

1

00:00:00,000 --> 00:00:04,000

Is it in the same section of the sky?

2

00:00:04,000 --> 00:00:08,000

Yeah, right.

3

00:00:08,000 --> 00:00:13,000

Now you say that this is round. Do you mean round like a ball or just circular and flat?

4

00:00:13,000 --> 00:00:15,000

Circular and flat.

5

00:00:15,000 --> 00:00:19,000

Okay, can you actually see an object or are you just seeing lights?

6

00:00:19,000 --> 00:00:25,000

No, I can see the object. Now it's going in distance, but now it's going...

7

00:00:25,000 --> 00:00:29,000

It's above...it's going now, it's going farther away.

8

00:00:29,000 --> 00:00:32,000

Was this directly overhead?

9

00:00:32,000 --> 00:00:37,000

Yeah, this is right over my head in my house. Not now, but it's not now, but when I saw it was.

10

00:00:37,000 --> 00:00:41,000

Okay, then it appeared to be just circling directly overhead at all times.

11

00:00:41,000 --> 00:00:42,000

Yeah, right.

12

00:00:42,000 --> 00:00:47,000

Okay, now getting back to the object itself, how big would you say it was? Can you compare it with anything?

13

00:00:47,000 --> 00:00:52,000

Oh, well, I hope outside of a banner truck, white.

14

00:00:52,000 --> 00:00:55,000

Okay, and what color were the lights again?

15

00:00:55,000 --> 00:00:58,000

It's red light and it's white light.

16

00:00:58,000 --> 00:01:01,000

Just one red light and one light, white light?

17

00:01:01,000 --> 00:01:03,000

Yeah, flashing off and on.

18

00:01:03,000 --> 00:01:06,000

Okay, could you actually see the surface of this object?

19

00:01:06,000 --> 00:01:12,000

Well, I didn't see the surface of it, I just saw it, you know, the light kind of cleared it out, but I saw it was round.

20

00:01:12,000 --> 00:01:16,000

Okay, was this quite low?

21

00:01:16,000 --> 00:01:21,000

It was, I bet it was in the morning, 150 feet over my head, on the house.

22

00:01:21,000 --> 00:01:25,000

And it was, I'm not mad, so I got two people here seeing it, now it's going away now.

23

00:01:25,000 --> 00:01:29,000

Okay, now, and you say you saw this when you stepped out doors?

24

00:01:29,000 --> 00:01:30,000

Yeah.

25

00:01:30,000 --> 00:01:32,000

Okay.

26

00:01:32,000 --> 00:01:35,000

It's coming back this way again.

27

00:01:35,000 --> 00:01:39,000

Okay, and you didn't hear any sound at all?

28

00:01:39,000 --> 00:01:44,000

Well, I wasn't, I really couldn't tell you because you know, it was just freaking me out looking at it.

29

00:01:44,000 --> 00:01:46,000

And I heard me, it's some kind of a noise.

30

00:01:46,000 --> 00:01:47,000

Uh-huh.

31

00:01:47,000 --> 00:01:50,000

But I had my TV on, my stereo, and it's out here, you know.

32

00:01:50,000 --> 00:01:54,000

Okay, did you have any problems with your TV before you went out doors?

33

00:01:54,000 --> 00:02:00,000

No, but, uh, I was, the phone rang and I answered it, and it made all kinds of weird noise.

34

00:02:00,000 --> 00:02:07,000

Then I was going to run in here and call the police, and then when I got to the phone, it rang, then I answered it, and it was a bunch of static.

35

00:02:07,000 --> 00:02:12,000

Then I hung it up and it wouldn't ring, and then finally I did it again, and then I got to hold the police.

36

00:02:12,000 --> 00:02:14,000

Okay.

37

00:02:14,000 --> 00:02:17,000

Now it's going towards the mouth.

38

00:02:17,000 --> 00:02:20,000

Yes, and you can just see the lights still?

39

00:02:20,000 --> 00:02:23,000

Yeah, you can still see the lights, it's like it's going around in circles.

40

00:02:24,000 --> 00:02:26,000

Like it's just like circling this area.

41

00:02:26,000 --> 00:02:27,000

Uh-huh.

42

00:02:27,000 --> 00:02:31,000

It's not a helicopter, because I would have heard a helicopter just because of how close it was to my house.

43

00:02:31,000 --> 00:02:32,000

Right.

44

00:02:32,000 --> 00:02:33,000

Okay.

45

00:02:33,000 --> 00:02:35,000

Are these lights quite large?

46

00:02:35,000 --> 00:02:36,000

Yeah, they're large.

47

00:02:36,000 --> 00:02:40,000

I see that we're up to the distance, I mean they're so large because you can see them.

48

00:02:40,000 --> 00:02:41,000

Uh-huh.

49

00:02:41,000 --> 00:02:43,000

I mean they're pretty large on the object.

50

00:02:43,000 --> 00:02:44,000

Okay.

51

00:02:44,000 --> 00:02:46,000

That's coming back this way again.

52

00:02:46,000 --> 00:02:48,000

Do you have binoculars?

53

00:02:48,000 --> 00:02:49,000

No, I don't, I wish I did.

54

00:02:49,000 --> 00:02:50,000

Uh-huh.

55

00:02:50,000 --> 00:02:54,000

I wish I had my camera too, I got a camera, no film, but I wouldn't do no get-it-too-dark.

56

00:02:54,000 --> 00:02:56,000

Okay, where did you get this number?

57

00:02:56,000 --> 00:02:57,000

Off in the police.

58

00:02:57,000 --> 00:02:58,000

Police, okay.

59

00:02:58,000 --> 00:03:05,000

Okay, well we'll see if we can't come up with something, and if you can, why get outdoors again and watch and listen for some sound.

60

00:03:05,000 --> 00:03:07,000

That could be an aircraft or something.

61

00:03:07,000 --> 00:03:11,000

Uh-huh, well it doesn't look like an aircraft, but it might be.

62

00:03:11,000 --> 00:03:12,000

Alright, you know.

63

00:03:12,000 --> 00:03:15,000

Okay, well we'll see if we can't come up with something on this end.

64

00:03:15,000 --> 00:03:16,000

Okay.

65

00:03:16,000 --> 00:03:17,000

And if we do, we'll get back and let you know.

66

00:03:17,000 --> 00:03:18,000

Okay, thank you.

67

00:03:18,000 --> 00:03:19,000

Thank you.

68

00:03:19,000 --> 00:03:20,000

Do you have more reporting center?

69

00:03:20,000 --> 00:03:23,000

Hi, this is Scott Barrow of KNX-10 News, Los Angeles.

70

00:03:23,000 --> 00:03:24,000

Yes.

71

00:03:24,000 --> 00:03:30,000

We just received a report of a UFO or an airplane or something in the Covina, West Covina area.

72

00:03:30,000 --> 00:03:31,000

Yes.

73

00:03:31,000 --> 00:03:32,000

I was wondering if you knew anything about that.

74

00:03:32,000 --> 00:03:40,000

Well, we've had one report from Covina, and all we could get out of the party is that it's an object with a red and white light on it.

75

00:03:40,000 --> 00:03:46,000

Which appeared to him to be circular, but he wasn't really sure because he couldn't see all of the surface.

76

00:03:46,000 --> 00:03:48,000

Did he sound sober?

77

00:03:48,000 --> 00:03:51,000

Oh yes, quite excited, but very sober.

78

00:03:51,000 --> 00:03:57,000

Do you check things out like this or do you just take the reports?

79

00:03:57,000 --> 00:03:59,000

No, we check it out the best we can.

80

00:03:59,000 --> 00:04:00,000

Have you checked this out at all?

81

00:04:00,000 --> 00:04:02,000

No, I just hung up the phone.

82

00:04:02,000 --> 00:04:06,000

Do you think he'll be checking out tonight?

83

00:04:06,000 --> 00:04:12,000

We'll try to, but of course if this is just a small aircraft, there's no way of telling him.

84

00:04:12,000 --> 00:04:15,000

Because the FAA doesn't track these things anyway.

85

00:04:16,000 --> 00:04:27,000

But in as much as it's only showing two lights and very little surface features while there isn't too much we can dig up on it.

86

00:04:27,000 --> 00:04:29,000

Okay, I appreciate your time.

87

00:04:29,000 --> 00:04:32,000

I'm going to check a little later in the evening to see what you come up with, okay?

88

00:04:32,000 --> 00:04:33,000

Fine, thank you.

89

00:04:33,000 --> 00:04:34,000

You're welcome.

90

00:04:34,000 --> 00:04:36,000

Yeah, I called my phone while I was telling him.

91

00:04:36,000 --> 00:04:38,000

He was over in Lapland, he toured LA.

92

00:04:38,000 --> 00:04:39,000

Uh-huh.

93

00:04:39,000 --> 00:04:42,000

And it's up above his office, he's going towards LA, he even saw it now.

94

00:04:42,000 --> 00:04:44,000

Did he just see the light?

95

00:04:44,000 --> 00:04:46,000

No, he saw the whole thing on the spot.

96

00:04:46,000 --> 00:04:47,000

Why did he describe it?

97

00:04:47,000 --> 00:04:51,000

He described it the same way I described it, right over the car.

98

00:04:51,000 --> 00:04:52,000

Circular object?

99

00:04:52,000 --> 00:04:53,000

Yes.

100

00:04:53,000 --> 00:04:54,000

Did he hear any sound?

101

00:04:54,000 --> 00:04:56,000

I didn't ask him.

102

00:04:56,000 --> 00:04:57,000

Uh-huh.

103

00:04:57,000 --> 00:04:59,000

Did you find out what it was?

104

00:04:59,000 --> 00:05:00,000

No, not yet.

105

00:05:00,000 --> 00:05:04,000

It's trippy-less, I tell you.

106

00:05:04,000 --> 00:05:07,000

Okay, well we'll keep working on it here.

107

00:05:07,000 --> 00:05:08,000

Okay, thank you.

108

00:05:08,000 --> 00:05:09,000

You bet.

109

00:05:09,000 --> 00:05:10,000

Bye.
