

1

00:00:00,000 --> 00:00:05,000

Yeah, I want to report a sighting. I'm in Galveston, Texas.

2

00:00:05,000 --> 00:00:07,000

Well, do let's hear about it.

3

00:00:07,000 --> 00:00:14,000

Okay. I was using my telescope and I was looking west toward Zenith and I spotted a round object.

4

00:00:14,000 --> 00:00:19,000

It was real high in the sky and real far away. I can't tell because I was looking at it through a telescope.

5

00:00:19,000 --> 00:00:25,000

And it was floating upwards through the air and then it blew up all of a sudden.

6

00:00:25,000 --> 00:00:30,000

And the strange thing about it, the pieces of it, the fragments of it kept floating upwards through the air.

7

00:00:30,000 --> 00:00:36,000

So it was either real high up or something, I don't know. It happened around a quarter to seven last night.

8

00:00:36,000 --> 00:00:41,000

Okay. But how long did that whole observation last?

9

00:00:41,000 --> 00:00:47,000

Well, I looked at it for about, I guess, I was looking at it before it blew up because I didn't know what it was.

10

00:00:47,000 --> 00:00:51,000

So I guess about half an hour to an hour I was sitting there watching it.

11

00:00:51,000 --> 00:00:54,000

Okay. What color was this?

12

00:00:54,000 --> 00:01:05,000

It was had kind of an orange tint to it, real light color, an orange-brown tint to it, I'd say.

13

00:01:05,000 --> 00:01:10,000

Okay. Would you estimate that this was a very large object?

14

00:01:10,000 --> 00:01:16,000

Yeah, I'd say it was probably fairly large. Like I say, I was looking at it through my telescope.

15

00:01:16,000 --> 00:01:24,000

Right. And I can't really judge, but by the size of the explosion it seemed like it probably was pretty large.

16

00:01:24,000 --> 00:01:28,000

Okay. And where did you get our number?

17

00:01:28,000 --> 00:01:35,000

I called a number here in Galveston that was given to me when I called the airport.

18

00:01:35,000 --> 00:01:39,000

I don't know what the number was too, but I can give you that number.

19

00:01:39,000 --> 00:01:41,000

No, that's okay.

20

00:01:41,000 --> 00:01:45,000

We come up with any more information on this incident while we get back to you and let you know.

21

00:01:45,000 --> 00:01:47,000

Okay. We sure appreciate the call.

22

00:01:47,000 --> 00:01:49,000

Okay, thank you very much.
