

1

00:00:00,000 --> 00:00:07,760

I just saw four flying saucers, me and my brother, and they were landing in a field across

2

00:00:07,760 --> 00:00:08,920

from Foppiano Road.

3

00:00:08,920 --> 00:00:14,200

And these little creatures about four foot high were coming out as the flying saucers

4

00:00:14,200 --> 00:00:16,440

and they were taking soil samples.

5

00:00:16,440 --> 00:00:19,560

And they were, me and my brother went out there in the car, they got in the flying

6

00:00:19,560 --> 00:00:20,560

saucer and took off.

7

00:00:20,560 --> 00:00:26,000

And there was a farmer there and the farmer was flying a field and they were switching

8

00:00:26,000 --> 00:00:28,000

places with the farmer.

9

00:00:28,000 --> 00:00:30,440

And then when we went out there we thought we were freaking out.

10

00:00:30,440 --> 00:00:35,760

And then we went out there and then we saw the flying saucer and then we saw it just

11

00:00:35,760 --> 00:00:40,200

like materialized or whatever and then it saw us coming and it switched places with

12

00:00:40,200 --> 00:00:45,920

the farmer so that we were like an illusion or something.

13

00:00:45,920 --> 00:00:50,640

And then we pulled them and we parked the car and then we walked out there to the field

14

00:00:50,640 --> 00:00:53,920

and then they came out there to the field again and there were four of them and they

15

00:00:53,920 --> 00:00:57,960

were in a triangle pattern, like in a softly triangle and they were flying right above

16

00:00:57,960 --> 00:00:58,960

it.

17

00:00:58,960 --> 00:01:04,720

And the movie War of the World they looked exactly like that with one red green, with

18

00:01:04,720 --> 00:01:08,520

one red light and one green light and it was almost unbelievable.

19

00:01:08,520 --> 00:01:15,480

And I know all this stuff and I know why they're here and I know what's going to happen.

20

00:01:15,480 --> 00:01:19,840

I went on what is known by the Beatles as a magical mystery tour and I've looked into

21

00:01:19,840 --> 00:01:22,760

the future and I have seen all these things.

22

00:01:22,880 --> 00:01:28,320

The president needs to be notified because what is going to happen is they are trying

23

00:01:28,320 --> 00:01:32,920

to understand our life on and like on July 4th when the Viking satellite touches on Mars

24

00:01:32,920 --> 00:01:34,920

we're going to find life on Mars there.

25

00:01:34,920 --> 00:01:41,560

And we already all know that but it just hasn't been proven in a form of physical reality yet

26

00:01:41,560 --> 00:01:43,560

just like when we landed on the moon.

27

00:01:43,560 --> 00:01:48,680

And now all this stuff is coming to being and all these people are starting to put all

28

00:01:48,680 --> 00:01:52,680

this together and I put all this together and I tried to call the president but they

29

00:01:52,680 --> 00:01:56,800

wouldn't let me through and I told the secret service and they told me that I would have

30

00:01:56,800 --> 00:02:01,800

to find out a way to get through to the president to tell him all this stuff and I told the

31

00:02:01,800 --> 00:02:02,800

other NASA scientists.

32

00:02:04,800 --> 00:02:05,800

Okay.

33

00:02:06,800 --> 00:02:07,800

When did this happen?

34

00:02:07,800 --> 00:02:10,800

This happened just a couple hours ago.

35

00:02:10,800 --> 00:02:11,800

About what time?

36

00:02:11,800 --> 00:02:14,800

I'd say about 11.30.

37

00:02:17,800 --> 00:02:19,800

Who's the other party with you?

38

00:02:19,800 --> 00:02:21,800

My other party is my brother.

39

00:02:22,800 --> 00:02:24,800

How old is he?

40

00:02:24,800 --> 00:02:26,800

He's 18.

41

00:02:26,800 --> 00:02:29,800

And he's a corporal in the Marine Corps.

42

00:02:29,800 --> 00:02:30,800

Okay.

43

00:02:31,800 --> 00:02:38,800

And I went in a spaceship one time before and they tried to take a plane wave pattern

44

00:02:38,800 --> 00:02:43,800

and try to find out a type of a person about human beings and what type of chemical they

45

00:02:43,800 --> 00:02:47,800

are and the chemical they made of they don't understand the carbon cycle yet and they

46

00:02:47,800 --> 00:02:49,800

can't see in the visible light spectrum.

47

00:02:49,920 --> 00:02:55,920

They can only see in the ultraviolet and the infrared and they couldn't see us in the

48

00:02:55,920 --> 00:03:00,920

field but they could pick up our energy and they knew that we were there and they knew

49

00:03:00,920 --> 00:03:03,920

that we were seeing them but they really didn't care but they didn't want us to actually

50

00:03:03,920 --> 00:03:06,920

my brother and I were going to go out there originally to try to capture one of them to

51

00:03:06,920 --> 00:03:10,920

bring them back to show everybody else but they knew there wasn't time for the world

52

00:03:10,920 --> 00:03:15,920

to know yet and all those other people they went on all those different extraterrestrial

53

00:03:16,040 --> 00:03:19,040

trips and all that stuff like that woman, the black and the white and all that stuff

54

00:03:19,040 --> 00:03:24,040

that really happened to those people but it was taken out of their memory so that they

55

00:03:24,040 --> 00:03:29,040

wouldn't remember all that stuff because the world wasn't ready to hear it yet and now

56

00:03:29,040 --> 00:03:32,040

it's all coming out in the open.

57

00:03:32,040 --> 00:03:39,040

And we were going to try to take over our world and our atmosphere and then we're going

58

00:03:40,040 --> 00:03:44,040

to try to get in that story of the world.

59

00:03:44,160 --> 00:03:49,160

Then all that stuff is going to come to true life.

60

00:03:49,160 --> 00:03:51,160

Is this what they told you?

61

00:03:51,160 --> 00:03:53,160

Right.

62

00:03:56,160 --> 00:04:00,160

And our atmosphere is going to kill them because they can't sustain life in our atmosphere

63

00:04:00,160 --> 00:04:04,160

very long because their atmosphere on Mars is different.

64

00:04:04,160 --> 00:04:07,160

Their atmosphere on Mars is like a poisonous gas.

65

00:04:07,280 --> 00:04:14,280

They have ammonia and methane and sulfuric oxide and hydrogen and they have that type

66

00:04:19,780 --> 00:04:24,780

of an atmosphere but they have more of the poisonous gases than we do.

67

00:04:24,780 --> 00:04:31,780

And I was in the Marine Corps also, I was in the avionics technician and I was accepted

68

00:04:31,900 --> 00:04:36,900

at Naval Academy but didn't attend at that time.

69

00:04:36,900 --> 00:04:38,900

Whereabouts did this occur at?

70

00:04:38,900 --> 00:04:45,900

On Foppiano Road it's called F-O-T-T-I-A-N-O.

71

00:04:45,900 --> 00:04:52,900

And it was in the field across from Foppiano Road and I'm sure tomorrow that they're going

72

00:04:52,900 --> 00:04:56,460

to find burn spots there.

73

00:04:56,460 --> 00:04:59,460

Did you tell anyone about this?

74

00:05:00,140 --> 00:05:07,140

I told a couple people that they aren't ready to hear all this stuff and they haven't accepted

75

00:05:07,140 --> 00:05:11,140

it so I'm going to quit telling people now because they aren't ready to hear all this

76

00:05:11,140 --> 00:05:16,140

stuff yet and it's kind of freaking them out a little bit and I know that.

77

00:05:16,140 --> 00:05:19,140

Where did you get our number?

78

00:05:19,140 --> 00:05:22,140

From the police department.

79

00:05:22,140 --> 00:05:25,140

Did you tell them?

80

00:05:25,140 --> 00:05:27,140

Yeah, right.

81

00:05:27,140 --> 00:05:29,140

What did they say?

82

00:05:29,820 --> 00:05:36,820

They gave me another number and I called it, I think it was 800-672-720 and I called that

83

00:05:37,500 --> 00:05:42,500

and it couldn't get through and then they gave me this other number and they told me

84

00:05:42,500 --> 00:05:48,500

this is a number that they usually don't give to the public.

85

00:05:48,500 --> 00:05:51,500

And your brother was the only one with you?

86

00:05:51,500 --> 00:05:52,500

Right.

87

00:05:52,500 --> 00:05:55,500

And so we were originally to go out there to a party at a friend's house, Foppiano,

88

00:05:55,860 --> 00:06:00,860

and they had moved the party and my brother saw this and I saw it and we really didn't

89

00:06:00,860 --> 00:06:03,860

believe it and we were just going, my God, this is true, what a trip.

90

00:06:03,860 --> 00:06:08,860

And then we raced out there and then they switched places and then we left because we thought,

91

00:06:08,860 --> 00:06:10,860

wow, we were just freaking out, we were just delight.

92

00:06:10,860 --> 00:06:14,860

And then we went down the road and we thought about it and then we remembered the other

93

00:06:14,860 --> 00:06:19,860

times when we were in Sonora and all this stuff happened to us or happened to me rather

94

00:06:19,860 --> 00:06:24,860

and they termed it out of my mind and now I'm starting to remember all this stuff.

95

00:06:25,220 --> 00:06:27,220

It's all coming back to me.

96

00:06:27,220 --> 00:06:34,220

And so then anyway, we went down the road and then we parked across in the field again

97

00:06:34,220 --> 00:06:41,220

and they only came out when the farmer went to the farth culmination point, way way far

98

00:06:41,220 --> 00:06:46,220

about a thousand yards out and in the field so that everyone wouldn't be able to see it

99

00:06:46,220 --> 00:06:49,220

because they thought it would just be the lights and people were just driving by and

100

00:06:49,220 --> 00:06:51,220

they didn't even notice it.

101

00:06:51,220 --> 00:06:54,220

And then my brother and I realized that and we went out there about halfway in the field

102

00:06:54,220 --> 00:06:59,220

and we saw this stuff and then we saw four of them coming towards us and they were in

103

00:06:59,220 --> 00:07:04,220

a triangular pattern like an isosceles triangle and then three of them went their separate

104

00:07:04,220 --> 00:07:07,220

ways and then the fourth one flew right over our heads.

105

00:07:07,220 --> 00:07:10,220

Okay.

106

00:07:10,220 --> 00:07:20,220

What were your weather conditions there at this time?

107

00:07:20,220 --> 00:07:23,220

Um, fairly cool.

108

00:07:23,220 --> 00:07:28,220

It was about, well I guess about 76 degrees.

109

00:07:28,220 --> 00:07:31,220

What did their ships look like?

110

00:07:31,220 --> 00:07:34,220

Um, you know the movie War of the World?

111

00:07:34,220 --> 00:07:35,220

Yes.

112

00:07:35,220 --> 00:07:37,220

Right, they looked exactly like that.

113

00:07:37,220 --> 00:07:39,220

Exactly like that.

114

00:07:39,220 --> 00:07:45,220

And that's when it all flacked on me, the War of the World and how that movie was so true

115

00:07:45,220 --> 00:07:49,220

and that was H.G. Rose's dream, just like George Burr's dream and he knew all that stuff

116

00:07:49,220 --> 00:07:54,220

and he was only 13 minutes off of the actual time that it took from the spaces that we

117

00:07:54,220 --> 00:07:59,220

have now to go to the moon and at trajectory angle he knew all that stuff and it was like

118

00:07:59,220 --> 00:08:00,220

a dream.

119

00:08:00,220 --> 00:08:04,220

But he knew it was a reality and he knew that someday we would put all this information

120

00:08:04,220 --> 00:08:05,220

together.

121

00:08:05,220 --> 00:08:09,220

How old were you?

122

00:08:09,220 --> 00:08:10,220

20.

123

00:08:10,220 --> 00:08:14,220

You've had experience of it before?

124

00:08:14,220 --> 00:08:15,220

Right.

125

00:08:15,220 --> 00:08:22,220

But they jumped it out of my mind because I wasn't ready to accept all that stuff yet.

126

00:08:22,220 --> 00:08:27,220

And now it's all coming back to me, you know, like my dreams or whatever, it's just all

127

00:08:27,220 --> 00:08:31,220

my dreams are coming back and before when I dreamt I forgot my dreams just like other

128

00:08:31,220 --> 00:08:32,220

people do.

129

00:08:32,220 --> 00:08:36,220

And now all my dreams are, you know, they're all coming back to me, all the different things

130

00:08:36,220 --> 00:08:40,220

in my brain and everything, it's all being unfolded and all being released to me at once,

131

00:08:40,220 --> 00:08:44,220

it's like a computer.

132

00:08:44,220 --> 00:08:48,220

Did you have a lot of interest in the subject before?

133

00:08:48,220 --> 00:08:49,220

Oh yeah, right.

134

00:08:49,220 --> 00:08:53,220

I've read thousands of books on the subject and Yuri Geller and I can levitate things

135

00:08:53,220 --> 00:08:59,220

in my mind and so can Yuri Geller and I know how it works and everybody didn't believe

136

00:08:59,220 --> 00:09:02,220

him but now I know how it works.

137

00:09:02,220 --> 00:09:10,220

And it is because of what is known as an aura around your body and the drugs acid and crystal,

138

00:09:10,220 --> 00:09:14,220

acid breaks down at aura but releases all that information to you and that's why people

139

00:09:14,220 --> 00:09:20,220

freak out because they can't handle that information and this new drug that came out, crystal accentuates

140

00:09:20,220 --> 00:09:25,220

your mind and your growth and your dreams and it brings all this stuff out and you open

141

00:09:25,220 --> 00:09:30,220

and people don't know how to handle it so they freak out but it makes your aura grow

142

00:09:30,220 --> 00:09:35,220

bigger and it lets all come in and learn more of a smooth fashion than acid does.

143

00:09:35,220 --> 00:09:40,220

Acid breaks down a chemical reaction in your system and destroys cells and in a capitalism.

144

00:09:47,220 --> 00:09:51,220

Okay, well we sure appreciate this call.

145

00:09:51,220 --> 00:09:55,220

Alright and I'm sure they shall look into it.

146

00:09:55,220 --> 00:09:56,220

Okay, thank you.

147

00:09:56,220 --> 00:09:57,220

Okay, thank you.
