

1

00:00:00,000 --> 00:00:05,000

One cow, yeah, one deer.

2

00:00:05,000 --> 00:00:10,000

Left eye has been removed and the whole victim.

3

00:00:10,000 --> 00:00:12,000

Perfect.

4

00:00:12,000 --> 00:00:17,000

I don't know, I'm not an expert on that stuff right now,

5

00:00:17,000 --> 00:00:20,000

but I've never seen that before.

6

00:00:23,000 --> 00:00:26,000

It's fantastic. Is that too far away from Everett?

7

00:00:26,000 --> 00:00:28,000

No, just a couple miles.

8

00:00:28,000 --> 00:00:33,000

The farmer's field was fresh.

9

00:00:33,000 --> 00:00:35,000

The field was fresh?

10

00:00:35,000 --> 00:00:39,000

Yeah, I mean, it happened not too long ago.

11

00:00:39,000 --> 00:00:42,000

Yeah, but then the last 24 hours.

12

00:00:42,000 --> 00:00:49,000

Apparently they started the field yesterday and last night.

13

00:00:49,000 --> 00:00:54,000

And then they noticed that it was today and laying down there.

14

00:00:55,000 --> 00:00:57,000

It's a good day.

15

00:00:57,000 --> 00:01:07,000

But I took two sheriff's deputies out here and they got around a civil defense here.

16

00:01:07,000 --> 00:01:17,000

They run a, what do you call it, radiation level death.

17

00:01:17,000 --> 00:01:19,000

That proved negative.

18

00:01:19,000 --> 00:01:27,000

But it was dark and cold and they didn't take too big of an area.

19

00:01:27,000 --> 00:01:34,000

Anyhow, you want to come up and we'll look at it?

20

00:01:34,000 --> 00:01:38,000

Yeah, did you get a chance to talk to Jacob?

21

00:01:38,000 --> 00:01:42,000

I didn't know I was too damn busy down there and I couldn't talk to anybody.

22

00:01:42,000 --> 00:01:45,000

But I don't have his number anymore or anything.

23

00:01:45,000 --> 00:01:53,000

Yeah, because I call him and he's pretty anxious to get up there and see it.

24

00:01:53,000 --> 00:01:58,000

Hey, well, we're going out here at 11 o'clock tomorrow.

25

00:01:58,000 --> 00:02:02,000

See, you guys can get up here but sometime before that, right?

26

00:02:02,000 --> 00:02:06,000

We're going to leave from your place at 11 or have to be out there by 11?

27

00:02:06,000 --> 00:02:08,000

Well, leave here probably about 10.30.

28

00:02:08,000 --> 00:02:12,000

Okay.

29

00:02:12,000 --> 00:02:14,000

I don't know what all Jake wants down there.

30

00:02:14,000 --> 00:02:20,000

There was no way to, by the time we got out there, there had already been the deputies

31

00:02:20,000 --> 00:02:25,000

and the guys in civil defense had walked around the area, you know.

32

00:02:25,000 --> 00:02:28,000

So it was kind of grassy and a little muddy.

33

00:02:28,000 --> 00:02:33,000

And there was a thousand hoof footprints that I could see there.

34

00:02:33,000 --> 00:02:37,000

And I don't imagine they disturbed too much around there.

35

00:02:37,000 --> 00:02:41,000

The guy's not going to tell anybody about it.

36

00:02:41,000 --> 00:02:48,000

And he's only going to let us in tomorrow.

37

00:02:48,000 --> 00:02:55,000

Great. Well, let's see.

38

00:02:55,000 --> 00:03:03,000

You know, Jake had the first thing in the morning and see if we can't get together and get up there.

39

00:03:03,000 --> 00:03:06,000

Okay, real good. I'll be looking for you.

40

00:03:06,000 --> 00:03:10,000

Yeah, I have my opinion. I mean, I'm just looking at the thing.

41

00:03:10,000 --> 00:03:17,000

My first thought was, you know, after that article came out and everything, somebody was just going out and messing around.

42

00:03:17,000 --> 00:03:25,000

But Jesus Christ, that hole is a perfect five inch diameter.

43

00:03:25,000 --> 00:03:31,000

And it's just cut beautifully. You can't believe it.

44

00:03:31,000 --> 00:03:34,000

Hmm. A positive pattern.

45

00:03:34,000 --> 00:03:39,000

Yeah, yeah. It's not going to get me excited, you know.

46

00:03:39,000 --> 00:03:43,000

Because I have all reports, I read everything. I never did expect to see one.

47

00:03:43,000 --> 00:03:46,000

Right.

48

00:03:46,000 --> 00:03:52,000

And then we've had the Sasquatch report out there too.

49

00:03:52,000 --> 00:03:54,000

Uh-huh.

50

00:03:54,000 --> 00:03:59,000

Same area. So, I don't know.

51

00:03:59,000 --> 00:04:01,000

What was that?

52

00:04:01,000 --> 00:04:06,000

Oh, let's see. We had two of them. One was from a couple of kids in Lake Stephen.

53

00:04:06,000 --> 00:04:16,000

It was just down the other side of the lake. And another was from a guy in Lake Cassidy, which is only, you know, a couple miles away.

54

00:04:16,000 --> 00:04:18,000

Hmm.

55

00:04:18,000 --> 00:04:22,000

Gall's reported footprints.

56

00:04:22,000 --> 00:04:28,000

And the deputies that went out and investigated couldn't find the girls again.

57

00:04:28,000 --> 00:04:35,000

I don't know how they lost them or their names or whatever, but I couldn't get any further information there.

58

00:04:35,000 --> 00:04:48,000

And then this guy over on Lake Cassidy said he saw what appeared to be about a nine foot tall hairy

thing standing outside Longheath's house out there.

59

00:04:48,000 --> 00:04:54,000

And he's been having an inability to hold him either, so I don't know what his story is.

60

00:04:54,000 --> 00:05:03,000

We've got the deputies working on it. You know, if they come up with something forming, get in touch with the guy, but not as far as we've got.

61

00:05:03,000 --> 00:05:07,000

Hmm, great.

62

00:05:07,000 --> 00:05:13,000

Well, I'll get a hold of Jacob as early as I can. I know Darren well, he wants to go up.

63

00:05:13,000 --> 00:05:16,000

Oh, yeah.

64

00:05:16,000 --> 00:05:21,000

Well, I talked to the guy. I appreciated he just left the thing there.

65

00:05:21,000 --> 00:05:26,000

And, you know, didn't do anything with it until we got out there and worked it all over.

66

00:05:26,000 --> 00:05:30,000

The guy's pretty agreeable, so we ought to be able to just do whatever we want.

67

00:05:30,000 --> 00:05:38,000

He's thinking about calling a vet, but I think he was kind of worried about the money, so I don't know what he's going to do there.

68

00:05:38,000 --> 00:05:50,000

So I tried to hand one down there to the defense, and he said he thinks he could get the assistant's corner to go out with us and just give us a preliminary check of it.

69

00:05:50,000 --> 00:05:52,000

Which would be better than nothing, I guess.

70

00:05:52,000 --> 00:05:53,000

Great.

71

00:05:53,000 --> 00:06:01,000

You know, the guy hasn't had a low experience of infusions and stuff, so.

72

00:06:01,000 --> 00:06:04,000

Okay, now, what time are you going to leave your place?

73

00:06:04,000 --> 00:06:06,000

I'll leave here about 10.30.

74

00:06:06,000 --> 00:06:12,000

Okay. Well, I'll get the hold of Jacob, and if I don't get a hold of him, I'll probably come up anyway.

75

00:06:12,000 --> 00:06:13,000

Robert Gribble.

76

00:06:13,000 --> 00:06:14,000

Jerry Phillips.

77

00:06:14,000 --> 00:06:16,000

Yes, what? Jerry Phillips.

78

00:06:16,000 --> 00:06:19,000

Aha, yes, yes.

79

00:06:19,000 --> 00:06:22,000

A terrible way to conduct an investigation, huh?

80

00:06:22,000 --> 00:06:23,000

Okay.

81

00:06:23,000 --> 00:06:26,000

A little bit of monsoon.

82

00:06:26,000 --> 00:06:32,000

Yeah, we wait for 20 years for something like that to happen, and I'm not even ready with the right clothes.

83

00:06:32,000 --> 00:06:34,000

Well, I'm not either, to believe it.

84

00:06:34,000 --> 00:06:36,000

It's perfect.

85

00:06:36,000 --> 00:06:48,000

Anyhow, the coroner came up, and he brought Dr. Diamond, which is an outstanding veterinarian here in town, to well over the Kirkus.

86

00:06:49,000 --> 00:06:52,000

And they were quite amazed.

87

00:06:52,000 --> 00:06:57,000

There's no wound at all inside the eye socket.

88

00:06:57,000 --> 00:07:01,000

No visible evidence of what caused the death at all.

89

00:07:01,000 --> 00:07:03,000

There's no other marks on the body, anyone.

90

00:07:03,000 --> 00:07:05,000

It's very direct to money high.

91

00:07:06,000 --> 00:07:09,000

So how it was killed, we don't know yet.

92

00:07:09,000 --> 00:07:17,000

But I asked the veterinary after he got to check on it, if he could duplicate it.

93

00:07:17,000 --> 00:07:19,000

And he said no way.

94

00:07:19,000 --> 00:07:27,000

He said there was no way possible he could duplicate it with his equipment, equipment we got.

95

00:07:27,000 --> 00:07:34,000

Even under good circumstances, but not on the goddamn field in the middle of the night, you know.

96

00:07:34,000 --> 00:07:35,000

Right.

97

00:07:35,000 --> 00:07:39,000

And he said it was the cleanest cut he'd ever saw.

98

00:07:39,000 --> 00:07:45,000

Also, there's some type of burn around it.

99

00:07:46,000 --> 00:07:50,000

What he said was, to him, looked like it was cauterized.

100

00:07:50,000 --> 00:07:54,000

But I don't know, you know.

101

00:07:56,000 --> 00:08:05,000

So we've got a good pathologist here in town, and Diamond was going to get ahold of Dr. Darling.

102

00:08:05,000 --> 00:08:10,000

There was another vet who worked strictly on research on animals.

103

00:08:10,000 --> 00:08:21,000

And they're going to take part of the incision and blood samples and all that stuff, and really do a job on it.

104

00:08:21,000 --> 00:08:22,000

Oh, right.

105

00:08:22,000 --> 00:08:30,000

So we're lucky and out of respect for getting some real professional opinions, and should have some pretty good reports.

106

00:08:30,000 --> 00:08:31,000

Fantastic.

107

00:08:31,000 --> 00:08:35,000

So far everything is going right, are we?

108

00:08:35,000 --> 00:08:38,000

Do you think we'll have any problem getting these reports and writing?

109

00:08:38,000 --> 00:08:41,000

No, I don't think so at all.

110

00:08:41,000 --> 00:08:50,000

I'll let Dave handle that, and if Dave can't take care of something like that, I'll give up.

111

00:08:53,000 --> 00:08:56,000

At least by Dave, he can handle stuff like that.

112

00:08:56,000 --> 00:08:58,000

Sure, great to have the right contacts, isn't it?

113

00:08:58,000 --> 00:08:59,000

Right.

114

00:08:59,000 --> 00:09:00,000

Damn.

115

00:09:00,000 --> 00:09:01,000

We've got to line them all up.

116

00:09:01,000 --> 00:09:04,000

Does that farm we're going to keep any other onlookers out of there?

117

00:09:04,000 --> 00:09:05,000

Right.

118

00:09:05,000 --> 00:09:11,000

In fact, he wants me to get ahold of the paper and hit all the guys that were out there.

119

00:09:11,000 --> 00:09:16,000

He requests not to have any vet dressed or naming them.

120

00:09:16,000 --> 00:09:18,000

Just a general location.

121

00:09:18,000 --> 00:09:24,000

But he definitely doesn't want anybody else out there.

122

00:09:24,000 --> 00:09:26,000

Yeah, kind of make it official.

123

00:09:26,000 --> 00:09:27,000

Right.

124

00:09:27,000 --> 00:09:33,000

We told him that if anybody did show up and he had any type of problem whatsoever, just call the Sheriff's Department.

125

00:09:33,000 --> 00:09:36,000

We'd get an officer up there and straighten it out.

126

00:09:36,000 --> 00:09:38,000

Yeah, great.

127

00:09:38,000 --> 00:09:39,000

Fantastic.

128

00:09:39,000 --> 00:09:41,000

I couldn't believe it.

129

00:09:41,000 --> 00:09:43,000

I'm still shaking my head over that.

130

00:09:43,000 --> 00:09:44,000

I am, too.

131

00:09:44,000 --> 00:09:46,000

I haven't had five minutes.

132

00:09:46,000 --> 00:09:48,000

I've got to straighten it out.

133

00:09:48,000 --> 00:09:54,000

Yeah, now we know what all those farmers have been going through back in the Midwest.

134

00:09:54,000 --> 00:09:55,000

Right.

135

00:09:55,000 --> 00:09:56,000

Well, that's what I say.

136

00:09:56,000 --> 00:10:02,000

That's the difference about reading about all that stuff and knowing about it, but going up there and seeing it.

137

00:10:02,000 --> 00:10:03,000

Yeah.

138

00:10:03,000 --> 00:10:06,000

I got 25 pictures.

139

00:10:06,000 --> 00:10:08,000

Yeah, maybe one.

140

00:10:08,000 --> 00:10:12,000

Well, I got about 70 feet of film.

141

00:10:12,000 --> 00:10:14,000

I don't know whether it's going to be any good or not.

142

00:10:14,000 --> 00:10:18,000

And that kind of weather and everything, you know.

143

00:10:18,000 --> 00:10:22,000

But, uh, I'm the defense guy.

144

00:10:22,000 --> 00:10:26,000

He wants to take 25 pictures with his camera.

145

00:10:26,000 --> 00:10:27,000

Oh, beautiful.

146

00:10:27,000 --> 00:10:31,000

Yeah, he's got a real sophisticated job there that really gets down and takes some beautiful ones.

147

00:10:31,000 --> 00:10:32,000

Real close-ups.

148

00:10:32,000 --> 00:10:33,000

Yeah.

149

00:10:33,000 --> 00:10:34,000

Yeah, great.

150

00:10:34,000 --> 00:10:39,000

Yeah, also the owners got quite a few.

151

00:10:39,000 --> 00:10:40,000

Oh, someone?

152

00:10:40,000 --> 00:10:41,000

Oh.

153

00:10:41,000 --> 00:10:46,000

Well, I'm sure glad that he found that when he did and reported it right away.

154

00:10:46,000 --> 00:10:47,000

Oh, yeah.

155

00:10:47,000 --> 00:10:48,000

Yeah.

156

00:10:48,000 --> 00:10:49,000

Okay, do you think he's caught?

157

00:10:49,000 --> 00:10:52,000

Everything just went right down the line, you know.

158

00:10:52,000 --> 00:10:53,000

I can't believe it.

159

00:10:53,000 --> 00:10:57,000

I would thank Dave for getting all these other people involved, you know.

160

00:10:57,000 --> 00:10:58,000

Yeah.

161

00:10:58,000 --> 00:11:01,000

Especially when he got Hamlin and Gull from the defense.

162

00:11:01,000 --> 00:11:05,000

And Hamlin got curious, so he made way for the corner.

163

00:11:05,000 --> 00:11:07,000

And the corner got curious, and he brought the bed.

164

00:11:07,000 --> 00:11:08,000

No charge.

165

00:11:08,000 --> 00:11:12,000

And they're going to get the pathologist and everything.

166

00:11:12,000 --> 00:11:15,000

There'll be no charge and no free gratis.

167

00:11:15,000 --> 00:11:16,000

So.

168

00:11:16,000 --> 00:11:17,000

You talked to him?

169

00:11:17,000 --> 00:11:19,000

Yeah, that could be a very, very important case.

170

00:11:19,000 --> 00:11:20,000

Yeah.

171

00:11:20,000 --> 00:11:22,000

It is a whole mystery.

172

00:11:22,000 --> 00:11:24,000

Better believe it.

173

00:11:25,000 --> 00:11:29,000

Like I say, we're lucky to have all the professional help.

174

00:11:29,000 --> 00:11:36,000

Even, you know, when it's the first case and everything up here, it's next time now.

175

00:11:36,000 --> 00:11:38,000

Everybody will know what to do.

176

00:11:38,000 --> 00:11:39,000

Right.

177

00:11:39,000 --> 00:11:40,000

So to get ahold of.

178

00:11:40,000 --> 00:11:41,000

Yeah.

179

00:11:41,000 --> 00:11:44,000

Oh, that's fantastic.

180

00:11:44,000 --> 00:11:47,000

So that's where it is as of now.

181

00:11:47,000 --> 00:11:49,000

We all left at the same time.

182

00:11:49,000 --> 00:11:54,000

And when they got back to town, Hamlin was going to get ahold of this Dr. Darlin.

183

00:11:54,000 --> 00:12:00,000

And they were going to buzz right back out there and do another survey on a thing.

184

00:12:00,000 --> 00:12:05,000

And I guess this guy is really supposed to be good at this darling.

185

00:12:05,000 --> 00:12:08,000

And this is the pathologist.

186

00:12:08,000 --> 00:12:09,000

Yeah.

187

00:12:09,000 --> 00:12:14,000

And according to this diamond, he said he'd rather work on animals than eat.

188

00:12:14,000 --> 00:12:16,000

So research, you know.

189

00:12:16,000 --> 00:12:17,000

Eat.

190

00:12:17,000 --> 00:12:23,000

So he's a diamond puppet when he got out there that the guy wouldn't rest until he

191

00:12:23,000 --> 00:12:25,000

came off with some answers.

192

00:12:25,000 --> 00:12:27,000

That sounds pretty good.

193

00:12:27,000 --> 00:12:28,000

Great.

194

00:12:28,000 --> 00:12:29,000

Fantastic.

195

00:12:29,000 --> 00:12:33,000

And I'll get Dave working on all these reports.

196

00:12:33,000 --> 00:12:39,000

He ought to be able to filter out most of them, but he don't want to go to some other channel.

197

00:12:39,000 --> 00:12:40,000

Great.

198

00:12:40,000 --> 00:12:41,000

Great.

199

00:12:41,000 --> 00:12:42,000

OK.

200

00:12:42,000 --> 00:12:43,000

OK.

201

00:12:43,000 --> 00:12:44,000

OK.

202

00:12:44,000 --> 00:12:45,000

OK.

203

00:12:45,000 --> 00:12:46,000

OK.

204

00:12:46,000 --> 00:12:47,000

OK.

205

00:12:47,000 --> 00:12:51,000

But I really got to kick out a diamond that he got through at that corner or two of that.

206

00:12:51,000 --> 00:12:56,000

I said, after a nice, military old down there, could you duplicate that job?

207

00:12:56,000 --> 00:12:58,000

And he said no way.

208

00:12:58,000 --> 00:13:05,000

So he can't believe an instrument could cut like that.

209

00:13:05,000 --> 00:13:09,000

So just separated everything beautifully.

210

00:13:09,000 --> 00:13:13,000

No edges, no hairs, no nothing, you know.

211

00:13:13,000 --> 00:13:14,000

Yeah.

212

00:13:14,000 --> 00:13:19,000

He said just like somebody had had something that just rinsed in there and took everything

213

00:13:19,000 --> 00:13:21,000

out, one clean shot.

214

00:13:21,000 --> 00:13:22,000

Yeah.

215

00:13:22,000 --> 00:13:25,000

I suspect lasers.

216

00:13:25,000 --> 00:13:28,000

Well, that's what I'd do.

217

00:13:28,000 --> 00:13:35,000

I asked him if he'd ever go read anything or had any contact with any type of laser equipment.

218

00:13:35,000 --> 00:13:39,000

He said no, he didn't get a chance from anything on that.

219

00:13:39,000 --> 00:13:48,000

But he said there's definitely a shows inside that cut, a burn all the way around of some

220

00:13:48,000 --> 00:13:54,000

type, just like you would cauterize a wound, you know.

221

00:13:54,000 --> 00:13:56,000

Did they take any blood samples?

222

00:13:56,000 --> 00:13:57,000

Not at that time.

223

00:13:57,000 --> 00:14:02,000

They were going back in town and get this other doctor and then they were going out and

224

00:14:02,000 --> 00:14:05,000

gather up everything they needed from him.

225

00:14:05,000 --> 00:14:10,000

And they're going to try to see if it was tranquilized or anything like that.

226

00:14:10,000 --> 00:14:14,000

Like I say, he felt way down in the eye socket, the bone cavity, everything.

227

00:14:14,000 --> 00:14:19,000

They said everything is intact or no damage, there's no bullet wound or anything.

228

00:14:19,000 --> 00:14:21,000

Nothing went through the eye.

229

00:14:21,000 --> 00:14:26,000

He couldn't believe it, it was just cut out and just lifted right out.

230

00:14:26,000 --> 00:14:29,000

Nothing was torn or anything.

231

00:14:29,000 --> 00:14:30,000

Yeah.

232

00:14:30,000 --> 00:14:35,000

Yeah, there's some very sophisticated somebody's working on these things.

233

00:14:35,000 --> 00:14:37,000

Well, I guess.

234

00:14:37,000 --> 00:14:41,000

I don't want to get too far into this business.

235

00:14:41,000 --> 00:14:44,000

I got enough to worry about the UFOs.

236

00:14:44,000 --> 00:14:46,000

You know, it's a mystery all in itself.

237

00:14:46,000 --> 00:14:47,000

Yeah, it is.

238

00:14:47,000 --> 00:14:51,000

It's something that would take a person full time working on it.

239

00:14:51,000 --> 00:14:52,000

Right.

240

00:14:52,000 --> 00:14:55,000

Well, I got to go along with Jake.

241

00:14:55,000 --> 00:15:01,000

I think probably, probably if we're going again in the near future.

242

00:15:01,000 --> 00:15:05,000

Somewhere in the area, I think, you know.

243

00:15:05,000 --> 00:15:10,000

Yeah, the big question now is did that article trigger any of this?

244

00:15:10,000 --> 00:15:14,000

Well, I spent thinking about that too, you know.

245

00:15:14,000 --> 00:15:19,000

That was my first thought, but I don't know.

246

00:15:19,000 --> 00:15:22,000

It's just too smooth.

247

00:15:22,000 --> 00:15:35,000

When I think about people, dropping around down there at midnight, you know, doing a job like that in the dark, I just, I can't feature it.

248

00:15:35,000 --> 00:15:37,000

I mean ordinary people.

249

00:15:37,000 --> 00:15:40,000

No, it's, uh...

250

00:15:40,000 --> 00:15:46,000

And I can't feature some guy reading the paper and saying, oh, well, I'm going to go out and show these guys some, you know.

251

00:15:46,000 --> 00:15:47,000

Yeah, oh yeah.

252

00:15:47,000 --> 00:15:49,000

Definitely can't be that.

253

00:15:49,000 --> 00:15:50,000

Yeah.

254

00:15:50,000 --> 00:15:54,000

But then again, you get that one down on the chuseul.

255

00:15:54,000 --> 00:16:00,000

You know, why ever?

256

00:16:00,000 --> 00:16:04,000

Yeah, well, there's so many lies, you know, and ifs and wrongs.

257

00:16:04,000 --> 00:16:06,000

There's enough to drive a man out of his mind.

258

00:16:06,000 --> 00:16:08,000

Right, yeah.

259

00:16:08,000 --> 00:16:11,000

Well, that would give some of those professionals something to think about.

260

00:16:11,000 --> 00:16:12,000

Right.

261

00:16:12,000 --> 00:16:14,000

I'd be glad to hear some of their opinions.

262

00:16:14,000 --> 00:16:17,000

They might do some talking around and come up with some more information.

263

00:16:17,000 --> 00:16:21,000

Right, also, the coroner gave me a good UFO report.

264

00:16:21,000 --> 00:16:22,000

Really?

265

00:16:22,000 --> 00:16:23,000

Right.

266

00:16:23,000 --> 00:16:26,000

He, uh, said he had called you.

267

00:16:26,000 --> 00:16:29,000

He called Payne Field and they gave him your number.

268

00:16:29,000 --> 00:16:32,000

And he called it, uh, and they said it was disconnected.

269

00:16:32,000 --> 00:16:36,000

This was February 26.

270

00:16:36,000 --> 00:16:37,000

This year?

271

00:16:37,000 --> 00:16:38,000

Yeah.

272

00:16:38,000 --> 00:16:42,000

So I'll have to call Payne Field to see what the hell number they got out there.

273

00:16:42,000 --> 00:16:44,000

And what number they gave him.

274

00:16:44,000 --> 00:16:46,000

Yeah, they could still have our own number.

275

00:16:46,000 --> 00:16:47,000

Yeah.

276

00:16:47,000 --> 00:16:51,000

So, uh, it was disconnected, so he just dropped it.

277

00:16:51,000 --> 00:16:56,000

But then today, he heard that I was with you guys down in Phenomenal Research.

278

00:16:56,000 --> 00:17:00,000

He got me off the corner and gave me the story.

279

00:17:00,000 --> 00:17:08,000

But it was February 26, that 220th, and, uh, between high five and 99.

280

00:17:08,000 --> 00:17:10,000

Real good sighting.

281

00:17:10,000 --> 00:17:12,000

Triangle.

282

00:17:12,000 --> 00:17:15,000

White lights on all three points.

283

00:17:15,000 --> 00:17:18,000

Red light in the center and flashing.

284

00:17:18,000 --> 00:17:24,000

He said the thing wasn't probably any bigger than a man.

285

00:17:24,000 --> 00:17:26,000

One man would be able to get inside of it.

286

00:17:26,000 --> 00:17:29,000

Even if anybody was operating.

287

00:17:29,000 --> 00:17:31,000

Just floating along, no noise.

288

00:17:31,000 --> 00:17:34,000

He got out of the car and everything and listened.

289

00:17:34,000 --> 00:17:40,000

Slowly, about 500 feet near South, going South.

290

00:17:40,000 --> 00:17:44,000

I thought maybe you could look up around that date and see if he had anything.

291

00:17:44,000 --> 00:17:47,000

Hey, you want to hang on a minute and grab the card?

292

00:17:47,000 --> 00:17:48,000

Okay.

293

00:17:48,000 --> 00:17:49,000

Okay.

294

00:17:49,000 --> 00:17:52,000

No, nothing local, just mom, 10 in Texas.

295

00:17:52,000 --> 00:17:53,000

Okay.

296

00:17:53,000 --> 00:17:59,000

Ma'am, I told Eve, he was real interested in me to get back to him if he did have any other people

on it.

297

00:17:59,000 --> 00:18:01,000

Uh-huh.

298

00:18:01,000 --> 00:18:04,000

So, you know, I sure like to know what they're doing.

299

00:18:04,000 --> 00:18:10,000

Giving out our bad number or maybe the phone company is goofed again.

300

00:18:10,000 --> 00:18:12,000

Well, that's what I was thinking.

301

00:18:12,000 --> 00:18:15,000

I told him, I said, I don't think that number was ever disconnected.

302

00:18:15,000 --> 00:18:17,000

I know we changed numbers.

303

00:18:17,000 --> 00:18:18,000

No.

304

00:18:18,000 --> 00:18:22,000

But, uh, anyhow, I'm going to call with Tower Act.

305

00:18:22,000 --> 00:18:24,000

I'll see what number they do have out there.

306

00:18:24,000 --> 00:18:32,000

Now, I'll tell you, we had a deal here about, uh, well, I'd say it was just about a month or so ago that, uh,

307

00:18:32,000 --> 00:18:35,000

you see, we had two incoming lines.

308

00:18:35,000 --> 00:18:36,000

Okay.

309

00:18:36,000 --> 00:18:40,000

We dropped one temporarily because we were just not, we weren't using it enough.

310

00:18:40,000 --> 00:18:41,000

It was coming in.

311

00:18:41,000 --> 00:18:45,000

Now, when the phone company dropped it, they forgot to disconnect.

312

00:18:45,000 --> 00:18:47,000

In other words, these are drop-over lines.

313

00:18:47,000 --> 00:18:48,000

Right.

314

00:18:48,000 --> 00:18:49,000

Okay.

315

00:18:49,000 --> 00:18:58,000

They forgot to disconnect that line from the line one, which would be line one and then drop-over

to line two.

316

00:18:58,000 --> 00:19:02,000

Well, they forgot to disconnect whatever they're supposed to disconnect.

317

00:19:02,000 --> 00:19:09,000

And, uh, if I was on line one and somebody called in instead of getting a busy signal,

318

00:19:09,000 --> 00:19:17,000

they got, it dropped over to line two and then automatic intercept by the operator saying that the thing is disconnected.

319

00:19:17,000 --> 00:19:18,000

That's probably what happened there.

320

00:19:18,000 --> 00:19:25,000

Because I had one other person tell me about that and I called the phone company and they said that their whole computer down there had screwed up.

321

00:19:25,000 --> 00:19:26,000

Okay.

322

00:19:26,000 --> 00:19:35,000

Well, at any rate, I gave him a new card, you know, I'll call Tain and make sure they've got a new number down there.

323

00:19:35,000 --> 00:19:36,000

Okay.

324

00:19:36,000 --> 00:19:38,000

I'm going to get to work here.

325

00:19:38,000 --> 00:19:39,000

Okay.

326

00:19:39,000 --> 00:19:40,000

That's a bit waiting for me there.

327

00:19:40,000 --> 00:19:41,000

Thanks a lot, Jerry.

328

00:19:41,000 --> 00:19:43,000

So anything comes up, I'll get back to you.

329

00:19:43,000 --> 00:19:44,000

Okay.

330

00:19:44,000 --> 00:19:45,000

Great.

331

00:19:45,000 --> 00:19:46,000

Okay.

332

00:19:46,000 --> 00:19:47,000

Thanks.
