

1

00:00:00,000 --> 00:00:04,000

All right, what do you have to report?

2

00:00:04,000 --> 00:00:11,000

Well, I've had three women just advised of a sighting of a UFO south of us here.

3

00:00:11,000 --> 00:00:13,000

And that's dead in point?

4

00:00:13,000 --> 00:00:17,000

Right, we're west of Spokane about 35 miles.

5

00:00:17,000 --> 00:00:22,000

And what was it they saw?

6

00:00:22,000 --> 00:00:26,000

Well, it was a triangular shaped...

7

00:00:26,000 --> 00:00:34,000

like two triangles, one on top of the other with a set of landed type lights

8

00:00:34,000 --> 00:00:39,000

and three red lights on it.

9

00:00:39,000 --> 00:00:41,000

No sound.

10

00:00:41,000 --> 00:00:44,000

I heard about 100 yards away from them.

11

00:00:44,000 --> 00:00:49,000

Okay, I guess that's all of them.

12

00:00:49,000 --> 00:00:51,000

And thank you very much.

13

00:00:51,000 --> 00:00:53,000

Okay, goodbye.

14

00:00:53,000 --> 00:00:56,000

I'm calling for the UFO reporting center in Seattle, Washington.

15

00:00:56,000 --> 00:00:57,000

Yes.

16

00:00:57,000 --> 00:01:03,000

And we've been advised that you were in a party that's spotted an unidentified flying object from 9 to the 25th.

17

00:01:03,000 --> 00:01:04,000

That's correct.

18

00:01:04,000 --> 00:01:08,000

I wonder if we could get a description of exactly what you saw.

19

00:01:08,000 --> 00:01:11,000

Well, at first I thought it was just a great big plane.

20

00:01:11,000 --> 00:01:16,000

But it stopped in Harvard right over our car.

21

00:01:16,000 --> 00:01:19,000

We were on our way to town.

22

00:01:19,000 --> 00:01:21,000

I saw a triangular shaped vehicle.

23

00:01:21,000 --> 00:01:22,000

Uh-huh.

24

00:01:22,000 --> 00:01:28,000

It looked like it was a double decker, if that's possible.

25

00:01:28,000 --> 00:01:36,000

And the middle part had two great huge lights, like, I don't know, just great big round lights.

26

00:01:36,000 --> 00:01:37,000

Were those white lights?

27

00:01:37,000 --> 00:01:38,000

Yes.

28

00:01:38,000 --> 00:01:39,000

Okay.

29

00:01:39,000 --> 00:01:44,000

And then underneath, it looked like there were a lot of multicolored lights.

30

00:01:44,000 --> 00:01:45,000

I saw mostly red.

31

00:01:45,000 --> 00:01:46,000

My daughter said she saw green.

32

00:01:46,000 --> 00:01:47,000

I didn't.

33

00:01:47,000 --> 00:01:48,000

Okay.

34

00:01:48,000 --> 00:01:51,000

But I saw mostly red and white.

35

00:01:51,000 --> 00:01:56,000

And I was driving, so I didn't get to observe as much as my passenger.

36

00:01:56,000 --> 00:01:57,000

Okay.

37

00:01:57,000 --> 00:01:58,000

But that's essentially what I saw.

38

00:01:58,000 --> 00:02:01,000

Now, you say that the object covered over the car?

39

00:02:01,000 --> 00:02:02,000

It stopped.

40

00:02:02,000 --> 00:02:03,000

Yeah.

41

00:02:03,000 --> 00:02:11,000

I said, we could comment on it, because I've observed these bright lights for about a month or so now, and never been close to it.

42

00:02:11,000 --> 00:02:18,000

And we've been marching it from quite a distance away, and I said, oh, it's just a plane.

43

00:02:18,000 --> 00:02:23,000

And then it started to move, like it was coming down for a landing, and it stopped.

44

00:02:23,000 --> 00:02:28,000

It hovered over the car, enough for us to look at it close.

45

00:02:28,000 --> 00:02:32,000

And then we got nervous and took off.

46

00:02:32,000 --> 00:02:33,000

You stopped the car?

47

00:02:33,000 --> 00:02:36,000

We were at almost a standstill, yes.

48

00:02:36,000 --> 00:02:37,000

Okay.

49

00:02:37,000 --> 00:02:38,000

What road were you driving on?

50

00:02:38,000 --> 00:02:39,000

We were on the Wilbur Highway.

51

00:02:39,000 --> 00:02:40,000

Okay.

52

00:02:41,000 --> 00:02:45,000

Now, did you see the object as it approached you?

53

00:02:45,000 --> 00:02:49,000

Well, we were both moving, and so it didn't really, it was just like a meeting.

54

00:02:49,000 --> 00:02:52,000

Like it was, you know, like we intersected.

55

00:02:52,000 --> 00:02:56,000

It wasn't like it approached us, but just that we happened to be there.

56

00:02:56,000 --> 00:02:58,000

The same time it did.

57

00:02:58,000 --> 00:02:59,000

Oh, I see.

58

00:02:59,000 --> 00:03:00,000

Okay.

59

00:03:00,000 --> 00:03:03,000

Did the object actually move across the roadway?

60

00:03:03,000 --> 00:03:04,000

Oh, yes.

61

00:03:04,000 --> 00:03:05,000

Okay.

62

00:03:05,000 --> 00:03:06,000

Oh, yes.

63

00:03:06,000 --> 00:03:07,000

Okay.

64

00:03:07,000 --> 00:03:10,000

Any idea of just how close that object came to you?

65

00:03:10,000 --> 00:03:15,000

I'm guessing, and I'm not a real good judge of distance, but I would say the length of

66

00:03:15,000 --> 00:03:20,000

a football field or two lengths of a football field, I'd say 200 yards maximum.

67

00:03:20,000 --> 00:03:21,000

Okay.

68

00:03:21,000 --> 00:03:23,000

And there was no sound.

69

00:03:23,000 --> 00:03:24,000

We rolled down the window.

70

00:03:24,000 --> 00:03:27,000

All we could hear was the motor of our car.

71

00:03:27,000 --> 00:03:31,000

Do you have any estimate of altitude at its lowest point?

72

00:03:31,000 --> 00:03:33,000

I would say that was its lowest point.

73

00:03:33,000 --> 00:03:34,000

Okay.

74

00:03:34,000 --> 00:03:37,000

It would be 200 yards or so.

75

00:03:37,000 --> 00:03:39,000

How about size?

76

00:03:39,000 --> 00:03:41,000

It was big.

77

00:03:41,000 --> 00:03:49,000

It's hard to say because there was nothing to judge it by, but I would say as big or bigger

78

00:03:49,000 --> 00:03:50,000

than a 747.

79

00:03:50,000 --> 00:03:52,000

It was wider across.

80

00:03:52,000 --> 00:03:56,000

It was probably Islam as a 747, but it was wider across.

81

00:03:56,000 --> 00:03:57,000

I see.

82

00:03:57,000 --> 00:03:58,000

Okay.

83

00:03:58,000 --> 00:04:03,000

Now these, of course you were driving.

84

00:04:03,000 --> 00:04:04,000

Right.

85

00:04:04,000 --> 00:04:09,000

Did you have any chance to see what position those colored lights were in on the bottom

86

00:04:09,000 --> 00:04:10,000

of it?

87

00:04:10,000 --> 00:04:12,000

They just seemed to be all over the bottom.

88

00:04:12,000 --> 00:04:13,000

Just scattered.

89

00:04:13,000 --> 00:04:14,000

Yeah.

90

00:04:14,000 --> 00:04:15,000

There was no real pattern.

91

00:04:15,000 --> 00:04:20,000

And as I say, I didn't get to look at it as much as the two gals that were with me because

92

00:04:20,000 --> 00:04:22,000

I was driving.

93

00:04:22,000 --> 00:04:23,000

Okay.

94

00:04:23,000 --> 00:04:26,000

But how long did you watch that?

95

00:04:26,000 --> 00:04:33,000

Well, I'd say a good, when it hovered over us or just how long total time we watched it?

96

00:04:33,000 --> 00:04:34,000

Total time.

97

00:04:34,000 --> 00:04:35,000

15 or 20 minutes.

98

00:04:35,000 --> 00:04:36,000

Oh, wow.

99

00:04:36,000 --> 00:04:38,000

Because we watched it.

100

00:04:38,000 --> 00:04:39,000

We spotted it.

101

00:04:39,000 --> 00:04:43,000

I live in a country and we were on our way to town and we spotted it six miles from my

102

00:04:43,000 --> 00:04:46,000

home, so we watched it for 11 miles.

103

00:04:46,000 --> 00:04:47,000

Okay.

104

00:04:47,000 --> 00:04:52,000

Now did the object move away from you or did you move away from it?

105

00:04:52,000 --> 00:04:55,000

Well, it was, it's just like the meeting thing.

106

00:04:55,000 --> 00:04:58,000

It was kind of both of us moving at once.

107

00:04:58,000 --> 00:05:05,000

We were on our, it intersected us going east and west and we were going north and south.

108

00:05:05,000 --> 00:05:06,000

Okay.

109

00:05:06,000 --> 00:05:11,000

And did you watch it until it moved out of sight?

110

00:05:11,000 --> 00:05:13,000

Until our view was blocked.

111

00:05:13,000 --> 00:05:14,000

I see, okay.

112

00:05:14,000 --> 00:05:21,000

We watched it clear into Odessa and then we parked in front of the building that obstructed

113

00:05:21,000 --> 00:05:22,000

our view.

114

00:05:22,000 --> 00:05:23,000

All right.

115

00:05:23,000 --> 00:05:27,000

And I have checked with a couple more people around town and there have been a couple of

116

00:05:27,000 --> 00:05:32,000

other people that saw the object in the sky but just thought it was a funny looking plane

117

00:05:32,000 --> 00:05:33,000

or something.

118

00:05:33,000 --> 00:05:35,000

And the times coincided and everything.

119

00:05:35,000 --> 00:05:37,000

You say you've been watching these for how long?

120

00:05:37,000 --> 00:05:42,000

I've seen the lights off and on for a month or so, but you know, never, didn't really

121

00:05:42,000 --> 00:05:47,000

put anything to it because they fly a lot of planes out of Moses Lake that fly with their

122

00:05:47,000 --> 00:05:50,000

landing lights on it, so I just assumed that that's what it was.

123

00:05:50,000 --> 00:05:51,000

I see, okay.

124

00:05:51,000 --> 00:05:53,000

And it could very well have been.

125

00:05:53,000 --> 00:05:57,000

You know, it could have been a plane with landing lights on that I saw, but this definitely,

126

00:05:57,000 --> 00:06:03,000

the object we saw the 25th wasn't anything I've ever seen before anyway.

127

00:06:03,000 --> 00:06:04,000

Okay.

128

00:06:04,000 --> 00:06:10,000

Have you had any experiences or strange things happen to you since that sighting?

129

00:06:10,000 --> 00:06:11,000

Uh-uh, no.

130

00:06:11,000 --> 00:06:12,000

Okay.

131

00:06:12,000 --> 00:06:15,000

Except that people look at me kind of funny.

132

00:06:15,000 --> 00:06:18,000

No dreams about it?

133

00:06:18,000 --> 00:06:23,000

Um, I'd say my daughter was probably more apprehensive, had I?

134

00:06:23,000 --> 00:06:25,000

No, I haven't had any dreams about it.

135

00:06:25,000 --> 00:06:26,000

Okay.

136

00:06:26,000 --> 00:06:28,000

You were driving at night.

137

00:06:28,000 --> 00:06:34,000

Did you have any problems with the car or the lights at the time that it was close by?

138

00:06:34,000 --> 00:06:35,000

Gee, no.

139

00:06:35,000 --> 00:06:36,000

No.

140

00:06:36,000 --> 00:06:38,000

Were you playing your radio?

141

00:06:38,000 --> 00:06:42,000

No, we turned the radio down when we saw it because we were talking.

142

00:06:42,000 --> 00:06:43,000

Okay.

143

00:06:44,000 --> 00:06:48,000

And about what time did that sighting take place?

144

00:06:48,000 --> 00:06:53,000

Uh, between 7 and 7.30.

145

00:06:53,000 --> 00:06:58,000

I just can't pinpoint a time because I didn't think to look at my watch.

146

00:06:58,000 --> 00:06:59,000

All right.

147

00:06:59,000 --> 00:07:02,000

And what was the name of that highway where you were on again?

148

00:07:02,000 --> 00:07:04,000

It's the Wilbur O'Death highway.

149

00:07:04,000 --> 00:07:08,000

And you were driving from south to north or north to south?

150

00:07:08,000 --> 00:07:10,000

We were driving north to south.

151

00:07:10,000 --> 00:07:12,000

North to south, okay.

152

00:07:12,000 --> 00:07:17,000

If we send you a form, could we get a drawing of the object that you saw?

153

00:07:17,000 --> 00:07:20,000

Oh, if that's I can, yeah.

154

00:07:20,000 --> 00:07:21,000

Okay, fine.

155

00:07:21,000 --> 00:07:33,000

Um, one other thing I should tell you probably is that in thinking back on it, there was like, uh, small windows in the back, like an observation thing.

156

00:07:33,000 --> 00:07:36,000

That's the only thing I had on the back of the vehicle.

157

00:07:36,000 --> 00:07:37,000

Uh-huh.

158

00:07:37,000 --> 00:07:38,000

Were those lighted windows?

159

00:07:38,000 --> 00:07:39,000

No, they were dark.

160

00:07:39,000 --> 00:07:41,000

They were like shapes.

161

00:07:41,000 --> 00:07:46,000

But I asked if she saw that too and she said, yeah.

162

00:07:46,000 --> 00:07:52,000

She thought that they looked like bits, unlike windows or something.

163

00:07:52,000 --> 00:07:55,000

Now, what color did this object have?

164

00:07:55,000 --> 00:07:56,000

Was there any color?

165

00:07:56,000 --> 00:07:58,000

I couldn't see any color.

166

00:07:58,000 --> 00:08:01,000

As I say, I didn't get to watch it that much because I was driving.

167

00:08:01,000 --> 00:08:04,000

Okay, but you could see the outline of this thing.

168

00:08:04,000 --> 00:08:05,000

Oh, yeah.

169

00:08:05,000 --> 00:08:06,000

And the object, was it just dark?

170

00:08:06,000 --> 00:08:08,000

It's, yeah.

171

00:08:08,000 --> 00:08:12,000

Mostly we just were, could see the lights, you know, there were so many of them.

172

00:08:12,000 --> 00:08:13,000

Uh-huh.

173

00:08:13,000 --> 00:08:19,000

But, but we got a definite, I got a definite impression of being a triangular shape.

174

00:08:19,000 --> 00:08:20,000

Okay.

175

00:08:20,000 --> 00:08:24,000

Did you have the feeling that you were being watched when this thing stopped over the door?

176

00:08:24,000 --> 00:08:25,000

It was spooky.

177

00:08:25,000 --> 00:08:27,000

Did it frighten any of you?

178

00:08:27,000 --> 00:08:33,000

Yeah, my daughter, more than me, I wanted to stop and get out and look at it close, you know.

179

00:08:33,000 --> 00:08:35,000

But she's only 14.

180

00:08:35,000 --> 00:08:38,000

I didn't see any sense in really putting the fear into her.

181

00:08:38,000 --> 00:08:43,000

So we, we continued on our merry way.

182

00:08:43,000 --> 00:08:48,000

And we walked toward on the way home, which was two hours later, but we didn't see anything.

183

00:08:48,000 --> 00:08:49,000

Okay.

184

00:08:49,000 --> 00:08:51,000

Well, we sure appreciate your talking to us.

185

00:08:51,000 --> 00:08:54,000

And if we need additional information, could we get back to you?

186

00:08:54,000 --> 00:08:55,000

You bet.

187

00:08:55,000 --> 00:08:56,000

Okay, thank you.

188

00:08:56,000 --> 00:08:57,000

Can I ask you a question?

189

00:08:57,000 --> 00:08:58,000

Yes.

190

00:08:58,000 --> 00:09:00,000

Has there been other reports of sightings in this area?

191

00:09:00,000 --> 00:09:04,000

Well, we haven't had too many recently known, but then that doesn't mean things aren't being seen.

192

00:09:04,000 --> 00:09:05,000

Yeah.

193

00:09:05,000 --> 00:09:06,000

Oh yeah, I realize that.

194

00:09:06,000 --> 00:09:09,000

Because we have a problem of getting the people to report what they see.

195

00:09:09,000 --> 00:09:10,000

Yeah.

196

00:09:10,000 --> 00:09:17,000

Well, in checking with my friends in town, there were several that saw those crazy lights do and just thought, well, it's a plane.

197

00:09:17,000 --> 00:09:18,000

Right.

198

00:09:18,000 --> 00:09:19,000

Thanks a lot.

199

00:09:19,000 --> 00:09:20,000

Thank you for calling.

200

00:09:20,000 --> 00:09:21,000

Bye-bye.

201

00:09:21,000 --> 00:09:22,000

Bye-bye.

202

00:09:22,000 --> 00:09:24,000

I'm calling for the UFO Reporting Center in Seattle.

203

00:09:24,000 --> 00:09:25,000

Oh, uh-huh.

204

00:09:25,000 --> 00:09:28,000

And we understand you had a UFO experience on the 25th of this month.

205

00:09:28,000 --> 00:09:29,000

Yeah.

206

00:09:29,000 --> 00:09:34,000

So, if we could get a full description of just exactly what happened to you, what you saw.

207

00:09:34,000 --> 00:09:38,000

Okay, I was driving into town.

208

00:09:38,000 --> 00:09:41,000

I was about 21 miles out of town.

209

00:09:41,000 --> 00:09:42,000

Uh-huh.

210

00:09:42,000 --> 00:09:47,000

And I was driving into town with my neighbor and her daughter.

211

00:09:47,000 --> 00:09:56,000

And clear back at her house, which would have been about 16 miles from town.

212

00:09:56,000 --> 00:09:59,000

And it was just a real bright light off in the sky.

213

00:09:59,000 --> 00:10:02,000

And didn't think much of it at first.

214

00:10:02,000 --> 00:10:11,000

And then, as we got closer to town, we were about five miles from town, the light started moving.

215

00:10:11,000 --> 00:10:13,000

And it was real, real bright.

216

00:10:13,000 --> 00:10:17,000

And then it would just get very dim so that you could almost not see it at all.

217

00:10:17,000 --> 00:10:18,000

And then it got brighter again.

218

00:10:18,000 --> 00:10:19,000

And it kept doing this.

219

00:10:19,000 --> 00:10:22,000

And it was circling in this area.

220

00:10:22,000 --> 00:10:27,000

And then we watched it for a while because we didn't know what it was.

221

00:10:27,000 --> 00:10:30,000

And then it started getting real low.

222

00:10:30,000 --> 00:10:33,000

And too low for an airplane.

223

00:10:33,000 --> 00:10:34,000

That's what kind of scared us.

224

00:10:34,000 --> 00:10:38,000

At first we thought it was an airplane, a thumb kind.

225

00:10:38,000 --> 00:10:46,000

And so we turned off the motor and rolled the window down to see if we could hear any noise.

226

00:10:46,000 --> 00:10:49,000

To see if it was a plane or a helicopter or something.

227

00:10:49,000 --> 00:10:51,000

There was no noise at all.

228

00:10:51,000 --> 00:10:55,000

And it just kept getting lower and closer to our car.

229

00:10:55,000 --> 00:11:03,000

And by this time we noticed there were two very bright lights opposite each other.

230

00:11:03,000 --> 00:11:10,000

And then in between there were three red lights in particular that we noticed.

231

00:11:10,000 --> 00:11:11,000

And they weren't real large.

232

00:11:11,000 --> 00:11:18,000

They were like you would see on an airplane that size.

233

00:11:18,000 --> 00:11:23,000

And so we sat there and watched it get lower.

234

00:11:23,000 --> 00:11:28,000

And then it just stopped above our car.

235

00:11:28,000 --> 00:11:30,000

Now your car stopped at that time?

236

00:11:30,000 --> 00:11:31,000

Yes.

237

00:11:31,000 --> 00:11:39,000

And we approximated the distance when it stopped at about 100 yards in the length of a football field.

238

00:11:39,000 --> 00:11:40,000

Approximately.

239

00:11:40,000 --> 00:11:43,000

It was dark out so it was kind of hard to tell.

240

00:11:43,000 --> 00:11:45,000

But it was low.

241

00:11:45,000 --> 00:11:52,000

And we could see the form of it because of the reflection of their lights.

242

00:11:52,000 --> 00:11:56,000

The lights on the craft were reflecting off of it?

243

00:11:56,000 --> 00:12:01,000

Well because of those lights we could see the form of the object.

244

00:12:01,000 --> 00:12:06,000

And it was a triangular looking thing.

245

00:12:06,000 --> 00:12:08,000

And it was like there were two triangles.

246

00:12:08,000 --> 00:12:12,000

One on top of the other with a connection in between.

247

00:12:12,000 --> 00:12:13,000

A sixth connection.

248

00:12:13,000 --> 00:12:19,000

And it seemed to us that the lights were coming out of this connection.

249

00:12:19,000 --> 00:12:24,000

And the three red lights, the two big lights remained constant.

250

00:12:24,000 --> 00:12:29,000

But the three red lights will blink for a while.

251

00:12:29,000 --> 00:12:35,000

And then they quit blinking and they were just red for 15 seconds.

252

00:12:35,000 --> 00:12:42,000

And then they all three turned white and then they started blinking red again.

253

00:12:42,000 --> 00:12:48,000

Now were those changes in those lights related to the behavior of the object itself?

254

00:12:48,000 --> 00:12:50,000

Well I don't know.

255

00:12:50,000 --> 00:12:51,000

It just stayed there.

256

00:12:51,000 --> 00:12:53,000

It just hovered over the car.

257

00:12:53,000 --> 00:12:55,000

It didn't move at all.

258

00:12:55,000 --> 00:12:57,000

Well the lights were doing all these changes.

259

00:12:57,000 --> 00:12:58,000

Well it was still stationary.

260

00:12:58,000 --> 00:12:59,000

Right.

261

00:12:59,000 --> 00:13:02,000

And then we took off.

262

00:13:02,000 --> 00:13:06,000

We left because we got kind of nervous about it.

263

00:13:06,000 --> 00:13:12,000

And then I watched it out the back window all the way into town.

264

00:13:12,000 --> 00:13:16,000

And after we left it started circling again.

265

00:13:16,000 --> 00:13:22,000

And it just circled in that same area until we couldn't see it anymore.

266

00:13:22,000 --> 00:13:24,000

Well we were in amongst buildings and things.

267

00:13:24,000 --> 00:13:31,000

But our big mistake was we didn't report it right away.

268

00:13:31,000 --> 00:13:36,000

I waited till I got home later that evening and called the Lincoln County Sheriff.

269

00:13:36,000 --> 00:13:43,000

We should have reported it right away and possibly somebody could have gotten out there and gotten some pictures or something.

270

00:13:43,000 --> 00:13:44,000

Right.

271

00:13:44,000 --> 00:13:47,000

But that's about all I can tell you.

272

00:13:47,000 --> 00:13:52,000

We really checked it out because we were very curious about it of course.

273

00:13:52,000 --> 00:13:58,000

And we wanted to make sure it wasn't an airplane or a helicopter or something that we recognized.

274

00:13:58,000 --> 00:14:00,000

It was real different.

275

00:14:00,000 --> 00:14:03,000

Okay now what was the highway that you were driving on?

276

00:14:03,000 --> 00:14:06,000

It was on the Odessa-Rober Highway.

277

00:14:06,000 --> 00:14:08,000

That would be Highway 21 then.

278

00:14:08,000 --> 00:14:09,000

Yes.

279

00:14:09,000 --> 00:14:11,000

And you were driving from what town?

280

00:14:11,000 --> 00:14:19,000

Well I was midway between Hankin and Odessa on the Coffee Pot Lake Road.

281

00:14:19,000 --> 00:14:21,000

Okay then you were driving towards Odessa?

282

00:14:21,000 --> 00:14:23,000

Toward Odessa, yes.

283

00:14:23,000 --> 00:14:24,000

Okay.

284

00:14:24,000 --> 00:14:33,000

And now when driving south like that headed for Odessa, which direction did the object appear at first?

285

00:14:33,000 --> 00:14:39,000

It was west of us.

286

00:14:39,000 --> 00:14:41,000

Okay that would be to your right.

287

00:14:41,000 --> 00:14:42,000

To our right.

288

00:14:42,000 --> 00:14:43,000

Okay.

289

00:14:43,000 --> 00:14:45,000

When we first spotted it.

290

00:14:45,000 --> 00:14:53,000

Now when the object was directly over you did, who stopped first?

291

00:14:53,000 --> 00:14:54,000

You were the object?

292

00:14:54,000 --> 00:14:55,000

We did.

293

00:14:55,000 --> 00:15:02,000

We had stopped to see if we could tell what it was because it was far enough away when we stopped that we didn't know what it was.

294

00:15:02,000 --> 00:15:03,000

I see.

295

00:15:03,000 --> 00:15:12,000

And so we rolled down the window and you know we were trying to figure out what it was because it was so low and it was just, you know.

296

00:15:12,000 --> 00:15:14,000

Then did the object come directly toward you?

297

00:15:14,000 --> 00:15:15,000

Yes.

298

00:15:15,000 --> 00:15:30,000

It was almost as if it turned around because this bright light got very dim and then as if it was turning around these lights came toward us very brightly and started getting lower.

299

00:15:30,000 --> 00:15:32,000

Like a plane, what if it was going to land?

300

00:15:32,000 --> 00:15:33,000

Right.

301

00:15:33,000 --> 00:15:35,000

You know, just gradually got lower.

302

00:15:35,000 --> 00:15:39,000

And that's when we really started wondering.

303

00:15:39,000 --> 00:15:45,000

So we stayed there just to kind of check it out and then it just came over the car.

304

00:15:45,000 --> 00:15:47,000

It wasn't directly over the car.

305

00:15:47,000 --> 00:15:52,000

It was to the side, to the left of us, just enough so that we could see it out the side window.

306

00:15:52,000 --> 00:15:59,000

But it just stayed there until we left before it did any moving.

307

00:15:59,000 --> 00:16:03,000

Did the object itself have any color?

308

00:16:03,000 --> 00:16:09,000

Well, that's hard to say because it was so dark but I would say no.

309

00:16:09,000 --> 00:16:13,000

I would say it was a long silver or gray color.

310

00:16:13,000 --> 00:16:15,000

As far as I can tell.

311

00:16:15,000 --> 00:16:18,000

The only color I saw were the red lights.

312

00:16:18,000 --> 00:16:19,000

Okay.

313

00:16:19,000 --> 00:16:22,000

And I would guess it was a color, a silver color.

314

00:16:22,000 --> 00:16:26,000

Now you felt that it was about the length of a football field from you?

315

00:16:26,000 --> 00:16:27,000

From the car, yeah.

316

00:16:27,000 --> 00:16:30,000

And how about the altitude?

317

00:16:30,000 --> 00:16:32,000

From the ground.

318

00:16:32,000 --> 00:16:45,000

Well then, I don't know, not much more than that because we were on a flat.

319

00:16:45,000 --> 00:16:48,000

We would end up on a hill or anything.

320

00:16:48,000 --> 00:16:51,000

It was right on a flat wheat field.

321

00:16:51,000 --> 00:17:01,000

So just the length of the car, the height of the car, which might be about 5.5.

322

00:17:01,000 --> 00:17:03,000

I'm not sure.

323

00:17:03,000 --> 00:17:05,000

That close to the ground?

324

00:17:05,000 --> 00:17:06,000

Yeah.

325

00:17:06,000 --> 00:17:07,000

Okay.

326

00:17:07,000 --> 00:17:09,000

Because the car is, yeah.

327

00:17:09,000 --> 00:17:14,000

So the football length and then whatever the height of our car would be.

328

00:17:14,000 --> 00:17:15,000

Okay.

329

00:17:15,000 --> 00:17:17,000

Away from the ground.

330

00:17:17,000 --> 00:17:20,000

Did those lights illuminate the ground at all?

331

00:17:20,000 --> 00:17:22,000

Hmm.

332

00:17:22,000 --> 00:17:27,000

I don't know.

333

00:17:27,000 --> 00:17:31,000

It wasn't like, they weren't like a spotlight pointing down to the ground.

334

00:17:31,000 --> 00:17:32,000

No.

335

00:17:32,000 --> 00:17:35,000

They went out more to the side than down to the ground.

336

00:17:35,000 --> 00:17:36,000

Okay.

337

00:17:36,000 --> 00:17:43,000

Did you have any particular strange feelings when that object was sitting out there so close to you?

338

00:17:43,000 --> 00:17:45,000

I was real nervous.

339

00:17:45,000 --> 00:17:47,000

But other than that, no.

340

00:17:47,000 --> 00:17:56,000

I didn't have anything strange to come over me or anything like that except that when it finally dawned on me what I might be looking at.

341

00:17:56,000 --> 00:18:01,000

It kind of, you know, it made us nervous to leave that out of there.

342

00:18:01,000 --> 00:18:04,000

Did you have the feeling you were being watched?

343

00:18:04,000 --> 00:18:06,000

Well, sort of, yeah.

344

00:18:06,000 --> 00:18:09,000

Because this thing had just stopped, you know.

345

00:18:09,000 --> 00:18:11,000

And of course we were looking out the window at it.

346

00:18:11,000 --> 00:18:17,000

And I mean, I suppose you could say that, yeah.

347

00:18:17,000 --> 00:18:18,000

Okay.

348

00:18:18,000 --> 00:18:23,000

Had you believed in these objects before?

349

00:18:23,000 --> 00:18:29,000

I have always believed in them but, you know, it's so different when you finally are looking at one.

350

00:18:29,000 --> 00:18:30,000

Right.

351

00:18:30,000 --> 00:18:36,000

You know, I've never disbelieved that there is a possibility of that.

352

00:18:36,000 --> 00:18:39,000

But, but...

353

00:18:39,000 --> 00:18:40,000

Did you hear any noise?

354

00:18:40,000 --> 00:18:41,000

None at all.

355

00:18:41,000 --> 00:18:45,000

We turned off the motor and listened purposely for noise.

356

00:18:45,000 --> 00:18:46,000

But there was just none.

357

00:18:46,000 --> 00:18:51,000

Not even a word like a beater or something, you know.

358

00:18:51,000 --> 00:18:52,000

Right.

359

00:18:52,000 --> 00:18:53,000

It was just a mild noise.

360

00:18:53,000 --> 00:18:54,000

Okay.

361

00:18:54,000 --> 00:18:57,000

Do you have any estimate on the size of that thing?

362

00:18:57,000 --> 00:19:01,000

It was large.

363

00:19:01,000 --> 00:19:04,000

I was trying to think of that day to day what I thought the size.

364

00:19:04,000 --> 00:19:08,000

I would say probably as big as a 747.

365

00:19:08,000 --> 00:19:09,000

Okay.

366

00:19:09,000 --> 00:19:13,000

Now while you were sitting there watching or any time while observing that object,

367

00:19:13,000 --> 00:19:16,000

did you see any additional traffic on the highway?

368

00:19:16,000 --> 00:19:17,000

Yes.

369

00:19:17,000 --> 00:19:25,000

There was a car...after we took off, a couple minutes after we did, there was a car behind us.

370

00:19:25,000 --> 00:19:31,000

And we watched it all the way into town to make sure that it was still there, you know, following us.

371

00:19:31,000 --> 00:19:34,000

How long do you feel you watched that object?

372

00:19:34,000 --> 00:19:37,000

Oh, you mean while we were stopped?

373

00:19:37,000 --> 00:19:38,000

Right.

374

00:19:38,000 --> 00:19:43,000

I probably know not much longer than a minute.

375

00:19:43,000 --> 00:19:44,000

Okay.

376

00:19:44,000 --> 00:19:45,000

No car as well you were watching it?

377

00:19:45,000 --> 00:19:46,000

No.

378

00:19:46,000 --> 00:19:48,000

Is that a fairly busy highway?

379

00:19:48,000 --> 00:19:53,000

Well, I would say so, so being clear out in nowhere, yeah.

380

00:19:53,000 --> 00:19:54,000

I...

381

00:19:54,000 --> 00:19:58,000

Would you find that lack of traffic unusual during that period?

382

00:19:58,000 --> 00:19:59,000

Well, no.

383

00:19:59,000 --> 00:20:04,000

By busy, I don't mean that it's, you know, real bustling all the time.

384

00:20:04,000 --> 00:20:05,000

Yes.

385

00:20:05,000 --> 00:20:07,000

But there are cars going on it, you know.

386

00:20:07,000 --> 00:20:08,000

Okay.

387

00:20:08,000 --> 00:20:13,000

But no, I wouldn't say that lack of traffic would be unusual for that road.

388

00:20:13,000 --> 00:20:14,000

Right.

389

00:20:14,000 --> 00:20:23,000

But there were quite a few people, you know, deaths there that saw that, that same night.

390

00:20:23,000 --> 00:20:30,000

This neighbor that goes in with me had talked to some people in town that lives, had farms

391

00:20:30,000 --> 00:20:33,000

in that area that had spotted it.

392

00:20:33,000 --> 00:20:38,000

But nobody got pictures or anything, you know.

393

00:20:38,000 --> 00:20:39,000

Okay.

394

00:20:39,000 --> 00:20:42,000

But they all, you know, were wondering what it was too.

395

00:20:42,000 --> 00:20:47,000

And I have noticed that, that same real bright light.

396

00:20:47,000 --> 00:20:54,000

The night before, Wednesday night, I was coming back from Spokane and I noticed it.

397

00:20:54,000 --> 00:20:56,000

Would that be about the same area?

398

00:20:56,000 --> 00:20:58,000

Yeah, it was in the same direction, yeah.

399

00:20:58,000 --> 00:21:03,000

Are there any special surface features in that area that you know of?

400

00:21:03,000 --> 00:21:05,000

The natural or man-made?

401

00:21:05,000 --> 00:21:10,000

Ah, see, you mean like a...

402

00:21:10,000 --> 00:21:13,000

The dams up there, hydroelectric plants?

403

00:21:13,000 --> 00:21:14,000

No.

404

00:21:14,000 --> 00:21:16,000

Super substations?

405

00:21:16,000 --> 00:21:17,000

No.

406

00:21:17,000 --> 00:21:23,000

Let's see, there aren't any big things like that.

407

00:21:23,000 --> 00:21:26,000

The only thing they're doing there right now is drilling well.

408

00:21:26,000 --> 00:21:29,000

But it's just farmland.

409

00:21:29,000 --> 00:21:31,000

So I...

410

00:21:31,000 --> 00:21:32,000

What type of well?

411

00:21:32,000 --> 00:21:33,000

Water well?

412

00:21:33,000 --> 00:21:34,000

Yeah.

413

00:21:34,000 --> 00:21:35,000

Okay.

414

00:21:35,000 --> 00:21:40,000

Is there anything else you want to add to that?

415

00:21:40,000 --> 00:21:42,000

Well, I don't think so.

416

00:21:42,000 --> 00:21:49,000

We tried to, you know, really think this out after we thought and make sure that what we

417

00:21:49,000 --> 00:21:51,000

thought we agreed on and things like that.

418

00:21:51,000 --> 00:21:58,000

So, you know, we just talked it over to make sure we knew what we were saying.

419

00:21:58,000 --> 00:22:02,000

But we're all pretty sure of what we thought.

420

00:22:02,000 --> 00:22:07,000

And we just sit there and watch it for, like I say, probably a little over a minute.

421

00:22:07,000 --> 00:22:08,000

Okay.

422

00:22:08,000 --> 00:22:09,000

So...

423

00:22:09,000 --> 00:22:10,000

Okay, we appreciate your talking to us.

424

00:22:10,000 --> 00:22:11,000

Okay, thank you for calling.

425

00:22:11,000 --> 00:22:12,000

Okay.

426

00:22:12,000 --> 00:22:13,000

Bye.

427

00:22:13,000 --> 00:22:14,000

Bye-bye.
