

1

00:00:00,000 --> 00:00:07,000

I'm not sure what the name of it was.

2

00:00:07,000 --> 00:00:17,000

Okay, which highway were you driving on?

3

00:00:17,000 --> 00:00:20,000

Um, yeah, I'm driving on Highway 49.

4

00:00:20,000 --> 00:00:22,000

There's a gas, I guess.

5

00:00:22,000 --> 00:00:25,000

Okay, would you like to describe it?

6

00:00:25,000 --> 00:00:29,000

Um, yeah, it was near in the back of a pickup truck facing the road.

7

00:00:29,000 --> 00:00:37,000

I was in kind of north, and there was one other people and I and one child,

8

00:00:37,000 --> 00:00:41,000

and somebody said, look, there's a point south, and I looked at it,

9

00:00:41,000 --> 00:00:45,000

and I thought it was the moon at first, and then as I looked, there's no way it took it to the moon.

10

00:00:45,000 --> 00:00:52,000

It was kind of, it was very golden and clean, and kind of orangey,

11

00:00:52,000 --> 00:00:58,000

and it was shaped as this, it was the top part of the moon, but it was much wider,

12

00:00:58,000 --> 00:01:02,000

and the arc wasn't as rounded, because we saw the moon come up about,

13

00:01:02,000 --> 00:01:07,000

maybe 15 or 10 minutes later, we saw the moon coming up over the horizon.

14

00:01:07,000 --> 00:01:10,000

Okay, but what time did you spot that?

15

00:01:10,000 --> 00:01:14,000

Oh, I think it was between, it was around 8.30, half an hour or more or less,

16

00:01:14,000 --> 00:01:17,000

I'm not sure, nobody had a warrant for this.

17

00:01:17,000 --> 00:01:22,000

Okay, now, did you have any estimation of how far away this was from you?

18

00:01:22,000 --> 00:01:27,000

Um, it moved, when we first thought it was very far away and very little,

19

00:01:27,000 --> 00:01:32,000

and it got very close to us very quickly, and it was wavering,

20

00:01:32,000 --> 00:01:37,000

it was above the trees, it was about 100 to 150 feet high in the air,

21

00:01:37,000 --> 00:01:43,000

and it was flying towards us, and it was not moving in a straight line,

22

00:01:43,000 --> 00:01:47,000

it was kind of wavering back and forth and spinning rapidly,

23

00:01:47,000 --> 00:01:52,000

and the main thing about it is that it was so vibrant, it was glowing,

24

00:01:52,000 --> 00:01:57,000

and there was a big glow area around it, and as it got closer, it got bigger,

25

00:01:57,000 --> 00:02:05,000

so it's hard to say how close it was, maybe 100 feet, about as far away as it was high.

26

00:02:05,000 --> 00:02:08,000

Okay, now, what color was that glow?

27

00:02:08,000 --> 00:02:14,000

The glow was a golden glow, but the object itself had a glow around it,

28

00:02:14,000 --> 00:02:18,000

which was just yellow and kind of orange spots here and there,

29

00:02:18,000 --> 00:02:22,000

it was orangey, but mostly it was yellow.

30

00:02:22,000 --> 00:02:26,000

Well, I see in other words, am I correct in assuming that you could see the object

31

00:02:26,000 --> 00:02:29,000

through a glow which surrounded it?

32

00:02:29,000 --> 00:02:34,000

Um, well, we could see it itself very plainly, but um,

33

00:02:34,000 --> 00:02:39,000

it was glowing so much that when you looked at it,

34

00:02:39,000 --> 00:02:44,000

it was the glow that you really saw, the object itself was glowing.

35

00:02:44,000 --> 00:02:45,000

I see.

36

00:02:45,000 --> 00:02:52,000

And my brother, I didn't notice that, but he said that it looked like on the bottom,

37

00:02:52,000 --> 00:02:56,000

as the sides curved out over, there was a slide on the bottom.

38

00:02:56,000 --> 00:03:00,000

He said there was like an overhang on each side, which I didn't see,

39

00:03:00,000 --> 00:03:02,000

but he said he could see that.

40

00:03:02,000 --> 00:03:03,000

Okay.

41

00:03:03,000 --> 00:03:06,000

He was desperately trying to find his glasses,

42

00:03:06,000 --> 00:03:08,000

and he found them and put them on in time.

43

00:03:08,000 --> 00:03:09,000

Uh-huh.

44

00:03:09,000 --> 00:03:17,000

We went around a curve, and we were all screaming and yelling from my father to stop driving.

45

00:03:17,000 --> 00:03:20,000

And when he stopped, we had passed the curve,

46

00:03:20,000 --> 00:03:24,000

and he found out what we were yelling and screaming about,

47

00:03:24,000 --> 00:03:27,000

and he thought we were all loose here, our minds, and it kept on going.

48

00:03:27,000 --> 00:03:30,000

I think if we had gone back, we would have seen it again.

49

00:03:30,000 --> 00:03:31,000

Uh-huh.

50

00:03:31,000 --> 00:03:33,000

And he, I just couldn't believe this.

51

00:03:33,000 --> 00:03:35,000

I thought we were kidding or something.

52

00:03:35,000 --> 00:03:37,000

And um, we weren't kidding.

53

00:03:37,000 --> 00:03:39,000

I mean, it was really, really real.

54

00:03:39,000 --> 00:03:42,000

It was there, we saw it for maybe about four minutes.

55

00:03:42,000 --> 00:03:44,000

Did you hear any sound?

56

00:03:44,000 --> 00:03:46,000

No, there was no sound at all.

57

00:03:46,000 --> 00:03:52,000

Okay, now, did this object move away from you, or did you just lose sight of it as you were driving?

58

00:03:52,000 --> 00:03:54,000

It was closer and closer to us.

59

00:03:54,000 --> 00:03:55,000

Uh-huh.

60

00:03:55,000 --> 00:04:01,000

And we lost sight of it as we curved around the road, and then we stopped.

61

00:04:01,000 --> 00:04:05,000

It looked as if, I know this sounds the least strange,

62

00:04:05,000 --> 00:04:10,000

but it looked as if, whoever it was, I don't know whether it was from another planet or somebody here or what,

63

00:04:10,000 --> 00:04:13,000

but it looks as if somebody was imitating the moon.

64

00:04:13,000 --> 00:04:16,000

But it was obviously not the moon.

65

00:04:16,000 --> 00:04:20,000

We saw the moon come over this horizon 15 minutes later.

66

00:04:20,000 --> 00:04:25,000

And the moon itself was, happened to be very orangey as it came up,

67

00:04:25,000 --> 00:04:27,000

but there was no way that it was the moon.

68

00:04:27,000 --> 00:04:29,000

It was flying in mid-air.

69

00:04:29,000 --> 00:04:35,000

It wasn't touching anything, and it was spinning and waving towards us and getting bigger and bigger and bigger.

70

00:04:35,000 --> 00:04:41,000

Okay, now, at its closest point to you, could you compare it with anything for size?

71

00:04:41,000 --> 00:04:47,000

Um, well, it's hard to imagine.

72

00:04:47,000 --> 00:04:57,000

Um, let's see, well, I don't know, it was smaller than an airplane.

73

00:04:57,000 --> 00:05:00,000

It seemed to be smaller than a, you know, a big airplane.

74

00:05:00,000 --> 00:05:05,000

It may have been about the size of one of the smaller airplanes, there's little ones.

75

00:05:05,000 --> 00:05:10,000

I don't know what to call, but there was nowhere near.

76

00:05:10,000 --> 00:05:14,000

I don't think it was as big as a large airplane.

77

00:05:14,000 --> 00:05:20,000

It was more like the size of a small, but it was hard to say because it got so close, so fast.

78

00:05:20,000 --> 00:05:28,000

And really, it was as if we happened to be riding its route, or as if it was following us.

79

00:05:28,000 --> 00:05:31,000

And we were all had been laying down in the back of the pickup truck,

80

00:05:31,000 --> 00:05:34,000

and it was very cold, we were all covered with sleeping blankets,

81

00:05:34,000 --> 00:05:38,000

and one girl happened to notice it and said, look, there's a flying saucer,

82

00:05:38,000 --> 00:05:41,000

and the rest of us all kind of sat up.

83

00:05:41,000 --> 00:05:46,000

And I don't know if there was any traffic going in the other direction,

84

00:05:46,000 --> 00:05:50,000

but if there had been, I'm sure they would have seen it put very, very plainly.

85

00:05:50,000 --> 00:05:51,000

Okay.

86

00:05:51,000 --> 00:05:54,000

I don't know if anybody else will report it, or has reported it or anything.

87

00:05:54,000 --> 00:05:57,000

Was it completely dark at the time?

88

00:05:57,000 --> 00:05:59,000

No, it was daylight.

89

00:05:59,000 --> 00:06:02,000

Daylight, okay.

90

00:06:02,000 --> 00:06:06,000

Well, we sure appreciate this report, and we'll try to get some identification on this,

91

00:06:06,000 --> 00:06:09,000

and if we get anything on it, we'll get back to you and let you know.

92

00:06:09,000 --> 00:06:11,000

Yeah, I'm very curious.

93

00:06:11,000 --> 00:06:13,000

How many were in the party?

94

00:06:13,000 --> 00:06:17,000

There was three people in the cab of the truck,

95

00:06:17,000 --> 00:06:23,000

and there was three, I mean, let's say four other people,

96

00:06:23,000 --> 00:06:27,000

and myself were in the back, and plus my son, three and a half.

97

00:06:27,000 --> 00:06:29,000

Okay, did everyone see it eventually?

98

00:06:29,000 --> 00:06:34,000

Everyone saw it in the back of the truck, the people in the front of the truck did not see it,

99

00:06:34,000 --> 00:06:36,000

because they didn't want to go back.

100

00:06:36,000 --> 00:06:39,000

They didn't believe it, so they thought we were joking or something.

101

00:06:39,000 --> 00:06:40,000

Okay.

102

00:06:40,000 --> 00:06:46,000

And it was my father and my grandmother, and my stepfather's mother who was there,

103

00:06:46,000 --> 00:06:49,000

and they thought we were all joking or something again.

104

00:06:49,000 --> 00:06:54,000

It's funny because everybody that I've talked to so far hasn't really believed me,

105

00:06:54,000 --> 00:06:57,000

to kind of make a joke out of it, but it was very plain.

106

00:06:57,000 --> 00:07:00,000

You know, I had never really believed people myself,

107

00:07:00,000 --> 00:07:04,000

but I started with my own eyes, you know, for several minutes,

108

00:07:04,000 --> 00:07:08,000

and we tried to think of logical things that it was, you know.

109

00:07:08,000 --> 00:07:09,000

Right.

110

00:07:09,000 --> 00:07:12,000

And we couldn't come up with anything that was acceptable.

111

00:07:12,000 --> 00:07:14,000

You're a firm believer now?

112

00:07:14,000 --> 00:07:16,000

I am a firm believer here.

113

00:07:16,000 --> 00:07:18,000

For curious to know where you got our number?

114

00:07:18,000 --> 00:07:22,000

I called them off at Air Force Base.

115

00:07:22,000 --> 00:07:23,000

Okay.

116

00:07:23,000 --> 00:07:28,000

My stepfather is a history professor, and he suggested that I call it Air Force Base,

117

00:07:28,000 --> 00:07:31,000

and they gave me this number to call.

118

00:07:31,000 --> 00:07:33,000

Okay, well thank you again for calling.

119

00:07:33,000 --> 00:07:36,000

Okay, would you let me know if you'd come up with anything on that?

120

00:07:36,000 --> 00:07:37,000

Yes, ma'am, we sure will.

121

00:07:37,000 --> 00:07:38,000

Okay, thank you very much.

122

00:07:38,000 --> 00:07:40,000

You're welcome. Bye-bye.
