

1

00:00:00,000 --> 00:00:05,000

I would like to report a UFO.

2

00:00:05,000 --> 00:00:06,000

Okay.

3

00:00:06,000 --> 00:00:09,000

I live in St. Mary's, Idaho.

4

00:00:09,000 --> 00:00:10,000

Yes.

5

00:00:10,000 --> 00:00:13,000

And we were on our way home from Spokane last night.

6

00:00:13,000 --> 00:00:18,000

About 6, it was about 6.15 when we saw it.

7

00:00:18,000 --> 00:00:19,000

You think I'm dumb?

8

00:00:19,000 --> 00:00:20,000

No, ma'am.

9

00:00:20,000 --> 00:00:29,000

Anyway, it scared us to death, but we, it was me and my four kids, and we were right

10

00:00:29,000 --> 00:00:33,000

between Rockford and Worley, if you know where that's at.

11

00:00:33,000 --> 00:00:34,000

Yes, I do.

12

00:00:34,000 --> 00:00:41,000

And we, just, I don't remember exact location, but we seen this light.

13

00:00:41,000 --> 00:00:44,000

It was coming from the way we were headed.

14

00:00:44,000 --> 00:00:50,000

And at first I thought it was like a light from a radio station or something.

15

00:00:50,000 --> 00:00:51,000

Yes.

16

00:00:51,000 --> 00:00:52,000

Or those fields.

17

00:00:52,000 --> 00:00:53,000

And only it wasn't red.

18

00:00:53,000 --> 00:00:56,000

It was a bright light.

19

00:00:56,000 --> 00:00:58,000

And the kids thought it was an airplane.

20

00:00:58,000 --> 00:01:00,000

I said it was too bright for that.

21

00:01:00,000 --> 00:01:04,000

And the closer we got, and it came toward just the brighter it got.

22

00:01:04,000 --> 00:01:07,000

And it was getting kind of interesting, you know, and I thought, well, I'm going to pull

23

00:01:07,000 --> 00:01:12,000

over there aside the road and see if I can't, you know, we can't get a better look at it.

24

00:01:12,000 --> 00:01:19,000

And when we pulled over, the thing came over and down right above us.

25

00:01:19,000 --> 00:01:23,000

And I never believed in UFOs before, but that thing scared me to death.

26

00:01:23,000 --> 00:01:29,000

It just was a great, great big light, a great big dome light on the top of it.

27

00:01:29,000 --> 00:01:35,000

And then you could tell it was shaped like, you know, like people describe a flying saucer.

28

00:01:35,000 --> 00:01:37,000

Like a disk.

29

00:01:37,000 --> 00:01:38,000

A disk shaped.

30

00:01:38,000 --> 00:01:41,000

Well, it was, I don't know what disk shaped it.

31

00:01:41,000 --> 00:01:49,000

I mean, it had like a great, you know, a dome on top and then like a saucer thing on the

32

00:01:49,000 --> 00:01:52,000

bottom and there was two lights blinking on both ends.

33

00:01:52,000 --> 00:01:53,000

Of it.

34

00:01:53,000 --> 00:02:00,000

And I just respectrified, you know, I couldn't, I didn't know, and we just took their stand

35

00:02:00,000 --> 00:02:01,000

and had it.

36

00:02:01,000 --> 00:02:04,000

And I started to take off down that road.

37

00:02:04,000 --> 00:02:05,000

It scared me so bad.

38

00:02:05,000 --> 00:02:07,000

And then I thought, no, I'm not going to do that.

39

00:02:07,000 --> 00:02:10,000

I mean, what if it works into some outer space and trying to get us or something.

40

00:02:10,000 --> 00:02:12,000

So I sat down on the highway.

41

00:02:12,000 --> 00:02:19,000

And when I started going down the road then it started heading like over towards Volcans.

42

00:02:19,000 --> 00:02:24,000

And there was other cars and I don't know if they seen it or reported it.

43

00:02:24,000 --> 00:02:26,000

They surely must have seen it.

44

00:02:26,000 --> 00:02:32,000

And I was going to report it when I first got home last night and called down the local

45

00:02:32,000 --> 00:02:35,000

station but my husband said, no, he wasn't with us.

46

00:02:35,000 --> 00:02:39,000

He said, people think I was crazy, you know, not to report it.

47

00:02:39,000 --> 00:02:42,000

And then I just couldn't stop thinking about it all night.

48

00:02:42,000 --> 00:02:45,000

And the funny thing was, I was even imagining.

49

00:02:45,000 --> 00:02:50,000

But anyway, we watched that thing when we pulled off down the highway and it went over towards Volcans.

50

00:02:50,000 --> 00:02:55,000

And then I stopped after there was no cars behind me.

51

00:02:55,000 --> 00:02:57,000

I wanted to stop and see if I could see it, you know.

52

00:02:57,000 --> 00:03:04,000

And I got out of the car and it looked like it was headed back over towards us.

53

00:03:04,000 --> 00:03:09,000

And then it started over alongside the mountains and just went until we couldn't see it anymore

54

00:03:09,000 --> 00:03:11,000

on the other side of the mountains.

55

00:03:11,000 --> 00:03:14,000

And then I was just driving all the rest of the way home.

56

00:03:14,000 --> 00:03:17,000

And I could see the light I was seeing or something, you know.

57

00:03:17,000 --> 00:03:21,000

And then when we got into town, there was a light.

58

00:03:21,000 --> 00:03:27,000

It looked like it was a ways off but right over not too far from where we live, I could see a bright light

59

00:03:27,000 --> 00:03:33,000

and it was there for about an hour and then I looked out later and it was gone.

60

00:03:33,000 --> 00:03:34,000

Okay.

61

00:03:34,000 --> 00:03:36,000

About what time did that happen?

62

00:03:36,000 --> 00:03:40,000

A quarter after six because I asked my kids if they looked at the watch.

63

00:03:40,000 --> 00:03:43,000

I said, I thought about what time it was, you know, that it happened.

64

00:03:43,000 --> 00:03:46,000

And then said he did look at his watch and it was a quarter after six.

65

00:03:46,000 --> 00:03:47,000

Okay.

66

00:03:47,000 --> 00:03:49,000

Which highway were you driving on?

67

00:03:49,000 --> 00:03:52,000

I think that's Highway 95.

68

00:03:52,000 --> 00:03:54,000

I don't know.

69

00:03:54,000 --> 00:03:57,000

Oh, I'm not very good.

70

00:03:57,000 --> 00:03:59,000

I just know my way over there.

71

00:03:59,000 --> 00:04:00,000

Okay.

72

00:04:00,000 --> 00:04:06,000

Now when you first saw this light, did it appear to be over the highway at a distance?

73

00:04:06,000 --> 00:04:08,000

Over the highway?

74

00:04:08,000 --> 00:04:12,000

I mean, was it, we used driving directly towards it?

75

00:04:12,000 --> 00:04:17,000

Well, we were driving, no, not really, but then our roads kind of curvy.

76

00:04:17,000 --> 00:04:18,000

Yes.

77

00:04:18,000 --> 00:04:26,000

They're here and really what it looked like, it could have been off the side.

78

00:04:26,000 --> 00:04:28,000

I don't think so.

79

00:04:28,000 --> 00:04:30,000

I really don't think so.

80

00:04:30,000 --> 00:04:32,000

The light stopped directly overhead?

81

00:04:32,000 --> 00:04:37,000

Yes, because we could see it and either it was big or it was close to us.

82

00:04:37,000 --> 00:04:39,000

One or the other.

83

00:04:39,000 --> 00:04:40,000

Okay, no.

84

00:04:40,000 --> 00:04:41,000

But it was bright.

85

00:04:41,000 --> 00:04:45,000

Do you have any estimate of how big, can you compare it with anything?

86

00:04:45,000 --> 00:04:46,000

Oh, we were so scared.

87

00:04:46,000 --> 00:04:51,000

Do you get to compare that with anything about how big it was?

88

00:04:51,000 --> 00:04:58,000

I don't know, it had to be pretty big to be able to even, I don't know, I really don't.

89

00:04:58,000 --> 00:05:00,000

Okay, what's it as big as your car?

90

00:05:00,000 --> 00:05:02,000

I'd say it was as big as my car.

91

00:05:02,000 --> 00:05:03,000

Okay.

92

00:05:03,000 --> 00:05:08,000

Okay, now, do you have any estimate of how high it was from the ground?

93

00:05:08,000 --> 00:05:10,000

More like that, because we couldn't.

94

00:05:10,000 --> 00:05:12,000

Okay, now, could you hear any sounds?

95

00:05:12,000 --> 00:05:13,000

No, we couldn't.

96

00:05:13,000 --> 00:05:15,000

It was no sound.

97

00:05:15,000 --> 00:05:17,000

I mean, we couldn't hear anything at all.

98

00:05:17,000 --> 00:05:21,000

Did it maintain its brilliance, the same brilliance at all times?

99

00:05:21,000 --> 00:05:25,000

Yeah, but the closer it got, it was really bright, you know.

100

00:05:25,000 --> 00:05:26,000

Okay.

101

00:05:26,000 --> 00:05:28,000

And you could definitely...

102

00:05:28,000 --> 00:05:31,000

Oh, I know one other thing, but then we got into Worley.

103

00:05:31,000 --> 00:05:36,000

Now, I didn't know whether I was just scared or what, but we got into Worley and I was going to stop there

104

00:05:36,000 --> 00:05:40,000

and report it at a place that there was nothing open.

105

00:05:40,000 --> 00:05:47,000

But there was something right above the town that looked like, might have been the base of that thing,

106

00:05:47,000 --> 00:05:50,000

but the dome light wasn't shining, you know.

107

00:05:50,000 --> 00:05:54,000

It was just like, how many lights were on that thing?

108

00:05:54,000 --> 00:05:59,000

Four, five, six or something and they were all different colors and...

109

00:05:59,000 --> 00:06:06,000

It was just like right up in the sky, but there was no big, big dome light, you know.

110

00:06:06,000 --> 00:06:09,000

And I couldn't have told, I mean, I couldn't have told what the object was or anything.

111

00:06:09,000 --> 00:06:10,000

Yes.

112

00:06:10,000 --> 00:06:13,000

Some big bright light, I mean, no, not big lights, just like...

113

00:06:13,000 --> 00:06:16,000

They were colored lights and they were up in the sky.

114

00:06:16,000 --> 00:06:17,000

Okay.

115

00:06:17,000 --> 00:06:21,000

Did those lights remain stationary on the object?

116

00:06:21,000 --> 00:06:22,000

Those colored lights?

117

00:06:22,000 --> 00:06:23,000

Yes.

118

00:06:23,000 --> 00:06:24,000

They weren't real?

119

00:06:24,000 --> 00:06:26,000

No, they were just standing still.

120

00:06:26,000 --> 00:06:27,000

Okay.

121

00:06:30,000 --> 00:06:36,000

And about how long would you say that it remained directly over you until you started pulling away?

122

00:06:36,000 --> 00:06:37,000

Yes.

123

00:06:37,000 --> 00:06:39,000

Oh, I'm scared.

124

00:06:39,000 --> 00:06:44,000

Did this give off a glow which lit up the ground area?

125

00:06:44,000 --> 00:06:46,000

I didn't look at the ground area.

126

00:06:46,000 --> 00:06:48,000

I didn't look at the ground, I didn't...

127

00:06:48,000 --> 00:06:49,000

Okay.

128

00:06:49,000 --> 00:06:54,000

Did you have any unusual physical or mental feelings while it was hovering overhead?

129

00:06:54,000 --> 00:06:59,000

Just scared, just like I was wanting to take right off and go down that road and then I didn't do it.

130

00:06:59,000 --> 00:07:00,000

Okay.

131

00:07:00,000 --> 00:07:03,000

But I prayed before I went to the book and asked Lord to watch over it and give us traveling footage.

132

00:07:03,000 --> 00:07:05,000

I said, I'm dumb, but I don't care.

133

00:07:05,000 --> 00:07:11,000

I even thought of scaring me to death about what if I could have been somebody that we went down that road and they could have...

134

00:07:11,000 --> 00:07:12,000

Oh, no.

135

00:07:12,000 --> 00:07:16,000

Okay, did you have any problems with your car while this was close by?

136

00:07:16,000 --> 00:07:17,000

No.

137

00:07:17,000 --> 00:07:18,000

No.

138

00:07:18,000 --> 00:07:20,000

Did you have... were you playing the radio at the time?

139

00:07:20,000 --> 00:07:22,000

No, because I don't like to listen to it.

140

00:07:22,000 --> 00:07:23,000

Okay.

141

00:07:23,000 --> 00:07:28,000

And then this just moved away just out of sight.

142

00:07:28,000 --> 00:07:32,000

Yeah, but it was like behind us going and I was driving so I couldn't really watch it.

143

00:07:32,000 --> 00:07:33,000

Right.

144

00:07:33,000 --> 00:07:34,000

Okay.

145

00:07:34,000 --> 00:07:41,000

But it took quite a ways before it got out of sight because I went quite a ways down the road until the cars behind me weren't behind me anymore.

146

00:07:41,000 --> 00:07:46,000

And then I stopped the car on the highway and got out and looked myself.

147

00:07:46,000 --> 00:07:49,000

And it looked like it was headed back over towards where we were.

148

00:07:49,000 --> 00:07:56,000

And then it went and headed back the other way and just we watched it until...

149

00:07:56,000 --> 00:07:59,000

Yeah, I could see it out my window as I was driving.

150

00:07:59,000 --> 00:08:03,000

We watched it until it disappeared on the other side of those mountains.

151

00:08:03,000 --> 00:08:06,000

Okay, but when it was hovering over you, you didn't get out of the car, did you?

152

00:08:06,000 --> 00:08:07,000

No.

153

00:08:07,000 --> 00:08:08,000

Oh my goodness.

154

00:08:08,000 --> 00:08:09,000

I was so scared.

155

00:08:09,000 --> 00:08:10,000

We were so scared.

156

00:08:10,000 --> 00:08:11,000

We couldn't.

157

00:08:11,000 --> 00:08:12,000

I mean, it was just...

158

00:08:12,000 --> 00:08:14,000

Okay, and you were looking... had you rolled down the window?

159

00:08:14,000 --> 00:08:15,000

No.

160

00:08:15,000 --> 00:08:20,000

Right, we could look right out our front window and it was just like right out, right up there.

161

00:08:20,000 --> 00:08:25,000

I mean, it might have been pretty close because otherwise we wouldn't have been able to see it so

well, could we?

162

00:08:25,000 --> 00:08:27,000

Okay, okay, were the children in the back seat?

163

00:08:27,000 --> 00:08:31,000

Two of my oldest ones were in the front with me and my two little ones were in the back.

164

00:08:31,000 --> 00:08:34,000

Okay, could the little ones in the back see it when they looked out the window?

165

00:08:34,000 --> 00:08:39,000

Did you see it when you looked out the front window, out the front window or the side window when we stopped?

166

00:08:39,000 --> 00:08:42,000

You couldn't see it out the front window when we stopped there.

167

00:08:42,000 --> 00:08:46,000

He had to look out the side window, but could you see it out the side window?

168

00:08:46,000 --> 00:08:48,000

Yeah, he said he could see it get out.

169

00:08:48,000 --> 00:08:51,000

Okay, and it was either real close or awful big then.

170

00:08:51,000 --> 00:08:52,000

Yeah.

171

00:08:52,000 --> 00:08:56,000

Okay, and four other... were there four children with you?

172

00:08:56,000 --> 00:08:57,000

Yes.

173

00:08:57,000 --> 00:08:58,000

What were their ages?

174

00:08:58,000 --> 00:09:09,000

Um, 13 and a half, one's almost 12, and then one that's 8 and a half and then my little one's 3 today.

175

00:09:09,000 --> 00:09:12,000

Okay, this happened at 6.15 last night.

176

00:09:12,000 --> 00:09:13,000

Yeah.

177

00:09:13,000 --> 00:09:14,000

Okay.

178

00:09:14,000 --> 00:09:20,000

Well, I observed another... I mean, was there anybody else that reported that?

179

00:09:20,000 --> 00:09:24,000

Because there was other cars, in fact, when we got into town this truck pulled over to...

180

00:09:24,000 --> 00:09:31,000

and Warley pulled over as a... to say, and I was almost tempted to stop and ask him a piece and anything, you know?

181

00:09:31,000 --> 00:09:33,000

But nobody else reported anything last night?

182

00:09:33,000 --> 00:09:38,000

No, ma'am, now when you were sitting there watching that and it was directly overhead, was there any other traffic coming by?

183

00:09:38,000 --> 00:09:44,000

There was a car in front of us a few times because I wanted to pull over quite a few times and I couldn't find...

184

00:09:44,000 --> 00:09:51,000

Before we stopped, I wanted to pull over a lot of times, but I couldn't because of the traffic was behind me or in front of me.

185

00:09:51,000 --> 00:09:55,000

And so there was a lot of other people on the road and that's the reason I was curious.

186

00:09:55,000 --> 00:10:01,000

I even said I watched the news last night thinking that it was going to be something on there that somebody reported, you know?

187

00:10:01,000 --> 00:10:06,000

Because I really thought that somebody would report it.

188

00:10:06,000 --> 00:10:11,000

Okay, now, but do you remember when you were stopped and the thing was directly overhead if it...

189

00:10:11,000 --> 00:10:14,000

if the other traffic was going by you?

190

00:10:14,000 --> 00:10:20,000

No, because I was... we were to the back of the highway.

191

00:10:20,000 --> 00:10:25,000

I mean, I pulled off like it was another road going out the other way.

192

00:10:25,000 --> 00:10:26,000

Oh, I see.

193

00:10:26,000 --> 00:10:32,000

But the kids saying... when we were pulled off the side of the road looking at that thing, do you know if there was any other cars going behind us?

194

00:10:33,000 --> 00:10:34,000

Dan?

195

00:10:34,000 --> 00:10:40,000

No, no. When we pulled off the side of the road and, you know, and then that thing was right over the top of it,

196

00:10:40,000 --> 00:10:43,000

was there any... did you notice there was huge...

197

00:10:43,000 --> 00:10:46,000

Was there any cars going along the highway behind us?

198

00:10:48,000 --> 00:10:52,000

When we were parked there looking at that thing, you noticed the car behind us?

199

00:10:55,000 --> 00:10:58,000

But that thing wasn't real close to us when we first stopped.

200

00:11:00,000 --> 00:11:01,000

I don't know.

201

00:11:01,000 --> 00:11:02,000

Okay, that's okay.

202

00:11:03,000 --> 00:11:04,000

And where did you get our number?

203

00:11:05,000 --> 00:11:10,000

Well, I called... we called the information and they gave us the number and nobody...

204

00:11:10,000 --> 00:11:15,000

was... nobody answered and then we called... they gave us another number and spoke to him.

205

00:11:15,000 --> 00:11:20,000

It's a weather... a weather place and then he looked up the number and gave us this number.

206

00:11:20,000 --> 00:11:21,000

Okay.

207

00:11:24,000 --> 00:11:27,000

Okay, we'll get on this right away and if we come up with any information,

208

00:11:27,000 --> 00:11:29,000

why we'll get back to you and let you know.

209

00:11:29,000 --> 00:11:33,000

Oh, I appreciate that because I just really want to know if I was crazy

210

00:11:33,000 --> 00:11:36,000

if we really seen something that wasn't supposed to be.

211

00:11:36,000 --> 00:11:40,000

Okay, and if we were able to get a... as somebody in to talk to you,

212

00:11:40,000 --> 00:11:42,000

would you be willing to discuss this with them?

213

00:11:42,000 --> 00:11:43,000

Yes.

214

00:11:43,000 --> 00:11:46,000

So we would really like to get some diagrams.

215

00:11:46,000 --> 00:11:51,000

Yeah, and I think the kids, you know, and all of us together because after it left, you know,

216

00:11:51,000 --> 00:11:55,000

we were trying to describe it and we all three described it just exactly how we've seen it.

217

00:11:55,000 --> 00:11:56,000

Okay.

218

00:11:56,000 --> 00:11:57,000

It was really scary.

219

00:11:57,000 --> 00:11:59,000

Well, it's still fresh in your mind.

220

00:11:59,000 --> 00:12:06,000

It might be a good idea to draw a sketch of what you did see so you don't forget any of the details.

221

00:12:06,000 --> 00:12:11,000

Okay, well my little one is trying to tell me the things... the one we've seen in Worley,

222

00:12:11,000 --> 00:12:15,000

the one we've seen in Worley, he says, was in the shape of a cross.

223

00:12:15,000 --> 00:12:18,000

Now, I don't remember seeing that in a shape of a cross.

224

00:12:18,000 --> 00:12:20,000

It's just like some light up there.

225

00:12:20,000 --> 00:12:22,000

I don't even know if that was that thing or not.

226

00:12:22,000 --> 00:12:23,000

Right.

227

00:12:24,000 --> 00:12:26,000

Oh, I don't know.

228

00:12:26,000 --> 00:12:30,000

Could that have been the same thing without the big light on top?

229

00:12:30,000 --> 00:12:32,000

Well, that would be hard to tell.

230

00:12:32,000 --> 00:12:35,000

Oh, it just seemed like a thing was following us.

231

00:12:35,000 --> 00:12:38,000

Okay, well thank you very much for the report.

232

00:12:38,000 --> 00:12:39,000

Bye-bye.
