

1

00:00:00,000 --> 00:00:05,000

Calling from Chablone, Colorado.

2

00:00:05,000 --> 00:00:06,000

Yes ma'am.

3

00:00:06,000 --> 00:00:12,000

There has been a cattle mutilation in Custer County near Westcliff, Colorado.

4

00:00:12,000 --> 00:00:18,000

We figured it must have happened sometimes Friday night, which would have been August the 21st.

5

00:00:18,000 --> 00:00:24,000

It was found Saturday morning about 9 a.m. on August the 22nd.

6

00:00:24,000 --> 00:00:26,000

We were over there yesterday.

7

00:00:26,000 --> 00:00:30,000

We looked the cow over and it is a beautiful mutilation.

8

00:00:30,000 --> 00:00:35,000

Eyeball, ears, part of the mouth, tits.

9

00:00:35,000 --> 00:00:39,000

The rectal area and the vagina is all gone.

10

00:00:39,000 --> 00:00:41,000

It follows the same pattern, doesn't it?

11

00:00:41,000 --> 00:00:45,000

Sure it does, but it's the first one that's been reported in Custer County.

12

00:00:45,000 --> 00:00:47,000

I know Jacob Bates.

13

00:00:47,000 --> 00:00:50,000

So have them call me back and we'll give them some details.

14

00:00:50,000 --> 00:00:51,000

We'll do, right away.

15

00:00:51,000 --> 00:00:53,000

There's other weird things happening over there too.

16

00:00:53,000 --> 00:00:54,000

Okay.

17

00:00:54,000 --> 00:00:55,000

Uh huh.

18

00:00:55,000 --> 00:00:56,000

We'll see you later.
