

1

00:00:00,000 --> 00:00:04,000

I'm calling from Deersfield Beach, Florida.

2

00:00:04,000 --> 00:00:08,000

Yes. And I want to report, I've seen a flying saucer.

3

00:00:08,000 --> 00:00:12,000

Okay, would you like to describe it? I sure will. It was round.

4

00:00:12,000 --> 00:00:16,000

It had like a white bubble on top and it had small windows with

5

00:00:16,000 --> 00:00:20,000

white and red flashing lights on it. It was white for a few seconds.

6

00:00:20,000 --> 00:00:24,000

Okay, what time did you see that? We've seen it about 20 minutes

7

00:00:24,000 --> 00:00:28,000

to 10. Okay.

8

00:00:28,000 --> 00:00:32,000

Now, would you describe it in relation to altitude

9

00:00:32,000 --> 00:00:36,000

and distance from you if you could? Oh gosh,

10

00:00:36,000 --> 00:00:40,000

no sir, I couldn't, it wasn't very far. It was like over the ocean.

11

00:00:40,000 --> 00:00:44,000

Okay. From where I lived in, that's only about two and a half miles

12

00:00:44,000 --> 00:00:48,000

from the ocean. Now you could definitely make out an object.

13

00:00:48,000 --> 00:00:52,000

You could see the surface of an object. Yes sir. And you say there was a dome on top?

14

00:00:52,000 --> 00:00:56,000

Yes sir. Okay. It was white.

15

00:00:56,000 --> 00:01:00,000

It was all white? Yes sir, like a white light in there.

16

00:01:00,000 --> 00:01:04,000

Okay. Now, were there any color lights involved on this? It was white

17

00:01:04,000 --> 00:01:08,000

and red. Okay. And it was flashing real fast

18

00:01:08,000 --> 00:01:12,000

all the way around it. Okay.

19

00:01:12,000 --> 00:01:16,000

Which direction was the object traveling? It was heading northeast.

20

00:01:16,000 --> 00:01:20,000

Okay, now did you watch this until it disappeared from your site?

21

00:01:20,000 --> 00:01:24,000

Yes sir. Okay. Was this moving in a straight line

22

00:01:24,000 --> 00:01:28,000

flight pattern? Uh, kind of yes sir. Okay.

23

00:01:28,000 --> 00:01:32,000

Did you hear any sound? No sir.

24

00:01:32,000 --> 00:01:36,000

Could you give us any estimate of size? Can you compare it with anything?

25

00:01:36,000 --> 00:01:40,000

Uh, what was about as big as a house? Okay.

26

00:01:40,000 --> 00:01:44,000

How many witnesses? I have my three children,

27

00:01:44,000 --> 00:01:48,000

my husband and me and the neighbors

28

00:01:48,000 --> 00:01:52,000

next door and I was coming home from my grandparents of course they didn't see it

29

00:01:52,000 --> 00:01:56,000

but my father's girlfriend and my father's seen it. Okay.

30

00:01:56,000 --> 00:02:00,000

So there's about eight witnesses. Okay.

31

00:02:00,000 --> 00:02:04,000

How about the speed? The speed was very fast.

32

00:02:04,000 --> 00:02:08,000

Okay, would you say faster than a small aircraft? Oh yes sir.

33

00:02:08,000 --> 00:02:12,000

Okay. Do you feel faster than a jet? You definitely saw a dome

34

00:02:12,000 --> 00:02:16,000

on top? Yes sir. Okay.

35

00:02:16,000 --> 00:02:20,000

Now, how big was that dome in relation to the entire object?

36

00:02:20,000 --> 00:02:24,000

Um, oh gosh. It was pretty big.

37

00:02:24,000 --> 00:02:28,000

Not too big but I don't know what I put it like.

38

00:02:28,000 --> 00:02:32,000

Like a bigger than a straight light?

39

00:02:32,000 --> 00:02:36,000

Okay. Okay, how are the sky

40

00:02:36,000 --> 00:02:40,000

condition? It's clear with a few clouds. Okay.

41

00:02:40,000 --> 00:02:44,000

Were this thing definitely operating under the clouds? Yes sir, it was.

42

00:02:44,000 --> 00:02:48,000

Okay. Well we appreciate this report and we're going to check it out

43

00:02:48,000 --> 00:02:52,000

and if we come up with any answers we'll get back to you and let you know. Is that what it was

44

00:02:52,000 --> 00:02:56,000

though? Does it sound like one because it was going so fast?

45

00:02:56,000 --> 00:03:00,000

I would say that with the way you described it that

46

00:03:00,000 --> 00:03:04,000

we have a UFO but we're going to check into it anyway. Okay.

47

00:03:04,000 --> 00:03:08,000

And if we come up with any more information why we'll let you know. Okay,

48

00:03:08,000 --> 00:03:12,000

fine. I just want to, I called the news station but they acted like I was crazy.

49

00:03:12,000 --> 00:03:16,000

Where did you get our number? From the FAA.

50

00:03:16,000 --> 00:03:20,000

Okay, at which field? I called

51

00:03:20,000 --> 00:03:24,000

the manager's office on Northwest 15th Avenue in Fort Lauderdale.

52

00:03:24,000 --> 00:03:28,000

Okay. And then they referred me to another number and then he told me

53

00:03:28,000 --> 00:03:32,000

to look up your number and call collect but they said you want to take it, collect size as well,
put it on

54

00:03:32,000 --> 00:03:36,000

my phone. Okay, thanks again. Bye bye.

55

00:03:36,000 --> 00:03:40,000

Bye bye.
