

1

00:00:00,000 --> 00:00:10,000

I saw some lights, one that I thought was a star, but it kept getting closer to me.

2

00:00:10,000 --> 00:00:14,000

And then it had four or five lights on it.

3

00:00:14,000 --> 00:00:20,000

And they were alternating, you know, switching from one color to another.

4

00:00:20,000 --> 00:00:26,000

And it wasn't a helicopter because it was a helicopter farther down that I could see and I could also hear it.

5

00:00:26,000 --> 00:00:29,000

But there was no sound from this and it went right over the top of my head.

6

00:00:29,000 --> 00:00:36,000

It was like almost a pure black and it happened to go underneath the plane.

7

00:00:36,000 --> 00:00:39,000

It looked like it went out of its way to go underneath what?

8

00:00:39,000 --> 00:00:42,000

So what was your exact location when all this happened?

9

00:00:42,000 --> 00:00:46,000

Um, what's that street up above?

10

00:00:46,000 --> 00:00:50,000

Um, 73rd and Fremont.

11

00:00:50,000 --> 00:00:51,000

Okay.

12

00:00:51,000 --> 00:00:54,000

Looking down toward, looking toward the east.

13

00:00:54,000 --> 00:00:56,000

And it looked like it was coming.

14

00:00:56,000 --> 00:01:01,000

And it wasn't going very fast. It was just a very slow progression.

15

00:01:01,000 --> 00:01:08,000

And it took approximately 15 minutes to go past me and then it went around past.

16

00:01:08,000 --> 00:01:13,000

It looked like it went out and went underneath the plane and then went down in the ballard.

17

00:01:13,000 --> 00:01:18,000

And after that I didn't see it anymore because it went behind the house. It was in the hill.

18

00:01:18,000 --> 00:01:20,000

And it was just a dark object?

19

00:01:20,000 --> 00:01:25,000

A dark object with about four lights on it and they were, um, red was on top, green,

20

00:01:25,000 --> 00:01:30,000

blue and kind of yellow. But they weren't in any sequence.

21

00:01:30,000 --> 00:01:32,000

The lights weren't flashing in any sequence.

22

00:01:32,000 --> 00:01:33,000

Uh-huh.

23

00:01:33,000 --> 00:01:35,000

They were in alternate and, um...

24

00:01:35,000 --> 00:01:37,000

But they were flashing?

25

00:01:37,000 --> 00:01:38,000

Yes.

26

00:01:38,000 --> 00:01:39,000

Okay.

27

00:01:39,000 --> 00:01:43,000

And I was wondering if there might have been anything that was close to it.

28

00:01:43,000 --> 00:01:45,000

Maybe I'm not the only one that saw it that night.

29

00:01:45,000 --> 00:01:47,000

Uh, what one was this, Monday?

30

00:01:47,000 --> 00:01:49,000

Yes, Monday.

31

00:01:49,000 --> 00:01:51,000

Okay, just a moment.

32

00:01:56,000 --> 00:01:59,000

No, I don't see a thing for that particular day.

33

00:01:59,000 --> 00:02:00,000

Okay.

34

00:02:00,000 --> 00:02:04,000

It's nice to have a place you can call about things like this.

35

00:02:04,000 --> 00:02:05,000

Uh-huh.

36

00:02:05,000 --> 00:02:06,000

Because I've seen...

37

00:02:06,000 --> 00:02:09,000

Well, this is the first close contact that I've seen.

38

00:02:09,000 --> 00:02:17,000

And this surprised me because I've understood him and I've done a lot of reading on him.

39

00:02:17,000 --> 00:02:20,000

And I think I've seen one once before but I was never sure.

40

00:02:20,000 --> 00:02:24,000

And this is one that I could almost verify because it wasn't...

41

00:02:24,000 --> 00:02:25,000

No sound.

42

00:02:25,000 --> 00:02:27,000

And a plane would make a sound.

43

00:02:27,000 --> 00:02:33,000

Uh, the helicopter that was around, I heard the helicopter that was about a mile away.

44

00:02:33,000 --> 00:02:35,000

You know, you can hear it and it wouldn't smile.

45

00:02:35,000 --> 00:02:36,000

Yes.

46

00:02:36,000 --> 00:02:39,000

And I could hear the plane but this just didn't make nothing.

47

00:02:39,000 --> 00:02:40,000

No sound at all.

48

00:02:40,000 --> 00:02:43,000

Do you have any estimate on the size of the object?

49

00:02:43,000 --> 00:02:49,000

Oh, it was about probably 200, maybe 300 yards above me.

50

00:02:49,000 --> 00:02:56,000

And, uh, by the size of the football field.

51

00:02:56,000 --> 00:02:57,000

Okay.

52

00:02:57,000 --> 00:02:59,000

Now does this thing pass overhead?

53

00:02:59,000 --> 00:03:05,000

Um, not directly overhead, slightly to the side so that I was getting...

54

00:03:05,000 --> 00:03:10,000

As it passed me by, the lights, you know, that I was seeing this way,

55

00:03:10,000 --> 00:03:13,000

first I just saw a white light which looked like a star.

56

00:03:13,000 --> 00:03:18,000

And then the colored lights were when it passed by me, when it was on the side.

57

00:03:18,000 --> 00:03:22,000

It looked like the lights were, uh, the colored lights were on the side of it.

58

00:03:22,000 --> 00:03:24,000

Well, were you in a vehicle at the time?

59

00:03:24,000 --> 00:03:25,000

No, I was out walking.

60

00:03:25,000 --> 00:03:26,000

You were outdoor, okay.

61

00:03:26,000 --> 00:03:29,000

I wish I had a pair of binoculars.

62

00:03:29,000 --> 00:03:31,000

I could give you better descriptions.

63

00:03:31,000 --> 00:03:34,000

But you figure it was about, uh, maybe 600 feet altitude?

64

00:03:34,000 --> 00:03:35,000

Mm-hmm.

65

00:03:35,000 --> 00:03:41,000

It was just like it was just taking a look at the city and seeing what was happening.

66

00:03:41,000 --> 00:03:42,000

Uh-huh.

67

00:03:42,000 --> 00:03:45,000

And I, you know, most people would never report anything like that anyway.

68

00:03:45,000 --> 00:03:47,000

Did it ever change its course?

69

00:03:47,000 --> 00:03:51,000

Yes, it did change its course once when it, uh, went underneath the plane.

70

00:03:51,000 --> 00:03:53,000

It looked like it deliberately went under there.

71

00:03:53,000 --> 00:03:55,000

Was this a private type plane?

72

00:03:55,000 --> 00:03:57,000

Yes, it looked like it.

73

00:03:57,000 --> 00:03:58,000

Okay.

74

00:03:58,000 --> 00:04:04,000

So, you know, and it looked like it went close to the plane, you know,

75

00:04:04,000 --> 00:04:06,000

when it went underneath it wasn't too far away.

76

00:04:06,000 --> 00:04:07,000

Uh-huh.

77

00:04:07,000 --> 00:04:11,000

And like I said, it looked like it was just taking a look and seeing what's happening.

78

00:04:11,000 --> 00:04:13,000

But what time was that?

79

00:04:13,000 --> 00:04:18,000

Oh, between 5 and 5.30 in the afternoon.

80

00:04:18,000 --> 00:04:21,000

It was dark already and that's why I couldn't see clear.

81

00:04:21,000 --> 00:04:28,000

If it was light, it is, uh, when I first saw it, it was, uh, you know, it was dark,

82

00:04:28,000 --> 00:04:31,000

but not, there was a little bit of light, the lights were starting to come on.

83

00:04:31,000 --> 00:04:34,000

And when it passed me, it was totally black.

84

00:04:34,000 --> 00:04:36,000

Okay, but how long did you observe it?

85

00:04:36,000 --> 00:04:41,000

In about, uh, 15, yeah, about 10 to 15 minutes.

86

00:04:42,000 --> 00:04:47,000

And then I turned around and looked at it, but there wasn't any way to see what was happening after that.

87

00:04:47,000 --> 00:04:49,000

So I turned around and walked home.

88

00:04:49,000 --> 00:04:51,000

Okay, and you were the only witness?

89

00:04:51,000 --> 00:04:52,000

Uh-huh.

90

00:04:52,000 --> 00:04:57,000

Yeah, I heard about your, uh, your organization over the radio.

91

00:04:57,000 --> 00:04:58,000

Okay, 102 and a half.

92

00:04:58,000 --> 00:04:59,000

Oh, really?

93

00:04:59,000 --> 00:05:05,000

Yeah, they're having some, uh, they're having some, uh, special reports on it.

94

00:05:05,000 --> 00:05:10,000

And, uh, well, our whole family has been into it.

95

00:05:10,000 --> 00:05:13,000

Uh, my wife and the lady that's living here.

96

00:05:13,000 --> 00:05:17,000

And, uh, we've always been, we've known that we're there.

97

00:05:17,000 --> 00:05:20,000

It was just a matter of getting a verified sighting.

98

00:05:20,000 --> 00:05:21,000

Uh-huh.

99

00:05:21,000 --> 00:05:28,000

And, uh, no, like I said, it just looked like it was just taking a leisurely stroll across the sky to see what's happened.

100

00:05:28,000 --> 00:05:33,000

But, uh, no, they're doing a real heavy thing on it.

101

00:05:33,000 --> 00:05:35,000

They've done a couple of them now.

102

00:05:35,000 --> 00:05:36,000

Oh, yeah.

103

00:05:36,000 --> 00:05:37,000

Okay.

104

00:05:37,000 --> 00:05:42,000

Okay, well, if we get anything else on this, we'll be sure to get back to you.

105

00:05:42,000 --> 00:05:43,000

Okay, thank you.

106

00:05:43,000 --> 00:05:44,000

Thanks a lot for calling.

107

00:05:44,000 --> 00:05:45,000

Okay, bye-bye.
