960

He should be going home before I go off shift, but I can't tell him that either.

26

00:01:14,960 --> 00:01:18,640

Okay, could you pass a message on if you do see him?

27

00:01:18,640 --> 00:01:21,480

Ask him to call the UFO reporting center in Seattle.

28

00:01:21,480 --> 00:01:24,560

We'd like to hear about his experience.

29

00:01:24,560 --> 00:01:27,080

Do you people have us listed there?

30

00:01:27,080 --> 00:01:28,580

I don't believe so.

31

00:01:28,580 --> 00:01:30,080

I know we sent literature to your office.

32

00:01:30,080 --> 00:01:33,080

I don't know whether it got down to the dispatcher or not.

33

00:01:33,080 --> 00:01:35,080

I don't think it got to the dispatcher.

34

00:01:35,080 --> 00:01:44,760

You know, it got to the point where so many people are afraid to report these things,

35

00:01:44,760 --> 00:01:45,760

you know.

36

00:01:45,760 --> 00:01:46,760

Well, this...

37

00:01:46,760 --> 00:01:51,560

We've had others that have reported it to us two nights after that.

38

00:01:51,560 --> 00:01:54,560

I had a couple of parties reported to me.

39

00:01:54,560 --> 00:02:00,360

Well, if you hear of anything, I mean, if calls come in to you direct, would you consider

40

00:02:00,360 --> 00:02:04,560

referring the people to us or would that be beyond policy?

41

00:02:04,560 --> 00:02:09,560

No, no, if they would call you.

42

00:02:09,560 --> 00:02:11,560

That's the UFO center.

43

00:02:11,560 --> 00:02:13,560

The UFO reporting center, yes.

44

00:02:13,560 --> 00:02:14,560

Yep.

45

00:02:14,560 --> 00:02:16,560

I'll put the note up.

46

00:02:16,560 --> 00:02:18,560

Thank you very much.

47

00:02:18,560 --> 00:02:19,560

Okay.

48

00:02:19,560 --> 00:02:20,560

Bye.

49

00:02:20,560 --> 00:02:23,560

I have a little experience on October 9th while I'm patrolled.

50

00:02:23,560 --> 00:02:24,560

Yeah.

51

00:02:24,560 --> 00:02:28,560

I wonder if we could get a description of just exactly what you saw.

52

00:02:28,560 --> 00:02:36,560

Well, yeah, a round white light, fairly large size.

53

00:02:36,560 --> 00:02:41,560

I really don't know how large because I don't know how close I was to it to tell you the truth.

54

00:02:41,560 --> 00:02:42,560

You know, exactly.

55

00:02:42,560 --> 00:02:43,560

Yes.

56

00:02:43,560 --> 00:02:50,560

It appeared to possibly have a red light, a real small red light on each side of it.

57

00:02:50,560 --> 00:02:58,560

But I, you know, I couldn't tell whether it was the infection from the white light or whether,

58

00:02:58,560 --> 00:03:01,560

you know, it really was a red one.

59

00:03:01,560 --> 00:03:06,560

But it appeared to have a red light on each side now, whether we just couldn't see all

60

00:03:06,560 --> 00:03:10,560

of it or whether it was just a faint glow running all the way around it or something.

61

00:03:10,560 --> 00:03:12,560

I really don't know.

62

00:03:12,560 --> 00:03:16,560

Well, now, just starting right from the beginning, how did you happen to see this?

63

00:03:16,560 --> 00:03:25,560

Well, I was coming back from Dupuyo, which is just about straight west of Conrad, about 25

64

00:03:25,560 --> 00:03:28,560

miles, about old 89.

65

00:03:28,560 --> 00:03:34,560

And I was coming down and I had a truck accident that held me up out there to about, well,

66

00:03:34,560 --> 00:03:37,560

about four in the morning.

67

00:03:37,560 --> 00:03:40,560

Anyway, I was starting back.

68

00:03:40,560 --> 00:03:46,560

Matter of fact, I was just south of the truck accident, which was three miles south of Dupuyo.

69

00:03:46,560 --> 00:03:53,560

And I spotted this light off to my, well, to the east of me, to my left as I was coming

70

00:03:53,560 --> 00:03:55,560

south.

71

00:03:55,560 --> 00:04:01,560

And I really paid too much attention to it at first, but I got to look at it and I thought,

72

00:04:01,560 --> 00:04:07,560

you know, it's kind of funny at four o'clock in the morning, if anybody looks like a possibility

73

00:04:07,560 --> 00:04:09,560

of a helicopter.

74

00:04:09,560 --> 00:04:13,560

Then I got to thinking, well, we've had a bunch of these cattle mutilations around here, you

75

00:04:13,560 --> 00:04:16,560

know, while they've had them all over the country, I guess.

76

00:04:16,560 --> 00:04:23,560

I thought, aha, just what I'm looking for, I'll just kind of follow them and see what

77

00:04:23,560 --> 00:04:27,560

he's doing, you know, thinking at the time that it was a helicopter.

78

00:04:27,560 --> 00:04:34,560

And so I followed it down 89 until I got to the Pendry Road, which is secondary 219.

79

00:04:34,560 --> 00:04:37,560

It turns and goes east and then I followed it east.

80

00:04:37,560 --> 00:04:40,560

It was out ahead of me, though.

81

00:04:40,560 --> 00:04:45,560

But when I did turn onto the Pendry Road, it did cross over the Pendry Road.

82

00:04:45,560 --> 00:04:48,560

And then it was to the south of the Pendry Road.

83

00:04:48,560 --> 00:04:52,560

And I followed it down until I got right into Conrad here, which is where I live.

84

00:04:52,560 --> 00:04:56,560

And then I followed it.

85

00:04:56,560 --> 00:05:00,560

I went back then south on old 91 Middle Ways.

86

00:05:00,560 --> 00:05:08,560

Then when I got up by the interstate, interstate 15, where the Midway Road crosses over the

87

00:05:08,560 --> 00:05:12,560

Ways, it looked like I was getting pretty close to it.

88

00:05:12,560 --> 00:05:14,560

So I thought, well, I'll head out that way a little way.

89

00:05:14,560 --> 00:05:17,560

So I went out about a mile and a half, two miles.

90

00:05:17,560 --> 00:05:21,560

And it stopped.

91

00:05:21,560 --> 00:05:25,560

I was traveling about the same speed as whatever I was traveling.

92

00:05:25,560 --> 00:05:26,560

Yes.

93

00:05:26,560 --> 00:05:32,560

And it stopped and I thought, well, I'll get just a little bit closer because I was interested

94

00:05:32,560 --> 00:05:34,560

to hear what the sound was.

95

00:05:34,560 --> 00:05:38,560

You know, a helicopter, you can usually hear it quite a ways away and it was pretty calm.

96

00:05:38,560 --> 00:05:41,560

I followed a little bit closer.

97

00:05:41,560 --> 00:05:47,560

And then when I stopped, I was going to jump out and see if I could hear anything.

98

00:05:47,560 --> 00:05:51,560

Well, before it gets, just got stopped before I get out.

99

00:05:51,560 --> 00:05:53,560

The thing, it didn't turn around or anything.

100

00:05:53,560 --> 00:05:56,560

You know, it was just sitting there.

101

00:05:56,560 --> 00:06:00,560

And it dropped in elevation about three times and just was really coming towards me.

102

00:06:00,560 --> 00:06:03,560

It's really weird.

103

00:06:03,560 --> 00:06:09,560

And then I watched it, you know, at the time when it started to make the move because I was kind of surprised.

104

00:06:09,560 --> 00:06:16,560

When I was looking for that, you know, some change in the light, you know, like a helicopter makes a turn around.

105

00:06:16,560 --> 00:06:17,560

Yes.

106

00:06:17,560 --> 00:06:19,560

And it never did make any.

107

00:06:19,560 --> 00:06:24,560

It just sat there and then when it came and just shot right straight towards me and dropped in elevation,

108

00:06:24,560 --> 00:06:31,560

that I saw three times and it was like, turn around and I went back to the interstate, which is only two miles.

109

00:06:31,560 --> 00:06:35,560

And this friend of mine was watching it too.

110

00:06:35,560 --> 00:06:44,560

And he felt the same thing and just dropped in that thousand two real fast and came right towards me.

111

00:06:44,560 --> 00:06:47,560

Was there any change in the color while it was doing that?

112

00:06:47,560 --> 00:06:50,560

No. It stayed exactly the same.

113

00:06:50,560 --> 00:06:56,560

At least, you know, of course, you get a little bit excited, you know, and I know that I'm sure that it didn't change though.

114

00:06:56,560 --> 00:06:57,560

Yes.

115

00:06:57,560 --> 00:07:05,560

And as far as the red, I can't recall whether I saw the red at that point or not, you know, when it was coming down towards me.

116

00:07:05,560 --> 00:07:09,560

But the white light stayed, you know, just about exactly the same.

117

00:07:09,560 --> 00:07:12,560

I never noticed any change on it at all.

118

00:07:12,560 --> 00:07:18,560

But the last, it must have dropped down to about 500 feet was probably about as low as it got.

119

00:07:18,560 --> 00:07:21,560

I'm just guessing that too because I don't know how big the light was.

120

00:07:21,560 --> 00:07:22,560

Yes.

121

00:07:22,560 --> 00:07:26,560

But when I stopped, the interstate hit stop.

122

00:07:26,560 --> 00:07:30,560

And it appeared to be just about over the spot where I had stopped.

123

00:07:30,560 --> 00:07:33,560

And that was as close as we ever got to it.

124

00:07:33,560 --> 00:07:40,560

As soon as the other fellow came up with the other car then, it just, you know, just act like it didn't want anything to do with it.

125

00:07:40,560 --> 00:07:44,560

It raised an elevation, went way up, and then it went east.

126

00:07:44,560 --> 00:07:45,560

I see.

127

00:07:45,560 --> 00:07:47,560

And then it went way, way up.

128

00:07:47,560 --> 00:07:51,560

It stayed up, and it just went up, and it just stayed there.

129

00:07:51,560 --> 00:07:56,560

And it just went up to the point where it just stayed in a stationary position whether it was moving or not.

130

00:07:56,560 --> 00:07:58,560

It couldn't really detect any movement.

131

00:07:58,560 --> 00:08:03,560

Well, now, do you have any estimate regarding the closest distance that it got to you?

132

00:08:03,560 --> 00:08:06,560

I would say my estimate was about two miles.

133

00:08:06,560 --> 00:08:07,560

Uh-huh.

134

00:08:07,560 --> 00:08:09,560

And you never did pick up any sound?

135

00:08:09,560 --> 00:08:10,560

No noise.

136

00:08:10,560 --> 00:08:11,560

A lot.

137

00:08:11,560 --> 00:08:14,560

When I got back to the interstate, you know, I got out and I listened.

138

00:08:14,560 --> 00:08:20,560

Because now it's, it couldn't have been over two miles at that point, or at least appeared not to be any part of the night.

139

00:08:20,560 --> 00:08:21,560

And I couldn't hear a thing.

140

00:08:21,560 --> 00:08:24,560

I mean, it was just dead still.

141

00:08:24,560 --> 00:08:27,560

Did you have any problem with your radio at the time?

142

00:08:27,560 --> 00:08:28,560

No.

143

00:08:28,560 --> 00:08:29,560

Nothing whatsoever.

144

00:08:29,560 --> 00:08:32,560

No problem with the lights or anything else.

145

00:08:32,560 --> 00:08:33,560

Okay.

146

00:08:33,560 --> 00:08:36,560

And this, when you first spotted it, it was in the eastern sky.

147

00:08:36,560 --> 00:08:40,560

And what part of the sky was it in the last time you saw it?

148

00:08:40,560 --> 00:08:41,560

That's the last.

149

00:08:41,560 --> 00:08:42,560

Right.

150

00:08:42,560 --> 00:08:43,560

Oh boy.

151

00:08:43,560 --> 00:08:46,560

Well, it was pretty high.

152

00:08:46,560 --> 00:08:52,560

But it would have been, uh, southeast of Conrad.

153

00:08:52,560 --> 00:08:57,560

And I would say that it was about a home colony.

154

00:08:57,560 --> 00:08:58,560

Let's see.

155

00:08:59,560 --> 00:09:02,560

Let's take a look out here and see.

156

00:09:02,560 --> 00:09:06,560

Must have been about a fourth of the way up on this guy.

157

00:09:06,560 --> 00:09:07,560

Can I see?

158

00:09:07,560 --> 00:09:08,560

Maybe not quite that far.

159

00:09:08,560 --> 00:09:10,560

How was the weather conditions that night?

160

00:09:10,560 --> 00:09:12,560

It was, uh, clear.

161

00:09:12,560 --> 00:09:14,560

There was no moon.

162

00:09:14,560 --> 00:09:15,560

Uh-huh.

163

00:09:15,560 --> 00:09:16,560

It was real dark.

164

00:09:16,560 --> 00:09:20,560

And that, I, you know, if there had been a moon, there would have been a possibility maybe seeing some shape or something.

165

00:09:20,560 --> 00:09:25,560

But, uh, I don't think there was with stars out in the, it was just black, you know.

166

00:09:25,560 --> 00:09:27,560

It was just a plain old dark light.

167

00:09:27,560 --> 00:09:28,560

Yes.

168

00:09:28,560 --> 00:09:33,560

And, uh, I kept trying to see if I could see anything, you know, but it just couldn't open me.

169

00:09:33,560 --> 00:09:37,560

I had spotted one one time before, uh, in 67.

170

00:09:37,560 --> 00:09:38,560

Oh yes.

171

00:09:38,560 --> 00:09:41,560

Just west of Cuttbank about three miles.

172

00:09:41,560 --> 00:09:46,560

And, uh, that one had three lights on it, three big lights.

173

00:09:46,560 --> 00:09:49,560

And if I recall, one of those was clear.

174

00:09:49,560 --> 00:09:50,560

I see.

175

00:09:50,560 --> 00:09:51,560

One was red and one was maybe green.

176

00:09:51,560 --> 00:09:54,560

I'd spent quite a long time going down there.

177

00:09:54,560 --> 00:09:57,560

And that thing sat almost directly over me on the road.

178

00:09:57,560 --> 00:09:58,560

And I stopped.

179

00:09:58,560 --> 00:10:01,560

And, uh, to this day, I don't know what it was.

180

00:10:01,560 --> 00:10:03,560

There was absolutely no noise whatsoever with that one.

181

00:10:03,560 --> 00:10:04,560

Uh-huh.

182

00:10:04,560 --> 00:10:05,560

It was really strange.

183

00:10:05,560 --> 00:10:09,560

Well, now this one that you saw on the night, so how long would you say you observed that?

184

00:10:09,560 --> 00:10:13,560

I observed it from about four o'clock until about 6.30.

185

00:10:13,560 --> 00:10:17,560

And at all times this thing was traveling in various directions in a period of time.

186

00:10:17,560 --> 00:10:20,560

Yeah, it was raised and lower, you know, in elevation.

187

00:10:20,560 --> 00:10:31,560

And now from about, oh, let's see, from about five, let me think now, yeah, about five on,

188

00:10:31,560 --> 00:10:33,560

it didn't appear to do anything.

189

00:10:33,560 --> 00:10:35,560

You know, it just went up and it just sat there.

190

00:10:35,560 --> 00:10:39,560

It was just, well, like a star, you know.

191

00:10:39,560 --> 00:10:40,560

Yeah, it was a point.

192

00:10:40,560 --> 00:10:41,560

A lot brighter than a star.

193

00:10:41,560 --> 00:10:42,560

Well, you watched it from the freeway.

194

00:10:42,560 --> 00:10:43,560

Yeah.

195

00:10:43,560 --> 00:10:44,560

Right, okay.

196

00:10:44,560 --> 00:10:48,560

Now, did this, when you were following the object, did it at any time pass across the

197

00:10:48,560 --> 00:10:49,560

highway in front of you?

198

00:10:49,560 --> 00:10:52,560

Um, at any time in the road.

199

00:10:52,560 --> 00:10:56,560

Yeah, but it was a long ways ahead of me at that point, you know, where Kenroy wrote.

200

00:10:56,560 --> 00:10:57,560

Yes.

201

00:10:57,560 --> 00:11:00,560

Now, it had been, you know, it was, well, it was quite a ways ahead of me.

202

00:11:00,560 --> 00:11:04,560

But there was no question in your mind, in fact, that this thing was moving and maneuvering.

203

00:11:04,560 --> 00:11:06,560

Oh, right, no, there's no doubt.

204

00:11:06,560 --> 00:11:07,560

Okay.

205

00:11:07,560 --> 00:11:12,560

So, one of the ways this one was, I thought, 67.

206

00:11:12,560 --> 00:11:15,560

Now, it, I drove right up underneath it, almost.

207

00:11:15,560 --> 00:11:17,560

I didn't figure it was over 300 feet.

208

00:11:17,560 --> 00:11:23,560

It was the lights on the bottom were illuminating enough light that you could see the aluminum,

209

00:11:23,560 --> 00:11:25,560

whatever, you know, aluminum colored.

210

00:11:25,560 --> 00:11:26,560

The shoe solace?

211

00:11:26,560 --> 00:11:27,560

Yeah.

212

00:11:27,560 --> 00:11:31,560

But I couldn't make out any shape on it, rather than the fact that the lights were in the triangle.

213

00:11:31,560 --> 00:11:32,560

I see.

214

00:11:32,560 --> 00:11:35,560

And they were big lights, a lot bigger lights than any aircrafts.

215

00:11:35,560 --> 00:11:41,560

And it just sat there and then it took off real slow, probably doing only about 30, 35

216

00:11:41,560 --> 00:11:42,560

miles an hour.

217

00:11:42,560 --> 00:11:43,560

Yes.

218

00:11:43,560 --> 00:11:46,560

And then I went to the rest of the direction from Kent Bank there.

219

00:11:46,560 --> 00:11:49,560

And I kept watching it and watching it.

220

00:11:49,560 --> 00:11:52,560

And I think just all of a sudden it just took off.

221

00:11:52,560 --> 00:11:53,560

I mean, it was really cool.

222

00:11:53,560 --> 00:11:56,560

Those lights just went right down to just, it was off.

223

00:11:56,560 --> 00:11:57,560

Yes.

224

00:11:57,560 --> 00:11:59,560

Well, now this is the last one that you saw.

225

00:11:59,560 --> 00:12:01,560

Did it have any given shape of any kind?

226

00:12:01,560 --> 00:12:03,560

Just the light is always.

227

00:12:03,560 --> 00:12:04,560

Just a bright light.

228

00:12:04,560 --> 00:12:06,560

A round, appeared to be round anyway.

229

00:12:06,560 --> 00:12:09,560

And it appeared to be on the bottom of something.

230

00:12:09,560 --> 00:12:10,560

You know what I mean?

231

00:12:10,560 --> 00:12:11,560

Yes.

232

00:12:11,560 --> 00:12:13,560

It was on the side where it was shining right in your eyes.

233

00:12:13,560 --> 00:12:15,560

It was on the bottom, but it was pretty intense.

234

00:12:15,560 --> 00:12:18,560

But you couldn't make out any silhouette of it, Hulk of any kind?

235

00:12:18,560 --> 00:12:19,560

Nothing.

236

00:12:19,560 --> 00:12:20,560

Okay.

237

00:12:20,560 --> 00:12:24,560

And there were other people who saw this?

238

00:12:24,560 --> 00:12:27,560

Yeah, there was two other people who saw this.

239

00:12:27,560 --> 00:12:28,560

I see.

240

00:12:28,560 --> 00:12:31,560

There was several other sightings.

241

00:12:31,560 --> 00:12:35,560

As a matter of fact, some lady from up around Browning had her.

242

00:12:35,560 --> 00:12:37,560

Car lights and everything go out, I guess.

243

00:12:37,560 --> 00:12:39,560

The thing was hovering right over.

244

00:12:39,560 --> 00:12:40,560

This was recently?

245

00:12:40,560 --> 00:12:41,560

Yeah.

246

00:12:41,560 --> 00:12:43,560

From up around Browning.

247

00:12:43,560 --> 00:12:48,560

That's what I was trying to think.

248

00:12:48,560 --> 00:12:49,560

You know what I mean?

249

00:12:49,560 --> 00:12:50,560

I don't know.

250

00:12:50,560 --> 00:12:52,560

Yeah, I tried.

251

00:12:52,560 --> 00:12:56,560

Maybe they didn't give her a first name or something, but I know that.

252

00:12:56,560 --> 00:12:59,560

That was not just shortly after I had mine.

253

00:12:59,560 --> 00:13:00,560

I see.

254

00:13:00,560 --> 00:13:02,560

And of course there's been several other sightings.

255

00:13:02,560 --> 00:13:06,560

Yeah, KSCN radio and Shelby would know.

256

00:13:07,560 --> 00:13:08,560

KSCN.

257

00:13:08,560 --> 00:13:10,560

Once it carries the news story.

258

00:13:10,560 --> 00:13:11,560

KSCM?

259

00:13:11,560 --> 00:13:12,560

Yeah.

260

00:13:12,560 --> 00:13:13,560

And Shelby?

261

00:13:13,560 --> 00:13:14,560

Okay.

262

00:13:14,560 --> 00:13:17,560

Also, we sure appreciate your time.

263

00:13:17,560 --> 00:13:18,560

I was going to give you a call.

264

00:13:18,560 --> 00:13:19,560

It's kind of my fault too.

265

00:13:19,560 --> 00:13:21,560

And I'd ever got around to it there.

266

00:13:21,560 --> 00:13:26,560

I should have given you a buzz because you left a phone number for me to call or somebody did anyway.

267

00:13:26,560 --> 00:13:27,560

Right.

268

00:13:27,560 --> 00:13:31,560

Well, we sure appreciate hearing from you and if anything else should happen in your area.

269

00:13:31,560 --> 00:13:32,560

Okay.

270

00:13:32,560 --> 00:13:34,560

We'll try to keep in touch with you.

271

00:13:34,560 --> 00:13:35,560

Thank you very much.

272

00:13:35,560 --> 00:13:37,560

It's worth everything since then.

273

00:13:37,560 --> 00:13:38,560

Okay.

274

00:13:38,560 --> 00:13:39,560

Thank you.

275

00:13:39,560 --> 00:13:40,560

You bet.

276

00:13:40,560 --> 00:13:41,560

Bye.
