

1

00:00:00,000 --> 00:00:05,000

25, Debbie Giffey, Psyfor.

2

00:00:05,000 --> 00:00:09,000

Yes, this is Blaine County Sheriff.

3

00:00:09,000 --> 00:00:10,000

Yes.

4

00:00:10,000 --> 00:00:11,000

In Haley, Idaho.

5

00:00:11,000 --> 00:00:12,000

Yes.

6

00:00:12,000 --> 00:00:16,000

And we just had a report of a UFO sighting in the Far East in the sky.

7

00:00:16,000 --> 00:00:23,000

He said that it was, he'd been watching it for, when he called about 25 minutes.

8

00:00:23,000 --> 00:00:28,000

The first call, he said 15, the second call was 25 all together.

9

00:00:28,000 --> 00:00:34,000

And he said it was over, he felt probably over carry Idaho, which is about 30 miles away.

10

00:00:34,000 --> 00:00:35,000

Okay.

11

00:00:35,000 --> 00:00:41,000

And he said that he watched it rise and whatever it was doing, he's been watching with binoculars.

12

00:00:41,000 --> 00:00:44,000

And I think he's a very reliable source.

13

00:00:44,000 --> 00:00:46,000

You can call him if you like.

14

00:00:46,000 --> 00:00:48,000

Probably still watching it.

15

00:00:48,000 --> 00:00:50,000

Okay, we'll get in contact with him.

16

00:00:50,000 --> 00:00:51,000

Okay.

17

00:00:51,000 --> 00:00:52,000

Thank you very much.

18

00:00:52,000 --> 00:00:53,000

You're welcome.

19

00:00:53,000 --> 00:00:54,000

Bye bye.

20

00:00:54,000 --> 00:00:55,000

Board reporting center.

21

00:00:55,000 --> 00:00:57,000

I have a collect call for anyone from all steps of charge.

22

00:00:57,000 --> 00:00:58,000

Yes, ma'am.

23

00:00:58,000 --> 00:00:59,000

Thank you.

24

00:00:59,000 --> 00:01:05,000

Sir, I'm sorry to call collect, but I'm at our office and I'm not allowed to make a long distance call.

25

00:01:05,000 --> 00:01:06,000

Where are you at?

26

00:01:06,000 --> 00:01:07,000

Washington.

27

00:01:07,000 --> 00:01:08,000

You're in Washington State.

28

00:01:08,000 --> 00:01:09,000

Right.

29

00:01:09,000 --> 00:01:10,000

Right.

30

00:01:10,000 --> 00:01:11,000

We're in Haley, Idaho.

31

00:01:11,000 --> 00:01:12,000

Uh-huh.

32

00:01:12,000 --> 00:01:15,000

And did you have any reports last night?

33

00:01:15,000 --> 00:01:16,000

Uh, yes.

34

00:01:16,000 --> 00:01:19,000

I've been over the Sawho Creek Mountain Range.

35

00:01:19,000 --> 00:01:21,000

We had one, yes.

36

00:01:21,000 --> 00:01:22,000

And what was it at?

37

00:01:22,000 --> 00:01:23,000

What was your report from?

38

00:01:23,000 --> 00:01:24,000

Haley.

39

00:01:24,000 --> 00:01:25,000

From Haley?

40

00:01:25,000 --> 00:01:26,000

The Haley area, yes.

41

00:01:26,000 --> 00:01:27,000

Okay.

42

00:01:27,000 --> 00:01:29,000

Well, I've seen one last night.

43

00:01:29,000 --> 00:01:34,000

I know a gentleman, and I found out this evening that a businessman here in Haley also seen one.

44

00:01:34,000 --> 00:01:38,000

And they were both on the east horizon, over the mountains.

45

00:01:38,000 --> 00:01:40,000

They were not on the mountains.

46

00:01:40,000 --> 00:01:41,000

They were on top.

47

00:01:41,000 --> 00:01:42,000

They were in the air.

48

00:01:42,000 --> 00:01:47,000

The one I've seen was a followed by going into zigzag motion.

49

00:01:47,000 --> 00:01:48,000

Uh-huh.

50

00:01:48,000 --> 00:01:54,000

And the businessman said his was from bright and bright to bright red, bright green and bright blue,

51

00:01:54,000 --> 00:01:59,000

which sounds like an airplane to me, but he said it was stationary for over an hour.

52

00:01:59,000 --> 00:02:02,000

And then it went out.

53

00:02:02,000 --> 00:02:04,000

It went out of sight.

54

00:02:04,000 --> 00:02:05,000

Okay.

55

00:02:05,000 --> 00:02:07,000

And was yours moving, did you say?

56

00:02:07,000 --> 00:02:08,000

Yes.

57

00:02:08,000 --> 00:02:10,000

It was moving from the south to the north.

58

00:02:10,000 --> 00:02:12,000

At times very slow and then very fast.

59

00:02:12,000 --> 00:02:16,000

And one time it looked like it had even stopped going north.

60

00:02:16,000 --> 00:02:19,000

It took a straight east direction.

61

00:02:19,000 --> 00:02:28,000

It stopped and made a directional move, 45 degree angle or so, back to the west.

62

00:02:28,000 --> 00:02:32,000

And then back to the north again and then zigzag.

63

00:02:32,000 --> 00:02:35,000

Okay, does that have any defined shape?

64

00:02:35,000 --> 00:02:36,000

It couldn't see any shape.

65

00:02:36,000 --> 00:02:37,000

All I could see was the bright light.

66

00:02:37,000 --> 00:02:38,000

Bright light.

67

00:02:38,000 --> 00:02:39,000

What color was that?

68

00:02:39,000 --> 00:02:40,000

Solid white.

69

00:02:40,000 --> 00:02:41,000

Solid white.

70

00:02:41,000 --> 00:02:42,000

Okay.

71

00:02:42,000 --> 00:02:46,000

Was it flying a straight line at all times except when it made its turn?

72

00:02:46,000 --> 00:02:48,000

Did it deviate from a straight line course?

73

00:02:48,000 --> 00:02:51,000

No, it appeared to be going in a northern direction.

74

00:02:51,000 --> 00:02:52,000

Right.

75

00:02:52,000 --> 00:02:54,000

No dips or zigzagging or anything?

76

00:02:54,000 --> 00:02:55,000

No, no up and down.

77

00:02:55,000 --> 00:02:56,000

Okay.

78

00:02:56,000 --> 00:02:57,000

Zigzag, yeah.

79

00:02:57,000 --> 00:02:58,000

Zigzag.

80

00:02:58,000 --> 00:02:59,000

I had a radio announcement.

81

00:02:59,000 --> 00:03:00,000

Okay.

82

00:03:00,000 --> 00:03:02,000

What time do you spot that?

83

00:03:02,000 --> 00:03:07,000

When I see that it's been almost 10, 45, 11 o'clock.

84

00:03:07,000 --> 00:03:08,000

Okay.

85

00:03:08,000 --> 00:03:11,000

And the business man said he's seen years around 130.

86

00:03:11,000 --> 00:03:14,000

He's been watching for an hour.

87

00:03:14,000 --> 00:03:16,000

It was on the east also.

88

00:03:16,000 --> 00:03:17,000

Okay.

89

00:03:17,000 --> 00:03:18,000

Now how long did you watch yours?

90

00:03:18,000 --> 00:03:19,000

It wasn't very long.

91

00:03:19,000 --> 00:03:20,000

I'd say it was very long.

92

00:03:20,000 --> 00:03:21,000

It was three minutes.

93

00:03:21,000 --> 00:03:22,000

Two to three minutes.

94

00:03:22,000 --> 00:03:23,000

Two to three minutes.

95

00:03:23,000 --> 00:03:24,000

Okay.

96

00:03:24,000 --> 00:03:25,000

It was very, very long.

97

00:03:25,000 --> 00:03:29,000

Now in your opinion, would this be fairly close or quite a ways away?

98

00:03:29,000 --> 00:03:34,000

Well, by an airplane, I'd say five miles.

99

00:03:34,000 --> 00:03:35,000

Okay.

100

00:03:35,000 --> 00:03:39,000

Now how could you estimate on the size?

101

00:03:39,000 --> 00:03:41,000

Was it like a star or bigger?

102

00:03:41,000 --> 00:03:43,000

It wasn't the size of a star.

103

00:03:43,000 --> 00:03:45,000

The only thing that caught my eye was that it was moving.

104

00:03:45,000 --> 00:03:46,000

Okay.

105

00:03:46,000 --> 00:03:49,000

Did you watch it until it went out of sight?

106

00:03:49,000 --> 00:03:50,000

Yes.

107

00:03:50,000 --> 00:03:51,000

All right.

108

00:03:51,000 --> 00:03:56,000

You know, most of the times when you're watching aircraft, they seem to be going with the curve

109

00:03:56,000 --> 00:03:58,000

of the earth as they go out of sight.

110

00:03:58,000 --> 00:03:59,000

And this didn't.

111

00:03:59,000 --> 00:04:03,000

There was a cloud cover north of us and the bay went straight into it.

112

00:04:03,000 --> 00:04:04,000

Okay.

113

00:04:04,000 --> 00:04:14,000

Now about a year ago, I had another officer seeing an object, flying object in the east

114

00:04:14,000 --> 00:04:17,000

about 10 miles north of Haley, Idaho.

115

00:04:17,000 --> 00:04:23,000

And we were headed east and this came out to the south and he was also going north.

116

00:04:23,000 --> 00:04:24,000

A very bright light.

117

00:04:24,000 --> 00:04:25,000

A very bright light.

118

00:04:25,000 --> 00:04:27,000

This was quite a big one last night.

119

00:04:27,000 --> 00:04:29,000

I don't know how to describe it to you.

120

00:04:29,000 --> 00:04:34,000

But this one, it had been annoying and there was some clouds covered, but it appeared that

121

00:04:34,000 --> 00:04:39,000

it came straight from the south and almost lined up directly with the east toward us,

122

00:04:39,000 --> 00:04:40,000

straight east direction.

123

00:04:40,000 --> 00:04:42,000

It didn't slow down to turn.

124

00:04:42,000 --> 00:04:45,000

It just was going north and it was straight east.

125

00:04:45,000 --> 00:04:46,000

Okay.

126

00:04:46,000 --> 00:04:49,000

How about degrees above the horizon?

127

00:04:49,000 --> 00:04:53,000

You know, the horizon is hard to judge here because of the mountains.

128

00:04:53,000 --> 00:04:56,000

But I can't get to make out.

129

00:04:56,000 --> 00:04:59,000

Or any estimate of altitude.

130

00:04:59,000 --> 00:05:07,000

These mountains here.

131

00:05:07,000 --> 00:05:09,000

I would say around 8,000.

132

00:05:09,000 --> 00:05:14,000

And give or take, that's just a real hard to do.

133

00:05:14,000 --> 00:05:17,000

That's very difficult to do.

134

00:05:17,000 --> 00:05:19,000

Okay, can we have your name again, sir?

135

00:05:19,000 --> 00:05:20,000

Yes, my name is Gary.

136

00:05:20,000 --> 00:05:21,000

That's Haley.

137

00:05:21,000 --> 00:05:22,000

Please.

138

00:05:22,000 --> 00:05:27,000

I should have, well, I was like, said, I've been with an officer last year.

139

00:05:27,000 --> 00:05:31,000

The other last year, that was the one that was spectacular to me to make that sharp turn

140

00:05:31,000 --> 00:05:33,000

really blew my mind.

141

00:05:33,000 --> 00:05:35,000

I've done some flying in there.

142

00:05:35,000 --> 00:05:39,000

And you know, mountain home air force, they just aren't too far from me.

143

00:05:39,000 --> 00:05:40,000

Right.

144

00:05:40,000 --> 00:05:42,000

So it could be military.

145

00:05:42,000 --> 00:05:43,000

Okay.

146

00:05:43,000 --> 00:05:46,000

But after last night, I thought I would call.

147

00:05:46,000 --> 00:05:47,000

I wish you would appreciate that.

148

00:05:47,000 --> 00:05:49,000

I'd like to keep track of these.

149

00:05:49,000 --> 00:05:51,000

Well, it's of interest to me.

150

00:05:51,000 --> 00:05:53,000

What it means to me if it is unidentified.

151

00:05:53,000 --> 00:05:54,000

Right.

152

00:05:54,000 --> 00:05:57,000

And, you know, if any help, well, we want to do it.

153

00:05:57,000 --> 00:05:58,000

Okay, thanks very much.

154

00:05:58,000 --> 00:06:00,000

And if we come up with any answers on this,

155

00:06:00,000 --> 00:06:02,000

why don't we get back to you and let you know?

156

00:06:02,000 --> 00:06:03,000

I don't expect any answers.

157

00:06:03,000 --> 00:06:04,000

All right.

158

00:06:04,000 --> 00:06:05,000

I don't either.

159

00:06:05,000 --> 00:06:07,000

Possibly you may, may put something with it.

160

00:06:07,000 --> 00:06:10,000

I think what I'll do from here on out is go ahead and call you folks on.

161

00:06:10,000 --> 00:06:12,000

Those reliable reports back.

162

00:06:12,000 --> 00:06:13,000

We'd appreciate that.

163

00:06:13,000 --> 00:06:14,000

Well, you'll get them then.

164

00:06:14,000 --> 00:06:15,000

Thank you again.

165

00:06:15,000 --> 00:06:16,000

You take care now.

166

00:06:16,000 --> 00:06:17,000

Right.

167

00:06:17,000 --> 00:06:18,000

Bye-bye.
