

1

00:00:00,000 --> 00:00:04,000

This is UFO reporting center again?

2

00:00:04,000 --> 00:00:05,000

Yes.

3

00:00:05,000 --> 00:00:08,000

What if we get a description of what happened to you last night?

4

00:00:08,000 --> 00:00:09,000

You? I can try.

5

00:00:09,000 --> 00:00:10,000

Okay.

6

00:00:10,000 --> 00:00:20,000

But coming off work and I just had a look over in town you know, it was the first million

7

00:00:20,000 --> 00:00:21,000

wait for me.

8

00:00:21,000 --> 00:00:24,000

And there's just been a big huge commute, big sender never seen.

9

00:00:24,000 --> 00:00:29,000

I thought it should be a normal airplane or something you know.

10

00:00:29,000 --> 00:00:34,000

It was going pretty fast, it was going about 40, so I slowed way down and looked at it.

11

00:00:34,000 --> 00:00:37,000

It was losing it, right by the trees.

12

00:00:37,000 --> 00:00:40,000

But it was going very slow.

13

00:00:40,000 --> 00:00:49,000

And the last night around, some tip of the line, and it was, oh god, there's a big signal

14

00:00:49,000 --> 00:00:50,000

there.

15

00:00:50,000 --> 00:00:54,000

I was like, well I live in a 75th town.

16

00:00:54,000 --> 00:00:58,000

Well it had been a half mile almost.

17

00:00:58,000 --> 00:01:05,000

I was toward judging by anything I said, I think it was that big, maybe a mile long.

18

00:01:05,000 --> 00:01:07,000

It was a little high.

19

00:01:07,000 --> 00:01:09,000

It was just by the trees.

20

00:01:09,000 --> 00:01:10,000

You know?

21

00:01:10,000 --> 00:01:11,000

Yes.

22

00:01:11,000 --> 00:01:14,000

And I just sat there and watched and complained amazement.

23

00:01:14,000 --> 00:01:17,000

I could see most of the lights again, I tried to see much of it, but it was kind of long and

24

00:01:17,000 --> 00:01:18,000

awful.

25

00:01:18,000 --> 00:01:20,000

It's a strange light or something like that.

26

00:01:20,000 --> 00:01:22,000

Not our kind of light.

27

00:01:22,000 --> 00:01:23,000

Uh huh.

28

00:01:23,000 --> 00:01:30,000

And I stayed in spot 10 there and one side opened up, the front face of me, the side face

29

00:01:30,000 --> 00:01:34,000

of me opened up and in China they'd been dried out.

30

00:01:34,000 --> 00:01:38,000

And three little ships took off, whatever they were.

31

00:01:38,000 --> 00:01:44,000

Three little things took off, but like, um, and I really did still think maybe that you

32

00:01:44,000 --> 00:01:48,000

guys, you know, David's people here was doing something, but I knew that they'd not, nobody

33

00:01:48,000 --> 00:01:50,000

built something that big.

34

00:01:50,000 --> 00:01:54,000

So I stayed there and watched it and then the other side opened up and it was three

35

00:01:54,000 --> 00:01:59,000

two thousand each, they'd kind of all centered together and went together, you know?

36

00:01:59,000 --> 00:02:00,000

Yes.

37

00:02:00,000 --> 00:02:04,000

Not exactly doing everything the same direction.

38

00:02:04,000 --> 00:02:10,000

And, um, I skipped all the while, I got to, I'm sorry.

39

00:02:10,000 --> 00:02:15,000

The other three, on the other side, three more came out, so there was six more here that

40

00:02:15,000 --> 00:02:19,000

came out of this huge giant, anything.

41

00:02:19,000 --> 00:02:22,000

And it closed out and left five hundred stayed there.

42

00:02:22,000 --> 00:02:26,000

And then I got, thank you, I got to stay in my cell phone, yeah.

43

00:02:26,000 --> 00:02:29,000

I knew that it couldn't be anything normal.

44

00:02:29,000 --> 00:02:36,000

So I decided to come home and somewhere that thing was, I had to go straight until about

45

00:02:36,000 --> 00:02:40,000

a, about a mile and I could still sail then it sailed.

46

00:02:40,000 --> 00:02:45,000

So when I got ready to take off, I was driving on the phone, keep my eyes on the end.

47

00:02:45,000 --> 00:02:50,000

And I looked over there and it was moving along my way.

48

00:02:50,000 --> 00:02:55,000

The fly just kind of was going a bit faster, not going around this corner.

49

00:02:55,000 --> 00:03:05,000

And from where the trees went down to the next clear, oh, about a half mile.

50

00:03:05,000 --> 00:03:10,000

I was trying to understand, I was about 45 and I just, I was trying to say about six

51

00:03:10,000 --> 00:03:15,000

miles, I was just thinking about coming home and trying to get that thing, whatever it

52

00:03:15,000 --> 00:03:16,000

was.

53

00:03:16,000 --> 00:03:20,000

And I got to the next clearing and I turned and looked and my last-hand client was there

54

00:03:20,000 --> 00:03:21,000

again, was following me.

55

00:03:21,000 --> 00:03:24,000

And it was right up in the middle of the trees, you know?

56

00:03:24,000 --> 00:03:25,000

Yes.

57

00:03:25,000 --> 00:03:26,000

Shaking in there.

58

00:03:26,000 --> 00:03:32,000

And so I pulled off the slide and looked again and I just got there and stared at that thing.

59

00:03:32,000 --> 00:03:36,000

And then we got there and I just came home and got in.

60

00:03:36,000 --> 00:03:40,000

And it seemed to stand one spot, the big one did it.

61

00:03:40,000 --> 00:03:44,000

And I just left it and I was going to go, you know, get some on, then come back and that's

62

00:03:44,000 --> 00:03:46,000

what my intention was.

63

00:03:46,000 --> 00:03:51,000

So I, in the meantime, you don't know how to stand that one-shot, the big one.

64

00:03:51,000 --> 00:03:52,000

Yeah.

65

00:03:52,000 --> 00:03:55,000

I just realized there's three little things I just tried doing, strange little things together.

66

00:03:55,000 --> 00:04:01,000

But they weren't coordinated together, you know, all the trouble, though, but it still was.

67

00:04:01,000 --> 00:04:05,000

And it was just, well, I just keep going.

68

00:04:05,000 --> 00:04:09,000

So I came over by Unmade Cuttlefish.

69

00:04:09,000 --> 00:04:13,000

I kept showing up, kept going, going, going.

70

00:04:13,000 --> 00:04:17,000

And there's one, a little one.

71

00:04:17,000 --> 00:04:19,000

I didn't think, I didn't know whether it was following me.

72

00:04:19,000 --> 00:04:25,000

I didn't think it was really because I'd make my cuttlefish a little bit in a certain direction.

73

00:04:25,000 --> 00:04:27,000

And I thought maybe you don't subscribe.

74

00:04:27,000 --> 00:04:28,000

I'm not that small, you know.

75

00:04:28,000 --> 00:04:29,000

Yeah.

76

00:04:29,000 --> 00:04:30,000

I'll keep the one smaller.

77

00:04:30,000 --> 00:04:32,000

I don't know if you know.

78

00:04:32,000 --> 00:04:38,000

Anyhow, I'd make several cuttles about three or four miles later, something like that.

79

00:04:38,000 --> 00:04:41,000

And I hit Little Rock Road and came back up this way to where I'm at.

80

00:04:41,000 --> 00:04:43,000

I don't know what it's in the direction of.

81

00:04:43,000 --> 00:04:49,000

In turn, I looked at my, well, let's see, I was driving.

82

00:04:49,000 --> 00:04:51,000

I looked at my left-hand side.

83

00:04:51,000 --> 00:04:53,000

Yeah, I looked at that.

84

00:04:53,000 --> 00:04:56,000

And the little one was right there beside me.

85

00:04:56,000 --> 00:04:59,000

It was, well, it was like a high-nature airplane.

86

00:04:59,000 --> 00:05:02,000

But I could see it back close, you know, at the close of the railroad road.

87

00:05:02,000 --> 00:05:03,000

It was a big thing.

88

00:05:03,000 --> 00:05:06,000

Just about how far away from you would you say that was?

89

00:05:06,000 --> 00:05:08,000

No.

90

00:05:08,000 --> 00:05:10,000

It's a poor journey.

91

00:05:10,000 --> 00:05:13,000

It was like an airplane that was flying around.

92

00:05:13,000 --> 00:05:15,000

Don't tell you anything.

93

00:05:15,000 --> 00:05:18,000

Okay.

94

00:05:18,000 --> 00:05:21,000

I got those traffic on Little Rock Road.

95

00:05:21,000 --> 00:05:23,000

You know, and there's a lot of stars out.

96

00:05:23,000 --> 00:05:27,000

So I said to don't make sure it wasn't just a star or something in my hand.

97

00:05:27,000 --> 00:05:28,000

Yes.

98

00:05:28,000 --> 00:05:31,000

I had red and blue lights on, you know, so I knew it wasn't.

99

00:05:31,000 --> 00:05:35,000

We knew it was one of those little things.

100

00:05:35,000 --> 00:05:37,000

So I knew it followed me all the way home.

101

00:05:37,000 --> 00:05:42,000

I got out of my car and I was kind of scared because by the time I parked my car, my driveway,

102

00:05:42,000 --> 00:05:44,000

it was in front of me.

103

00:05:44,000 --> 00:05:45,000

Kind of bigger.

104

00:05:45,000 --> 00:05:49,000

And I guess my back could follow me, you know.

105

00:05:49,000 --> 00:05:51,000

And I came out and told my son-in-law about it.

106

00:05:51,000 --> 00:05:53,000

Now it's made her six things in the world.

107

00:05:53,000 --> 00:05:55,000

Now these people are building here.

108

00:05:55,000 --> 00:05:58,000

I'm a big, the biggest kid was no one.

109

00:05:58,000 --> 00:06:03,000

And I grabbed a hand and I told my schoolmate which took a long time.

110

00:06:03,000 --> 00:06:08,000

And then I said, well, if that's still there, it seems like, you know, something like that.

111

00:06:08,000 --> 00:06:11,000

We were out there, my two daughters, and they're here.

112

00:06:11,000 --> 00:06:12,000

And I went out there.

113

00:06:12,000 --> 00:06:13,000

They were still there.

114

00:06:13,000 --> 00:06:14,000

They're right in the backyard.

115

00:06:14,000 --> 00:06:16,000

And they were all three of them there.

116

00:06:16,000 --> 00:06:17,000

It seemed like a threat.

117

00:06:17,000 --> 00:06:18,000

It came out of the front of the ship.

118

00:06:18,000 --> 00:06:20,000

I don't wish I could find a few of them.

119

00:06:20,000 --> 00:06:24,000

I felt like all three of them followed me, but I didn't really know it.

120

00:06:24,000 --> 00:06:28,000

So I told them to call the police and they, you know, find out what was going on.

121

00:06:28,000 --> 00:06:30,000

Maybe something strange would have gone on.

122

00:06:30,000 --> 00:06:31,000

I just know.

123

00:06:31,000 --> 00:06:33,000

And I stayed out on the porch and watched it.

124

00:06:33,000 --> 00:06:36,000

And now all three have made a formation right up by the trees.

125

00:06:36,000 --> 00:06:37,000

Like a ball.

126

00:06:37,000 --> 00:06:39,000

Only the person they got the lot.

127

00:06:39,000 --> 00:06:41,000

It was like a thorn ball, you know, around.

128

00:06:41,000 --> 00:06:42,000

Yes.

129

00:06:42,000 --> 00:06:46,000

They made a formation up by the trees and just clung there.

130

00:06:46,000 --> 00:06:48,000

You know, it stayed right there.

131

00:06:48,000 --> 00:06:49,000

It was strange.

132

00:06:49,000 --> 00:06:51,000

But it was strange why they moved.

133

00:06:51,000 --> 00:06:53,000

Why did anything, you know, I know it was normal.

134

00:06:53,000 --> 00:06:57,000

Did they appear to come close to the ground at any time?

135

00:06:57,000 --> 00:07:01,000

Well, they were down really low here.

136

00:07:01,000 --> 00:07:03,000

But I don't know how they landed or not.

137

00:07:03,000 --> 00:07:05,000

Because in the meantime, I was freezing.

138

00:07:05,000 --> 00:07:07,000

I was going in and out and I was trying to answer questions.

139

00:07:07,000 --> 00:07:08,000

I'm told what, you know.

140

00:07:08,000 --> 00:07:09,000

Yes.

141

00:07:09,000 --> 00:07:10,000

And my girlfriend was getting scared.

142

00:07:10,000 --> 00:07:12,000

I was trying to take care of it.

143

00:07:12,000 --> 00:07:15,000

You know, tell them not to be afraid of anything, whatever.

144

00:07:15,000 --> 00:07:21,000

And, uh, any, you know, I thought, you know, I was on the phone just to cross the far wall.

145

00:07:21,000 --> 00:07:23,000

I was like, what's that?

146

00:07:23,000 --> 00:07:26,000

These things stayed in there for about three or four minutes.

147

00:07:26,000 --> 00:07:29,000

We were all closed and huddled together.

148

00:07:29,000 --> 00:07:32,000

And I took the girls around the house tonight.

149

00:07:32,000 --> 00:07:34,000

We were talking to these guys on the phone for a long time.

150

00:07:34,000 --> 00:07:35,000

15 minutes.

151

00:07:35,000 --> 00:07:43,000

And I thought, by then I went out again and looked like they were trying to go away on the road facing me.

152

00:07:43,000 --> 00:07:46,000

It seemed to me like that's the right it was staying.

153

00:07:46,000 --> 00:07:49,000

So I told my son a lot, you know, that we'd go over there and take a little nap.

154

00:07:49,000 --> 00:07:52,000

I wanted to have a date with them.

155

00:07:52,000 --> 00:07:59,000

And we went over there and then by the time we got over to the road, they were up in the sky.

156

00:07:59,000 --> 00:08:02,000

But they were still close enough to tell them they were destroyed by the storm.

157

00:08:02,000 --> 00:08:04,000

You see all the lights and they looked over the door.

158

00:08:04,000 --> 00:08:05,000

Yes.

159

00:08:05,000 --> 00:08:09,000

And the one thing was nice for about 30 minutes in one spot.

160

00:08:09,000 --> 00:08:11,000

Over there, because that's the one they stayed.

161

00:08:11,000 --> 00:08:13,000

And all the cops were over there and they stayed up by there.

162

00:08:13,000 --> 00:08:14,000

The one over one, you know.

163

00:08:14,000 --> 00:08:15,000

Yes.

164

00:08:15,000 --> 00:08:17,000

And I pointed out the other one.

165

00:08:17,000 --> 00:08:19,000

You know, the one that was three.

166

00:08:19,000 --> 00:08:22,000

And I pointed out one on one side and one on the other side.

167

00:08:22,000 --> 00:08:24,000

But it wasn't really visible at all.

168

00:08:24,000 --> 00:08:26,000

I guess I didn't find them all.

169

00:08:26,000 --> 00:08:28,000

They really wasn't listening to me.

170

00:08:28,000 --> 00:08:30,000

These people always caught me.

171

00:08:30,000 --> 00:08:34,000

And I told them, man, big one was too.

172

00:08:34,000 --> 00:08:35,000

I tried to tell them right start.

173

00:08:35,000 --> 00:08:36,000

They wasn't really listening to me.

174

00:08:36,000 --> 00:08:38,000

I thought, man, they're always caught right there.

175

00:08:38,000 --> 00:08:40,000

And I just got out and looked at them and I was like, no.

176

00:08:40,000 --> 00:08:42,000

I was going back on the other way.

177

00:08:42,000 --> 00:08:44,000

It was a big one.

178

00:08:44,000 --> 00:08:47,000

And he called, I don't know, one cop told me

179

00:08:47,000 --> 00:08:49,000

he called somebody on my bike splurging.

180

00:08:49,000 --> 00:08:50,000

I said, what was it?

181

00:08:50,000 --> 00:08:51,000

What was that?

182

00:08:51,000 --> 00:08:52,000

It was not by a Florida.

183

00:08:52,000 --> 00:08:53,000

It was on the other way.

184

00:08:53,000 --> 00:08:56,000

So I went down the line over there.

185

00:08:56,000 --> 00:08:59,000

But it took 25 minutes to drive back over there.

186

00:08:59,000 --> 00:09:01,000

And when we got over there, I was kind of,

187

00:09:01,000 --> 00:09:02,000

I was in the front, it was a pretty big,

188

00:09:02,000 --> 00:09:03,000

big, enormous thing.

189

00:09:03,000 --> 00:09:05,000

I could not find it on the way out there.

190

00:09:05,000 --> 00:09:08,000

So I was just about giving up hope.

191

00:09:08,000 --> 00:09:12,000

And I turned around on the highway.

192

00:09:12,000 --> 00:09:14,000

And I said, no, I did not turn around.

193

00:09:14,000 --> 00:09:16,000

I was just going to turn around.

194

00:09:16,000 --> 00:09:20,000

And we see a flashing, large, black light.

195

00:09:20,000 --> 00:09:23,000

I was trying to see it, but I was not allowed to.

196

00:09:23,000 --> 00:09:26,000

I looked at that light, going through the trees.

197

00:09:26,000 --> 00:09:28,000

And I tried to look up, but I was going,

198

00:09:28,000 --> 00:09:30,000

what do you think, it looked very long.

199

00:09:30,000 --> 00:09:33,000

It looked like an enormous black light,

200

00:09:33,000 --> 00:09:35,000

flashing off and on, but it looked like it was going

201

00:09:35,000 --> 00:09:38,000

through thousands and thousands of trees.

202

00:09:38,000 --> 00:09:40,000

And that's what I thought, you know,

203

00:09:40,000 --> 00:09:42,000

we're just dancing into the trees.

204

00:09:42,000 --> 00:09:46,000

So we turned to see them and turned off, off the road.

205

00:09:46,000 --> 00:09:48,000

And we looked at them, there was no trees there.

206

00:09:48,000 --> 00:09:50,000

It was an empty field, but it was so dark.

207

00:09:50,000 --> 00:09:54,000

And this thing was going so fast.

208

00:09:54,000 --> 00:09:58,000

And so I should, so, you know, very, it was just like,

209

00:09:58,000 --> 00:10:00,000

I don't know, it took about a half second,

210

00:10:00,000 --> 00:10:03,000

a part, half, one side of the area.

211

00:10:03,000 --> 00:10:04,000

And it was gone.

212

00:10:04,000 --> 00:10:06,000

It just there, you know, just there.

213

00:10:06,000 --> 00:10:09,000

There was no way we could stay up on that page, whatever was.

214

00:10:10,000 --> 00:10:11,000

So it got real interesting.

215

00:10:11,000 --> 00:10:12,000

I think we're going to see more.

216

00:10:12,000 --> 00:10:13,000

And we turned around the car around,

217

00:10:13,000 --> 00:10:16,000

said, different world.

218

00:10:16,000 --> 00:10:19,000

And we came to another stranger,

219

00:10:19,000 --> 00:10:22,000

really strange one, and the way they moved me,

220

00:10:22,000 --> 00:10:24,000

they was well closed.

221

00:10:24,000 --> 00:10:26,000

They came down, this one did,

222

00:10:26,000 --> 00:10:31,000

it was kind of an oblong ball of fire and fire,

223

00:10:31,000 --> 00:10:34,000

from a distance, that's what it was like.

224

00:10:34,000 --> 00:10:37,000

And it would come up to you, not close to me,

225

00:10:37,000 --> 00:10:40,000

but it would come up close to where you get a good look at it.

226

00:10:40,000 --> 00:10:42,000

And then after I was doing something,

227

00:10:42,000 --> 00:10:44,000

it came down close to the trees,

228

00:10:44,000 --> 00:10:46,000

and it was like it didn't come down on the ground.

229

00:10:46,000 --> 00:10:48,000

But of course, it doesn't see that street.

230

00:10:48,000 --> 00:10:49,000

Yes.

231

00:10:49,000 --> 00:10:52,000

And it would, it would go straight back and full speed,

232

00:10:52,000 --> 00:10:54,000

which was a lot of speed and more speed than we thought.

233

00:10:54,000 --> 00:10:57,000

And it would hit the heat in the air,

234

00:10:57,000 --> 00:11:00,000

and then it would come up real close to whatever it was doing,

235

00:11:00,000 --> 00:11:03,000

you know, and then it would go in reverse,

236

00:11:03,000 --> 00:11:06,000

just so fast it was unreal.

237

00:11:06,000 --> 00:11:08,000

And then it would plane, it would go up,

238

00:11:08,000 --> 00:11:10,000

and it would go down, it would plane in one spot,

239

00:11:10,000 --> 00:11:12,000

and it stayed there for about 20, 30 minutes.

240

00:11:12,000 --> 00:11:14,000

And we spent more time not only on the MRI,

241

00:11:14,000 --> 00:11:16,000

we watched anything.

242

00:11:17,000 --> 00:11:20,000

And then of course, it was the night we had to come home, you know,

243

00:11:20,000 --> 00:11:23,000

but there was a lot of things my son was saying,

244

00:11:23,000 --> 00:11:27,000

and you know, there's no way I could have ever explained all of it.

245

00:11:27,000 --> 00:11:29,000

Okay.

246

00:11:29,000 --> 00:11:33,000

No, the large object that you saw,

247

00:11:33,000 --> 00:11:36,000

was there any definite shape to that?

248

00:11:36,000 --> 00:11:38,000

Well, only by light, but I could tell you

249

00:11:38,000 --> 00:11:40,000

because I couldn't see what it looked like.

250

00:11:40,000 --> 00:11:42,000

You see?

251

00:11:42,000 --> 00:11:45,000

It looked to me like, you know, because of the light on it,

252

00:11:45,000 --> 00:11:49,000

it looked like what was done by the shape of the whale.

253

00:11:49,000 --> 00:11:51,000

Because I came out of the jaw,

254

00:11:51,000 --> 00:11:53,000

and it was kind of shaped like him,

255

00:11:53,000 --> 00:11:54,000

it was bigger than the front,

256

00:11:54,000 --> 00:11:56,000

it kind of shaped the back.

257

00:11:56,000 --> 00:11:57,000

Very oblong then?

258

00:11:57,000 --> 00:11:58,000

Yeah.

259

00:11:58,000 --> 00:12:00,000

Okay.

260

00:12:01,000 --> 00:12:06,000

Would there be any chance of our interviewing you?

261

00:12:06,000 --> 00:12:08,000

I only know who I'm talking to.

262

00:12:08,000 --> 00:12:09,000

Who are you?

263

00:12:09,000 --> 00:12:12,000

I'm Bob Gribble of the UFO Reporting Center in Seattle.

264

00:12:12,000 --> 00:12:14,000

Yeah, I should have talked to you.

265

00:12:14,000 --> 00:12:16,000

I'd like to have some of that, believe me.

266

00:12:16,000 --> 00:12:17,000

Yeah, let's talk.

267

00:12:17,000 --> 00:12:20,000

Well, we find this case very interesting

268

00:12:20,000 --> 00:12:23,000

because within the last month on the Pacific Coast,

269

00:12:23,000 --> 00:12:28,000

we've been getting numerous reports of huge objects.

270

00:12:28,000 --> 00:12:29,000

Oh, you have?

271

00:12:29,000 --> 00:12:30,000

Yes.

272

00:12:30,000 --> 00:12:32,000

Well, it's your client.

273

00:12:32,000 --> 00:12:35,000

Because you know, I'm talking to him, I think that's great.

274

00:12:35,000 --> 00:12:38,000

Oh, huge objects like what I talked to him?

275

00:12:38,000 --> 00:12:45,000

Yes, very oblong, up to an exceeding 800 feet long.

276

00:12:45,000 --> 00:12:48,000

800 feet? Yeah, that's a big thing.

277

00:12:48,000 --> 00:12:52,000

That's about two and a half city blocks long.

278

00:12:52,000 --> 00:12:56,000

Yeah, that's what this was, maybe bigger.

279

00:12:56,000 --> 00:12:58,000

Because that was closer to you, maybe it seemed bigger to me.

280

00:12:58,000 --> 00:12:59,000

Uh-huh.

281

00:12:59,000 --> 00:13:02,000

I don't think anything that large.

282

00:13:02,000 --> 00:13:04,000

Well, did they see it?

283

00:13:04,000 --> 00:13:07,000

Tell me what they see, would you?

284

00:13:07,000 --> 00:13:09,000

Just very big objects.

285

00:13:09,000 --> 00:13:12,000

They didn't see the smaller ones that you saw,

286

00:13:12,000 --> 00:13:14,000

or, you know, being launched from it.

287

00:13:14,000 --> 00:13:20,000

But in most cases, very large objects, oblong.

288

00:13:20,000 --> 00:13:22,000

In what area?

289

00:13:22,000 --> 00:13:25,000

We were getting several reports out of California,

290

00:13:25,000 --> 00:13:29,000

and also, well, we got one from Houston, Texas,

291

00:13:29,000 --> 00:13:34,000

and one from Las Vegas area.

292

00:13:34,000 --> 00:13:38,000

And we're really curious, because there seems to be some kind of a new pattern,

293

00:13:38,000 --> 00:13:41,000

which is developed in the field of ufology,

294

00:13:41,000 --> 00:13:44,000

and we'd like to get as much information on it as we can.

295

00:13:44,000 --> 00:13:46,000

Well, there's a lot more I'd like to tell you,

296

00:13:46,000 --> 00:13:48,000

but, you know, like last night, after we went to bed,

297

00:13:48,000 --> 00:13:51,000

which was about 2.30 in the morning, you know?

298

00:13:51,000 --> 00:13:52,000

Uh-huh.

299

00:13:52,000 --> 00:13:54,000

We were all exhausted.

300

00:13:54,000 --> 00:13:56,000

My mind was really going, you know?

301

00:13:56,000 --> 00:13:57,000

And it was a rainy night.

302

00:13:57,000 --> 00:13:58,000

I heard all kinds of strange things,

303

00:13:58,000 --> 00:14:00,000

and I couldn't see too much, you know?

304

00:14:00,000 --> 00:14:03,000

But we'd laid in bed for about 15 minutes,

305

00:14:03,000 --> 00:14:04,000

and I was trying to get to sleep,

306

00:14:04,000 --> 00:14:07,000

and my daughter and I wasn't there.

307

00:14:07,000 --> 00:14:10,000

And I had just bit the door,

308

00:14:10,000 --> 00:14:11,000

so I didn't know what to do.

309

00:14:11,000 --> 00:14:12,000

I had a lot of crashes,

310

00:14:12,000 --> 00:14:13,000

and a lot of...

311

00:14:13,000 --> 00:14:15,000

sound like a whirl, you know, a man.

312

00:14:15,000 --> 00:14:16,000

A whirl fan.

313

00:14:16,000 --> 00:14:17,000

Uh-huh.

314

00:14:17,000 --> 00:14:20,000

But I knew I had to go through the barn with the little man.

315

00:14:20,000 --> 00:14:22,000

And anyway, my daughter came in,

316

00:14:22,000 --> 00:14:23,000

and she came in, and she said,

317

00:14:23,000 --> 00:14:26,000

Mom, I need to hurry and go to the window and lock.

318

00:14:26,000 --> 00:14:27,000

And we went out there,

319

00:14:27,000 --> 00:14:28,000

and I just opened the...

320

00:14:28,000 --> 00:14:29,000

I opened the door at the window,

321

00:14:29,000 --> 00:14:31,000

and a bedroom was found.

322

00:14:31,000 --> 00:14:32,000

And I did hear that,

323

00:14:32,000 --> 00:14:34,000

but I couldn't say a damn thing.

324

00:14:34,000 --> 00:14:35,000

And it sounded like...

325

00:14:35,000 --> 00:14:37,000

the noise that I heard sounded like

326

00:14:37,000 --> 00:14:40,000

about 2,000 wild dogs

327

00:14:40,000 --> 00:14:43,000

barking together in high speed.

328

00:14:43,000 --> 00:14:46,000

I'm not sure, you know?

329

00:14:46,000 --> 00:14:48,000

That's not the only way I could explain that.

330

00:14:48,000 --> 00:14:51,000

Okay, would you be available Sunday?

331

00:14:51,000 --> 00:14:52,000

Sunday?

332

00:14:52,000 --> 00:14:53,000

Yeah.

333

00:14:53,000 --> 00:14:55,000

How early could we come down?

334

00:14:55,000 --> 00:14:56,000

Oh.

335

00:14:56,000 --> 00:14:58,000

Well, if you want to take a time,

336

00:14:58,000 --> 00:14:59,000

I'll take a time.

337

00:14:59,000 --> 00:15:00,000

I'll try to make it.

338

00:15:00,000 --> 00:15:01,000

Pardon me?

339

00:15:01,000 --> 00:15:02,000

About 10, would that be okay?

340

00:15:02,000 --> 00:15:04,000

Oh, that would be fine.

341

00:15:04,000 --> 00:15:07,000

Because we would really like to

342

00:15:07,000 --> 00:15:10,000

take you over to wherever you saw this big object, too.

343

00:15:10,000 --> 00:15:12,000

And we'd like to check those fields

344

00:15:12,000 --> 00:15:14,000

out by your place.

345

00:15:14,000 --> 00:15:15,000

Yeah.

346

00:15:15,000 --> 00:15:16,000

Well, what if they come...

347

00:15:16,000 --> 00:15:19,000

What if they come here tonight?

348

00:15:19,000 --> 00:15:22,000

Well, number one, do you have a camera?

349

00:15:22,000 --> 00:15:23,000

Yeah, I do.

350

00:15:23,000 --> 00:15:24,000

I should do.

351

00:15:24,000 --> 00:15:25,000

Okay.

352

00:15:25,000 --> 00:15:26,000

I'm gonna catch it somewhere.

353

00:15:26,000 --> 00:15:27,000

Yeah.

354

00:15:27,000 --> 00:15:28,000

Regardless whether you've got black or white

355

00:15:28,000 --> 00:15:29,000

or colored film,

356

00:15:29,000 --> 00:15:30,000

if you see anything there tonight,

357

00:15:30,000 --> 00:15:31,000

why, get pictures.

358

00:15:31,000 --> 00:15:32,000

Okay.

359

00:15:32,000 --> 00:15:34,000

And, uh...

360

00:15:34,000 --> 00:15:36,000

of course, if you get anything going

361

00:15:36,000 --> 00:15:37,000

like an object coming down,

362

00:15:37,000 --> 00:15:39,000

and actually sitting on the ground,

363

00:15:39,000 --> 00:15:40,000

where you can see it on the ground,

364

00:15:40,000 --> 00:15:42,000

we'd like to hear about that right away.

365

00:15:42,000 --> 00:15:44,000

Well, I feel the problem of that.

366

00:15:44,000 --> 00:15:46,000

That could have been pretty well handled.

367

00:15:46,000 --> 00:15:47,000

I don't know why I didn't see it.

368

00:15:47,000 --> 00:15:48,000

Uh-huh.

369

00:15:48,000 --> 00:15:49,000

Well, it's very difficult to tell it.

370

00:15:49,000 --> 00:15:50,000

Yeah, it is.

371

00:15:50,000 --> 00:15:52,000

Well, fine.

372

00:15:52,000 --> 00:15:55,000

Then we'll see you about 10 o'clock Sunday morning.

373

00:15:55,000 --> 00:15:56,000

And, uh...

374

00:15:56,000 --> 00:15:58,000

Well, I was talking to the constraint to have a camera.
