

1

00:00:00,000 --> 00:00:09,000

We live in Redmond and this came home about 15, 20 minutes about 11 o'clock and we live

2

00:00:09,000 --> 00:00:16,400

in a mobile home park and we pulled into our park and there was this light flashing a white

3

00:00:16,400 --> 00:00:23,000

fluorescent light pulsating in the sky in the Redmond area.

4

00:00:23,000 --> 00:00:25,800

And I called the Redmond Police Department, they're going to investigate, but they told

5

00:00:25,800 --> 00:00:26,800

me to call you guys.

6

00:00:26,800 --> 00:00:30,800

Okay, you know, did you say the light was going across the sky?

7

00:00:30,800 --> 00:00:35,800

Yeah, but there was no central figure, you know what I mean?

8

00:00:35,800 --> 00:00:36,800

It didn't work.

9

00:00:36,800 --> 00:00:43,800

My husband was in Vietnam and he said it almost looked like in Vietnam when they were in the

10

00:00:43,800 --> 00:00:44,800

battleships.

11

00:00:44,800 --> 00:00:52,800

He said battleships over the horizon shooting off at night and you couldn't hear anything

12

00:00:52,800 --> 00:00:57,800

but you could see the skylight up and that's what this looks like and it's pulsating and

13

00:00:57,800 --> 00:00:59,800

it's just kind of freaky.

14

00:00:59,800 --> 00:01:04,800

Okay, what I mean is, was this thing moving?

15

00:01:04,800 --> 00:01:07,800

No, it's just stationary and it's still doing it.

16

00:01:07,800 --> 00:01:11,800

It quit, we went down to the clubhouse and the clubhouse is in a pasture and it looked

17

00:01:11,800 --> 00:01:13,800

like it was right across the pasture area.

18

00:01:13,800 --> 00:01:19,800

So it took the car down to the pasture area and it was not there anymore.

19

00:01:19,800 --> 00:01:26,800

So we came home and then I went and got my vaginas went down to the back door and it's

20

00:01:26,800 --> 00:01:29,800

going to go bad and it's there again and so that was when I called the Redmond Police

21

00:01:29,800 --> 00:01:31,800

Department and it's still doing it now.

22

00:01:31,800 --> 00:01:34,800

Okay, then this thing must be fairly low.

23

00:01:34,800 --> 00:01:35,800

If it's flying.

24

00:01:35,800 --> 00:01:38,800

I mean, I don't know what it is.

25

00:01:38,800 --> 00:01:40,800

I don't believe in you.

26

00:01:40,800 --> 00:01:42,800

You know, I just...

27

00:01:42,800 --> 00:01:45,800

Okay, which direction are you looking now when you're looking at that?

28

00:01:45,800 --> 00:01:46,800

South West.

29

00:01:46,800 --> 00:01:48,800

Is it South West or South East?

30

00:01:48,800 --> 00:01:50,800

South East.

31

00:01:50,800 --> 00:01:55,800

Okay, now how high would you say it was in altitude?

32

00:01:55,800 --> 00:01:59,800

Scott, if it were flying, how high in altitude do you think it would be?

33

00:01:59,800 --> 00:02:05,800

Does it look like it's on the ground?

34

00:02:05,800 --> 00:02:09,800

He said 200, 400, not over 300, 400 foot level.

35

00:02:09,800 --> 00:02:11,800

Okay, now how about color?

36

00:02:11,800 --> 00:02:12,800

It's just white.

37

00:02:12,800 --> 00:02:14,800

That's why we ruled out a fire.

38

00:02:14,800 --> 00:02:16,800

It's...

39

00:02:16,800 --> 00:02:19,800

It's just a bird, just like a smithberry.

40

00:02:19,800 --> 00:02:24,800

It's not lightning in just a single area like a strobe light would do.

41

00:02:24,800 --> 00:02:26,800

It's doing it to the whole horizon.

42

00:02:26,800 --> 00:02:32,800

As far as we can see, we're in a valley and this is what we're seeing as the, you know,

43

00:02:32,800 --> 00:02:35,800

the light out the trees.

44

00:02:35,800 --> 00:02:37,800

Okay.

45

00:02:37,800 --> 00:02:40,800

Now is this area that this thing is coming from?

46

00:02:40,800 --> 00:02:42,800

Is this a populated area?

47

00:02:42,800 --> 00:02:46,800

No, it's a farming area in Redmond.

48

00:02:46,800 --> 00:02:50,800

And you spotted that about 11 o'clock?

49

00:02:50,800 --> 00:02:54,800

Mm-hmm, and it's still doing it now.

50

00:02:54,800 --> 00:02:58,800

Okay, now is this quite bright?

51

00:02:58,800 --> 00:03:06,800

It is from here, and like I said, it looks like it might be a mile to maybe at five, six miles away.

52

00:03:06,800 --> 00:03:11,800

Okay.

53

00:03:11,800 --> 00:03:18,800

This isn't anything like the flashing that you see during welding, is it?

54

00:03:18,800 --> 00:03:23,800

No, there's no sparks coming out of it.

55

00:03:23,800 --> 00:03:27,800

We thought it was coming from a gravel company across the pasture,

56

00:03:27,800 --> 00:03:35,800

which is on Union Hill Road in Redmond, and it's called Cadman Gravel,

57

00:03:35,800 --> 00:03:39,800

and that's where we thought it was originating from, but now it looks like it's further away.

58

00:03:39,800 --> 00:03:41,800

Now you said this is white?

59

00:03:41,800 --> 00:03:45,800

Mm-hmm, it's got no color to it at all, which I thought was a frame.

60

00:03:45,800 --> 00:03:47,800

I haven't said no, it would be red or orange.

61

00:03:47,800 --> 00:03:51,800

Does this seem to spread out over a wide area, or is it pretty well confined?

62

00:03:51,800 --> 00:03:53,800

No, it's a very wide area.

63

00:03:53,800 --> 00:03:56,800

Okay.

64

00:03:56,800 --> 00:04:00,800

Yeah, it doesn't look like it's coming from any one area like a strobe light.

65

00:04:00,800 --> 00:04:04,800

I called my parents and they said, could it possibly be a strobe light,

66

00:04:04,800 --> 00:04:09,800

or some kind of a light like some kid out in the field or something?

67

00:04:09,800 --> 00:04:13,800

And it's just too big, it doesn't look like there's any even center to it at all.

68

00:04:13,800 --> 00:04:17,800

It's just, you know, definable.

69

00:04:17,800 --> 00:04:19,800

Okay.

70

00:04:19,800 --> 00:04:23,800

Okay, if we get on this and if we come up with any answers, we'll get back to you and let you know.

71

00:04:23,800 --> 00:04:24,800

Thanks.

72

00:04:24,800 --> 00:04:25,800

Okay.

73

00:04:25,800 --> 00:04:26,800

Okay, bye-bye.
