

1

00:00:00,000 --> 00:00:04,000

I am calling from Portland.

2

00:00:04,000 --> 00:00:09,000

Yes. Have you had any reports of UFOs over the Portland area?

3

00:00:09,000 --> 00:00:11,000

No ma'am, not recently.

4

00:00:11,000 --> 00:00:16,000

Well I saw something Thursday night that still got me shaking.

5

00:00:16,000 --> 00:00:18,000

Okay, what did I care about?

6

00:00:18,000 --> 00:00:23,000

The moon, I walked over to the neighbors about 6.30.

7

00:00:23,000 --> 00:00:27,000

And the moon and evening star were still bright.

8

00:00:27,000 --> 00:00:29,000

I remember the lead not a game.

9

00:00:29,000 --> 00:00:31,000

I stopped to watch them.

10

00:00:31,000 --> 00:00:37,000

And as I was watching them from, well I would say almost to the coast

11

00:00:37,000 --> 00:00:42,000

that looked that far in the distance, first distance is just feeding at night.

12

00:00:42,000 --> 00:00:43,000

Yes.

13

00:00:43,000 --> 00:00:49,000

And it was just like a blunt object coming, but it was lit.

14

00:00:49,000 --> 00:00:56,000

And I'd say like a kid's folded airplane that they shoot, you know, flying here.

15

00:00:56,000 --> 00:00:57,000

Yes.

16

00:00:57,000 --> 00:01:02,000

And in a matter of seconds, it was over Portland in the saucer shape.

17

00:01:02,000 --> 00:01:11,000

It was a metallic outline in blue, red and green stationary light.

18

00:01:11,000 --> 00:01:18,000

And it would kind of hover and then it would like a slow spinning top.

19

00:01:18,000 --> 00:01:25,000

And I watched it for a few seconds and I thought, well, Billy's got to see this.

20

00:01:25,000 --> 00:01:31,000

So I hurried to pass back to the apartment, got in and went to her back door

21

00:01:31,000 --> 00:01:33,000

and opened it up and the thing was gone.

22

00:01:33,000 --> 00:01:36,000

There was no sight of anything.

23

00:01:36,000 --> 00:01:41,000

And I can't get any information out of anybody here in Portland.

24

00:01:41,000 --> 00:01:43,000

They don't seem to know anything.

25

00:01:43,000 --> 00:01:47,000

So finally they came in your phone number and I thought, well,

26

00:01:47,000 --> 00:01:51,000

it's not going to cost me a lot of that, but go easy on something else.

27

00:01:51,000 --> 00:01:55,000

Okay, now, could you actually make out a disc shape object?

28

00:01:55,000 --> 00:01:56,000

Absolutely.

29

00:01:56,000 --> 00:02:07,000

It was disc shape and it, oh, I'd say it was possibly eight to ten feet across.

30

00:02:07,000 --> 00:02:09,000

And it wasn't too far in the distance.

31

00:02:09,000 --> 00:02:14,000

It looked to me like it was hovering right over the new hospital here on Mount Scott.

32

00:02:14,000 --> 00:02:17,000

Okay, now, you say that this thing appeared to be rotating.

33

00:02:17,000 --> 00:02:18,000

Yes, it was rotating.

34

00:02:18,000 --> 00:02:22,000

Were those lights that were on this disc also rotating around?

35

00:02:22,000 --> 00:02:23,000

They were stable.

36

00:02:23,000 --> 00:02:24,000

They were stable?

37

00:02:24,000 --> 00:02:25,000

Okay.

38

00:02:25,000 --> 00:02:30,000

It was just like somebody had spun Christmas tree lights on it.

39

00:02:30,000 --> 00:02:35,000

But they were, first it was a real blue and then a real red and then I think it was green.

40

00:02:35,000 --> 00:02:37,000

It took me to the price.

41

00:02:37,000 --> 00:02:40,000

I'm surprised and I'm still stunned from it.

42

00:02:40,000 --> 00:02:41,000

I don't mean maybe.

43

00:02:41,000 --> 00:02:42,000

Okay, was this it?

44

00:02:42,000 --> 00:02:44,000

Would you say it was at a fairly low altitude?

45

00:02:44,000 --> 00:02:45,000

Yes, it was.

46

00:02:45,000 --> 00:02:46,000

I see, okay.

47

00:02:46,000 --> 00:02:53,000

It came from a high altitude and then all of a sudden it was just above the tree top.

48

00:02:53,000 --> 00:03:03,000

In fact, it went behind the trees and I ran in the house because I thought, well, by the time I get into the apartment and back out through the back door,

49

00:03:03,000 --> 00:03:07,000

I'll be back from behind the trees again and Burley can see it.

50

00:03:07,000 --> 00:03:09,000

But there was no sign of anything then.

51

00:03:09,000 --> 00:03:14,000

Now you say that it actually was descending as you first thought.

52

00:03:14,000 --> 00:03:15,000

Yes.

53

00:03:15,000 --> 00:03:19,000

Okay, would this be coming more or less straight down or coming in at an angle?

54

00:03:19,000 --> 00:03:29,000

Well, I'd say it was not straight down, it's kind of at an angle.

55

00:03:29,000 --> 00:03:30,000

A slight angle.

56

00:03:30,000 --> 00:03:31,000

Okay.

57

00:03:31,000 --> 00:03:35,000

Can you compare that object in size with anything else?

58

00:03:35,000 --> 00:03:36,000

No.

59

00:03:36,000 --> 00:03:42,000

I said about it would be at 8-10 feet wide.

60

00:03:42,000 --> 00:03:45,000

8-10 feet, okay.

61

00:03:45,000 --> 00:04:02,000

It was metallic and at times it seemed like it was flat and I could only see the light on one side and then all of a sudden it would tilt toward the north just a little bit

62

00:04:02,000 --> 00:04:15,000

and then I could see the light all the way around and then it would just slowly, like a dying top, spin for a few inches.

63

00:04:15,000 --> 00:04:16,000

Yes.

64

00:04:16,000 --> 00:04:19,000

It was just matter of seconds and it was gone.

65

00:04:19,000 --> 00:04:24,000

Okay, now were these lights positioned around the perimeter or were they scattered over the whole object?

66

00:04:24,000 --> 00:04:26,000

No, around the perimeter.

67

00:04:26,000 --> 00:04:27,000

Okay.

68

00:04:27,000 --> 00:04:30,000

And did you see any openings of any kind on this thing?

69

00:04:30,000 --> 00:04:31,000

No, I couldn't.

70

00:04:31,000 --> 00:04:35,000

It was too far in the distance to see any openings.

71

00:04:35,000 --> 00:04:36,000

Okay.

72

00:04:36,000 --> 00:04:39,000

It was around 6.30 at night so it was dark.

73

00:04:39,000 --> 00:04:40,000

Okay.

74

00:04:40,000 --> 00:04:48,000

If it hadn't been for that bright moon, I probably wouldn't have seen very much of anything but the moon was right over it.

75

00:04:48,000 --> 00:04:55,000

Do you feel that it was actually picking up the light from the moon reflecting off of it?

76

00:04:55,000 --> 00:05:04,000

Well, I'd say the moon was probably reflecting on the metallic or the metal or whatever it was.

77

00:05:04,000 --> 00:05:07,000

In other words, it was definitely illuminating the surface.

78

00:05:07,000 --> 00:05:08,000

Yes.

79

00:05:08,000 --> 00:05:09,000

Okay.

80

00:05:09,000 --> 00:05:12,000

Did you hear any sound?

81

00:05:12,000 --> 00:05:17,000

There was a...I can't explain the sound.

82

00:05:17,000 --> 00:05:20,000

I thought there was a couple of airplanes flying around.

83

00:05:20,000 --> 00:05:29,000

That's what, you know, because they had been planes going back and forth.

84

00:05:29,000 --> 00:05:32,000

I live within just miles of the airport.

85

00:05:32,000 --> 00:05:33,000

Yes.

86

00:05:33,000 --> 00:05:35,000

Back and forth all the time.

87

00:05:35,000 --> 00:05:44,000

But otherwise, I couldn't say that there was any buzzing or any finding or anything else.

88

00:05:44,000 --> 00:05:47,000

It just sounded like a couple of airplanes.

89

00:05:47,000 --> 00:05:48,000

Okay.

90

00:05:48,000 --> 00:05:55,000

Now, as you were watching the sky after this object disappeared, did you see any aircraft coming into the area?

91

00:05:55,000 --> 00:05:56,000

No, I didn't.

92

00:05:56,000 --> 00:05:57,000

Okay.

93

00:05:57,000 --> 00:05:58,000

At least I don't know.

94

00:05:58,000 --> 00:06:09,000

I was so flabbergasted and so stunned by the whole thing that it...well, I just...my son of a...I'm dafty.

95

00:06:09,000 --> 00:06:11,000

I didn't see anything.

96

00:06:11,000 --> 00:06:13,000

How long do you feel you watched that object?

97

00:06:13,000 --> 00:06:27,000

I would say from the time I saw it coming in as just a blunt nose thing, way off in the distance, until it was gone, was less than three minutes.

98

00:06:27,000 --> 00:06:28,000

Okay.

99

00:06:32,000 --> 00:06:36,000

Did those lights change in intensity as you were watching it?

100

00:06:36,000 --> 00:06:38,000

No, they seemed to be all the same.

101

00:06:38,000 --> 00:06:39,000

Okay.

102

00:06:39,000 --> 00:06:44,000

I would continue as if like a Christmas tree might strung around.

103

00:06:44,000 --> 00:06:45,000

Okay.

104

00:06:45,000 --> 00:06:48,000

And what were the colors of those again?

105

00:06:48,000 --> 00:06:50,000

Blue, red, and green.

106

00:06:50,000 --> 00:06:51,000

I think green.

107

00:06:51,000 --> 00:06:53,000

I won't say for sure.

108

00:06:53,000 --> 00:06:59,000

I just...I know that the outline was blue and then there was a red.

109

00:06:59,000 --> 00:07:02,000

They were all maybe up flat apart.

110

00:07:02,000 --> 00:07:03,000

Okay.

111

00:07:03,000 --> 00:07:04,000

Okay.

112

00:07:04,000 --> 00:07:06,000

Well, we sure appreciate this report.

113

00:07:06,000 --> 00:07:08,000

Where did you get our numbers?

114

00:07:08,000 --> 00:07:16,000

Um, I don't know who I called now to find out if they knew anything about it.

115

00:07:20,000 --> 00:07:22,000

Would it be the airport?

116

00:07:22,000 --> 00:07:23,000

The police department.

117

00:07:23,000 --> 00:07:26,000

The police...oh, okay.

118

00:07:26,000 --> 00:07:27,000

All right.

119

00:07:27,000 --> 00:07:33,000

Well, we'll check this out and if we come up with any additional information relating to this, why we'll get back to you and let you know.

120

00:07:33,000 --> 00:07:38,000

But I'm sure that what you saw was definitely not any type of conventional aircraft.

121

00:07:38,000 --> 00:07:40,000

No, it was no aircraft.

122

00:07:40,000 --> 00:07:49,000

And they tell me that they have an advertising deal on a plane.

123

00:07:49,000 --> 00:07:50,000

Yes.

124

00:07:50,000 --> 00:07:54,000

That's been certainly important in advertising something or another.

125

00:07:54,000 --> 00:07:59,000

But that wouldn't spend like this did.

126

00:07:59,000 --> 00:08:01,000

And this is what I say.

127

00:08:01,000 --> 00:08:06,000

It's fun for just seconds, just like a top slowing down.

128

00:08:06,000 --> 00:08:07,000

Right.

129

00:08:07,000 --> 00:08:09,000

And then it was gone.

130

00:08:09,000 --> 00:08:12,000

It's just a period of the classic game.

131

00:08:12,000 --> 00:08:22,000

And it came in at an extreme fast speed from way south, southwest of me.

132

00:08:22,000 --> 00:08:23,000

Yes.

133

00:08:23,000 --> 00:08:24,000

Okay.

134

00:08:24,000 --> 00:08:28,000

Well, thanks again and we'll get back to you if we get any more on it.

135

00:08:28,000 --> 00:08:29,000

Okay.

136

00:08:29,000 --> 00:08:34,000

Well, I'd be happy to even drop a picture or something and send it up.

137

00:08:34,000 --> 00:08:39,000

But I just had to find out if there's been any more reported or anything.

138

00:08:39,000 --> 00:08:44,000

And it just set me, seriously.

139

00:08:44,000 --> 00:08:47,000

In fact, my blood pressure has actually been the same.

140

00:08:47,000 --> 00:08:50,000

This is the first in the world to burn your blood pressure up.

141

00:08:50,000 --> 00:08:54,000

I don't know unless it was what I saw last night.

142

00:08:54,000 --> 00:08:56,000

And we got to talking about it.

143

00:08:56,000 --> 00:09:08,000

And he says, I heard over the radio just a day or two ago about unidentified objects down on the coast.

144

00:09:08,000 --> 00:09:09,000

Right.

145

00:09:09,000 --> 00:09:11,000

They've been seeing quite a few around Astoria and Seaside.

146

00:09:11,000 --> 00:09:12,000

Yes.

147

00:09:12,000 --> 00:09:15,000

Well, I have a name for the two women who saw them.

148

00:09:15,000 --> 00:09:23,000

And I thought I'd write them a letter and see if it's the first time of it all that I saw.

149

00:09:23,000 --> 00:09:28,000

But this thing just disappeared out of the first guy.

150

00:09:28,000 --> 00:09:36,000

I don't know if it landed or if it just took off as a thingy.

151

00:09:36,000 --> 00:09:39,000

Okay, well, we'll work on it.

152

00:09:39,000 --> 00:09:40,000

Okay.

153

00:09:40,000 --> 00:09:41,000

Thank you for the call.

154

00:09:41,000 --> 00:09:42,000

You're welcome.

155

00:09:42,000 --> 00:09:43,000

Bye.
