

1

00:00:00,000 --> 00:00:05,000

I got a hold of that Anderson in Arizona finally.

2

00:00:05,000 --> 00:00:08,000

In fact, I talked to him less than a half hour ago.

3

00:00:08,000 --> 00:00:10,000

Go ahead, tell me what you got.

4

00:00:10,000 --> 00:00:18,000

Okay, well, considering the fact that this guy is the missing party's brother or a step-brother, whatever it is,

5

00:00:18,000 --> 00:00:22,000

it gave me a pretty good rundown on his background.

6

00:00:22,000 --> 00:00:26,000

Now, they were involved in a group of seven people,

7

00:00:26,000 --> 00:00:33,000

and they were up in the woods apparently standing in timber and working on some kind of forestry project.

8

00:00:33,000 --> 00:00:37,000

And they had worked a little extra late that night because they had ideal weather,

9

00:00:37,000 --> 00:00:40,000

and when they were coming home, that's when the incident occurred.

10

00:00:40,000 --> 00:00:47,000

But all of these people, or the majority, at least four, he knew real well,

11

00:00:47,000 --> 00:00:51,000

and he said that he could vouch for their backgrounds.

12

00:00:51,000 --> 00:01:00,000

And he said that his brother had, well, he was just too smart of an individual to pull off a crazy thing like this.

13

00:01:00,000 --> 00:01:03,000

I guess he got a very high IQ.

14

00:01:03,000 --> 00:01:09,000

And he said there were several teams that went in there, civilian teams,

15

00:01:09,000 --> 00:01:13,000

that went in to do a little investigating, not much, very tinker toy type stuff.

16

00:01:13,000 --> 00:01:17,000

I mean, they didn't even have instruments for taking readings.

17

00:01:17,000 --> 00:01:26,000

In fact, the police didn't get in there to take Geiger counter readings until his brother just almost tore the place down.

18

00:01:26,000 --> 00:01:35,000

And they found very little radiation, and then another private party went in with Geiger counter,

19

00:01:35,000 --> 00:01:40,000

and he said he found slightly above normal radiation.

20

00:01:40,000 --> 00:01:46,000

But no one took any soil samples or rock samples or anything like that.

21

00:01:46,000 --> 00:01:56,000

So what it amounts to right now, there has been no intensive investigation, scientific investigation,

22

00:01:56,000 --> 00:02:05,000

and everybody seems to be waiting for this lie detector test tomorrow before they reach any conclusions.

23

00:02:05,000 --> 00:02:14,000

OK, April from Tucson is supposed to be there right now, according to this McDonald I talked from Holbrook.

24

00:02:14,000 --> 00:02:20,000

Investigating what they're doing, he hasn't any idea, whatever they do, he says.

25

00:02:20,000 --> 00:02:23,000

OK, now here's a story I got.

26

00:02:23,000 --> 00:02:30,000

Now these guys were down there and working for something rather than doing thinning trees in that area.

27

00:02:30,000 --> 00:02:35,000

OK, it's supposed to be pretty heavily forested mountainous area.

28

00:02:35,000 --> 00:02:42,000

OK, they were driving down the road, looked off to the side, and here was this object sitting there just above the ground.

29

00:02:42,000 --> 00:02:43,000

Right.

30

00:02:43,000 --> 00:02:46,000

And I'll be some type.

31

00:02:46,000 --> 00:02:54,000

OK, one of the guys for some unknown reason bailed out of the truck and started running towards it, which turns out to be this waltz guy.

32

00:02:54,000 --> 00:02:55,000

Right.

33

00:02:55,000 --> 00:03:03,000

OK, a blue, light beam came from the craft and hit him and knocked him down to the ground.

34

00:03:03,000 --> 00:03:10,000

And the rest of them thinking that they were going to do the same thing to them took off in the truck.

35

00:03:10,000 --> 00:03:16,000

And then you got down a ways, I guess, and got their senses together and kind of creped back.

36

00:03:16,000 --> 00:03:18,000

Everything was gone.

37

00:03:18,000 --> 00:03:24,000

However, I couldn't get any time on that lap there when they left and when they came back.

38

00:03:24,000 --> 00:03:29,000

Now his brother gave me that. I don't remember what it was. I think it was around 20 minutes. It seems incredible.

39

00:03:29,000 --> 00:03:34,000

Yeah. Well, you know, depending on how scared they were.

40

00:03:34,000 --> 00:03:35,000

Right.

41

00:03:35,000 --> 00:03:44,000

OK, the time I got is 5.30.45 on a very clear evening just after dark.

42

00:03:44,000 --> 00:03:50,000

Now the Sheriff's Department has searched the area for the last three days and come up with nothing.

43

00:03:50,000 --> 00:03:52,000

Right.

44

00:03:52,000 --> 00:03:55,000

That's the story I get from McDonald's.

45

00:03:55,000 --> 00:04:02,000

Yeah, well, yeah. Anderson said that they'd gone in there with dogs and the whole bit, helicopters, and looked over everything.

46

00:04:02,000 --> 00:04:10,000

Now, I asked him what the overall reaction was to these witnesses to this thing.

47

00:04:10,000 --> 00:04:18,000

And actually, he didn't get a chance to get to them right away because the police were holding back.

48

00:04:18,000 --> 00:04:26,000

But when they finally notified him why then he started working on it and talking to the witnesses who were there.

49

00:04:26,000 --> 00:04:35,000

And he said these guys, which are all mature young men, boy, they were just had the hellsgrove scared out of them.

50

00:04:35,000 --> 00:04:46,000

And the crew boss, apparently he went back every time somebody went in to do any investigating while he went with them so they'd get the right spot.

51

00:04:46,000 --> 00:04:51,000

And he says that every time he went back in there, he'd pass out.

52

00:04:51,000 --> 00:05:02,000

Unless we've got an awful lot of good actors down there, I would assume that something very traumatic happened that has left a scar on the minds of these guys.

53

00:05:02,000 --> 00:05:06,000

And every time they go into the area, it affects them.

54

00:05:06,000 --> 00:05:10,000

I also called this Marshall Down in Taylor again.

55

00:05:10,000 --> 00:05:13,000

And he didn't have anything new to add.

56

00:05:13,000 --> 00:05:16,000

We did talk about the witnesses and everything.

57

00:05:16,000 --> 00:05:21,000

And he seems to know a couple of them and were by name anyhow.

58

00:05:21,000 --> 00:05:33,000

And he says that he couldn't really vouch for them as far as their personal character and everything like that.

59

00:05:33,000 --> 00:05:37,000

And he says they evidently did have some kind of an experience.

60

00:05:37,000 --> 00:05:42,000

And they're all just knowing around waiting for that polygraph test in the morning.

61

00:05:42,000 --> 00:05:46,000

So, I don't know.

62

00:05:46,000 --> 00:06:02,000

And another thing, somebody from Illinois, which I assume would be somebody connected with Heineck called for information and told him to give the misdebities that they were just being swamped by

people calling.

63

00:06:02,000 --> 00:06:04,000

It's out in the news now, you know.

64

00:06:04,000 --> 00:06:06,000

Yeah, I haven't had a chance to see it yet.

65

00:06:06,000 --> 00:06:09,000

Well, I heard it on Cairo radio down here.

66

00:06:09,000 --> 00:06:22,000

But anyhow, somebody in Illinois told the officer to refer anybody calling in about it or anything, the number, which is supposed to be for police only.

67

00:06:22,000 --> 00:06:28,000

We're given out to the public, so which sounds kind of unusual for Heineck.

68

00:06:28,000 --> 00:06:31,000

I'm surprised they don't have somebody down in that area.

69

00:06:31,000 --> 00:06:32,000

Yeah, right.

70

00:06:32,000 --> 00:06:35,000

And APRO is supposed to be working with him too.

71

00:06:35,000 --> 00:06:37,000

Well, maybe they're just in touch.

72

00:06:37,000 --> 00:06:38,000

Yeah.

73

00:06:38,000 --> 00:06:41,000

Being a Z-Rite turn 2 saw.

74

00:06:41,000 --> 00:06:51,000

Okay, at any rate, there has been quite a few citizens call in with sightings during that period of time.

75

00:06:51,000 --> 00:06:52,000

Uh-huh.

76

00:06:52,000 --> 00:06:57,000

And I asked them about this, you know, just to check.

77

00:06:57,000 --> 00:07:05,000

And he said, by God, yeah, he said we've been getting a lot of calls from citizens reporting things at that time or before or after.

78

00:07:05,000 --> 00:07:09,000

You know, things in the sky or UFOs or whatever you want to call them.

79

00:07:09,000 --> 00:07:10,000

He said, quote him.

80

00:07:10,000 --> 00:07:17,000

And I said, okay, how about, could you give me any names or phone numbers or anything like that on these people?

81

00:07:17,000 --> 00:07:23,000

And he said, well, he didn't see any reason why not, but at the time, he couldn't locate them.

82

00:07:23,000 --> 00:07:24,000

Uh-huh.

83

00:07:24,000 --> 00:07:25,000

And he said, they have a list.

84

00:07:25,000 --> 00:07:28,000

He says, what they're doing, he says they're not investigating any of them.

85

00:07:28,000 --> 00:07:36,000

They're just taking the names, phone numbers, addresses, what they saw, and they're going to get back to him later on in the investigation.

86

00:07:36,000 --> 00:07:37,000

I see.

87

00:07:37,000 --> 00:07:46,000

So, uh, the next time I call, I told him I'd call him the next day or so, possibly Tuesday when this polygraph claim is over, and he's going to give me that list.

88

00:07:46,000 --> 00:07:47,000

Amen.

89

00:07:47,000 --> 00:07:48,000

Good.

90

00:07:48,000 --> 00:07:51,000

So that may help, uh, considerably.

91

00:07:51,000 --> 00:07:52,000

Yeah, yeah.

92

00:07:52,000 --> 00:07:53,000

Very good.

93

00:07:55,000 --> 00:08:00,000

Yeah, at that time, somebody hasn't put the squash on him, you know.

94

00:08:00,000 --> 00:08:01,000

Yeah.

95

00:08:01,000 --> 00:08:08,000

Well, it's all out in the open now, I don't see, unless they, uh, do it just for political purposes.

96

00:08:08,000 --> 00:08:10,000

Well, at first, when I called, he said, yeah, right.

97

00:08:10,000 --> 00:08:14,000

He says, I have a little statement written up here that we're allowed to give out, and that's all.

98

00:08:14,000 --> 00:08:15,000

Oh.

99

00:08:15,000 --> 00:08:19,000

So he gave me a little statement, which didn't tell me nothing, you know.

100

00:08:19,000 --> 00:08:20,000

Yeah.

101

00:08:20,000 --> 00:08:28,000

And then I got talking to him and told him where I was at and where I worked and everything, and he kind of eased up, and I got the rest of this stuff out of him.

102

00:08:28,000 --> 00:08:36,000

So, and then I asked him if it'd be available to me, you know, when I called back, and he said, sure, he didn't see any reason why not.

103

00:08:36,000 --> 00:08:37,000

Oh, that's great.

104

00:08:37,000 --> 00:08:43,000

So, possibly we'll get some more names and addresses of somebody that's awesome at the same time.

105

00:08:43,000 --> 00:08:52,000

Yeah, this Anderson said that there was another woman that he knew of that had seen an object at the same time, fairly nearby.

106

00:08:52,000 --> 00:08:58,000

So I would imagine being that they had beautiful weather down there that a lot of people have seen things.

107

00:08:58,000 --> 00:09:00,000

Thank you.

108

00:09:00,000 --> 00:09:01,000

Well, okay.

109

00:09:01,000 --> 00:09:04,000

Seems like she got more than I got there.
