

1

00:00:00,000 --> 00:00:08,000

Yes, sir. This is an insurance manager at California Institute of Technology.

2

00:00:08,000 --> 00:00:09,000

Yes.

3

00:00:09,000 --> 00:00:18,000

And my secretary was telling me that she and her husband observed a UFO up over the JPL region last night.

4

00:00:18,000 --> 00:00:26,000

Now, she also indicated that there was a helicopter below it, but attempting to shine a light in the direction of it.

5

00:00:26,000 --> 00:00:31,000

And that all of a sudden it just disappeared.

6

00:00:31,000 --> 00:00:34,000

So whether it was a weather balloon or a UFO, we don't know.

7

00:00:34,000 --> 00:00:40,000

But I'd like to turn her over to you and then she can describe it to you.

8

00:00:40,000 --> 00:00:41,000

Ryan, thank you.

9

00:00:41,000 --> 00:00:43,000

Yes, sir. Just one moment, please.

10

00:00:43,000 --> 00:00:45,000

Hello.

11

00:00:45,000 --> 00:00:46,000

Good morning.

12

00:00:46,000 --> 00:00:47,000

Good morning.

13

00:00:47,000 --> 00:00:50,000

Yes, it was about 10.30 last night.

14

00:00:50,000 --> 00:00:52,000

And I'm not very far from JPL.

15

00:00:52,000 --> 00:00:59,000

And it was a light outchart. It wasn't light. The light was very bright.

16

00:00:59,000 --> 00:01:03,000

Very bright. At first we got it with the airplane, because we were just out looking.

17

00:01:03,000 --> 00:01:08,000

And then later it started, well it was moving anyway from the beginning.

18

00:01:08,000 --> 00:01:11,000

And later it stood still for a long length of time.

19

00:01:11,000 --> 00:01:13,000

And so we knew it wasn't an airplane then.

20

00:01:13,000 --> 00:01:19,000

And then one of the helicopters was shining a light up at it.

21

00:01:19,000 --> 00:01:23,000

And then all of a sudden it disappeared.

22

00:01:23,000 --> 00:01:25,000

It disappeared. You mean it just went out?

23

00:01:25,000 --> 00:01:29,000

Yes, it just went out. It just disappeared while the helicopter had the light on it.

24

00:01:29,000 --> 00:01:32,000

And then the helicopter kept flying around looking.

25

00:01:32,000 --> 00:01:34,000

But he couldn't see anything because it was gone.

26

00:01:34,000 --> 00:01:38,000

And it was kind of green at the top. I could see little green lights.

27

00:01:38,000 --> 00:01:42,000

And then at the bottom it was like little red lights.

28

00:01:42,000 --> 00:01:46,000

And were these lights continuous and stationary?

29

00:01:46,000 --> 00:01:50,000

Yes, they weren't stationary. They were off and on.

30

00:01:50,000 --> 00:01:52,000

I see them. Okay.

31

00:01:52,000 --> 00:01:55,000

Right. My husband observed it also.

32

00:01:55,000 --> 00:01:58,000

Now did this object have any particular shape?

33

00:01:58,000 --> 00:02:03,000

It was so high up, all I could tell is that it was round.

34

00:02:03,000 --> 00:02:09,000

Now this shaft of light from the helicopter, in your opinion, did it ever reach the object?

35

00:02:09,000 --> 00:02:12,000

Well it was up there close to it.

36

00:02:12,000 --> 00:02:16,000

From where we were standing, we couldn't really tell.

37

00:02:16,000 --> 00:02:20,000

But I know it was close to it because the helicopter kept flying around it.

38

00:02:20,000 --> 00:02:23,000

And then it kept shining a light on it.

39

00:02:23,000 --> 00:02:27,000

And then the beam just disappeared. It went down a little bit.

40

00:02:27,000 --> 00:02:29,000

And then it disappeared.

41

00:02:29,000 --> 00:02:32,000

Okay. Do you have any estimate on the size of this object?

42

00:02:32,000 --> 00:02:35,000

Can you compare it with anything for size?

43

00:02:35,000 --> 00:02:38,000

No. Well the light of it was too big to be an airplane light.

44

00:02:38,000 --> 00:02:40,000

Because he knew that.

45

00:02:40,000 --> 00:02:44,000

And when it stood still, we really knew it wasn't an airplane.

46

00:02:44,000 --> 00:02:49,000

But the size of it is hard to really tell.

47

00:02:49,000 --> 00:02:51,000

Yes, I know. Estimates are really hard.

48

00:02:51,000 --> 00:02:54,000

It wasn't real large. It wasn't.

49

00:02:54,000 --> 00:03:01,000

Okay. Now did you actually see this object moving when you first spotted it?

50

00:03:01,000 --> 00:03:03,000

Right. At first we saw it moving.

51

00:03:03,000 --> 00:03:05,000

But my husband said, look at the airplane.

52

00:03:05,000 --> 00:03:07,000

And he wondered if it was an airplane because we saw it moving.

53

00:03:07,000 --> 00:03:13,000

It was moving slow. And then it got not too far from JPL because I said I'll leave that far from there.

54

00:03:13,000 --> 00:03:16,000

And it was on that side of the sky.

55

00:03:16,000 --> 00:03:19,000

Anyway, on to the north.

56

00:03:19,000 --> 00:03:22,000

Okay. And that was seen by you and your husband.

57

00:03:22,000 --> 00:03:25,000

Right. And then it was also seen by a helicopter.

58

00:03:25,000 --> 00:03:27,000

Great. Okay.

59

00:03:27,000 --> 00:03:29,000

Do you have any heard anything about it?

60

00:03:29,000 --> 00:03:30,000

Not yet.

61

00:03:30,000 --> 00:03:33,000

Hi. This is UFO Reporting Center in Washington.

62

00:03:33,000 --> 00:03:35,000

The word center?

63

00:03:35,000 --> 00:03:37,000

Reporting center?

64

00:03:37,000 --> 00:03:41,000

Oh, yeah. Just a second.

65

00:03:41,000 --> 00:03:42,000

Hello.

66

00:03:42,000 --> 00:03:43,000

Good evening.

67

00:03:43,000 --> 00:03:44,000

Good evening.

68

00:03:44,000 --> 00:03:46,000

I'd like to ask you a few more questions regarding your sighting.

69

00:03:46,000 --> 00:03:48,000

Okay.

70

00:03:48,000 --> 00:03:51,000

How long did you watch that object?

71

00:03:51,000 --> 00:03:53,000

Let me see. How long did we watch that?

72

00:03:53,000 --> 00:03:56,000

It must have been about 15 to 20 minutes.

73

00:03:56,000 --> 00:03:58,000

You know, it was moving around.

74

00:03:58,000 --> 00:04:02,000

And then it must have been about 15 to 20 minutes we were looking at it.

75

00:04:02,000 --> 00:04:05,000

But I was. And my husband stayed outside looking.

76

00:04:05,000 --> 00:04:06,000

Okay.

77

00:04:06,000 --> 00:04:11,000

Now, in relation to that helicopter, when did you spot the helicopter?

78

00:04:11,000 --> 00:04:13,000

Did you actually see it come into the area?

79

00:04:13,000 --> 00:04:15,000

Yes. And it shined its light on it.

80

00:04:15,000 --> 00:04:17,000

Did the helicopter...

81

00:04:17,000 --> 00:04:20,000

Now, when you first spotted the object, it was moving into the area.

82

00:04:20,000 --> 00:04:24,000

Did the helicopter follow that object into the area?

83

00:04:24,000 --> 00:04:27,000

Yes. The helicopter was just light.

84

00:04:27,000 --> 00:04:30,000

He, you know, shined its light up at it.

85

00:04:30,000 --> 00:04:33,000

And then he, you know, he just kept shining it around.

86

00:04:33,000 --> 00:04:36,000

And he circled around and shined it up at the object.

87

00:04:36,000 --> 00:04:39,000

And then the object started coming down a little bit.

88

00:04:39,000 --> 00:04:40,000

And it just disappeared.

89

00:04:40,000 --> 00:04:45,000

Well, then the helicopter and the object came into your view at the same time?

90

00:04:45,000 --> 00:04:48,000

No. The object was first seen.

91

00:04:48,000 --> 00:04:50,000

And then the helicopter?

92

00:04:50,000 --> 00:04:52,000

And then we saw a helicopter come up.

93

00:04:52,000 --> 00:04:53,000

Okay.

94

00:04:53,000 --> 00:04:54,000

And then we saw a helicopter come up.

95

00:04:54,000 --> 00:04:55,000

Fine.

96

00:04:55,000 --> 00:05:04,000

Do you have any idea of the time gap between the time you saw the object and the time that you saw the chopper?

97

00:05:04,000 --> 00:05:07,000

Um, you know what?

98

00:05:07,000 --> 00:05:14,000

Uh, it must have been a matter of maybe, it's hard to tell, maybe a minute or so or two.

99

00:05:14,000 --> 00:05:17,000

Okay.

100

00:05:17,000 --> 00:05:21,000

Because in the Disney, they had been scanning the sky and saw the thing too.

101

00:05:21,000 --> 00:05:23,000

That's why the helicopter popped into your view.

102

00:05:23,000 --> 00:05:25,000

That's very obvious, yes.

103

00:05:25,000 --> 00:05:26,000

Right.

104

00:05:26,000 --> 00:05:30,000

And that's why we knew we weren't just imagining anything because we saw the helicopter.

105

00:05:30,000 --> 00:05:35,000

We said, well, yes, we're quite sure that it must have been stuck to the train.

106

00:05:35,000 --> 00:05:36,000

Right.

107

00:05:36,000 --> 00:05:37,000

It did look weird.

108

00:05:37,000 --> 00:05:40,000

It was just a real bright, you know, it's just a bright object.

109

00:05:40,000 --> 00:05:45,000

At first we thought about it as an airplane, but then it was too big to have an airplane light.

110

00:05:45,000 --> 00:05:46,000

Right.

111

00:05:46,000 --> 00:05:50,000

And then we kept looking at it and all of a sudden it stopped moving.

112

00:05:50,000 --> 00:05:56,000

And that's when we really knew it wasn't an airplane because an airplane would stop it in those skies for that endless time.

113

00:05:56,000 --> 00:06:00,000

So you feel that that object was definitely hovering over JPL?

114

00:06:00,000 --> 00:06:03,000

Well, I don't want to be specific.

115

00:06:03,000 --> 00:06:07,000

Well, you know, like I said, we don't live far from JPL.

116

00:06:07,000 --> 00:06:08,000

Right.

117

00:06:08,000 --> 00:06:09,000

Okay.

118

00:06:09,000 --> 00:06:12,000

Is that located in Pasadena or Altadena?

119

00:06:12,000 --> 00:06:14,000

What is the exact location?

120

00:06:14,000 --> 00:06:15,000

Could you give me that?

121

00:06:15,000 --> 00:06:16,000

The cross street?

122

00:06:16,000 --> 00:06:18,000

Uh, where the, what the sighting was?

123

00:06:18,000 --> 00:06:21,000

No, the March JPL was located.

124

00:06:21,000 --> 00:06:23,000

Uh, do you know what you're doing?

125

00:06:23,000 --> 00:06:25,000

Orange Grove Drive.

126

00:06:25,000 --> 00:06:27,000

Orange Grove Drive, okay.

127

00:06:27,000 --> 00:06:30,000

They're looking at Orange Grove Drive behind, you know, up in the hills.

128

00:06:30,000 --> 00:06:32,000

Oh, okay, fine.

129

00:06:32,000 --> 00:06:36,000

But you know it stood there in that spot for a long time.

130

00:06:36,000 --> 00:06:37,000

Right.

131

00:06:37,000 --> 00:06:41,000

About five, you know, about five, when you're looking at something like that, you just can't really feel it.

132

00:06:41,000 --> 00:06:43,000

It was in no five minutes.

133

00:06:43,000 --> 00:06:44,000

It wasn't.

134

00:06:44,000 --> 00:06:45,000

Huh?

135

00:06:46,000 --> 00:06:47,000

Okay.

136

00:06:47,000 --> 00:06:49,000

See, we both saw it that way.

137

00:06:49,000 --> 00:06:51,000

It was kind of fun.

138

00:06:51,000 --> 00:06:56,000

Well, it's very hard to keep track of time when you're excited watching something like that.

139

00:06:56,000 --> 00:06:57,000

Right.

140

00:06:57,000 --> 00:07:00,000

Well, we thank you again for talking to us.

141

00:07:00,000 --> 00:07:01,000

Okay.

142

00:07:01,000 --> 00:07:07,000

Was it something that, was it something that was of interest to you, to think of something that,

you know, it's hard to tell.

143

00:07:07,000 --> 00:07:08,000

You just investigate.

144

00:07:08,000 --> 00:07:09,000

Right.

145

00:07:09,000 --> 00:07:11,000

Right now we're in the process of investigating.

146

00:07:11,000 --> 00:07:12,000

Okay, then.

147

00:07:12,000 --> 00:07:13,000

Thank you very much.

148

00:07:13,000 --> 00:07:14,000

Bye.
