

1

00:00:00,000 --> 00:00:06,000

This is the UFO reporting center. We understand you saw something in the sky the other night.

2

00:00:06,000 --> 00:00:12,000

Yeah, last night. I didn't really want my son to call, but I guess he took it upon himself to do it this morning.

3

00:00:12,000 --> 00:00:14,000

Would you really like to hear about it?

4

00:00:14,000 --> 00:00:23,000

Okay. I was sleeping, of course, and I woke up about 10 to 4 because the kids had turned the heat up.

5

00:00:23,000 --> 00:00:31,000

It was about 75 and I got heated by my bed, so I know I was warm, headed with the bathroom, and then I decided I was hungry.

6

00:00:31,000 --> 00:00:39,000

So I got up and turned the heat off first, and then I went to the bathroom and then around the kitchen.

7

00:00:39,000 --> 00:00:43,000

And I just grabbed the refrigerator door and I started hearing this loud noise.

8

00:00:43,000 --> 00:00:47,000

I don't know, airplane, helicopter, you know, it didn't pay much attention.

9

00:00:47,000 --> 00:00:54,000

And it got louder and louder and just kind of hovered over the house, just like a vibrating sound.

10

00:00:54,000 --> 00:01:00,000

Real loud. It looked out the window and it didn't see anything.

11

00:01:00,000 --> 00:01:04,000

And it was to the point where I couldn't ignore it because the wind went away.

12

00:01:04,000 --> 00:01:12,000

You know, like airplanes or helicopters, they stay away or go away or do something, but it was just a loud sound and it just stayed there.

13

00:01:12,000 --> 00:01:19,000

And so by this time I was a little bit upset and still wanted to see, but a little scared to look.

14

00:01:19,000 --> 00:01:27,000

And then finally I peeked out the kitchen and turned the light off and looked out the kitchen light, and I couldn't see for a while.

15

00:01:27,000 --> 00:01:35,000

There's a big tree in the backyard here and a big old house, and then after it had moved to a visible site where I could see it.

16

00:01:35,000 --> 00:01:40,000

I could see it and I was just amazed because it just kind of seemed to be,

17

00:01:40,000 --> 00:01:48,000

it was either very low or very large, but it seemed like it's low and more of it's kind of staying in one place.

18

00:01:48,000 --> 00:01:52,000

I mean, like not going like an airplane, you know, and then it's gone.

19

00:01:52,000 --> 00:01:54,000

And not way up high like that.

20

00:01:54,000 --> 00:02:00,000

But what really amazed me was the lights. The lights were bright. The sound of the thing hurt my ears.

21

00:02:00,000 --> 00:02:04,000

But the lights were bright. It was a big, big red light.

22

00:02:04,000 --> 00:02:13,000

Then there were some twinkly lights. Either it was the motion of the thing or they did twinkle or turn or revolve or something.

23

00:02:13,000 --> 00:02:22,000

All sparkly. It was very pretty, very nice looking. The other lights were much smaller and they were white or white or yellow or a mixture.

24

00:02:22,000 --> 00:02:26,000

Just the big red light. I just can't get over that.

25

00:02:26,000 --> 00:02:29,000

It was something that I've never seen or heard before.

26

00:02:29,000 --> 00:02:34,000

And what really amazed me was it disappeared just like that.

27

00:02:34,000 --> 00:02:36,000

Just like turning off the light.

28

00:02:36,000 --> 00:02:42,000

You just see it fade away. Yeah. Just like turning off the light and just the sound too. It all worked. It didn't burn you.

29

00:02:42,000 --> 00:02:46,000

And that's why you were standing there with your eye on it. It just snapped.

30

00:02:46,000 --> 00:02:50,000

Yeah. I couldn't see it anymore and I couldn't hear it. It's like that.

31

00:02:50,000 --> 00:02:55,000

It didn't fade away or disappear like a helicopter or an airplane or anything like that.

32

00:02:55,000 --> 00:02:59,000

But it was just amazed when I saw that.

33

00:02:59,000 --> 00:03:03,000

And I just knew that was just something I've never seen before.

34

00:03:03,000 --> 00:03:05,000

Now could you, you could make out the object, right?

35

00:03:05,000 --> 00:03:09,000

No. I could not tell the shade. It was dark. It was dark.

36

00:03:09,000 --> 00:03:12,000

All I could see was the light. I could not tell the shape of it.

37

00:03:12,000 --> 00:03:14,000

Were those lights rotating around?

38

00:03:14,000 --> 00:03:18,000

Yeah. It seems like they were rotating and twinkling or something. Yeah.

39

00:03:18,000 --> 00:03:25,000

Okay. Now were they on the, what would be, possibly be a perimeter of this thing, whatever it was, around the edge?

40

00:03:25,000 --> 00:03:32,000

It could possibly be in the back of it or around the bottom or something because they're all together. They're all together.

41

00:03:32,000 --> 00:03:37,000

The shape of this thing, it was dark like it just, I mean you just couldn't see.

42

00:03:37,000 --> 00:03:38,000

Uh huh.

43

00:03:38,000 --> 00:03:42,000

I could not see the shape or the color and just the light.

44

00:03:42,000 --> 00:03:49,000

And they were all together. You know, not like an airplane without someone in front, someone in the wings and someone in the back.

45

00:03:49,000 --> 00:03:50,000

Right.

46

00:03:50,000 --> 00:03:51,000

Because they were all together.

47

00:03:51,000 --> 00:03:52,000

Uh huh.

48

00:03:52,000 --> 00:03:56,000

And they seemed to be rotating or twinkling, moving, sparkling. Hard to look at.

49

00:03:56,000 --> 00:04:00,000

Really. It was bright. They were bright for lights.

50

00:04:00,000 --> 00:04:02,000

Uh huh. Were they so bright that they hurt your eye?

51

00:04:02,000 --> 00:04:04,000

Yes. They almost hurt my eye.

52

00:04:04,000 --> 00:04:07,000

Do they seem to light up the sky at all?

53

00:04:07,000 --> 00:04:11,000

I don't know. I didn't know. I didn't see it that long.

54

00:04:11,000 --> 00:04:12,000

Uh huh.

55

00:04:12,000 --> 00:04:18,000

I was just, because the sound, okay, this was five minutes to four and the four was all over with.

56

00:04:18,000 --> 00:04:24,000

But I get most of what I, I've heard it much longer than I thought because I can't no find it, but my eyes on it.

57

00:04:24,000 --> 00:04:26,000

Like I said, it's just, it's gone.

58

00:04:26,000 --> 00:04:27,000

Right.

59

00:04:27,000 --> 00:04:41,000

Okay. Now, while you were watching that object, did you, or even while you were in the process of picking up this sound, did you have any strange mental or physical sensations, unusual?

60

00:04:41,000 --> 00:04:42,000

No.

61

00:04:42,000 --> 00:04:43,000

Okay.

62

00:04:43,000 --> 00:04:46,000

No. I felt really strange when I thought.

63

00:04:46,000 --> 00:04:49,000

Were there any dogs barking in the area?

64

00:04:49,000 --> 00:04:50,000

No.

65

00:04:50,000 --> 00:04:51,000

Okay.

66

00:04:51,000 --> 00:04:54,000

Everything quiet. Just that sound.

67

00:04:54,000 --> 00:04:56,000

And this did hurt your ears?

68

00:04:56,000 --> 00:05:01,000

It hurt my ears. I have sensitive hearing, but that is just kind of a humming.

69

00:05:01,000 --> 00:05:08,000

It, it didn't so much to begin with, but after a while it got to me, you know?

70

00:05:08,000 --> 00:05:12,000

Or it was that it was getting louder after a while.

71

00:05:12,000 --> 00:05:15,000

And then all of this just stopped abruptly?

72

00:05:15,000 --> 00:05:16,000

Yeah.

73

00:05:16,000 --> 00:05:23,000

I could feel you were. That was it. I, I didn't know where it went or what happened. I couldn't see it or hear it anymore.

74

00:05:23,000 --> 00:05:26,000

Did you feel that this thing was hovering directly over your house before you saw it?

75

00:05:26,000 --> 00:05:29,000

Yes. They saw it. It was exactly above the house.

76

00:05:29,000 --> 00:05:30,000

Okay.

77

00:05:30,000 --> 00:05:33,000

They see it's just like it was above me.

78

00:05:33,000 --> 00:05:34,000

Okay.

79

00:05:34,000 --> 00:05:38,000

And have you had any problems since then?

80

00:05:38,000 --> 00:05:39,000

No.

81

00:05:39,000 --> 00:05:41,000

No bad dreams or anything?

82

00:05:41,000 --> 00:05:43,000

No. And I didn't dream that night either.

83

00:05:43,000 --> 00:05:44,000

Okay.

84

00:05:44,000 --> 00:05:49,000

I'm sure I just woke up for, like I said, it was too hot. I was a little wet, but I've been on the kick turn to heat up.

85

00:05:49,000 --> 00:05:52,000

Obviously, it went to bed because it was cold and nobody turned to calm.

86

00:05:52,000 --> 00:05:54,000

It gets very, very warm that way.

87

00:05:54,000 --> 00:06:01,000

And being hungry, I was starting a new diet the first few days of that and it really killed you.

88

00:06:01,000 --> 00:06:04,000

You know, so right away I got hungry. I can't go back to sleep.

89

00:06:04,000 --> 00:06:10,000

No, I just woke up and done my usual thing, had no dreams, heard nothing. Nothing woke me up.

90

00:06:10,000 --> 00:06:11,000

No, no.

91

00:06:11,000 --> 00:06:16,000

Okay. Now, we'd like to get the correct date on that. Was that yesterday?

92

00:06:16,000 --> 00:06:18,000

Yes. Well, this morning.

93

00:06:18,000 --> 00:06:19,000

This morning.

94

00:06:19,000 --> 00:06:21,000

Yeah, 3.55.

95

00:06:21,000 --> 00:06:25,000

Okay.

96

00:06:25,000 --> 00:06:29,000

And no one else in the neighborhood has heard that as far as you know?

97

00:06:29,000 --> 00:06:35,000

No, not to know if I haven't talked to anyone. I don't really know anybody in the neighborhood.

98

00:06:35,000 --> 00:06:37,000

Have you ever had this type of experience before?

99

00:06:37,000 --> 00:06:40,000

Never. I've never seen anything like that before.

100

00:06:40,000 --> 00:06:47,000

This seems to be so close. It seems so close. And it seems like it's just a start of the house.

101

00:06:47,000 --> 00:06:51,000

You didn't have any other reports? Anywhere of last night?

102

00:06:51,000 --> 00:06:54,000

No, but that doesn't mean someone else didn't see it or hear it.

103

00:06:54,000 --> 00:06:55,000

Yeah.

104

00:06:55,000 --> 00:06:56,000

It's just a question.

105

00:06:56,000 --> 00:06:57,000

Well, I wouldn't have called.

106

00:06:57,000 --> 00:06:59,000

Uh-huh.

107

00:06:59,000 --> 00:07:02,000

Was there a problem getting people to call?

108

00:07:02,000 --> 00:07:07,000

Yeah, I wouldn't. I just forgot about it. My son gets excited about things like that.

109

00:07:07,000 --> 00:07:11,000

I came up in afterwards and I woke my daughter up, Rhonda.

110

00:07:11,000 --> 00:07:15,000

I neither want to woke up enough to do anything or say anything.

111

00:07:15,000 --> 00:07:16,000

Right.

112

00:07:16,000 --> 00:07:18,000

So...

113

00:07:18,000 --> 00:07:21,000

Okay, well, now, if...

114

00:07:21,000 --> 00:07:26,000

I wonder if we could stop by some evening and get a drawing of what you saw,

115

00:07:26,000 --> 00:07:31,000

just so we'll have an exact record of the position of those lights.

116

00:07:31,000 --> 00:07:35,000

Yeah, I just wish that I could describe the dinner.

117

00:07:35,000 --> 00:07:39,000

It's just... God, you'll never know how shocked I was when I saw that.

118

00:07:39,000 --> 00:07:43,000

And I just... It's just such a few...

119

00:07:43,000 --> 00:07:46,000

Let's see how long would I have been looking at that thing?

120

00:07:46,000 --> 00:07:48,000

I don't know how fast the seconds go.

121

00:07:48,000 --> 00:07:53,000

I would say no more than 20, 30 seconds, the longest they would have been looking at it.

122

00:07:53,000 --> 00:07:58,000

And I tried to make it out, but the more I looked at it, the harder it was to make out

123

00:07:58,000 --> 00:08:01,000

because the lights were so bright.

124

00:08:01,000 --> 00:08:06,000

Okay, while you were watching the object itself or the lights, was it moving away from you?

125

00:08:06,000 --> 00:08:09,000

Uh-huh. It was moving, but it seemed to be moving slow.

126

00:08:09,000 --> 00:08:10,000

In which direction?

127

00:08:10,000 --> 00:08:12,000

North-east, from my heart.

128

00:08:12,000 --> 00:08:13,000

North-east, okay.

129

00:08:13,000 --> 00:08:17,000

Mostly east, but a little bit north because it was kind of an angle.

130

00:08:17,000 --> 00:08:18,000

Right.

131

00:08:18,000 --> 00:08:20,000

You might even say east. I don't know.

132

00:08:20,000 --> 00:08:21,000

It was just...

133

00:08:21,000 --> 00:08:26,000

It didn't move like airplanes or helicopters.

134

00:08:26,000 --> 00:08:31,000

Okay, well, we sure appreciate your talking to us, and we'll probably be getting back to you.

135

00:08:31,000 --> 00:08:37,000

I wish that somebody else would have seen us, would say something about it or something, you know?

136

00:08:37,000 --> 00:08:40,000

Well, we'll see if we get any more reports on it.

137

00:08:40,000 --> 00:08:42,000

If you would, I would like to hear about it.

138

00:08:42,000 --> 00:08:44,000

We'll get back to you, definitely.

139

00:08:44,000 --> 00:08:45,000

Okay.

140

00:08:45,000 --> 00:08:46,000

Thanks very much.

141

00:08:46,000 --> 00:08:47,000

Good night.
