

1

00:00:00,000 --> 00:00:04,000

Yes, I'm calling from Santa Barbara.

2

00:00:04,000 --> 00:00:05,000

Yes, ma'am.

3

00:00:05,000 --> 00:00:07,000

And I spotted something last night.

4

00:00:07,000 --> 00:00:08,000

I didn't spot it.

5

00:00:08,000 --> 00:00:09,000

I watched the whole damn thing.

6

00:00:09,000 --> 00:00:11,000

I was with two other people also.

7

00:00:11,000 --> 00:00:13,000

Do you want to hear the story?

8

00:00:13,000 --> 00:00:14,000

Yes, we'd like to hear about it.

9

00:00:14,000 --> 00:00:15,000

Okay.

10

00:00:15,000 --> 00:00:17,000

I was also a stewardess for a couple of years.

11

00:00:17,000 --> 00:00:19,000

So, in Flambea, we were flying objects.

12

00:00:19,000 --> 00:00:20,000

I'll tell you.

13

00:00:20,000 --> 00:00:22,000

I was up in the mountains here in Santa Barbara.

14

00:00:22,000 --> 00:00:23,000

Uh-huh.

15

00:00:23,000 --> 00:00:24,000

And we were just coming.

16

00:00:24,000 --> 00:00:29,000

We were halfway out of a canyon area coming up to Old San Marcos Pass.

17

00:00:29,000 --> 00:00:31,000

I don't know if you're familiar with this area.

18

00:00:31,000 --> 00:00:32,000

What highway number would that be?

19

00:00:32,000 --> 00:00:33,000

I don't know.

20

00:00:33,000 --> 00:00:35,000

Okay, we can check it anyway.

21

00:00:35,000 --> 00:00:36,000

Okay.

22

00:00:36,000 --> 00:00:38,000

And then Camino Cielo.

23

00:00:38,000 --> 00:00:42,000

East Camino Cielo is another street that is important in this.

24

00:00:42,000 --> 00:00:45,000

We were coming up and we saw this bright light over.

25

00:00:45,000 --> 00:00:49,000

I guess it was east, sort of maybe southeast.

26

00:00:49,000 --> 00:00:51,000

And it was just sitting there.

27

00:00:51,000 --> 00:00:53,000

It was this huge light.

28

00:00:53,000 --> 00:00:54,000

And we stopped and stared.

29

00:00:54,000 --> 00:00:57,000

And all of a sudden it started coming towards us across the sky.

30

00:00:57,000 --> 00:01:00,000

And it was coming very fast.

31

00:01:00,000 --> 00:01:02,000

And there was no sound.

32

00:01:02,000 --> 00:01:05,000

And as it got closer, we could see these, it wasn't too far off either.

33

00:01:05,000 --> 00:01:07,000

It was, it was not too high.

34

00:01:07,000 --> 00:01:08,000

I can't tell you.

35

00:01:08,000 --> 00:01:12,000

I guess it looked like it was about an inch, if that helped at all.

36

00:01:12,000 --> 00:01:15,000

And there were these red lights coming out of the top.

37

00:01:15,000 --> 00:01:19,000

And as it got over us, I was telling my friends, you know, tell her to come down or something.

38

00:01:19,000 --> 00:01:23,000

And these red lights came out and there's one kind of leaned over, sort of.

39

00:01:23,000 --> 00:01:25,000

And I can't explain that right.

40

00:01:25,000 --> 00:01:27,000

It scanned the area where we were standing.

41

00:01:27,000 --> 00:01:30,000

And then it went just above us, up to this ridge.

42

00:01:30,000 --> 00:01:34,000

The bright light that was in the center went out and three red lights came on.

43

00:01:34,000 --> 00:01:37,000

Then those lights turned yellow and it landed.

44

00:01:37,000 --> 00:01:39,000

It just slowly sat down.

45

00:01:39,000 --> 00:01:42,000

And it was up on this ridge and we got into a jeep real fast.

46

00:01:42,000 --> 00:01:45,000

And it was a windy road, canyon road coming out.

47

00:01:45,000 --> 00:01:49,000

We put out our directions, screwed up, and looked for, I guess, a good hour.

48

00:01:49,000 --> 00:01:50,000

And we couldn't find anything.

49

00:01:50,000 --> 00:01:54,000

And it was dark up there and housewives confused us.

50

00:01:54,000 --> 00:01:57,000

But it was very, very real.

51

00:01:57,000 --> 00:01:59,000

And it was real fast.

52

00:01:59,000 --> 00:02:02,000

And I'll tell you, I've never seen anything like that before.

53

00:02:02,000 --> 00:02:04,000

Okay, now did this object have a definite shape?

54

00:02:04,000 --> 00:02:10,000

Well, when the, okay, we first thought it was just a sort of dome light on the bottom.

55

00:02:10,000 --> 00:02:11,000

Right.

56

00:02:11,000 --> 00:02:14,000

And then red lights up on top, that's all we could see.

57

00:02:14,000 --> 00:02:20,000

But as soon as the dome light went out, these red lights came on and it was in a perfect triangle.

58

00:02:20,000 --> 00:02:25,000

And then as it moved across, it seemed like it was exactly in the same place where the red lights,

59

00:02:25,000 --> 00:02:29,000

where they turned sort of a yellowish light and then it slowly sat down.

60

00:02:29,000 --> 00:02:33,000

It looked like it was almost like a parachute the way it sat down.

61

00:02:33,000 --> 00:02:37,000

It was real slow and it had been moving very rapidly across the sky.

62

00:02:37,000 --> 00:02:41,000

Very rapidly, because it was completely across the horizon.

63

00:02:41,000 --> 00:02:43,000

And within minutes it was above us.

64

00:02:43,000 --> 00:02:45,000

It was really fast.

65

00:02:45,000 --> 00:02:50,000

I wish I could tell you approximately the speed, but I, I had, you know.

66

00:02:50,000 --> 00:02:53,000

Okay, when this thing stopped, did it stop directly overhead?

67

00:02:53,000 --> 00:02:56,000

No, it, it slowed up as it went over us.

68

00:02:56,000 --> 00:02:57,000

Quite a bit.

69

00:02:57,000 --> 00:02:59,000

And then this light came down and kind of swooped down.

70

00:02:59,000 --> 00:03:02,000

Now, when you say this light came down, are you talking about a shaft of light?

71

00:03:02,000 --> 00:03:07,000

No, it was, it was kind of like a, you know, a rotary type of a thing.

72

00:03:07,000 --> 00:03:08,000

It was kind of round.

73

00:03:08,000 --> 00:03:13,000

It sort of swooped down like something was, it was like intelligent, not a,

74

00:03:13,000 --> 00:03:15,000

like, you know, those things in the banks.

75

00:03:15,000 --> 00:03:16,000

Yes.

76

00:03:16,000 --> 00:03:18,000

It was, it was sort of like that.

77

00:03:18,000 --> 00:03:20,000

Only it didn't have a beam of light that came out, but you could see it.

78

00:03:20,000 --> 00:03:23,000

And it was moving, checking out the area where we were standing.

79

00:03:23,000 --> 00:03:26,000

We didn't, we didn't become illuminated at all.

80

00:03:26,000 --> 00:03:31,000

Did that, did that thing that came down, did that actually come out of this other object?

81

00:03:31,000 --> 00:03:32,000

Yes.

82

00:03:32,000 --> 00:03:33,000

Or go away from it?

83

00:03:33,000 --> 00:03:35,000

It was, no, it was actually on the side.

84

00:03:35,000 --> 00:03:36,000

I see, okay.

85

00:03:36,000 --> 00:03:37,000

Oh, it's a thing.

86

00:03:37,000 --> 00:03:42,000

It kind of took it down and, and it's really hard to explain that one part.

87

00:03:42,000 --> 00:03:44,000

I wish I could choose my hands.

88

00:03:44,000 --> 00:03:45,000

Do you want me to send some pictures?

89

00:03:45,000 --> 00:03:46,000

We'd love it, yes.

90

00:03:46,000 --> 00:03:48,000

Not actual pictures, but I'm an artist.

91

00:03:48,000 --> 00:03:49,000

Oh, great.

92

00:03:49,000 --> 00:03:53,000

I can draw some things and I'm sure that the people I'm with would be willing to help.

93

00:03:53,000 --> 00:03:56,000

We all, all of our stories were exactly the same.

94

00:03:56,000 --> 00:03:59,000

We were talking to each other and I would say, well, did you see this?

95

00:03:59,000 --> 00:04:04,000

And they would say, yes, I did, you know, and it was really fascinating.

96

00:04:04,000 --> 00:04:08,000

Has anything like this ever been reported, this kind of an object?

97

00:04:08,000 --> 00:04:10,000

I haven't heard of anything like that.

98

00:04:10,000 --> 00:04:13,000

No, not especially with the object, the scanning from the bottom.

99

00:04:13,000 --> 00:04:15,000

Well, no, it wasn't from the bottom.

100

00:04:15,000 --> 00:04:16,000

That's what I'm trying to explain.

101

00:04:16,000 --> 00:04:17,000

Let me send you a picture.

102

00:04:17,000 --> 00:04:18,000

Okay, fine.

103

00:04:18,000 --> 00:04:19,000

Because it wasn't from the bottom.

104

00:04:19,000 --> 00:04:20,000

That's what was, it weird.

105

00:04:20,000 --> 00:04:22,000

It was almost like it peeked over from the top.

106

00:04:22,000 --> 00:04:26,000

But it did, I, yeah, I'm going to have to talk to my friends and put it down in a way

107

00:04:26,000 --> 00:04:28,000

that it's more comprehensible because it sounds sort of...

108

00:04:28,000 --> 00:04:30,000

About what time did you spot that?

109

00:04:30,000 --> 00:04:35,000

None of us had watches on, but that was probably between, I would say it was probably around

110

00:04:35,000 --> 00:04:37,000

10 to 11.

111

00:04:37,000 --> 00:04:38,000

Okay.

112

00:04:38,000 --> 00:04:39,000

Probably, you know.

113

00:04:39,000 --> 00:04:42,000

No, do you have any estimate on how high that was above you when it came over?

114

00:04:42,000 --> 00:04:44,000

That's what I'm trying to think.

115

00:04:44,000 --> 00:04:47,000

It was, I'd say, let me see.

116

00:04:47,000 --> 00:04:50,000

Okay, there's an airport around here too.

117

00:04:50,000 --> 00:04:55,000

We're at sea level.

118

00:04:55,000 --> 00:05:00,000

It seems like, let me ask, I'm so bad at getting...

119

00:05:00,000 --> 00:05:04,000

Okay, maybe I can do it this way.

120

00:05:04,000 --> 00:05:13,000

It looks about the size of a, like a DC-10 approximately that would be flying at its normal height,

121

00:05:13,000 --> 00:05:15,000

which would be about what?

122

00:05:15,000 --> 00:05:17,000

No, not its normal height.

123

00:05:17,000 --> 00:05:20,000

It would probably be about, let me see, 12,000 or something.

124

00:05:20,000 --> 00:05:21,000

It was that high.

125

00:05:21,000 --> 00:05:22,000

I really can't.

126

00:05:22,000 --> 00:05:27,000

Let me talk to my friends and see if they have a better idea of the distance.

127

00:05:27,000 --> 00:05:29,000

Okay, and this was last night?

128

00:05:29,000 --> 00:05:30,000

Yeah, this was last night.

129

00:05:30,000 --> 00:05:31,000

This was really exciting.

130

00:05:31,000 --> 00:05:33,000

Did you hear any sound?

131

00:05:33,000 --> 00:05:34,000

No, nothing.

132

00:05:34,000 --> 00:05:35,000

Or is it silent?

133

00:05:35,000 --> 00:05:40,000

That's where we, where we really, well, we knew from, okay, we knew from the beginning

134

00:05:40,000 --> 00:05:45,000

when we saw this thing that it was something very unusual because it was a huge light.

135

00:05:45,000 --> 00:05:50,000

It was just, just, it was larger than Venus' on its brightest, clearest night.

136

00:05:50,000 --> 00:05:53,000

It was almost misty in the air.

137

00:05:53,000 --> 00:05:56,000

The stars all had a little bit of a fog glow around.

138

00:05:56,000 --> 00:06:00,000

But, oh boy, this was really something to see, I'll tell you.

139

00:06:00,000 --> 00:06:04,000

Do you think that this thing, dear, did you have the feeling that it had your group picked

140

00:06:04,000 --> 00:06:07,000

and it came in specifically to check you out?

141

00:06:07,000 --> 00:06:10,000

It seemed like it because it was just sitting there.

142

00:06:10,000 --> 00:06:16,000

It came right around and then I was staying out to land, you know, and I was with the...

143

00:06:16,000 --> 00:06:21,000

Well, one other person was really excited about it too and the other person was very scared

144

00:06:21,000 --> 00:06:24,000

and I was wondering if maybe that had something to do with it.

145

00:06:24,000 --> 00:06:28,000

I imagine if they can see us and do all this, they can tell what we're feeling.

146

00:06:28,000 --> 00:06:36,000

There's, we've seen a mark pattern where in cases where fright or hysteria is, takes place, they have backed off.

147

00:06:36,000 --> 00:06:39,000

Yeah, that's, I'll tell you, that's what I think happened because I was into it.

148

00:06:39,000 --> 00:06:42,000

I was calling them, so, you know, come on down.

149

00:06:42,000 --> 00:06:46,000

I was doing it out loud, screaming at them and they did land then.

150

00:06:46,000 --> 00:06:49,000

They stopped right above us and landed and we couldn't find them.

151

00:06:49,000 --> 00:06:51,000

So we are going back up today.

152

00:06:51,000 --> 00:06:56,000

I thought that that might be it, the fear, and so we are going to go back up today

153

00:06:56,000 --> 00:07:02,000

and I think in the daytime we can get our directions better and I know we, as we really go to it,

154

00:07:02,000 --> 00:07:04,000

I know we can find where they landed.

155

00:07:04,000 --> 00:07:06,000

Okay, how many were there in your party?

156

00:07:06,000 --> 00:07:07,000

There were three of us.

157

00:07:07,000 --> 00:07:08,000

Three, okay.

158

00:07:08,000 --> 00:07:14,000

And then we did go back and get another man and woman that had achieved and we all went up.

159

00:07:14,000 --> 00:07:16,000

That boy out there, it starts up there.

160

00:07:16,000 --> 00:07:17,000

I imagine.

161

00:07:17,000 --> 00:07:20,000

So there were lights around in certain areas.

162

00:07:20,000 --> 00:07:24,000

We kept looking for something unusual, but you know, there's houses up there and they're, they're,

163

00:07:24,000 --> 00:07:29,000

it's a very nice and rich area so they're far and few in between.

164

00:07:29,000 --> 00:07:34,000

And then there's car lights and you know, we were just going, by that time we were going on anything.

165

00:07:34,000 --> 00:07:36,000

Okay, where did you get her number?

166

00:07:36,000 --> 00:07:39,000

Oh, I got it from the tower down at Barb Air Force.

167

00:07:39,000 --> 00:07:40,000

Okay.

168

00:07:40,000 --> 00:07:44,000

I thought maybe if anybody had radar on someone else, might have picked it up too,

169

00:07:44,000 --> 00:07:47,000

but evidently they don't have any of this type of data.

170

00:07:47,000 --> 00:07:52,000

Okay, well if we can get an investigator in to talk to you, would you talk to him?

171

00:07:52,000 --> 00:07:53,000

Sure.

172

00:07:53,000 --> 00:07:54,000

Okay.

173

00:07:54,000 --> 00:07:57,000

Sure, but I'd like the other people too also so we can get, you know, all the information down correctly too

174

00:07:57,000 --> 00:07:59,000

because this was very exciting.

175

00:07:59,000 --> 00:08:00,000

I'll tell you.

176

00:08:00,000 --> 00:08:02,000

And I'm going to go ahead then.

177

00:08:02,000 --> 00:08:05,000

We're going up today to find the place that they landed hopefully.

178

00:08:05,000 --> 00:08:06,000

Okay.

179

00:08:06,000 --> 00:08:07,000

Okay.

180

00:08:07,000 --> 00:08:08,000

Beautiful.

181

00:08:08,000 --> 00:08:09,000

And we sure appreciate this report.

182

00:08:09,000 --> 00:08:11,000

Oh, this was really exciting for me too.

183

00:08:11,000 --> 00:08:15,000

I just hope I would, would have loved to have been able to see them and talk to them.

184

00:08:15,000 --> 00:08:17,000

You know, there's still hope I'm going up today.

185

00:08:17,000 --> 00:08:20,000

Okay, you've seen anything like this in class?

186

00:08:20,000 --> 00:08:21,000

I never have.

187

00:08:21,000 --> 00:08:27,000

And you know, I flew for an airline and I'll tell you, I've looked and this, this was so unusual because we were just, we were in awe.

188

00:08:27,000 --> 00:08:29,000

I don't know how to explain this.

189

00:08:29,000 --> 00:08:31,000

Okay, well thanks again.

190

00:08:31,000 --> 00:08:34,000

Okay, thank you and I'll get in touch if I find anything.

191

00:08:34,000 --> 00:08:35,000

Okay.

192

00:08:35,000 --> 00:08:36,000

All right.

193

00:08:36,000 --> 00:08:37,000

Bye-bye.
