

1

00:00:00,000 --> 00:00:05,000

I was given this number by the Kovina police station.

2

00:00:05,000 --> 00:00:09,000

What city is this anyway? I don't even know.

3

00:00:09,000 --> 00:00:12,000

They just gave me the number. She didn't tell me what I was calling.

4

00:00:12,000 --> 00:00:14,000

No, we're in Washington state.

5

00:00:14,000 --> 00:00:16,000

Oh, okay. Well, I saw a UFO tonight.

6

00:00:16,000 --> 00:00:17,000

Would you like to describe it?

7

00:00:17,000 --> 00:00:22,000

Yeah, I'm not fooling around either because I didn't ever really believe this.

8

00:00:22,000 --> 00:00:28,000

I was coming home from work and we live in a small town in California.

9

00:00:28,000 --> 00:00:35,000

I'm going down this one street and at that time of night there's not a whole lot of traffic on it.

10

00:00:35,000 --> 00:00:40,000

You get to this other street which is about three blocks up and then there's course traffic.

11

00:00:40,000 --> 00:00:43,000

There's a lot of movie theaters and stuff there.

12

00:00:43,000 --> 00:00:50,000

The block before that, I'm just riding home from work in the corner and I looked up in the sky.

13

00:00:50,000 --> 00:00:56,000

It looked like a silver saucer. It was exactly what it looked like.

14

00:00:56,000 --> 00:01:00,000

It was no higher than 100 feet from my car.

15

00:01:00,000 --> 00:01:06,000

It had gold lights all the way around it and they were spaced a little bit.

16

00:01:06,000 --> 00:01:10,000

On top it had a red light. One red light on top.

17

00:01:10,000 --> 00:01:17,000

It just moved in from the right and it was about 50 feet above the top of this bank,

18

00:01:17,000 --> 00:01:21,000

which is where I stopped for a red light.

19

00:01:21,000 --> 00:01:28,000

When I stopped there was one car in front of me who had just turned on to the same street I was on

20

00:01:28,000 --> 00:01:32,000

and there were a few cars coming the other way waiting at the same light.

21

00:01:32,000 --> 00:01:36,000

I wanted to get out of the car and tell everybody to look up there.

22

00:01:36,000 --> 00:01:39,000

I was like, you know, just so shook up.

23

00:01:39,000 --> 00:01:43,000

I was saying to myself, you know, I'm probably crazy or something because I'm not really seeing this.

24

00:01:43,000 --> 00:01:47,000

I kept saying, it must be a blimp or something like that.

25

00:01:47,000 --> 00:01:54,000

Then when the light changed, the guy in front of me was going really slow so I had to stay behind him and go slow.

26

00:01:54,000 --> 00:01:59,000

But the thing was, it started moving ahead of me then.

27

00:01:59,000 --> 00:02:07,000

It stayed ahead of me all the way down until about another one and a half blocks where I had to make a left turn.

28

00:02:07,000 --> 00:02:14,000

Then it took off to the left and it kind of went up higher and disappeared a little bit where you could only see lights then.

29

00:02:14,000 --> 00:02:22,000

So I raced around the corner as fast as I could and I went in the house and I called my husband outside so he would see it.

30

00:02:22,000 --> 00:02:27,000

So I wanted somebody else to see it so I would really know that I was seeing this thing.

31

00:02:27,000 --> 00:02:31,000

So he saw it too but he didn't see it as closely as I did.

32

00:02:31,000 --> 00:02:35,000

I really saw something that I've never seen before.

33

00:02:35,000 --> 00:02:39,000

It was not an airplane, it was not a helicopter and it wasn't a blimp.

34

00:02:39,000 --> 00:02:41,000

Okay, good thing that happened.

35

00:02:41,000 --> 00:02:43,000

It was about 9 o'clock.

36

00:02:43,000 --> 00:02:44,000

Okay.

37

00:02:44,000 --> 00:02:49,000

I'm sure some other people must have saw it too because it was really low.

38

00:02:49,000 --> 00:02:54,000

It didn't act like it was trying to hide from anyone.

39

00:02:54,000 --> 00:03:00,000

Okay, now what would be your estimate of the lowest altitude?

40

00:03:00,000 --> 00:03:03,000

I'd say 100 feet for real.

41

00:03:03,000 --> 00:03:08,000

This is like a small city, not like Los Angeles or anything.

42

00:03:08,000 --> 00:03:14,000

I was surprised that it would be in such a populated vicinity that low.

43

00:03:14,000 --> 00:03:18,000

Okay, now how about size? Could you compare it with anything?

44

00:03:18,000 --> 00:03:21,000

Well, my mother won't ask me that because I called her often.

45

00:03:21,000 --> 00:03:24,000

I had to tell somebody about it.

46

00:03:24,000 --> 00:03:28,000

The bank, you know about the size of a bank?

47

00:03:28,000 --> 00:03:29,000

Right.

48

00:03:29,000 --> 00:03:36,000

Well, I'd say it was about half the size of the top of the bank because it was hovering about 50 feet over the roof of a bank.

49

00:03:36,000 --> 00:03:38,000

Okay, now was this...

50

00:03:38,000 --> 00:03:42,000

It looked like, I would say it could hold about 10 people.

51

00:03:42,000 --> 00:03:47,000

I mean, it was a good size where some people could sit inside it.

52

00:03:47,000 --> 00:03:49,000

Was this shaped like a disc?

53

00:03:49,000 --> 00:03:51,000

Yeah, it was silver.

54

00:03:51,000 --> 00:03:55,000

Okay, about how thick was it in the center?

55

00:03:55,000 --> 00:03:59,000

Well, the center was where the lights were all the way around it.

56

00:03:59,000 --> 00:04:02,000

There were like gold lights there, and I'd say they were about...

57

00:04:02,000 --> 00:04:07,000

I don't know, the lights looked to me about it because the lights on the lamppost.

58

00:04:07,000 --> 00:04:08,000

Okay.

59

00:04:08,000 --> 00:04:13,000

And there were gold lights, and they were all the way around it.

60

00:04:13,000 --> 00:04:16,000

Now, I don't know if it was, you know, moving around or anything.

61

00:04:16,000 --> 00:04:20,000

Like my mother would say maybe it was, you know, and that's why I could see the lights.

62

00:04:20,000 --> 00:04:24,000

The gold lights were like flashing on and off, you know, in the middle of it.

63

00:04:24,000 --> 00:04:26,000

But they were more, they were fixed to the object.

64

00:04:26,000 --> 00:04:27,000

They weren't rotating.

65

00:04:27,000 --> 00:04:29,000

Right, yeah, they were like fixed into the object.

66

00:04:29,000 --> 00:04:31,000

Okay, did you see any openings in that?

67

00:04:31,000 --> 00:04:33,000

I didn't see any openings at all.

68

00:04:33,000 --> 00:04:36,000

I just saw a silver casing and the lights.

69

00:04:36,000 --> 00:04:37,000

Okay.

70

00:04:37,000 --> 00:04:39,000

So I'll let no windows or anything like that.

71

00:04:39,000 --> 00:04:45,000

In your opinion, would this object be picking up the light from the city and reflecting it?

72

00:04:46,000 --> 00:04:55,000

Well, the silver part might, you know, it might pick up reflections of, you know, streetlight

73

00:04:55,000 --> 00:04:58,000

that would kind of blind the person, you know, to look at it.

74

00:04:58,000 --> 00:04:59,000

You know what I mean?

75

00:04:59,000 --> 00:05:00,000

Right.

76

00:05:00,000 --> 00:05:03,000

It was kind of a shiny, you know.

77

00:05:03,000 --> 00:05:07,000

Okay, then there was no doubt in your mind that it was metallic.

78

00:05:07,000 --> 00:05:09,000

Right, it was definitely metallic.

79

00:05:09,000 --> 00:05:10,000

Okay.

80

00:05:10,000 --> 00:05:17,000

You know, and then there was like a red light on top, which kind of like, you know, went

81

00:05:17,000 --> 00:05:20,000

up a little bit from the silver thing.

82

00:05:20,000 --> 00:05:21,000

It wasn't like flat.

83

00:05:21,000 --> 00:05:22,000

Yes.

84

00:05:22,000 --> 00:05:25,000

It was like kind of sticking up a red light.

85

00:05:25,000 --> 00:05:26,000

Okay.

86

00:05:26,000 --> 00:05:29,000

And you never did get a chance to get out of the car.

87

00:05:29,000 --> 00:05:34,000

Well, what happened was when I first saw it, you know, I said to myself, I was crazy.

88

00:05:34,000 --> 00:05:39,000

And then, you know, I couldn't concentrate on the road, so I kept looking at it, you

89

00:05:39,000 --> 00:05:40,000

know.

90

00:05:40,000 --> 00:05:45,000

So I stopped the car right in the middle of the street, you know, and I just sat there

91

00:05:45,000 --> 00:05:48,000

for a minute and looked at it, and then I got scared.

92

00:05:48,000 --> 00:05:52,000

So I, I threw the car back into first gear and I, you know, started going down the road,

93

00:05:52,000 --> 00:05:53,000

you know.

94

00:05:53,000 --> 00:05:54,000

Right.

95

00:05:54,000 --> 00:05:55,000

And then things started going too, you know.

96

00:05:55,000 --> 00:05:59,000

And then when I came to the red light, you know, I just kept watching it when the light

97

00:05:59,000 --> 00:06:00,000

changed.

98

00:06:00,000 --> 00:06:01,000

I just kept going.

99

00:06:01,000 --> 00:06:05,000

It was, it looked like it was like following the street, you know, but it was above the

100

00:06:05,000 --> 00:06:06,000

street.

101

00:06:06,000 --> 00:06:09,000

The object left the area, which direction was it going?

102

00:06:09,000 --> 00:06:10,000

It went left.

103

00:06:10,000 --> 00:06:14,000

It headed left, which would be out towards the San Bernardino Freeway.

104

00:06:14,000 --> 00:06:15,000

Okay.

105

00:06:15,000 --> 00:06:21,000

And it was going very slow, because it stayed there a good 10 minutes, you know, we stayed

106

00:06:21,000 --> 00:06:25,000

outside in the street and the next door neighbor came out and we were all just standing there

107

00:06:25,000 --> 00:06:27,000

watching it, you know.

108

00:06:27,000 --> 00:06:32,000

It was, like, it would move sideways, kind of not really jerky motions, but it would move

109

00:06:32,000 --> 00:06:37,000

of, you know, tried to describe the feet or you know, are there anything from the air?

110

00:06:37,000 --> 00:06:38,000

Right.

111

00:06:38,000 --> 00:06:42,520

It would move a little to the left and then move a little to the right, you know, sideways

112

00:06:42,520 --> 00:06:43,520

kind of.

113

00:06:43,520 --> 00:06:45,320

Would that be as it's moving away from you?

114

00:06:45,320 --> 00:06:47,800

Yeah, it was moving away at the same time.

115

00:06:47,800 --> 00:06:50,520

Okay, would you say that it might be in a zigzag course?

116

00:06:50,520 --> 00:06:55,080

Yeah, kind of zigzag, you know, but it was really taking its time.

117

00:06:55,080 --> 00:06:57,520

It was in no hurry, you know, like a plane would be.

118

00:06:57,520 --> 00:07:00,960

Did it maintain a low altitude as it moved away?

119

00:07:00,960 --> 00:07:05,760

No, it was kind of, I think, going up a little bit and it was heading towards LA.

120

00:07:05,760 --> 00:07:06,760

Okay.

121

00:07:06,760 --> 00:07:08,760

You know, in that direction from where I live.

122

00:07:08,760 --> 00:07:09,760

Okay.

123

00:07:09,760 --> 00:07:13,240

And it kind of, well, I guess it was heading up.

124

00:07:13,240 --> 00:07:17,840

It's kind of hard to tell, like, when it moves away, all we could see was the light,

125

00:07:17,840 --> 00:07:18,840

you know.

126

00:07:18,840 --> 00:07:19,840

Right.

127

00:07:19,840 --> 00:07:24,280

But I think it was moving up because I had seen it pretty close to where I could see

128

00:07:24,280 --> 00:07:27,240

that it was silver and the shape of it, you know.

129

00:07:27,240 --> 00:07:28,840

So I had seen it.

130

00:07:28,840 --> 00:07:33,280

I had had a pretty good look at it where it was like, you know, not too far from me.

131

00:07:33,280 --> 00:07:38,000

God, I can't believe, I'm still nervous about it, like I'm shaking, you know.

132

00:07:38,000 --> 00:07:42,120

I can't believe I really saw something like that.

133

00:07:42,120 --> 00:07:44,600

Have you ever seen anything like this before?

134

00:07:44,600 --> 00:07:49,400

I have never in my life, you know.

135

00:07:49,400 --> 00:07:52,640

I have heard stories and seen movies and all that kind of stuff.

136

00:07:52,640 --> 00:07:55,320

And I, you know, I never thought of it one way or the other, but.

137

00:07:55,320 --> 00:07:58,080

Did you have a feeling of being watched while all this was going on?

138

00:07:58,080 --> 00:07:59,800

Well, I don't know if I was being watched.

139

00:07:59,800 --> 00:08:04,240

I guess I did, but, you know, that was probably my own, you know, thing because I was the

140

00:08:04,240 --> 00:08:08,280

only one on the road until I got up to Citrus Street where the cross traffic was.

141

00:08:08,280 --> 00:08:12,600

And I got, I think it was more that I got scared because I suddenly realized I was in

142

00:08:12,600 --> 00:08:14,600

the car all by myself, you know.

143

00:08:14,600 --> 00:08:19,120

And you know, I was, I was going home from work and my husband and two children here.

144

00:08:19,120 --> 00:08:23,560

And I, all I could think was, I want to get home before these people get to me, you know.

145

00:08:23,560 --> 00:08:27,840

It was like, I don't even know if they were aware that I was there, but it kind of seemed

146

00:08:27,840 --> 00:08:30,800

like they were there for a minute because when I stopped, they stopped.

147

00:08:30,800 --> 00:08:34,760

And then when I started up again, that was when they proceeded down the road right ahead

148

00:08:34,760 --> 00:08:35,760

of me.

149

00:08:35,760 --> 00:08:38,920

And all the time these lights maintained the original activity?

150

00:08:38,920 --> 00:08:39,920

That's right.

151

00:08:39,920 --> 00:08:44,160

The gold lights in the middle just kept flashing and the red light was constantly on on the

152

00:08:44,160 --> 00:08:45,160

time.

153

00:08:45,160 --> 00:08:46,160

Did you have your car radio on?

154

00:08:46,160 --> 00:08:47,800

No, my radio doesn't work.

155

00:08:47,800 --> 00:08:48,800

Okay.

156

00:08:48,800 --> 00:08:52,080

Did you have any problems with the engine or ignition in the car?

157

00:08:52,080 --> 00:08:53,080

No, thanks.

158

00:08:53,080 --> 00:08:54,080

No.

159

00:08:54,080 --> 00:08:55,080

Okay.

160

00:08:55,080 --> 00:08:57,080

And you got our number from the police?

161

00:08:57,080 --> 00:08:59,080

Ah, the Kovina police.

162

00:08:59,080 --> 00:09:00,080

Okay.

163

00:09:00,080 --> 00:09:02,080

Well, I tell you, we'll get on this right away.

164

00:09:02,080 --> 00:09:05,680

I asked them when I called if anyone else had called, you know.

165

00:09:05,680 --> 00:09:09,800

And maybe she said no, but, and then she said, well, I have a number where you can call,

166

00:09:09,800 --> 00:09:10,800

you know.

167

00:09:10,800 --> 00:09:13,520

And I said, well, okay, you know, I'll call them.

168

00:09:13,520 --> 00:09:16,320

But I was wondering, you know, has anyone else called?

169

00:09:16,320 --> 00:09:17,320

Not yet.

170

00:09:17,320 --> 00:09:23,840

I mean, I would really think that somebody else must have seen this besides me since

171

00:09:23,840 --> 00:09:24,840

it was so close.

172

00:09:24,840 --> 00:09:27,320

I mean, it was pretty close to the ground.

173

00:09:27,320 --> 00:09:31,280

Well, we have a problem where maybe two or three thousand people could see something

174

00:09:31,280 --> 00:09:33,680

and only one would step forward and talk about it.

175

00:09:33,680 --> 00:09:34,680

Yeah, that's true.

176

00:09:34,680 --> 00:09:39,120

And then, you know, it's funny, like after I came home, I went over to my analyst's

177

00:09:39,120 --> 00:09:43,680

house because I had, well, I had some pies that I bought and they had to be in the freezer,

178

00:09:43,680 --> 00:09:44,680

you know.

179

00:09:44,680 --> 00:09:47,680

And I was like, they have a big freezer, so I went over there, had to put them in there.

180

00:09:47,680 --> 00:09:53,040

And when I got there, on the way back, I noticed, I was, you know, I kept working up in the

181

00:09:53,040 --> 00:09:56,280

sky after this had happened, you know, I just couldn't help myself.

182

00:09:56,280 --> 00:09:59,640

I noticed there were a lot of planes in the area, you know.

183

00:09:59,640 --> 00:10:05,280

Like, we're not too far from the airport anyway, but I noticed, you know, then that there were

184

00:10:05,280 --> 00:10:10,200

a lot of planes and I kept saying to myself, now I know that's a plane because I can tell,

185

00:10:10,200 --> 00:10:12,880

you know, the way it's maneuvering up there, you know.

186

00:10:12,880 --> 00:10:15,080

And I know that's the other thing, I saw it was not a plane.

187

00:10:15,080 --> 00:10:18,480

Okay, were any of those helicopters that you could tell?

188

00:10:18,480 --> 00:10:24,200

Well, there might have been one helicopter that I saw because I saw one thing with a

189

00:10:24,200 --> 00:10:27,280

red light and then there was a light in the middle and a green light on the end.

190

00:10:27,280 --> 00:10:31,080

And then I was just kind of going up and down and then kind of catacorne like a helicopter

191

00:10:31,080 --> 00:10:32,080

would, you know.

192

00:10:32,080 --> 00:10:36,320

And then I just, I saw a couple of other planes, but they kind of go in and out of the picture

193

00:10:36,320 --> 00:10:38,880

fast because they're, you know, going fast, right?

194

00:10:38,880 --> 00:10:41,880

So they just kind of were going, you know, in a minute.

195

00:10:41,880 --> 00:10:46,680

But I just, you know, like when I got out in the quarry I said I can't help myself from

196

00:10:46,680 --> 00:10:48,880

looking up at the sky, you know.

197

00:10:48,880 --> 00:10:54,880

I'm kind of afraid to see this thing again, but yet I'm interested too, you know.

198

00:10:54,880 --> 00:10:58,880

Okay, well thanks again and if we get any more information on this while we get back

199

00:10:58,880 --> 00:10:59,880

to you, let you know.

200

00:10:59,880 --> 00:11:03,880

I mean, you know, I didn't know if anybody else called, you know, because I don't, you

201

00:11:03,880 --> 00:11:05,880

know, I'm kind of nervous now about it, you know.

202

00:11:05,880 --> 00:11:09,880

Well, if we get any other callers on this, we'll definitely let you know about it.

203

00:11:09,880 --> 00:11:10,880

Okay, thank you very much.

204

00:11:10,880 --> 00:11:11,880

Thank you for calling.

205

00:11:11,880 --> 00:11:12,880

Okay, bye-bye.
