

1

00:00:00,000 --> 00:00:02,000

Taylor, Arizona?

2

00:00:02,000 --> 00:00:04,000

Yes, sir.

3

00:00:04,000 --> 00:00:14,000

Were you aware of the, was there any information over the television or the, is media, the papers or anything of this thing they cited up here?

4

00:00:14,000 --> 00:00:16,000

Taylor, Arizona?

5

00:00:16,000 --> 00:00:22,000

Well, it's up on the rim. What they call a rim country, which is Hebrew. I'll give it to you in court. I thought you should know about it.

6

00:00:22,000 --> 00:00:24,000

Fine.

7

00:00:24,000 --> 00:00:34,000

There were seven men up there about three days ago. They were all coming back just after dark. They were cutting wood and they were coming in.

8

00:00:34,000 --> 00:00:44,000

They saw this bright, bright light, this object that looked to all seven of them at the time there were seven, like a saucer or some unidentified object.

9

00:00:44,000 --> 00:00:52,000

Well, Ralph Anderson's a very good friend of mine and his brother Travis is a young man about 22.

10

00:00:52,000 --> 00:00:59,000

He's always made the statement around the country to everyone that knows him that he'd like to have some way of making communication with them.

11

00:00:59,000 --> 00:01:09,000

And they were talking about this kind of a thing ironically at the time and they saw this light about 20 foot hover from the ground and before they actually stopped their crux,

12

00:01:09,000 --> 00:01:17,000

Travis jumped out of the car and ran up underneath this thing, if you can imagine, how many yards away I don't know, that quote.

13

00:01:17,000 --> 00:01:22,000

But he ran up underneath it with his hands in the air as a helpless or friendly gesture.

14

00:01:22,000 --> 00:01:31,000

At the time he'd done this, the other six men, and these are pretty good local boys, they're not just, you know, they were sober too.

15

00:01:31,000 --> 00:01:43,000

And they all witnessed a blue or a bluish light that projected from the bottom of this craft, whatever it was, and at that time it hit him.

16

00:01:43,000 --> 00:01:47,000

And of course he crumpled and fell.

17

00:01:47,000 --> 00:01:59,000

Now the rest of them were just, you know, like anyone else, I guess they were terrified and so they started their vehicle up and drove the other way on that rim road for several miles until they regained their wits.

18

00:01:59,000 --> 00:02:08,000

They came back a few minutes later and there was no sign of anything except as they were departing, as they were entering the area where this happened.

19

00:02:08,000 --> 00:02:14,000

They did see this thing, this object, leaving, moving across the sky.

20

00:02:14,000 --> 00:02:31,000

Now this has been publicized through the KPHO media, overcalivation, I suppose, radio, and all the other channels we've got is Sheriff Gillespie and Holbrook and many, many other search deputies.

21

00:02:31,000 --> 00:02:33,000

And the man is gone.

22

00:02:33,000 --> 00:02:38,000

They've checked it out, there's radiation there in this spot. They don't know.

23

00:02:38,000 --> 00:02:45,000

Ralph told me that it varied. There was some fairly heavy and then it was light also.

24

00:02:45,000 --> 00:02:48,000

But what would it mean?

25

00:02:48,000 --> 00:02:50,000

Well, that's hard to say.

26

00:02:50,000 --> 00:02:57,000

But this is really true. Now I can, like I said, if you wanted to confirm this you could call, what is the model's last we have?

27

00:02:57,000 --> 00:03:06,000

Call Ralph Vanderson. This is the man's brother who vanished. Ralph Vanderson is a good friend of mine and I suggest that they do this today.

28

00:03:06,000 --> 00:03:13,000

But he said that they had some men in the flagstaff and Tucson area that were coming up.

29

00:03:13,000 --> 00:03:22,000

I read this article in your book here and I felt that it probably is by most, the far most experience relating to this type of research on this thing.

30

00:03:22,000 --> 00:03:31,000

Ralph called me back about 2.30 today. He was going out there. They are going out again here in search, you know, here in ground search.

31

00:03:31,000 --> 00:03:36,000

They're going to make a last-ditch effort attempt on it for 48 continual hours.

32

00:03:36,000 --> 00:03:45,000

Ralph said at the time he called he was shortly planning on leaving and would not be back until whatever time this 48 hours could develop in.

33

00:03:45,000 --> 00:03:56,000

But, not always how to confirm, she said, is there a possibility that they could have took that man or disintegrated him? Who knows?

34

00:03:56,000 --> 00:03:59,000

Now what was that man's name again? Who's missing?

35

00:03:59,000 --> 00:04:12,000

The man's name missing is Travis Walton. W-A-L-T-O-N. This has been well publicized throughout the entire state of Arizona.

36

00:04:12,000 --> 00:04:19,000

It's been on every channel. We catch it on the 6 o'clock news. It's been on the 10 o'clock news and it happened Thursday night.

37

00:04:19,000 --> 00:04:22,000

Has this been published in any of the papers you know of?

38

00:04:22,000 --> 00:04:29,000

I don't know about the papers, my friend, but it's certainly been in the... I think my wife just said it has been in the paper.

39

00:04:29,000 --> 00:04:30,000

Okay.

40

00:04:30,000 --> 00:04:39,000

It's been a headliner. The first day it happened, that night when the boys came back, without Travis, Walton,

41

00:04:39,000 --> 00:04:44,000

Ralph called me about 3 o'clock in the morning and told me what had happened and he was leaving upon that...

42

00:04:44,000 --> 00:04:50,000

After the phone called me then, they were going out there. The next day they had a search party of 55 men.

43

00:04:50,000 --> 00:04:55,000

They turned up nothing except the radio hall. They did find radiation in that area.

44

00:04:55,000 --> 00:04:57,000

At that spot, I think.

45

00:04:57,000 --> 00:04:58,000

Yes.

46

00:04:58,000 --> 00:05:05,000

If you want to call him or call me, I'll give you my name and number, but I don't think it'd be important for my name.

47

00:05:05,000 --> 00:05:11,000

I'm just concerned about the thing and if you're a sharpshooter on a thing, I'd like to see somebody do something about it.

48

00:05:11,000 --> 00:05:12,000

Okay.

49

00:05:12,000 --> 00:05:14,000

What happened about to what? 35 miles?

50

00:05:14,000 --> 00:05:18,000

Oh, it's about 35 miles from right here at our home where I'm calling you from.

51

00:05:18,000 --> 00:05:22,000

Okay. And what was the date of this incident again?

52

00:05:22,000 --> 00:05:23,000

Martin?

53

00:05:23,000 --> 00:05:24,000

What was the date of the incident?

54

00:05:24,000 --> 00:05:25,000

Well, it was Thursday.

55

00:05:25,000 --> 00:05:26,000

Thursday, okay.

56

00:05:26,000 --> 00:05:30,000

Thursday night, I'd say shortly after dark.

57

00:05:30,000 --> 00:05:35,000

That's when I said, seven men at that time were leaving in their truck.

58

00:05:35,000 --> 00:05:43,000

They spotted this spacecraft around the dotapod object hovering just some 20 foot or so off the ground.

59

00:05:43,000 --> 00:05:48,000

And at that time, Travis had been talking about this and the whole country knows this.

60

00:05:48,000 --> 00:05:51,000

He's always wanted to communicate with these people.

61

00:05:51,000 --> 00:05:52,000

Believe this or not.

62

00:05:52,000 --> 00:05:57,000

And before they ever got the truck stopped, he ran out there underneath that thing with his hands stretched out in the air.

63

00:05:57,000 --> 00:06:01,000

The guest, your friendliness or healthness or something.

64

00:06:01,000 --> 00:06:10,000

And then this, uh, Louis-like ray of light projected from the bottom of that craft and

65

00:06:10,000 --> 00:06:18,000

silhouetted him completely and then he just crumpled and that's when the other six boys just panicked and they kind of, they left for a few minutes.

66

00:06:18,000 --> 00:06:25,000

They said they didn't know exactly how long they came back and there was no sign of anything other than the fact that the baby was fighting again.

67

00:06:25,000 --> 00:06:27,000

They saw this leaving.

68

00:06:27,000 --> 00:06:29,000

We sure appreciate your calling.

69

00:06:29,000 --> 00:06:31,000

I'll mention one thing.

70

00:06:31,000 --> 00:06:41,000

All of these other men included that were at this sighting witnessing this have all agreed to at first of the week, they're all going to take a light detector test.

71

00:06:41,000 --> 00:06:49,000

Probably at Holbrook and Mullen-Gillespie's at the courthouse there to verify and substantiate this.

72

00:06:49,000 --> 00:06:53,000

And that would be verified by Ralph Anderson?

73

00:06:53,000 --> 00:06:58,000

Ralph Anderson is Travis's brother and Ralph would be the best man to call. I know about this.
