

1

00:00:00,000 --> 00:00:07,000

Yes, the local police department gave me this number to call about UFO sightings.

2

00:00:07,000 --> 00:00:12,000

And I was wondering if you got any reports about any sightings over the Alamogordo, New

3

00:00:12,000 --> 00:00:13,000

Mexico area.

4

00:00:13,000 --> 00:00:14,000

No sir, did you see something?

5

00:00:14,000 --> 00:00:17,000

Okay, I'd like to make an official report there.

6

00:00:17,000 --> 00:00:18,000

Very good.

7

00:00:18,000 --> 00:00:23,000

Okay, last night I and several other persons and a few other people were in the Alamogordo

8

00:00:23,000 --> 00:00:29,000

area and we did see these unusual lights, I guess you'd call them in the sky.

9

00:00:29,000 --> 00:00:33,000

And they couldn't have been airplane lights, no warning flashing lights, nothing, just

10

00:00:33,000 --> 00:00:34,000

two bright solid lights.

11

00:00:34,000 --> 00:00:38,000

One of them came down close to the ground, the other one went over the city and over by

12

00:00:38,000 --> 00:00:40,000

the mountain and stayed there for a while and left.

13

00:00:40,000 --> 00:00:45,000

I've been trying to file reports with the police and the Holman Air Force base and everybody

14

00:00:45,000 --> 00:00:49,000

I came around here and nobody, they're all turning me off, they're all scared to go about

15

00:00:49,000 --> 00:00:50,000

anything.

16

00:00:50,000 --> 00:00:53,000

I just can't file a report, I tried to last night, they kind of shut me out too.

17

00:00:53,000 --> 00:00:56,000

And several other people including myself did make this sighting.

18

00:00:56,000 --> 00:01:02,000

And there are real balloon reports in the area this morning but they didn't have any

19

00:01:02,000 --> 00:01:03,000

last night.

20

00:01:03,000 --> 00:01:07,000

And no clouds in the sky, we've had clear weather, checked with all the local radio stations

21

00:01:07,000 --> 00:01:09,000

and everything, it's been good weather.

22

00:01:09,000 --> 00:01:12,000

And one more can I say in it.

23

00:01:12,000 --> 00:01:16,000

Okay, now these lights, what color were they?

24

00:01:16,000 --> 00:01:20,000

Okay, they were bright, very bright white with the blue hue to them.

25

00:01:20,000 --> 00:01:21,000

Okay.

26

00:01:21,000 --> 00:01:26,000

How did this move in any particular flight path?

27

00:01:26,000 --> 00:01:32,000

Yes, when they were over the city, one of them did drop down low, out of sight, the other

28

00:01:32,000 --> 00:01:37,000

one stayed up above it for a little while, it came right over the top of it.

29

00:01:37,000 --> 00:01:42,000

There was no sound, no engine noise, nothing.

30

00:01:42,000 --> 00:01:46,000

We thought maybe it was the emergency helicopter that was in the city but when it came over

31

00:01:46,000 --> 00:01:51,000

there was no engine noise, no trailers, no warning lights, nothing on this thing.

32

00:01:51,000 --> 00:01:56,000

It just went right over and it stayed over the top before I guess about five, six minutes

33

00:01:56,000 --> 00:02:01,000

and this other one never did come back when it went down low.

34

00:02:01,000 --> 00:02:07,000

It stayed there for a while, it blinked a couple of times and it was gone, not yet.

35

00:02:07,000 --> 00:02:10,000

Okay, did they have any particular shape?

36

00:02:10,000 --> 00:02:17,000

No, it was just the bright light, that's all there was to it.

37

00:02:17,000 --> 00:02:22,000

Okay, well that object came overhead, directly over you, did it pause or slow down at all?

38

00:02:22,000 --> 00:02:28,000

No, it was over the city and it stayed there, it was to the south of the city and it hovered

39

00:02:28,000 --> 00:02:34,000

there, it stayed there for a few moments when the other one dropped down and then the other

40

00:02:34,000 --> 00:02:38,000

one proceeded noisily until it did get over our mountains.

41

00:02:38,000 --> 00:02:42,000

I guess it's about a seven mile track across the city there.

42

00:02:42,000 --> 00:02:47,000

Okay, any estimate of size on this, can you compare them with anything?

43

00:02:47,000 --> 00:02:51,000

Hard to tell, they were pretty low.

44

00:02:51,000 --> 00:02:57,000

First thoughts were an airplane, they could have been around the same size as an airplane

45

00:02:57,000 --> 00:03:02,000

but it was hard to tell, I can say it was just that bright light, you know, it's hard to tell

46

00:03:02,000 --> 00:03:06,000

but it's just strong, bright light.

47

00:03:06,000 --> 00:03:11,000

And the one that was over the mountain, did you watch that leave after it hovered there for a while?

48

00:03:11,000 --> 00:03:18,000

Well like I said, we watched it and stayed there for a while and we were trying to find out where it was going to go or what it was up to or anything.

49

00:03:18,000 --> 00:03:27,000

Like I said, it stayed there, right above the mountain, blinked a couple of times and the light went out or something, it didn't reappear.

50

00:03:27,000 --> 00:03:29,000

And how many witnesses were there?

51

00:03:29,000 --> 00:03:34,000

Okay, in my party alone there was two of us, there was me and Linda, my date the last night

52

00:03:34,000 --> 00:03:42,000

and while I was there there was another man I drove up in an automobile and we talked about it for a while and looked at it and it was, you know, we talked about it.

53

00:03:42,000 --> 00:03:49,000

But anyway, it was a busy street there in Alamogota and there were several other cars parked along the street there with people outside of the car looking too.

54

00:03:49,000 --> 00:03:53,000

Okay.

55

00:03:53,000 --> 00:04:01,000

And after I saw this thing last night I got on my CV radio and the first thing I did was I tried to get hold of a local boy there.

56

00:04:01,000 --> 00:04:09,000

And I had someone on there, he said he was local, I told him not the incident and he says we're checking into it and that's all.

57

00:04:09,000 --> 00:04:15,000

And all this morning I've been trying to check with the department, they haven't told me anything there, I mean, so they've gotten a report.

58

00:04:15,000 --> 00:04:23,000

Okay, get on this thing and if, in our investigation, if we come up with any answers we'll get back to you and let you know.

59

00:04:23,000 --> 00:04:34,000

Okay, I'll tell you what, I work at a radio station, I'm trying real hard to get a story or something out on it here and you can call anyone down here and they'll be more than happy to take the information.

60

00:04:34,000 --> 00:04:36,000

Okay, we'll do.

61

00:04:36,000 --> 00:04:37,000

Thank you much.

62

00:04:37,000 --> 00:04:38,000

You bet.

63

00:04:38,000 --> 00:04:39,000

Bye-bye.
