

1

00:00:00,000 --> 00:00:07,000

We're driving down from Northern Arizona, Oak Creek.

2

00:00:07,000 --> 00:00:15,000

This thing followed us and it ain't no jet, there ain't no planned or star, okay?

3

00:00:15,000 --> 00:00:18,000

I think it's land, okay?

4

00:00:18,000 --> 00:00:21,000

On the left side of the sea next to right off Bill Rose.

5

00:00:21,000 --> 00:00:24,000

If you don't want to check it out, I don't care.

6

00:00:24,000 --> 00:00:28,000

But I wouldn't call if I didn't think it was serious.

7

00:00:28,000 --> 00:00:32,000

We're not the only ones who've seen it. A couple other people do too.

8

00:00:32,000 --> 00:00:34,000

Okay, now...

9

00:00:34,000 --> 00:00:36,000

You want to know a little bit about it?

10

00:00:36,000 --> 00:00:39,000

Well, first of all, which highway were you driving on?

11

00:00:39,000 --> 00:00:43,000

Well, what's the number of that highway that we were driving on?

12

00:00:43,000 --> 00:00:45,000

89?

13

00:00:47,000 --> 00:00:49,000

Oh yeah, this is correct.

14

00:00:49,000 --> 00:00:51,000

That's okay, we want to get it right.

15

00:00:51,000 --> 00:00:54,000

Oh my gosh, Jared, you know what happened?

16

00:00:54,000 --> 00:00:59,000

It came about at least 25 feet to us, okay?

17

00:00:59,000 --> 00:01:00,000

Okay.

18

00:01:00,000 --> 00:01:06,000

And it kind of swirled and the colors of it are like green, blue and red, alright?

19

00:01:06,000 --> 00:01:08,000

Now we're in Phoenix now, okay?

20

00:01:08,000 --> 00:01:09,000

Uh-huh.

21

00:01:09,000 --> 00:01:12,000

Okay, we were driving. My husband had a spit on the gas.

22

00:01:12,000 --> 00:01:15,000

We were going about 50 miles now, alright?

23

00:01:15,000 --> 00:01:21,000

Our speedometer went all the way down to about 45 and he didn't take a spit off the gas pedal.

24

00:01:21,000 --> 00:01:23,000

I, 70.

25

00:01:23,000 --> 00:01:26,000

I, 17, there's another highway.

26

00:01:26,000 --> 00:01:27,000

You're state 17.

27

00:01:27,000 --> 00:01:28,000

Right.

28

00:01:28,000 --> 00:01:30,000

And he was driving in which direction?

29

00:01:30,000 --> 00:01:31,000

20 feet.

30

00:01:31,000 --> 00:01:33,000

No, we were going, I guess you'd say south.

31

00:01:33,000 --> 00:01:34,000

Okay.

32

00:01:34,000 --> 00:01:35,000

Going towards Phoenix.

33

00:01:35,000 --> 00:01:36,000

Okay.

34

00:01:38,000 --> 00:01:41,000

Now start right from the beginning.

35

00:01:41,000 --> 00:01:42,000

Okay.

36

00:01:42,000 --> 00:01:45,000

Just tell me everything you saw and everything that happened.

37

00:01:45,000 --> 00:01:47,000

We want to start from the beginning.

38

00:01:47,000 --> 00:01:50,000

Okay, my husband's going down to the end of the road.

39

00:01:50,000 --> 00:01:54,000

Alright, we were driving down there, state 17, okay?

40

00:01:54,000 --> 00:01:55,000

Alright.

41

00:01:55,000 --> 00:02:00,000

Alright, I just have to look up in the sky and I thought it was a star, you know?

42

00:02:00,000 --> 00:02:04,000

But that thing kept coming in closer and closer, alright?

43

00:02:04,000 --> 00:02:08,000

Okay, we started to go a little bit faster through the task areas a little bit.

44

00:02:08,000 --> 00:02:14,000

And it kind of changed colors and it had like a dome light on the bottom of it.

45

00:02:14,000 --> 00:02:15,000

Okay?

46

00:02:15,000 --> 00:02:16,000

Okay.

47

00:02:16,000 --> 00:02:20,000

Now we pulled into a gas station in Corinth, Jumps, in Arizona.

48

00:02:20,000 --> 00:02:25,000

We talked to a couple other people and they said it looked like a UFO, a mobile gas station.

49

00:02:25,000 --> 00:02:27,000

It's the only one there.

50

00:02:27,000 --> 00:02:32,000

And they said that they've been watching this thing, okay?

51

00:02:32,000 --> 00:02:34,000

It's been there for a few other nights.

52

00:02:34,000 --> 00:02:35,000

Okay.

53

00:02:35,000 --> 00:02:40,000

Alright, as we kept driving on, okay, we left the gas station.

54

00:02:40,000 --> 00:02:42,000

We're seeing the follow-up, alright?

55

00:02:42,000 --> 00:02:44,000

Okay, we got into seeing it.

56

00:02:44,000 --> 00:02:45,000

We're at another gas station.

57

00:02:45,000 --> 00:02:47,000

I'm talking to you right now, right?

58

00:02:47,000 --> 00:02:48,000

Okay.

59

00:02:48,000 --> 00:02:51,000

Okay, we've seen it and it looked like it landed.

60

00:02:51,000 --> 00:02:52,000

Okay?

61

00:02:52,000 --> 00:02:56,000

But it came about 25 feet up to us.

62

00:02:56,000 --> 00:02:59,000

This is when we was up by Oak Creek.

63

00:02:59,000 --> 00:03:03,000

And I don't know what it wants or what the heck it is.

64

00:03:03,000 --> 00:03:11,000

Okay, now when you first spotted this, where was this in relation to you as you were driving down the highway?

65

00:03:11,000 --> 00:03:15,000

It was in, I'd say, okay, I was on the passenger side.

66

00:03:15,000 --> 00:03:16,000

Right.

67

00:03:16,000 --> 00:03:19,000

I'd say, let's see, what would it be?

68

00:03:19,000 --> 00:03:21,000

What direction in the sky?

69

00:03:21,000 --> 00:03:22,000

The left.

70

00:03:22,000 --> 00:03:24,000

The left side.

71

00:03:24,000 --> 00:03:25,000

Okay.

72

00:03:25,000 --> 00:03:31,000

And then as we came in, it seemed to cut in front of us, you know?

73

00:03:31,000 --> 00:03:37,000

And then it kind of went back, it moved back and then it came in real close to us.

74

00:03:37,000 --> 00:03:41,000

Did this thing pass across the highway in front of you?

75

00:03:41,000 --> 00:03:43,000

Yes, yes, it did.

76

00:03:43,000 --> 00:03:51,000

And then as we got into seeing it, it was more or less like on the left-hand corner, which would be facing the east.

77

00:03:51,000 --> 00:03:53,000

Or facing going towards California.

78

00:03:53,000 --> 00:03:54,000

West.

79

00:03:54,000 --> 00:03:56,000

Right, west, I don't know.

80

00:03:56,000 --> 00:04:03,000

But the reason why I found out is because our speedometer went all the way down.

81

00:04:03,000 --> 00:04:09,000

And he didn't take his, and it came back up, and he didn't even take his foot off the gas pedal.

82

00:04:09,000 --> 00:04:11,000

And on a car, we just got it.

83

00:04:11,000 --> 00:04:13,000

There's nothing wrong with it.

84

00:04:13,000 --> 00:04:19,000

Okay, now, what shape did this thing have?

85

00:04:19,000 --> 00:04:23,000

Okay, it had like a spiral shape.

86

00:04:23,000 --> 00:04:26,000

I don't know if you've ever seen that before.

87

00:04:26,000 --> 00:04:30,000

It had like blue lights coming out from each side, right?

88

00:04:30,000 --> 00:04:34,000

But it would change colors, like it was rotating.

89

00:04:34,000 --> 00:04:39,000

And then it had like a light, dull thing underneath, okay?

90

00:04:39,000 --> 00:04:44,000

And then as we got into Phoenix, it turned real red.

91

00:04:44,000 --> 00:04:47,000

Okay, did this seem to follow you into Phoenix?

92

00:04:47,000 --> 00:04:51,000

Yes, that's what scared us.

93

00:04:51,000 --> 00:04:53,000

Okay, now after you got...

94

00:04:53,000 --> 00:04:55,000

What?

95

00:04:55,000 --> 00:04:57,000

Okay.

96

00:04:57,000 --> 00:04:59,000

All right, all right.

97

00:04:59,000 --> 00:05:02,000

I called up the central aviation, okay?

98

00:05:02,000 --> 00:05:04,000

See what they could do.

99

00:05:04,000 --> 00:05:09,000

And as soon as I called them up, the things seemed to go off into the sky, okay?

100

00:05:09,000 --> 00:05:11,000

Okay, which direction did it go?

101

00:05:11,000 --> 00:05:14,000

It went off into the west, further off into the west.

102

00:05:14,000 --> 00:05:21,000

And then it came back in, and it lowered down, and it looked like it was landing.

103

00:05:21,000 --> 00:05:23,000

Okay.

104

00:05:23,000 --> 00:05:27,000

I told you not to. It just barely made it came back.

105

00:05:27,000 --> 00:05:31,000

My husband is talking to me at the same time.

106

00:05:31,000 --> 00:05:34,000

Okay, now after this appeared to land, did you see it anymore?

107

00:05:34,000 --> 00:05:36,000

After that?

108

00:05:36,000 --> 00:05:38,000

No, I don't see it.

109

00:05:38,000 --> 00:05:43,000

I don't see it now, but it left to land at some place.

110

00:05:43,000 --> 00:05:46,000

How large would you say it was? Could you compare it with the other?

111

00:05:46,000 --> 00:05:48,000

Oh my God, it was huge.

112

00:05:48,000 --> 00:05:50,000

The size of...

113

00:05:52,000 --> 00:05:55,000

Geez, have you ever seen one of those big, big jets?

114

00:05:55,000 --> 00:05:57,000

Seven or seven?

115

00:05:57,000 --> 00:06:05,000

Yeah, something like that, except the lights on it was like a gigantic dome light, and they kept changing colors.

116

00:06:05,000 --> 00:06:10,000

Okay, but you could definitely see the outline of an airplane or something.

117

00:06:10,000 --> 00:06:12,000

Yes, there was no plane.

118

00:06:12,000 --> 00:06:14,000

Okay, did you hear any sound?

119

00:06:14,000 --> 00:06:19,000

No, but all I could tell you is exactly what happened to us with this thermometer.

120

00:06:19,000 --> 00:06:25,000

Okay, now did anything else unusual happen? Like, were you playing your radio in the car?

121

00:06:25,000 --> 00:06:30,000

We were playing the radio, but nothing, I didn't hear no interference.

122

00:06:30,000 --> 00:06:33,000

You know, when you're high up in the mountains, you have interference anyway.

123

00:06:33,000 --> 00:06:36,000

Okay, how about the traffic on the highway?

124

00:06:36,000 --> 00:06:43,000

There's about three or four of the cars, but when it came real close up to us, nobody was out there.

125

00:06:44,000 --> 00:06:46,000

No other cars were around.

126

00:06:46,000 --> 00:06:53,000

No, not until we got into the gas station, and as we pulled out, more traffic started coming down.

127

00:06:53,000 --> 00:06:57,000

But where we were at that time, nothing was around.

128

00:06:57,000 --> 00:07:02,000

Okay, now that would be at Cornish Junction where you stopped at the gas station.

129

00:07:02,000 --> 00:07:07,000

Okay, then after you left there and you saw it again, was there any more traffic around?

130

00:07:07,000 --> 00:07:12,000

Yeah, yeah, but it went further off into the west, so like I told you,

131

00:07:12,000 --> 00:07:16,000

it disappeared and then it came back and it looked like it landed.

132

00:07:16,000 --> 00:07:21,000

Okay, now did this appear to come down within the city?

133

00:07:21,000 --> 00:07:24,000

Let's see, just a minute.

134

00:07:24,000 --> 00:07:27,000

What would that be out that way?

135

00:07:27,000 --> 00:07:29,000

California?

136

00:07:29,000 --> 00:07:31,000

If it seems that big, okay?

137

00:07:31,000 --> 00:07:32,000

Uh-huh.

138

00:07:32,000 --> 00:07:40,000

And if it's bright enough to sky that big when we've seen it land, it could be going towards, which way is that? Vegas?

139

00:07:40,000 --> 00:07:42,000

Oh, what?

140

00:07:42,000 --> 00:07:45,000

Well, what's the closest town out there?

141

00:07:45,000 --> 00:07:49,000

I would say...

142

00:07:49,000 --> 00:07:50,000

This is the...

143

00:07:50,000 --> 00:07:51,000

...Hennings of Blythe.

144

00:07:51,000 --> 00:07:53,000

You know where Blythe is?

145

00:07:53,000 --> 00:07:54,000

Yes.

146

00:07:54,000 --> 00:07:56,000

Okay, that's what it looks like.

147

00:07:56,000 --> 00:07:59,000

But it looks close to us because it's so big.

148

00:07:59,000 --> 00:08:00,000

Okay.

149

00:08:00,000 --> 00:08:04,000

But it could be out in the desert too.

150

00:08:04,000 --> 00:08:11,000

Okay, now when this came down at its lowest point, how... or could you estimate the altitude?

151

00:08:11,000 --> 00:08:17,000

Yeah, I'd say about the lowest point that I saw, I'd say about 25 feet.

152

00:08:17,000 --> 00:08:21,000

Okay, did it illuminate the ground when it came that close?

153

00:08:21,000 --> 00:08:22,000

I couldn't see that.

154

00:08:22,000 --> 00:08:26,000

I couldn't see that, but I did see this thing come down.

155

00:08:26,000 --> 00:08:28,000

And I couldn't about that low.

156

00:08:28,000 --> 00:08:31,000

And then you could definitely see this thing go back up again.

157

00:08:31,000 --> 00:08:38,000

All right, but when I seen it the last time the thing just landed, it didn't go off into the sky.

158

00:08:38,000 --> 00:08:40,000

It was coming down in like a straight line.

159

00:08:40,000 --> 00:08:41,000

Uh-huh.

160

00:08:41,000 --> 00:08:43,000

Vertically straight down.

161

00:08:43,000 --> 00:08:44,000

Right.

162

00:08:44,000 --> 00:08:45,000

Okay.

163

00:08:45,000 --> 00:08:48,000

I've never seen it like this before.

164

00:08:48,000 --> 00:08:50,000

Now, this is weird.

165

00:08:50,000 --> 00:08:52,000

When this... this is very important.

166

00:08:52,000 --> 00:08:59,000

When this object crossed in front of you or back and forth across the highway,

167

00:08:59,000 --> 00:09:01,000

which direction were you heading then?

168

00:09:01,000 --> 00:09:06,000

We were heading south and it looked like it was going to the left.

169

00:09:06,000 --> 00:09:09,000

It would go to your left to cross the highway?

170

00:09:09,000 --> 00:09:10,000

Right.

171

00:09:10,000 --> 00:09:13,000

And then did it come back to the right?

172

00:09:13,000 --> 00:09:19,000

Right, and then as we kept on going down, we were like more or less on a straight highway, right?

173

00:09:19,000 --> 00:09:20,000

Right.

174

00:09:20,000 --> 00:09:26,000

So it was to the left side, and when we got into the gas station, it was to the right side, which is the left.

175

00:09:26,000 --> 00:09:28,000

Okay.

176

00:09:29,000 --> 00:09:33,000

And what... do you have the time that that happened?

177

00:09:33,000 --> 00:09:34,000

Yeah, just now.

178

00:09:34,000 --> 00:09:36,000

What time was that?

179

00:09:36,000 --> 00:09:38,000

Uh, what time was it?

180

00:09:38,000 --> 00:09:42,000

What time was it only left of 3?

181

00:09:42,000 --> 00:09:44,000

Uh, 7.30.

182

00:09:44,000 --> 00:09:52,000

Well, it was about 7.30, but when we just see it land or whatever you want to call it, it's about 9.35.

183

00:09:52,000 --> 00:09:54,000

Okay.

184

00:09:54,000 --> 00:09:58,000

So it's been with us for about 2.5 hours.

185

00:09:58,000 --> 00:10:02,000

And now all of a sudden it's gone and I'm talking to you.

186

00:10:02,000 --> 00:10:06,000

Now it just doesn't make no sense for us or for that thing up there.

187

00:10:06,000 --> 00:10:08,000

Okay, how's the sky conditions there tonight?

188

00:10:08,000 --> 00:10:11,000

Very clear. It's black, but it's clear.

189

00:10:11,000 --> 00:10:12,000

Okay.

190

00:10:12,000 --> 00:10:17,000

Okay, now, when you got out of the car, you didn't hear any sound at all?

191

00:10:17,000 --> 00:10:19,000

No. No, uh-uh.

192

00:10:19,000 --> 00:10:20,000

Okay.

193

00:10:20,000 --> 00:10:22,000

Do you mean when we was at the corny junction?

194

00:10:22,000 --> 00:10:23,000

Right.

195

00:10:23,000 --> 00:10:26,000

Now, uh-uh, we're very still.

196

00:10:26,000 --> 00:10:30,000

When it was kind of cold, we didn't hear nothing, but we've seen it.

197

00:10:30,000 --> 00:10:37,000

Okay, now, when it made its closest approach to you, could you estimate the distance?

198

00:10:37,000 --> 00:10:40,000

Well, like I said, about 25 feet.

199

00:10:40,000 --> 00:10:44,000

But it was, you want the altitude off the ground?

200

00:10:44,000 --> 00:10:45,000

Or how close in front of us?

201

00:10:45,000 --> 00:10:48,000

Well, both at that point.

202

00:10:48,000 --> 00:10:52,000

I'd say about 25 feet inside of us.

203

00:10:52,000 --> 00:10:58,000

And I'd say about all 55, 75 feet in the air.

204

00:10:58,000 --> 00:11:03,000

Okay, now, was this the point where the speedometer dropped?

205

00:11:03,000 --> 00:11:04,000

Yes.

206

00:11:04,000 --> 00:11:05,000

Yes.

207

00:11:05,000 --> 00:11:07,000

Okay, did that ever repeat itself?

208

00:11:07,000 --> 00:11:08,000

No.

209

00:11:08,000 --> 00:11:11,000

Okay, now, is that the only unusual thing that happened?

210

00:11:11,000 --> 00:11:14,000

That's the only weird thing that happened to the speedometer.

211

00:11:14,000 --> 00:11:21,000

Did either one of you have any physical or mental phenomena of any kind take place?

212

00:11:21,000 --> 00:11:22,000

No.

213

00:11:22,000 --> 00:11:26,000

Okay, have you traveled this roadway before?

214

00:11:26,000 --> 00:11:28,000

Yeah, uh-uh.

215

00:11:28,000 --> 00:11:31,000

We go up there three times every once in a while.

216

00:11:31,000 --> 00:11:34,000

You know, like we go camping up there or something.

217

00:11:34,000 --> 00:11:40,000

Okay, would it be unusual for a lack of traffic on a main interstate highway like that?

218

00:11:40,000 --> 00:11:41,000

Yeah, it is.

219

00:11:41,000 --> 00:11:45,000

Because when we went up there today, we went up there camping, okay?

220

00:11:45,000 --> 00:11:46,000

Uh-huh.

221

00:11:46,000 --> 00:11:48,000

But the campgrounds were all closed.

222

00:11:48,000 --> 00:11:53,000

We thought since Lincoln's birthday, right, a lot of people would be going up there.

223

00:11:53,000 --> 00:11:57,000

But since the campgrounds are closed, not very many people are on the road.

224

00:11:57,000 --> 00:12:02,000

We didn't know that until we got up there.

225

00:12:02,000 --> 00:12:03,000

Okay.

226

00:12:03,000 --> 00:12:08,000

So we went up there and we had dinner and then we left, because there was no place to camp over.

227

00:12:08,000 --> 00:12:09,000

Right.

228

00:12:09,000 --> 00:12:10,000

Okay.

229

00:12:10,000 --> 00:12:15,000

Can we get back to you if we need more information?

230

00:12:15,000 --> 00:12:17,000

I'll be here if there's anything you want.

231

00:12:17,000 --> 00:12:18,000

I'm here.

232

00:12:18,000 --> 00:12:20,000

Okay, can we send you a questionnaire?

233

00:12:20,000 --> 00:12:21,000

Sure can.

234

00:12:21,000 --> 00:12:25,000

Quite detailed, and we'd sure appreciate it if you'd fill it in for us.

235

00:12:25,000 --> 00:12:26,000

This is weird, huh?

236

00:12:26,000 --> 00:12:30,000

Have you ever had this seen one of these things before?

237

00:12:30,000 --> 00:12:32,000

No, but I'll tell you something.

238

00:12:32,000 --> 00:12:35,000

Last year, you know who traveled the most in here?

239

00:12:35,000 --> 00:12:36,000

Oh, yes.

240

00:12:36,000 --> 00:12:37,000

We went up there.

241

00:12:37,000 --> 00:12:38,000

We know them, okay?

242

00:12:38,000 --> 00:12:42,000

We went up there when we out of Curiosity to talk to them about it.

243

00:12:42,000 --> 00:12:51,000

And it was the same day last year that we went up there, which is today that we saw that thing up in Heber.

244

00:12:51,000 --> 00:12:54,000

Do you know Travis Walton personally?

245

00:12:54,000 --> 00:12:55,000

No, not...

246

00:12:55,000 --> 00:12:58,000

We're all less known as an acquaintance.

247

00:12:58,000 --> 00:13:01,000

We went up to his house out of Curiosity to talk to him.

248

00:13:01,000 --> 00:13:02,000

Oh, I see.

249

00:13:02,000 --> 00:13:03,000

Okay.

250

00:13:03,000 --> 00:13:04,000

You know.

251

00:13:04,000 --> 00:13:07,000

But what's so strange about it is last year, okay,

252

00:13:07,000 --> 00:13:12,000

one year later today was when we were up there last year.

253

00:13:12,000 --> 00:13:15,000

That is a coincidence, isn't it?

254

00:13:15,000 --> 00:13:17,000

Yeah, it's weird.

255

00:13:17,000 --> 00:13:22,000

You know, I don't even know if I believe Travis or not, but after this...

256

00:13:22,000 --> 00:13:24,000

Maybe they got you lined up for the next ride.

257

00:13:24,000 --> 00:13:26,000

Don't say that.

258

00:13:26,000 --> 00:13:29,000

I don't want to go yet.

259

00:13:29,000 --> 00:13:31,000

What was your husband's first name?

260

00:13:31,000 --> 00:13:32,000

Excuse me?

261

00:13:32,000 --> 00:13:33,000

What was your husband's first name?

262

00:13:33,000 --> 00:13:34,000

Daniel.

263

00:13:34,000 --> 00:13:35,000

Daniel.

264

00:13:35,000 --> 00:13:37,000

Okay, what's your rating?

265

00:13:37,000 --> 00:13:38,000

I'm 22.

266

00:13:38,000 --> 00:13:40,000

My husband's 26.

267

00:13:44,000 --> 00:13:49,000

Okay, well, we sure appreciate this report and we'll get on it right away.

268

00:13:49,000 --> 00:13:53,000

And if we come up with any additional information, we'll get back to you and let you know.

269

00:13:53,000 --> 00:13:54,000

I'll keep going.

270

00:13:54,000 --> 00:13:57,000

Would you be available for an interview if we could send you in there?

271

00:13:57,000 --> 00:13:58,000

Sure.

272

00:13:58,000 --> 00:13:59,000

Sure, anything you want.

273

00:13:59,000 --> 00:14:01,000

Okay, where did you get our number?

274

00:14:01,000 --> 00:14:06,000

Federal Aviation gave it to me and they told me to call you up right away.

275

00:14:06,000 --> 00:14:08,000

Would that be the tower at the airport?

276

00:14:08,000 --> 00:14:10,000

Yes, I think so.

277

00:14:10,000 --> 00:14:11,000

Okay.

278

00:14:11,000 --> 00:14:15,000

You can call them back up and verify it.

279

00:14:15,000 --> 00:14:17,000

Okay, thanks again.

280

00:14:17,000 --> 00:14:18,000

Okay, bye-bye.
