

1

00:00:00,000 --> 00:00:04,000

I live in Fort Worth, Texas.

2

00:00:04,000 --> 00:00:05,000

Yes.

3

00:00:05,000 --> 00:00:15,000

And I would like to ask, if there was an extremely, extremely now, brilliant bright orange moon

4

00:00:15,000 --> 00:00:24,000

Friday morning between 4 and 4.30, it was so glowing around it.

5

00:00:24,000 --> 00:00:29,000

It was across the street from my house when I looked out the window.

6

00:00:29,000 --> 00:00:37,000

I've never seen the moon that brilliant or that large, and that orange was that brilliant around it.

7

00:00:37,000 --> 00:00:39,000

Are you talking about a full moon?

8

00:00:39,000 --> 00:00:47,000

Well, yes, but I've been looking at the moon before and after that day, and I have never seen the moon.

9

00:00:47,000 --> 00:00:48,000

No, there's no full moon.

10

00:00:48,000 --> 00:00:49,000

It will look like that.

11

00:00:49,000 --> 00:00:52,000

Did you see this in your area?

12

00:00:52,000 --> 00:00:55,000

Yes, I did. It was right across the street from me.

13

00:00:55,000 --> 00:01:02,000

I guess you would say hanging above my neighbor's house.

14

00:01:02,000 --> 00:01:07,000

I can't imagine the size of it.

15

00:01:07,000 --> 00:01:15,000

I know that I can put my arms up and make it look huge, but no point how big it would have been in the sky.

16

00:01:15,000 --> 00:01:16,000

I just know that it was big.

17

00:01:16,000 --> 00:01:18,000

This was like a full moon?

18

00:01:18,000 --> 00:01:20,000

Yes, just extremely brilliant.

19

00:01:20,000 --> 00:01:21,000

Okay.

20

00:01:21,000 --> 00:01:25,000

I walked to begin with.

21

00:01:25,000 --> 00:01:29,000

While I watched it, we have a dog and she barked.

22

00:01:29,000 --> 00:01:35,000

I assumed that she had woke me up and I assumed that she had heard a cat and I let her out our back door.

23

00:01:35,000 --> 00:01:44,000

While I was waiting for her to come back in, I walked through our den and I noticed a light coming in through my front window.

24

00:01:44,000 --> 00:01:45,000

Yes.

25

00:01:45,000 --> 00:01:50,000

I went to the door and I thought, my goodness, I've never seen the moon so bright.

26

00:01:50,000 --> 00:01:58,000

I went into my living room and pulled my braids and I was amazed at the brilliance of this color and all.

27

00:01:58,000 --> 00:02:01,000

I stood and I watched it.

28

00:02:01,000 --> 00:02:05,000

My eyes started to bother me.

29

00:02:05,000 --> 00:02:07,000

I left the room.

30

00:02:07,000 --> 00:02:10,000

I thought, well, maybe it's just so bright and I shouldn't be staring at it.

31

00:02:10,000 --> 00:02:17,000

I went into the other room and when I came back, it was still there but it had started to move.

32

00:02:17,000 --> 00:02:20,000

It had moved further into the west.

33

00:02:20,000 --> 00:02:30,000

I guess it would be about the size of what I would say, what I call a regular moon, which is small.

34

00:02:30,000 --> 00:02:34,000

It was red, just at the top.

35

00:02:34,000 --> 00:02:52,000

Then as it started to move between the two houses, I went outside and I got up on top of the bumper part of our car and I watched it because it looked like it had taken an uneven shape from the top like it was drugged.

36

00:02:52,000 --> 00:02:57,000

I looked down to the ground because I thought, wait a minute, I'll lose my balance.

37

00:02:57,000 --> 00:03:00,000

When I looked up, it was gone.

38

00:03:00,000 --> 00:03:01,000

Okay.

39

00:03:01,000 --> 00:03:05,000

You say this was right across the street, hovering over the house?

40

00:03:05,000 --> 00:03:06,000

Yes.

41

00:03:06,000 --> 00:03:08,000

It wasn't just right on top of it.

42

00:03:08,000 --> 00:03:14,000

It was over because it was just right in front of my front window right above the house across the street.

43

00:03:14,000 --> 00:03:17,000

Any estimate on how far off of the roof?

44

00:03:17,000 --> 00:03:19,000

Oh goodness.

45

00:03:22,000 --> 00:03:28,000

We live up on a hill and it's kind of hard to house it across the street or higher to my house.

46

00:03:28,000 --> 00:03:29,000

Oh, I see.

47

00:03:29,000 --> 00:03:34,000

I would say four, five feet, maybe more.

48

00:03:34,000 --> 00:03:35,000

Okay.

49

00:03:35,000 --> 00:03:38,000

But it was probably more, but I would say at least that much.

50

00:03:38,000 --> 00:03:45,000

Okay, while you were watching this, did that color and brightness remain about the same as it was hovering over the house?

51

00:03:45,000 --> 00:03:52,000

Yes, until the brilliance around the object changed.

52

00:03:52,000 --> 00:04:04,000

And when I looked at it, as I was in the house and started to go through, we lived right off of I-20 and we have an overpass and the trucks go back and forth,

53

00:04:04,000 --> 00:04:06,000

make a strange sound when they go over the bridge.

54

00:04:06,000 --> 00:04:08,000

I heard that.

55

00:04:08,000 --> 00:04:14,000

Yet when I went to the window and looked down, there was no sound.

56

00:04:14,000 --> 00:04:16,000

I couldn't hear anything.

57

00:04:16,000 --> 00:04:24,000

I was just taken by this, you know, by the glowing of it, the brilliance and the fires of it all.

58

00:04:24,000 --> 00:04:28,000

It was just so terribly, terribly quiet.

59

00:04:28,000 --> 00:04:32,000

And I looked up and down our street because it was so bright.

60

00:04:32,000 --> 00:04:38,000

We do have a few homes with gas lanterns, you know, how to have a front yard.

61

00:04:38,000 --> 00:04:41,000

And I thought, well, maybe it's between them and the men.

62

00:04:41,000 --> 00:04:43,000

It makes this look so brilliant.

63

00:04:43,000 --> 00:04:55,000

But when the eyes started to kind of burn and I started to have a headache, it's when I left and

went into the other room because I thought,

64

00:04:55,000 --> 00:04:58,000

well, maybe I shouldn't be staring at it like this with the naked eye.

65

00:04:58,000 --> 00:05:07,000

And when I came back, the glowing around it was not as bright and it just dimmed away.

66

00:05:07,000 --> 00:05:17,000

And then it seemed like the outside came back into perspective, you know, like this regular night, regular lights from the neon sign.

67

00:05:17,000 --> 00:05:22,000

And half lights from what have you.

68

00:05:22,000 --> 00:05:25,000

But at this brightness from there was a glow from the object.

69

00:05:25,000 --> 00:05:28,000

Did that block all of that out while you were looking at it?

70

00:05:28,000 --> 00:05:34,000

In other words, was it so bright that these other lighted fixtures and so forth could not be seen?

71

00:05:34,000 --> 00:05:37,000

Well, I didn't notice them.

72

00:05:37,000 --> 00:05:40,000

I know they're there because I see them every day.

73

00:05:40,000 --> 00:05:43,000

But I guess I was still amazed at it.

74

00:05:43,000 --> 00:05:53,000

It's so hard to explain it because it was if they didn't exist to a certain extent because I was not concentrating on anything else.

75

00:05:53,000 --> 00:05:57,000

I was just so amazed by the signs and all of that.

76

00:05:57,000 --> 00:05:58,000

I thought was the moon.

77

00:05:58,000 --> 00:06:03,000

Now, would you say that this I-B-P-N diameter was bigger than the house itself?

78

00:06:03,000 --> 00:06:06,000

It seemed to overlap the sides of the house.

79

00:06:06,000 --> 00:06:08,000

Well, it seemed to cover.

80

00:06:08,000 --> 00:06:17,000

I wouldn't say that it overlapped the whole house, but I would say it took probably the whole mill section of it.

81

00:06:17,000 --> 00:06:19,000

It was that big land.

82

00:06:19,000 --> 00:06:21,000

And this was Friday morning?

83

00:06:21,000 --> 00:06:26,000

Yes, because when I got up, when I dug up, I looked at a clock.

84

00:06:26,000 --> 00:06:29,000

I have a big clock on my wall and it said four o'clock.

85

00:06:29,000 --> 00:06:36,000

When I came back into the house after it was gone, I looked at the clock again because I had to look at it.

86

00:06:36,000 --> 00:06:39,000

As I come into the house, it said four thirty.

87

00:06:39,000 --> 00:06:40,000

Okay.

88

00:06:40,000 --> 00:06:44,000

And then I heard our dog scratching to be left back in.

89

00:06:44,000 --> 00:06:45,000

Okay.

90

00:06:45,000 --> 00:06:48,000

Did you hear any other dogs barking outdoors?

91

00:06:48,000 --> 00:06:51,000

No, and we have many, many dogs on our area.

92

00:06:51,000 --> 00:06:53,000

No, I just heard one.

93

00:06:53,000 --> 00:07:01,000

The only thing that I think that unless she didn't hear a cat was that she was sleeping in the front bedroom or son's bed.

94

00:07:01,000 --> 00:07:06,000

And either the bright light, she may have thought it was a car coming through the window.

95

00:07:06,000 --> 00:07:11,000

She may have thought it was a car and she barked.

96

00:07:11,000 --> 00:07:13,000

But she only barked one time.

97

00:07:13,000 --> 00:07:14,000

Okay.

98

00:07:14,000 --> 00:07:17,000

And this whole event took about thirty minutes?

99

00:07:17,000 --> 00:07:18,000

Yes, sir.

100

00:07:18,000 --> 00:07:19,000

Four to four thirty, okay.

101

00:07:19,000 --> 00:07:20,000

Yes.

102

00:07:20,000 --> 00:07:31,000

And is it, when it went away, I thought it was, I don't know, it seemed like it just got smaller, like it was kind of luck-fotted on top.

103

00:07:31,000 --> 00:07:38,000

I don't know if that was the night, if it was going away, getting smaller, or before it was.

104

00:07:38,000 --> 00:07:43,000

It would just seem like it appeared to get dark from the top down.

105

00:07:43,000 --> 00:07:44,000

Okay.

106

00:07:44,000 --> 00:07:46,000

Do you know the people in the house that it was hovering over?

107

00:07:46,000 --> 00:07:47,000

Yes, sir.

108

00:07:47,000 --> 00:07:49,000

Have you talked to them?

109

00:07:49,000 --> 00:07:50,000

No.

110

00:07:50,000 --> 00:07:52,000

I haven't even told my husband.

111

00:07:52,000 --> 00:07:53,000

Okay.

112

00:07:53,000 --> 00:08:00,000

One thing, he doesn't want me to go out at night because he doesn't want me outside.

113

00:08:00,000 --> 00:08:01,000

Right.

114

00:08:01,000 --> 00:08:02,000

Okay.

115

00:08:02,000 --> 00:08:04,000

Have you had any additional trouble with your eyes?

116

00:08:04,000 --> 00:08:06,000

Well, that is true.

117

00:08:06,000 --> 00:08:11,000

I had had some eye surgery performed on it in October.

118

00:08:12,000 --> 00:08:21,000

And so when I first was looking at it, it just did not have muscle surgery done to bring the eye back into focus.

119

00:08:21,000 --> 00:08:22,000

Yes.

120

00:08:22,000 --> 00:08:28,000

I thought, well, maybe that's why it's burning, it's because I had had some eye surgery.

121

00:08:28,000 --> 00:08:31,000

But have you had any trouble since this event?

122

00:08:31,000 --> 00:08:32,000

No, sir.

123

00:08:32,000 --> 00:08:34,000

Okay, how about the headaches?

124

00:08:34,000 --> 00:08:35,000

No.

125

00:08:35,000 --> 00:08:36,000

No problem, okay.

126

00:08:36,000 --> 00:08:39,000

I feared it was because it was so broad and that I had had eye surgery.

127

00:08:39,000 --> 00:08:45,000

Did you have any other unusual physical sensations while all this was going on?

128

00:08:45,000 --> 00:08:47,000

No, just that it was...

129

00:08:47,000 --> 00:08:53,000

Well, as I said, when I went in there and I heard a truck, but after the...

130

00:08:53,000 --> 00:08:58,000

Everything else seemed to just not be there, I guess you would say.

131

00:08:58,000 --> 00:09:02,000

I never heard the trucks going on the overpass.

132

00:09:02,000 --> 00:09:08,000

I live only a mile and a half from Carthel Air Force Base, approximately a mile and a half from Carthel Air Force Base.

133

00:09:08,000 --> 00:09:14,000

I heard no planes and yet I know that they fly back and forth all the time.

134

00:09:14,000 --> 00:09:16,000

I just didn't hear anything.

135

00:09:16,000 --> 00:09:17,000

Okay, because we had...

136

00:09:17,000 --> 00:09:20,000

It's just kind of peaceful and tranquil.

137

00:09:20,000 --> 00:09:24,000

Seemed to be watched by this thing?

138

00:09:24,000 --> 00:09:28,000

Well, gosh, I don't know if you'd say watched, it was just over it.

139

00:09:28,000 --> 00:09:34,000

He was a captain in the Air Force.

140

00:09:34,000 --> 00:09:35,000

Okay.

141

00:09:35,000 --> 00:09:39,000

Is this... I mean, am I seeing things?

142

00:09:39,000 --> 00:09:47,000

No, ma'am, as a matter of fact, I was on duty during the early hour or AM hours about a week ago

143

00:09:47,000 --> 00:09:54,000

and we got a call from another lady in Fort Worth who has described the identical thing that you've described.

144

00:09:54,000 --> 00:09:55,000

Oh, I see.

145

00:09:55,000 --> 00:09:59,000

Only this object was hovering over the home just next door to them.

146

00:09:59,000 --> 00:10:00,000

I see.

147

00:10:00,000 --> 00:10:01,000

So...

148

00:10:01,000 --> 00:10:04,000

So, something is going on down there.

149

00:10:04,000 --> 00:10:12,000

Well, I haven't seen anything, anyone, because, you know, people have a tendency to kind of laugh at you.

150

00:10:12,000 --> 00:10:16,000

Okay, would you be willing to talk to someone if we could get them into that area?

151

00:10:16,000 --> 00:10:17,000

Yes.

152

00:10:17,000 --> 00:10:20,000

We'd like to get a complete picture of exactly what went on.

153

00:10:20,000 --> 00:10:22,000

All right.

154

00:10:22,000 --> 00:10:24,000

Okay, where did you get our number?

155

00:10:24,000 --> 00:10:28,000

Well, I had called the Fort Worth Police Department.

156

00:10:28,000 --> 00:10:31,000

Okay.

157

00:10:31,000 --> 00:10:36,000

Well, we appreciate this report and if we come up with any additional information on this,

158

00:10:36,000 --> 00:10:39,000

we'll be more than happy to get back to you and let you know.

159

00:10:39,000 --> 00:10:40,000

Okay.

160

00:10:40,000 --> 00:10:41,000

Thank you so much.

161

00:10:41,000 --> 00:10:42,000

Thank you very much for calling.

162

00:10:42,000 --> 00:10:43,000

Bye-bye.

163

00:10:43,000 --> 00:10:44,000

Bye.
