

1

00:00:00,000 --> 00:00:07,000

I was given this number to report some UFOs I saw tonight.

2

00:00:07,000 --> 00:00:09,000

Who did I care about?

3

00:00:09,000 --> 00:00:18,000

Okay, I was in Boundale Monning in 17, er, 2 Tams, sorry.

4

00:00:18,000 --> 00:00:22,000

And I spotted three, I guess they were UFOs.

5

00:00:22,000 --> 00:00:25,000

I'd never seen anything like it before in my life.

6

00:00:25,000 --> 00:00:31,000

And they were flying approximately, er, they were flying eastbound approximately, er,

7

00:00:31,000 --> 00:00:34,000

about 070 degrees.

8

00:00:34,000 --> 00:00:44,000

And at my altitude I would say that they were probably around 20,000 in formation flight, three of them.

9

00:00:44,000 --> 00:00:46,000

Uh-huh.

10

00:00:46,000 --> 00:00:50,000

One in front, two in the rear, one on each side.

11

00:00:51,000 --> 00:00:58,000

At the speed they were traveling at a pretty good speed, I would say, probably somewhere around,

12

00:00:58,000 --> 00:01:02,000

almost 6,000, 7,000 miles an hour.

13

00:01:02,000 --> 00:01:11,000

And, er, the first thing I saw when I saw them was that they, er, kind of turned blue and then, er,

14

00:01:11,000 --> 00:01:14,000

he met kind of a red streak.

15

00:01:14,000 --> 00:01:21,000

And they trailed off for a second or two and then all of a sudden it burst back in again and then they were off.

16

00:01:21,000 --> 00:01:24,000

And disappeared over the horizon.

17

00:01:24,000 --> 00:01:27,000

Okay, but what time is that?

18

00:01:27,000 --> 00:01:35,000

Er, this is about, I would say about 30, 35 minutes ago.

19

00:01:35,000 --> 00:01:38,000

Okay. Any estimate on distance or altitude?

20

00:01:38,000 --> 00:01:47,000

Er, well, altitude I would say, it was hard to judge, er, not knowing the size or anything like that.

21

00:01:47,000 --> 00:01:57,000

From the, er, from, er, looking at the stars and as to where they were, I would say they were probably 17,000 to 20,000.

22

00:01:57,000 --> 00:01:58,000

Okay.

23

00:01:58,000 --> 00:02:00,000

Clear sky?

24

00:02:00,000 --> 00:02:02,000

Oh, clear sky, perfectly clear sky.

25

00:02:02,000 --> 00:02:03,000

Okay.

26

00:02:03,000 --> 00:02:06,000

And, er, like I said, they were in formation flight.

27

00:02:06,000 --> 00:02:16,000

All three, er, did the same thing at the same time as if they were, er, cutting out an afterburner or something.

28

00:02:16,000 --> 00:02:19,000

I see, okay.

29

00:02:19,000 --> 00:02:24,000

Er, can you compare those with anything that you know, precise?

30

00:02:24,000 --> 00:02:29,000

Well, er, there was other airplanes in the area, I can see them all around me.

31

00:02:29,000 --> 00:02:30,000

Okay.

32

00:02:30,000 --> 00:02:48,000

As far as size goes, they were, er, pretty, er, being, er, the altitude, er, they were not exactly small, I would say, er, all the size of a light bulb.

33

00:02:48,000 --> 00:02:50,000

Okay.

34

00:02:50,000 --> 00:02:53,000

But how long did you have those in view?

35

00:02:53,000 --> 00:02:59,000

Well, for approximately 45 seconds.

36

00:02:59,000 --> 00:03:00,000

Okay.

37

00:03:00,000 --> 00:03:04,000

They gave out two bursts of light and, er, and that was all I could say.

38

00:03:04,000 --> 00:03:05,000

Okay.

39

00:03:05,000 --> 00:03:07,000

Did they have any defined shape at all?

40

00:03:07,000 --> 00:03:19,000

Just a, er, elongated shape, I would say, kind of a, er, an arrow, like an, er, an arrowhead shape.

41

00:03:19,000 --> 00:03:20,000

Okay.

42

00:03:20,000 --> 00:03:22,000

Any other witnesses?

43

00:03:22,000 --> 00:03:25,000

No, I've been getting an airplane on.

44

00:03:25,000 --> 00:03:26,000

Okay.

45

00:03:26,000 --> 00:03:27,000

Did you hear any sound at all?

46

00:03:27,000 --> 00:03:30,000

No sound, absolutely no sound at all.

47

00:03:30,000 --> 00:03:31,000

Okay.

48

00:03:31,000 --> 00:03:34,000

And where did you get this number?

49

00:03:34,000 --> 00:03:36,000

Er, from the, er, Ontario Tower.
