

1

00:00:00,000 --> 00:00:07,720

I am Secretary of the Southern Idaho Astronomical Association and we have a formidable group

2

00:00:07,720 --> 00:00:14,080

here, you know, dozen telescopes here, better this, ranging from 4 to 8 inches.

3

00:00:14,080 --> 00:00:19,000

And I heard about your particular group and so on and so forth and if possible we'd like

4

00:00:19,000 --> 00:00:22,000

to help or assist in any way that we can.

5

00:00:22,000 --> 00:00:27,840

Now, if you have any sightings that perhaps we could, you know, investigate or check out

6

00:00:27,840 --> 00:00:29,560

or whatever we'd be happy to do so.

7

00:00:29,560 --> 00:00:35,360

We have a network and, you know, we can phone everybody up and get some telescopes trained

8

00:00:35,360 --> 00:00:36,520

on it and so on and so forth.

9

00:00:36,520 --> 00:00:41,760

If that would help you in any way or seems like it would assist you or whatever.

10

00:00:41,760 --> 00:00:46,360

Now, we've, last summer, I don't know whether you know about it or not, but we had a range

11

00:00:46,360 --> 00:00:49,360

of UFO sightings.

12

00:00:49,360 --> 00:00:50,360

Yes.

13

00:00:50,360 --> 00:00:54,000

And we checked them out and they were what we thought they were.

14

00:00:54,000 --> 00:00:58,320

The planets were in close proximity and so on and so forth.

15

00:00:58,320 --> 00:01:04,200

But we at that time decided it would be advantageous to set up, you know, some type of network

16

00:01:04,200 --> 00:01:09,520

where we could get some observations done on these reports because we, well, most people

17

00:01:09,520 --> 00:01:13,000

in the area know us and the news media and so on and so forth.

18

00:01:13,000 --> 00:01:16,000

And so they would phone us and say, what do you know about it?

19

00:01:16,000 --> 00:01:17,000

And we'd find out.

20

00:01:17,000 --> 00:01:19,000

It seems like we're supposed to know things about that.

21

00:01:19,000 --> 00:01:21,000

Maybe we better set something up.

22

00:01:21,000 --> 00:01:22,000

Right.

23

00:01:22,000 --> 00:01:28,000

And so we decided that that would be a good thing to do and whatever.

24

00:01:28,000 --> 00:01:32,000

Well, I figured I would phone you and see what we could do or whatever.

25

00:01:32,000 --> 00:01:33,000

Okay.

26

00:01:33,000 --> 00:01:34,000

Well, we'll get in contact with it.

27

00:01:34,000 --> 00:01:35,000

Okay.

28

00:01:35,000 --> 00:01:36,000

Any sightings or something?

29

00:01:36,000 --> 00:01:40,000

She got something hidden our way or something in our area.

30

00:01:40,000 --> 00:01:42,000

She can get to us.

31

00:01:42,000 --> 00:01:46,000

There are several telescopes which are out, you know, at all times, just matter walking

32

00:01:46,000 --> 00:01:47,000

out and covering it and looking.

33

00:01:47,000 --> 00:01:49,000

Others would take a while and get set up.

34

00:01:49,000 --> 00:01:59,000

Now our membership ranges from Shishonai to Hope to Rupert, well, beyond Rupert actually.

35

00:01:59,000 --> 00:02:05,000

I guess we have several best members dispersed about the area.

36

00:02:05,000 --> 00:02:12,000

You can well imagine it's not a popular pastime and hobby, but people, weird people like ourselves

37

00:02:12,000 --> 00:02:14,000

and to congregate together or whatever.

38

00:02:14,000 --> 00:02:15,000

Right.

39

00:02:15,000 --> 00:02:22,000

But we have a monthly meeting the first Saturday of each month if anyone in the Hinov would

40

00:02:22,000 --> 00:02:26,000

be interested in attending some of our meetings or whatever, that would be fine.

41

00:02:26,000 --> 00:02:29,000

See what we're doing and so on and so forth.

42

00:02:29,000 --> 00:02:30,000

Okay.

43

00:02:30,000 --> 00:02:32,000

Well, we'll be getting in contact then.

44

00:02:32,000 --> 00:02:33,000

Okay.

45

00:02:33,000 --> 00:02:34,000

Thank you very much.

46

00:02:34,000 --> 00:02:35,000

Okay.

47

00:02:35,000 --> 00:02:36,000

Bye.

48

00:02:36,000 --> 00:02:37,000

Bye.
