

1

00:00:00,000 --> 00:00:06,520

Okay, well, this was Thursday before they found the cows, right?

2

00:00:06,520 --> 00:00:07,520

Yes.

3

00:00:07,520 --> 00:00:08,520

Okay, it was about 8.30.

4

00:00:08,520 --> 00:00:13,520

I live at the bottom of Three Lakes Road, which is about one or two or three miles from the

5

00:00:13,520 --> 00:00:14,520

chaias.

6

00:00:14,520 --> 00:00:20,320

I was coming back from the store with my baby, and there's a gravel pit at the bottom of

7

00:00:20,320 --> 00:00:21,920

the hill just before I get to my house.

8

00:00:21,920 --> 00:00:26,080

And above the gravel pit, when I was coming up the road, I noticed something sitting on

9

00:00:26,080 --> 00:00:29,560

the hill, which was, at first, if I remember correctly.

10

00:00:29,560 --> 00:00:35,080

I should have reported this right away, but if I remember right, there was four lights,

11

00:00:35,080 --> 00:00:38,240

a little one on top, and a great big light.

12

00:00:38,240 --> 00:00:41,440

There weren't like headlights, there were like floodlights, and it was like two great

13

00:00:41,440 --> 00:00:43,400

big yellow ones and two great big white ones.

14

00:00:43,400 --> 00:00:47,800

Well, I pulled off the road and sat and watched it for about a half hour, and I got out and

15

00:00:47,800 --> 00:00:49,680

tried to hear if I could hear any sound.

16

00:00:49,680 --> 00:00:54,960

Okay, the lights went off, the big lights, and then this little light on top was just

17

00:00:54,960 --> 00:00:55,960

gone.

18

00:00:55,960 --> 00:00:57,960

And I, like I say, it was dark.

19

00:00:57,960 --> 00:01:00,840

I couldn't see any outline or anything, and I couldn't hear any noise.

20

00:01:00,840 --> 00:01:03,560

After about a half hour, I left.

21

00:01:03,560 --> 00:01:06,960

And so the next day, that's when I heard about this cow, while I thought it was kind of funny,

22

00:01:06,960 --> 00:01:08,960

because I had seen this thing the night before.

23

00:01:08,960 --> 00:01:14,360

And I just let it go, and then now they come out in the taper with this thing about it.

24

00:01:14,360 --> 00:01:18,520

And so I thought, you know, as far as I know, there is no roads up in there above that gravel

25

00:01:18,520 --> 00:01:20,880

pit, because I thought it might be a four-wheel drive truck.

26

00:01:20,880 --> 00:01:24,600

And as far as I know, there's no roads up in there.

27

00:01:24,600 --> 00:01:27,760

So either it was a truck or something was sitting on top of the hill, because I watched

28

00:01:27,760 --> 00:01:28,760

it for about a half hour.

29

00:01:28,760 --> 00:01:33,040

And there was other people on the main road down there that were going by me, but they

30

00:01:33,040 --> 00:01:34,040

didn't pull over.

31

00:01:34,040 --> 00:01:39,760

So I thought maybe somebody could go out and look at the area and check and see if there's

32

00:01:39,760 --> 00:01:41,760

any markings or anything there.

33

00:01:41,760 --> 00:01:42,760

Okay.

34

00:01:42,760 --> 00:01:44,760

Then all you saw was the lights then.

35

00:01:44,760 --> 00:01:46,320

Yeah, lights, that's it.

36

00:01:46,320 --> 00:01:48,520

I can't, that's lighting call, because it wasn't much.

37

00:01:48,520 --> 00:01:53,160

What I saw was the big lights and the little, tiny light on top.

38

00:01:53,160 --> 00:01:54,640

You could barely see it.

39

00:01:54,640 --> 00:01:58,400

After they shut the other ones off, and I got out and I couldn't hear any sound.

40

00:01:58,400 --> 00:02:02,560

But the thing that bothers me is that we've been living here about a year, and the main

41

00:02:02,560 --> 00:02:06,320

road, the next main road is up around the curve, I'd say about a quarter of a mile.

42

00:02:06,320 --> 00:02:09,280

And as far as I know, there is no roads up there.

43

00:02:09,280 --> 00:02:14,240

So, you know, we're either attracted in a four-wheel drive truck or something else.

44

00:02:14,240 --> 00:02:17,840

But it's a, it's that right on the hill above this gravel pit down here.

45

00:02:17,840 --> 00:02:21,520

And like I said, as far as I know, there's no roads up there.

46

00:02:21,520 --> 00:02:22,520

Okay.

47

00:02:22,880 --> 00:02:23,880

What color were those lights?

48

00:02:23,880 --> 00:02:29,080

So, well, there was two great big yellow ones and two great big white ones.

49

00:02:29,080 --> 00:02:34,960

And my memory is getting a little bit, you know, I try to remember it because I thought

50

00:02:34,960 --> 00:02:37,960

if I told somebody about it later, I should try to remember everything.

51

00:02:37,960 --> 00:02:42,920

And I said to her, I thought maybe it was a truck, I flashed my lights off and stuff

52

00:02:42,920 --> 00:02:44,920

like that, and they didn't do anything.

53

00:02:44,920 --> 00:02:48,080

But the little, there was a little tiny light on top.

54

00:02:48,080 --> 00:02:49,320

I couldn't tell you the color of it.

55

00:02:49,320 --> 00:02:51,880

It was probably white because it was real, real dim.

56

00:02:51,880 --> 00:02:52,880

I could hardly see it.

57

00:02:52,880 --> 00:02:55,880

And it was like it was going around and around.

58

00:02:55,880 --> 00:02:57,880

It was so dim, I could hardly see it.

59

00:02:57,880 --> 00:03:01,400

But I got out, there was no sound, you know, and I couldn't, it was dark.

60

00:03:01,400 --> 00:03:02,400

There was no outline.

61

00:03:02,400 --> 00:03:04,400

I couldn't see anything, just these lights.

62

00:03:04,400 --> 00:03:06,400

And they went off.

63

00:03:06,400 --> 00:03:10,360

So, that's why I say I feel kind of ridiculous calling, but I thought maybe it might help

64

00:03:10,360 --> 00:03:12,360

you if somebody went up there and checked.

65

00:03:12,360 --> 00:03:15,880

And I, we had in the paper where they checked the radiation where they found this cow.

66

00:03:15,880 --> 00:03:18,120

So I suppose I should have called, you know, sooner.

67

00:03:18,120 --> 00:03:23,360

Maybe if it was something, they might have done a trace of it left in the area then.

68

00:03:23,360 --> 00:03:28,400

Probably isn't now, but maybe you could check the area for, you know, markings or something.

69

00:03:28,400 --> 00:03:30,160

Okay, what time did you spot that?

70

00:03:30,160 --> 00:03:32,960

It was 8.30, because I remember I had to go to the store.

71

00:03:32,960 --> 00:03:36,960

My husband was coming home late from Vamerton, and I had to get to the safeway before they

72

00:03:36,960 --> 00:03:37,960

closed.

73

00:03:37,960 --> 00:03:41,000

And I sat there between 8.30 and 9.00 and watched it.

74

00:03:41,000 --> 00:03:43,200

Okay, would you be available for an interview?

75

00:03:43,200 --> 00:03:44,200

Oh, most certainly.

76

00:03:44,200 --> 00:03:50,360

In fact, like I say, I feel kind of ridiculous calling, but I'm kind of curious myself to

77

00:03:50,360 --> 00:03:54,040

see if, you know, maybe there is roads up there and it was a truck, but as far as I

78

00:03:54,040 --> 00:03:55,040

know, there isn't.

79

00:03:55,040 --> 00:03:56,040

So I'd be willing to cooperate.

80

00:03:56,040 --> 00:03:57,040

Okay, fine.

81

00:03:57,040 --> 00:03:58,040

Now, are you at home now?

82

00:03:58,040 --> 00:03:59,040

Yes, I am.

83

00:03:59,040 --> 00:04:03,040

Okay, will you be there in case somebody wants to get back to you right away?

84

00:04:03,040 --> 00:04:04,040

Certainly.

85

00:04:04,040 --> 00:04:05,040

Uh-huh.

86

00:04:05,040 --> 00:04:10,520

Yeah, I, the only place I think we might be out for an hour or two this evening, but

87

00:04:10,520 --> 00:04:11,520

that's it.

88

00:04:11,520 --> 00:04:12,520

Okay, great.

89

00:04:12,520 --> 00:04:14,840

I sure appreciate this call, Kathy, and we'll get back to you.

90

00:04:14,840 --> 00:04:15,840

Okay, thanks so much.

91

00:04:15,840 --> 00:04:16,840

Bye now.

92

00:04:16,840 --> 00:04:17,840

I think we have a landing.

93

00:04:17,840 --> 00:04:18,840

Really?

94

00:04:18,840 --> 00:04:19,840

Uh, he went out and investigated that particular one this morning, and he went to the area

95

00:04:19,840 --> 00:04:24,840

where she said it was, and he found an imprint and, uh, grass all squished down in an area.

96

00:04:24,840 --> 00:04:29,840

Also, pod marks the whole works in an accessible area by vehicle.

97

00:04:29,840 --> 00:04:30,840

Uh-huh.

98

00:04:30,840 --> 00:04:31,840

He's taken pictures.

99

00:04:31,840 --> 00:04:38,840

He wanted to take that cast or whatever, the whole thing, so, uh, I was talking to him.

100

00:04:38,840 --> 00:04:41,840

We got cut off and then I got back to him.

101

00:04:41,840 --> 00:04:46,840

But what he answered, so I don't know what he said to him.

102

00:04:46,840 --> 00:04:49,840

Oh, was he calling from work?

103

00:04:49,840 --> 00:04:50,840

Uh-huh.

104

00:04:50,840 --> 00:04:51,840

Was he at home?

105

00:04:51,840 --> 00:04:52,840

Yeah, he was at home.

106

00:04:52,840 --> 00:04:53,840

Oh.

107

00:04:53,840 --> 00:04:54,840

I had to call him.

108

00:04:54,840 --> 00:04:55,840

I had to call him.

109

00:04:55,840 --> 00:04:56,840

I had to call him.

110

00:04:56,840 --> 00:04:57,840

I had to call him.

111

00:04:57,840 --> 00:04:58,840

I had to call him.

112

00:04:58,840 --> 00:04:59,840

I had to call him.

113

00:04:59,840 --> 00:05:00,840

He was at home?

114

00:05:00,840 --> 00:05:01,840

Yeah, he was at home.

115

00:05:01,840 --> 00:05:04,840

I had to try to call him back and nobody answered.

116

00:05:04,840 --> 00:05:05,840

Huh.

117

00:05:05,840 --> 00:05:08,840

So, looks pretty good.

118

00:05:08,840 --> 00:05:09,840

Did he get pictures?

119

00:05:09,840 --> 00:05:12,840

He said he got pictures and everything.

120

00:05:12,840 --> 00:05:16,840

Uh, I've got to get with him and see what a nice step is here.

121

00:05:16,840 --> 00:05:17,840

I don't know.

122

00:05:17,840 --> 00:05:20,840

I should get the facility sandpush for radiation.

123

00:05:20,840 --> 00:05:21,840

Yeah.

124

00:05:21,840 --> 00:05:23,840

Of course it's old, you know.

125

00:05:23,840 --> 00:05:24,840

Yeah.

126

00:05:24,840 --> 00:05:25,840

Well, he was doing that.

127

00:05:25,840 --> 00:05:27,840

I was out on another mediation.

128

00:05:27,840 --> 00:05:31,840

We have a dog this time.

129

00:05:31,840 --> 00:05:33,840

Doberman Pinscher.

130

00:05:33,840 --> 00:05:35,840

About a year old.

131

00:05:35,840 --> 00:05:45,840

The animal was cut in two to sever a completely beautiful cut.

132

00:05:45,840 --> 00:05:49,840

The hind legs and the back part were missing from the seam.

133

00:05:49,840 --> 00:05:52,840

The chest cavity was cut open.

134

00:05:52,840 --> 00:05:58,840

And the left to clean the intestines were stacked in a little pile, two feet from the carcass.

135

00:05:58,840 --> 00:06:02,840

The heart delivering long-term missing from the seam.

136

00:06:02,840 --> 00:06:04,840

I'm a big dad.

137

00:06:04,840 --> 00:06:12,840

This was observed, a vehicle joined by a resident with Doberman walking alongside on a leash.

138

00:06:12,840 --> 00:06:15,840

They were going about two or three, four miles an hour.

139

00:06:15,840 --> 00:06:17,840

They went up the road.

140

00:06:17,840 --> 00:06:19,840

They came back down the road.

141

00:06:19,840 --> 00:06:20,840

They had the dogs.

142

00:06:20,840 --> 00:06:23,840

They were only up there 15 minutes.

143

00:06:23,840 --> 00:06:25,840

It's that long.

144

00:06:25,840 --> 00:06:29,840

So they did to all this 15 minutes.

145

00:06:29,840 --> 00:06:32,840

No light numbers.

146

00:06:32,840 --> 00:06:35,840

Just the description of the vehicle.

147

00:06:35,840 --> 00:06:37,840

There was two people in it.

148

00:06:37,840 --> 00:06:41,840

No description of it.

149

00:06:41,840 --> 00:06:42,840

Huh.

150

00:06:42,840 --> 00:06:44,840

What, they may have a female in the car.

151

00:06:44,840 --> 00:06:46,840

They, she don't know.

152

00:06:46,840 --> 00:06:49,840

They never, you know, that they had big hands and were on the steering wheel.

153

00:06:49,840 --> 00:06:52,840

One of them, you know, apparently holds them on the leash.

154

00:06:52,840 --> 00:06:56,840

One of them passed, and her side was very small.

155

00:06:56,840 --> 00:07:00,840

That occurred the 18th of March.

156

00:07:00,840 --> 00:07:05,840

And between 4.30 and 5.00, they called the sheriff's department.

157

00:07:05,840 --> 00:07:07,840

Nobody came out.

158

00:07:07,840 --> 00:07:09,840

They waited a few days.

159

00:07:09,840 --> 00:07:11,840

They buried the dog.

160

00:07:11,840 --> 00:07:13,840

I talked to the farmer this morning.

161

00:07:13,840 --> 00:07:17,840

He said it was really something just cleaner than a whistle.

162

00:07:17,840 --> 00:07:26,840

No blood around the animal or underneath the door in the area at all.

163

00:07:26,840 --> 00:07:31,840

They feel it was the same dog that was running next to the car.

164

00:07:31,840 --> 00:07:32,840

Right.

165

00:07:32,840 --> 00:07:37,840

Because the car came back down after housing him 15 minutes later and there was no dog.

166

00:07:37,840 --> 00:07:39,840

That's what got him suspicious.

167

00:07:39,840 --> 00:07:44,840

He called the neighbor boy over to go up there and look, see what happens to the dogs.

168

00:07:44,840 --> 00:07:48,840

And he come running back saying it's been all cut up.

169

00:07:48,840 --> 00:07:52,840

And when the husband got home a little while later, they walked up and looked at it.

170

00:07:52,840 --> 00:07:56,840

This happened right on the road.

171

00:07:56,840 --> 00:08:03,840

Just off to the sign.

172

00:08:03,840 --> 00:08:08,840

She does not recall any other car passing between that sign.

173

00:08:08,840 --> 00:08:11,840

The other one is a truck driver.

174

00:08:11,840 --> 00:08:27,840

The truck driver is about one mile up from the UFO landing site on the same road and about two miles down the Pilchuck River from the mutilation channel.

175

00:08:27,840 --> 00:08:32,840

All in the general area.

176

00:08:32,840 --> 00:08:34,840

I just want to bring him to date.

177

00:08:34,840 --> 00:08:38,840

I don't know what exactly to do on this landing thing.

178

00:08:38,840 --> 00:08:40,840

That's exactly what it is.

179

00:08:40,840 --> 00:08:44,840

There's no doubt about it.

180

00:08:44,840 --> 00:08:48,840

If you could hold him.

181

00:08:48,840 --> 00:08:50,840

You going to be home this evening?

182

00:08:50,840 --> 00:08:51,840

Yeah.

183

00:08:51,840 --> 00:08:58,840

I'll get back to you later and see if you could hold him and see if we can arrange another, get together with all of us to go back up there.

184

00:08:58,840 --> 00:09:00,840

I'd like to get all the pictures.

185

00:09:00,840 --> 00:09:02,840

Did he get any measurements?

186

00:09:02,840 --> 00:09:07,840

He said he didn't have a little bit of a technique on this.

187

00:09:07,840 --> 00:09:09,840

I had everything we needed.

188

00:09:09,840 --> 00:09:12,840

On my stuff and I was only up the street away.

189

00:09:12,840 --> 00:09:17,840

However, when I went and got to it in the mutilation and went looking for him, I couldn't locate him.

190

00:09:17,840 --> 00:09:20,840

He apparently came back before I did.

191

00:09:20,840 --> 00:09:25,840

So I had to wait until I got home and then call him.

192

00:09:25,840 --> 00:09:28,840

I wish you could get some soil samples too.

193

00:09:28,840 --> 00:09:31,840

Yeah, maybe everything.

194

00:09:31,840 --> 00:09:36,840

I'll check back with you later and see if he's called you or you got a hold of him.

195

00:09:36,840 --> 00:09:38,840

Okay, I'll keep trying here.

196

00:09:38,840 --> 00:09:39,840

Okay, Jerry.

197

00:09:39,840 --> 00:09:40,840

Bye.

198

00:09:40,840 --> 00:09:44,840

I went out on a sighting this morning and I went up on the hill.

199

00:09:44,840 --> 00:09:48,840

I taped an interview with her, her basic one, the 20 minutes.

200

00:09:48,840 --> 00:09:51,840

I was wondering about that whole thing.

201

00:09:51,840 --> 00:09:56,840

Then we went out on the road to see where she had looked up the hill to see the lights.

202

00:09:56,840 --> 00:10:01,840

There were two yellow lights, large, two white lights, also large,

203

00:10:01,840 --> 00:10:08,840

lower than the yellow lights and off on the outside of the yellow lights, lower.

204

00:10:08,840 --> 00:10:12,840

Then there was a dim white revolving light above them.

205

00:10:12,840 --> 00:10:16,840

I went to the location she threw it at.

206

00:10:16,840 --> 00:10:21,840

Then we went up on the hill where it had been and she kept steering me off to the side

207

00:10:21,840 --> 00:10:25,840

saying no, it was further over so I kept going further over.

208

00:10:25,840 --> 00:10:30,840

On the edge of the hill, way back from the beaten path,

209

00:10:30,840 --> 00:10:36,840

they do have looked like parties and stuff up on the hill on the Friday Saturday night.

210

00:10:36,840 --> 00:10:43,840

But quite a few yards away from there, I found a square depression about 18 by 18.

211

00:10:43,840 --> 00:10:46,840

I didn't have my ruler so I couldn't measure it.

212

00:10:46,840 --> 00:10:52,840

But I found this square depression about five inches deep, 18 by 18.

213

00:10:52,840 --> 00:10:56,840

The stuff that was in it in the grass was pushed down.

214

00:10:56,840 --> 00:11:03,840

On two top corners, I found very distinct, slightly angled holes about four by four,

215

00:11:03,840 --> 00:11:05,840

about five inches deep.

216

00:11:05,840 --> 00:11:08,840

One of them especially was very clear.

217

00:11:08,840 --> 00:11:18,840

It had a creed in the middle of the bottom of the hall running across the square hall.

218

00:11:18,840 --> 00:11:24,840

There was evidence of one other hole and I couldn't find the fourth one at the other corner.

219

00:11:24,840 --> 00:11:32,840

I didn't disturb the area too much either, two inches from the drop down to the bottom of the hill.

220

00:11:32,840 --> 00:11:35,840

So we have a depression plus holes.

221

00:11:35,840 --> 00:11:39,840

Okay, now you were talking to Jerry about that this morning.

222

00:11:39,840 --> 00:11:41,840

Yeah, I just talked to him about it too.

223

00:11:41,840 --> 00:11:47,840

Getting pretty late today, I wonder if we could get back up there tomorrow.

224

00:11:47,840 --> 00:11:50,840

Yeah, we were both asking if you'd care to come up, if you would.

225

00:11:50,840 --> 00:11:55,840

We'd like to go up there very early in the morning because both of those are things we'd like to do in the afternoon,

226

00:11:55,840 --> 00:12:00,840

which I know I have to do or otherwise my wife will kill me.

227

00:12:00,840 --> 00:12:03,840

Okay, you named the time.

228

00:12:03,840 --> 00:12:07,840

Yeah, I'd like you to look at it. You've got more experience than I do on those.

229

00:12:07,840 --> 00:12:12,840

It just looks odd, but I may be all wrong, but it does look odd.

230

00:12:12,840 --> 00:12:14,840

The location is odd.

231

00:12:14,840 --> 00:12:17,840

It's off a beaten path.

232

00:12:17,840 --> 00:12:21,840

And the reporter kept steering me off to that side and said,

233

00:12:21,840 --> 00:12:23,840

No, it's further over to the side.

234

00:12:23,840 --> 00:12:24,840

Uh-huh.

235

00:12:24,840 --> 00:12:29,840

And so I kept going further over and that's what I found.

236

00:12:29,840 --> 00:12:31,840

So she feels that's just about where it was?

237

00:12:31,840 --> 00:12:32,840

Right.

238

00:12:32,840 --> 00:12:33,840

Okay.

239

00:12:33,840 --> 00:12:37,840

Yes, I walked off into the area and she said it's around there,

240

00:12:37,840 --> 00:12:41,840

so I looked around and dragged in front of me right at the edge.

241

00:12:41,840 --> 00:12:44,840

And it's a small area.

242

00:12:44,840 --> 00:12:48,840

The weeds, bushes, gramblers, everything around have not been just there.

243

00:12:48,840 --> 00:12:53,840

So I know that, and plus it's too steep for a truck to go down there,

244

00:12:53,840 --> 00:12:55,840

plus it's right on the edge of the drop.

245

00:12:55,840 --> 00:12:56,840

Uh-huh.

246

00:12:56,840 --> 00:12:59,840

And just in this area,

247

00:12:59,840 --> 00:13:05,840

in the depression itself this stuff was flattened and the two distinct holes,

248

00:13:05,840 --> 00:13:09,840

well, three distinct holes, one of them especially is very distinct,

249

00:13:09,840 --> 00:13:13,840

especially with that creek in the middle of it, down at the bottom of the hole.

250

00:13:13,840 --> 00:13:15,840

Yeah.

251

00:13:15,840 --> 00:13:16,840

Okay.

252

00:13:16,840 --> 00:13:20,840

In the depression there's an animal hole like a dooper or something like that.

253

00:13:20,840 --> 00:13:23,840

I put my hand down there, it almost bit me.

254

00:13:24,840 --> 00:13:26,840

But I think it's coincidental.

255

00:13:26,840 --> 00:13:29,840

It doesn't look like it's an animal square.

256

00:13:29,840 --> 00:13:31,840

I don't know how an animal could dig out a square hole,

257

00:13:31,840 --> 00:13:36,840

plus flat side it was slightly curved at the bottom of the hole.

258

00:13:36,840 --> 00:13:38,840

Something was sitting in there.

259

00:13:38,840 --> 00:13:39,840

Uh-huh.

260

00:13:39,840 --> 00:13:44,840

And I suppose it would take quite a bit of weight to make that kind of an impression.

261

00:13:44,840 --> 00:13:45,840

Uh, yeah.

262

00:13:45,840 --> 00:13:49,840

Well, this hole is a little loose.

263

00:13:49,840 --> 00:13:53,840

It takes more weight than I have to go that far down.

264

00:13:53,840 --> 00:13:54,840

Yeah.

265

00:13:54,840 --> 00:14:00,840

It's as far as I'm not muddy because it hasn't really been disturbed in the area,

266

00:14:00,840 --> 00:14:04,840

but I'm not talking about...

267

00:14:04,840 --> 00:14:10,840

I can probably calculate it, but I have to get more information.

268

00:14:10,840 --> 00:14:11,840

Okay.

269

00:14:11,840 --> 00:14:14,840

Okay, then we'll meet at Jerry's at 8 in the morning.

270

00:14:14,840 --> 00:14:15,840

Okay.

271

00:14:15,840 --> 00:14:16,840

And you're going to phone him and let him know.

272

00:14:16,840 --> 00:14:17,840

Right now.

273

00:14:17,840 --> 00:14:18,840

Very good, thank you.

274

00:14:18,840 --> 00:14:19,840

See you then.

275

00:14:19,840 --> 00:14:20,840

Bye-bye.

276

00:14:20,840 --> 00:14:21,840

Bye.
