

1

00:00:00,000 --> 00:00:05,000

I'd like to report an incident from last night.

2

00:00:05,000 --> 00:00:06,000

Okay.

3

00:00:06,000 --> 00:00:07,000

It's a...

4

00:00:07,000 --> 00:00:08,000

Core site.

5

00:00:08,000 --> 00:00:11,000

Uh, what happened was there...

6

00:00:11,000 --> 00:00:13,000

It was over here in Magnolia.

7

00:00:13,000 --> 00:00:15,000

There was a...

8

00:00:15,000 --> 00:00:20,000

a small, red object.

9

00:00:20,000 --> 00:00:23,000

It was, you know, like glowing, I suppose.

10

00:00:23,000 --> 00:00:25,000

I should let my wife tell you about it.

11

00:00:25,000 --> 00:00:26,000

She saw it.

12

00:00:26,000 --> 00:00:27,000

Okay.

13

00:00:27,000 --> 00:00:30,000

All right, just a second.

14

00:00:30,000 --> 00:00:31,000

Well?

15

00:00:31,000 --> 00:00:32,000

Yes.

16

00:00:32,000 --> 00:00:37,000

It looked like a red light over this airplane that kept circling it.

17

00:00:37,000 --> 00:00:39,000

It was about three minutes, I guess, at last.

18

00:00:39,000 --> 00:00:41,000

And then they both separated.

19

00:00:41,000 --> 00:00:43,000

And when one went...

20

00:00:43,000 --> 00:00:44,000

Which way was that?

21

00:00:44,000 --> 00:00:46,000

The airplane went west.

22

00:00:46,000 --> 00:00:48,000

The airplane went west.

23

00:00:48,000 --> 00:00:51,000

And the other thing went in an opposite direction.

24

00:00:51,000 --> 00:00:55,000

And they both kept going up.

25

00:00:55,000 --> 00:00:56,000

Now, this was last night?

26

00:00:56,000 --> 00:00:57,000

Yeah.

27

00:00:57,000 --> 00:00:58,000

About what time?

28

00:00:58,000 --> 00:01:00,000

Um, 10.30.

29

00:01:00,000 --> 00:01:04,000

Okay, which section of the sky did that take place in?

30

00:01:04,000 --> 00:01:07,000

Which direction were you looking at this time?

31

00:01:07,000 --> 00:01:09,000

Which direction?

32

00:01:09,000 --> 00:01:11,000

North.

33

00:01:11,000 --> 00:01:12,000

North?

34

00:01:12,000 --> 00:01:16,000

Okay, now you say the airplane was circling the object?

35

00:01:16,000 --> 00:01:18,000

No, the object was circling the airplane.

36

00:01:18,000 --> 00:01:19,000

I see.

37

00:01:19,000 --> 00:01:20,000

Was this a small aircraft?

38

00:01:20,000 --> 00:01:21,000

Yes.

39

00:01:21,000 --> 00:01:26,000

Okay, now would you describe the object in fine detail?

40

00:01:26,000 --> 00:01:28,000

Did it have a shape?

41

00:01:28,000 --> 00:01:31,000

Well, it just looked like a little red light.

42

00:01:31,000 --> 00:01:33,000

Just a red light, okay.

43

00:01:33,000 --> 00:01:37,000

With kind of a circle, another circle.

44

00:01:37,000 --> 00:01:39,000

I truly can't explain it.

45

00:01:39,000 --> 00:01:41,000

Would it be a band of light going around it?

46

00:01:41,000 --> 00:01:43,000

Not around it, it's the bottom.

47

00:01:43,000 --> 00:01:46,000

It looked like a kind of a rain.

48

00:01:46,000 --> 00:01:47,000

Okay.

49

00:01:47,000 --> 00:01:51,000

And that's the only other details that you could see on that light?

50

00:01:51,000 --> 00:01:52,000

Yeah.

51

00:01:52,000 --> 00:01:55,000

Okay, about how long did you watch that?

52

00:01:55,000 --> 00:01:58,000

For about five minutes until they were both out of sight.

53

00:01:58,000 --> 00:02:01,000

Okay, what attracted you to that to begin with?

54

00:02:01,000 --> 00:02:03,000

Oh, I was looking up at the start.

55

00:02:03,000 --> 00:02:05,000

Okay, was there any sound?

56

00:02:05,000 --> 00:02:06,000

Could you hear the aircraft?

57

00:02:06,000 --> 00:02:11,000

I could hear the aircraft, but that was the only thing I could hear.

58

00:02:11,000 --> 00:02:14,000

Then the aircraft turned and went east?

59

00:02:14,000 --> 00:02:15,000

Yeah.

60

00:02:15,000 --> 00:02:16,000

I mean west?

61

00:02:16,000 --> 00:02:17,000

Yeah, it went west.

62

00:02:17,000 --> 00:02:27,000

And the other thing, when it started going west and the other objects went, started going up.

63

00:02:27,000 --> 00:02:31,000

And it was going east at the same time it was going up.

64

00:02:31,000 --> 00:02:34,000

But it looked like it was going really slow.

65

00:02:34,000 --> 00:02:39,000

And then I looked away and looked over at the airplane and watched that go up for a few seconds.

66

00:02:39,000 --> 00:02:41,000

And then I looked back and everything was gone.

67

00:02:41,000 --> 00:02:43,000

Okay.

68

00:02:46,000 --> 00:02:52,000

Any estimation on the altitude or the degrees above the horizon that this took place?

69

00:02:52,000 --> 00:02:54,000

Oh, I had no idea.

70

00:02:54,000 --> 00:02:57,000

Okay, how about the size of the object itself?

71

00:02:57,000 --> 00:03:00,000

The light, was it as big as the aircraft?

72

00:03:00,000 --> 00:03:02,000

No, not quite as big as it.

73

00:03:02,000 --> 00:03:05,000

Okay.

74

00:03:05,000 --> 00:03:07,000

Were you the only witness to this?

75

00:03:07,000 --> 00:03:11,000

Well, I don't know if the people upstairs saw it or not.

76

00:03:11,000 --> 00:03:13,000

I don't know if they were outside or not.

77

00:03:13,000 --> 00:03:14,000

Okay.

78

00:03:14,000 --> 00:03:19,000

Was there any dogs or anything barking in the neighborhood?

79

00:03:19,000 --> 00:03:20,000

Well, mine was.

80

00:03:20,000 --> 00:03:23,000

She wasn't barking, but she was outside.

81

00:03:23,000 --> 00:03:29,000

And a few minutes later after that there were dogs barking and Mike started barking at him.

82

00:03:29,000 --> 00:03:33,000

Is this just a common thing or was this unusual for that time of the night?

83

00:03:33,000 --> 00:03:37,000

Well, I don't know if dogs bark outside at night all the time.

84

00:03:37,000 --> 00:03:40,000

No, they usually don't bark at night.

85

00:03:40,000 --> 00:03:43,000

Okay.

86

00:03:43,000 --> 00:03:45,000

Well, we appreciate this call.

87

00:03:45,000 --> 00:03:49,000

And if we get anything regarding the identification of this object, we'll get back to you and let you know.

88

00:03:49,000 --> 00:03:50,000

Okay, thank you.

89

00:03:50,000 --> 00:03:52,000

We're curious to know where you got our number.

90

00:03:52,000 --> 00:03:57,000

Where'd you get this number?

91

00:03:57,000 --> 00:04:02,000

The regional recruiting officer.

92

00:04:02,000 --> 00:04:07,000

Which branch?

93

00:04:07,000 --> 00:04:08,000

Hello?

94

00:04:08,000 --> 00:04:09,000

Yes.

95

00:04:09,000 --> 00:04:11,000

I think that's what I'm saying.

96

00:04:11,000 --> 00:04:14,000

I'm sorry, I'm not recruiting duty officer.

97

00:04:14,000 --> 00:04:15,000

All FAA?

98

00:04:15,000 --> 00:04:16,000

Yes.

99

00:04:16,000 --> 00:04:17,000

Okay.

100

00:04:17,000 --> 00:04:18,000

They gave us your number.

101

00:04:18,000 --> 00:04:19,000

Great.

102

00:04:19,000 --> 00:04:20,000

We sure.

103

00:04:20,000 --> 00:04:21,000

It wasn't in the phone book.

104

00:04:21,000 --> 00:04:26,000

We've been trying for about an hour and a half to find somebody to report it to.

105

00:04:26,000 --> 00:04:28,000

It's listed under UFO reporting center.

106

00:04:28,000 --> 00:04:29,000

Oh, is it really?

107

00:04:29,000 --> 00:04:30,000

Yes.

108

00:04:30,000 --> 00:04:31,000

Oh, great.

109

00:04:31,000 --> 00:04:33,000

Of course, you get those three digits in a telephone book.

110

00:04:33,000 --> 00:04:34,000

It's kind of hard to find.

111

00:04:34,000 --> 00:04:35,000

Yeah.

112

00:04:35,000 --> 00:04:39,000

I think it would be listed directly under UFO.

113

00:04:39,000 --> 00:04:44,000

Okay, well, I was looking under the aviation to see if it was under there.

114

00:04:44,000 --> 00:04:48,000

I think, well, it'd have to be an Air Force or Federal Agency or something.

115

00:04:48,000 --> 00:04:49,000

Right.

116

00:04:49,000 --> 00:04:50,000

But it's not.

117

00:04:50,000 --> 00:04:51,000

Right.

118

00:04:51,000 --> 00:04:55,000

I was going to ask you something.

119

00:04:55,000 --> 00:04:59,000

There haven't been any reports of a lost aircraft or anything?

120

00:04:59,000 --> 00:05:00,000

Not to our knowledge.

121

00:05:00,000 --> 00:05:01,000

24 hours?

122

00:05:01,000 --> 00:05:02,000

No.

123

00:05:02,000 --> 00:05:03,000

No?

124

00:05:03,000 --> 00:05:04,000

Okay.

125

00:05:04,000 --> 00:05:09,000

I thought maybe the airplane might have gone down or something.

126

00:05:09,000 --> 00:05:10,000

I'm really surprised.

127

00:05:10,000 --> 00:05:11,000

Right.

128

00:05:11,000 --> 00:05:14,000

I'm surprised that the pilot didn't report that.

129

00:05:14,000 --> 00:05:16,000

The direction he was headed, anyway.

130

00:05:16,000 --> 00:05:17,000

Right.

131

00:05:17,000 --> 00:05:27,000

So the way I get it from her is that this object was just covering over the top circling

132

00:05:27,000 --> 00:05:29,000

just the width of the airplane.

133

00:05:29,000 --> 00:05:30,000

Yes.

134

00:05:30,000 --> 00:05:33,000

And maybe he just didn't want to report it, right?

135

00:05:33,000 --> 00:05:35,000

That could be the case, yes.

136

00:05:35,000 --> 00:05:38,000

There are a lot of people afraid of the ridicule you know.

137

00:05:38,000 --> 00:05:39,000

Definitely.

138

00:05:39,000 --> 00:05:44,000

There's always that chance to take a great ridicule.

139

00:05:44,000 --> 00:05:45,000

Right.

140

00:05:45,000 --> 00:05:46,000

Okay.

141

00:05:46,000 --> 00:05:47,000

Thanks again.

142

00:05:47,000 --> 00:05:48,000

Well, already.

143

00:05:48,000 --> 00:05:49,000

Right.

144

00:05:49,000 --> 00:05:50,000

Bye.

145

00:05:50,000 --> 00:05:51,000

Bye-bye.

146

00:05:51,000 --> 00:05:52,000

Bye-bye.

147

00:05:52,000 --> 00:05:53,000

Bye-bye.

148

00:05:53,000 --> 00:05:54,000

Bye-bye.

149

00:05:54,000 --> 00:05:55,000

Bye-bye.

150

00:05:55,000 --> 00:05:56,000

Bye-bye.

151

00:05:56,000 --> 00:05:57,000

Bye-bye.

152

00:05:57,000 --> 00:05:58,000

Bye-bye.

153

00:05:58,000 --> 00:05:59,000

Bye-bye.

154

00:05:59,000 --> 00:06:00,000

Bye-bye.

155

00:06:00,000 --> 00:06:01,000

Bye-bye.

156

00:06:01,000 --> 00:06:02,000

Bye-bye.
