

1

00:00:00,000 --> 00:00:03,600

You'd like to hear the eyewitness, right?

2

00:00:03,600 --> 00:00:04,600

Yes, sir.

3

00:00:04,600 --> 00:00:05,600

A father.

4

00:00:05,600 --> 00:00:06,600

Okay, here's the girl.

5

00:00:06,600 --> 00:00:07,600

Come on.

6

00:00:07,600 --> 00:00:08,600

Oh, boy.

7

00:00:08,600 --> 00:00:09,600

Hello.

8

00:00:09,600 --> 00:00:10,600

Good morning.

9

00:00:10,600 --> 00:00:11,600

Good morning.

10

00:00:11,600 --> 00:00:12,600

What do you want to know?

11

00:00:12,600 --> 00:00:17,600

Oh, just give me a complete description of what you saw.

12

00:00:17,600 --> 00:00:18,600

A description?

13

00:00:18,600 --> 00:00:19,600

Uh-huh.

14

00:00:19,600 --> 00:00:25,600

Well, there was like six windows in this thing and they were all bright, right?

15

00:00:25,600 --> 00:00:30,600

And they had this one little half-round thing on top.

16

00:00:30,600 --> 00:00:34,600

These lights were like in a row and there was a little round thing on top of it.

17

00:00:34,600 --> 00:00:39,600

And my boys and I looked up and we saw it and then all of a sudden we saw like this

18

00:00:39,600 --> 00:00:41,600

black part of it, like a window.

19

00:00:41,600 --> 00:00:44,600

So around and went from the left to the right and went in a circle.

20

00:00:44,600 --> 00:00:49,600

And this was really bright and we saw it in the other side, like right near us, you know,

21

00:00:49,600 --> 00:00:50,600

and it was really bright.

22

00:00:50,600 --> 00:00:51,600

And that's what I could say.

23

00:00:51,600 --> 00:00:57,600

I saw six lights and they were in a row with one black light and went from left to right

24

00:00:57,600 --> 00:01:02,600

and it was a half, like a half-round thing on top, half a circle on top and that was

25

00:01:02,600 --> 00:01:05,600

really like, you know, it was all lit up.

26

00:01:05,600 --> 00:01:06,600

But, so they know.

27

00:01:06,600 --> 00:01:09,600

Yeah, it stayed over some trees.

28

00:01:09,600 --> 00:01:15,600

It was a hobbit over trees and it just stayed there because we were sitting down in the

29

00:01:15,600 --> 00:01:21,600

first on this lawn in front of a bank and I looked up and I, you know, at first I thought

30

00:01:21,600 --> 00:01:24,600

it was an airplane but then I thought it was funny because it was just taking one spot

31

00:01:24,600 --> 00:01:28,600

and it didn't have no red or green, red or green running lights.

32

00:01:28,600 --> 00:01:33,600

And, you know, it was funny and then I said, standing away I was saying, that's your fault.

33

00:01:33,600 --> 00:01:38,600

So I got scared and I got up and we stood up and when we stood up the star came towards

34

00:01:38,600 --> 00:01:40,600

us and I said, come on, come on, I was pulling on it.

35

00:01:40,600 --> 00:01:42,600

He didn't want to stay there and watch it.

36

00:01:42,600 --> 00:01:44,600

I said, no, come on.

37

00:01:44,600 --> 00:01:49,600

And we were running and then when we started running it went off in like a north, north

38

00:01:49,600 --> 00:01:50,600

east lane.

39

00:01:50,600 --> 00:01:52,600

Yeah, north, north east lane.

40

00:01:52,600 --> 00:01:54,600

And I was so afraid.

41

00:01:54,600 --> 00:01:59,600

Okay, do you have any estimates how close that got to you?

42

00:01:59,600 --> 00:02:05,600

Um, it was like, across the road, across the dam, it was all over.

43

00:02:05,600 --> 00:02:10,600

Um, I don't know how many feet or...

44

00:02:10,600 --> 00:02:12,600

Just across the road from you?

45

00:02:12,600 --> 00:02:16,600

No, not directly across, but diagonally across the road from us.

46

00:02:16,600 --> 00:02:17,600

Okay.

47

00:02:17,600 --> 00:02:20,600

And then...

48

00:02:20,600 --> 00:02:24,600

I got a quarter mile away from us and it was right over to you.

49

00:02:24,600 --> 00:02:26,600

Okay, what time did you spot that?

50

00:02:26,600 --> 00:02:28,600

It was about nine minutes after camera was next.

51

00:02:28,600 --> 00:02:32,600

We just looked at our watches because it's probably falling up taking home at 10.30.

52

00:02:32,600 --> 00:02:37,600

Okay, now did this object, could you actually see an object that these lights were attached to?

53

00:02:37,600 --> 00:02:41,600

No, I didn't see the object, I saw the lights and also I saw the black thing, the black part of it.

54

00:02:41,600 --> 00:02:46,600

Look, I have one of them also and it just went around and it was really, it was like, near it.

55

00:02:46,600 --> 00:02:49,600

It was really light and big too.

56

00:02:49,600 --> 00:02:53,600

And that was another reason why I knew it wasn't a frame.

57

00:02:53,600 --> 00:02:55,600

A frame doesn't go around in circles.

58

00:02:55,600 --> 00:02:57,600

Okay, now you say it was big.

59

00:02:57,600 --> 00:03:00,600

Can you estimate its size with something that you know?

60

00:03:00,600 --> 00:03:06,600

Well, we were doing that with my father and he said that if I put my arm up, my arm straight out,

61

00:03:06,600 --> 00:03:08,600

I look up and see the sky.

62

00:03:08,600 --> 00:03:13,600

It would be about six inches apart if I'd put something out to my arm.

63

00:03:13,600 --> 00:03:18,600

And that's how big it was, you know, from where I was in the sky, but of course it was big enough.

64

00:03:18,600 --> 00:03:22,600

But that's how big it was, you know, when I saw it, it was about 66.

65

00:03:22,600 --> 00:03:26,600

Okay, and about how long did you watch that?

66

00:03:26,600 --> 00:03:30,600

We saw it, we were watching, we were running but we were watching too.

67

00:03:30,600 --> 00:03:35,600

And we saw it spread out altogether, four minutes, very four minutes.

68

00:03:35,600 --> 00:03:39,600

And as soon as you started running, then the thing moved away?

69

00:03:39,600 --> 00:03:42,600

Yeah, it went in the northeast, we were watching.

70

00:03:42,600 --> 00:03:44,600

Okay, did you hear any sound coming from it?

71

00:03:44,600 --> 00:03:48,600

No, there was no sound. See, we were on a highway.

72

00:03:48,600 --> 00:03:54,600

And it was really funny, there was no cars, you know, like there was cars and the road cleared.

73

00:03:54,600 --> 00:03:55,600

And there was no cars.

74

00:03:55,600 --> 00:03:57,600

I mean, I don't know, I don't even know why it looked like.

75

00:03:57,600 --> 00:04:00,600

It must have caught my eye, the light looked like that.

76

00:04:00,600 --> 00:04:04,600

But it was quiet, it was so quiet there, you know.

77

00:04:04,600 --> 00:04:09,600

Okay, now, after the object moved away, how about the traffic on the highway?

78

00:04:09,600 --> 00:04:15,600

When the object went away, I mean, I wanted to stop at the nearest house, but he kept saying no, no.

79

00:04:15,600 --> 00:04:19,600

And I was here to ask him, I called my father, and then when my father came to Goddus,

80

00:04:19,600 --> 00:04:25,600

and we went to the random fields within the city school, and we wanted to soak in the area.

81

00:04:25,600 --> 00:04:28,600

And the cars were there again, after the last time.

82

00:04:28,600 --> 00:04:31,600

Okay, and you didn't see any at all while listening?

83

00:04:31,600 --> 00:04:33,600

No, there was no cars at all.

84

00:04:33,600 --> 00:04:35,600

Is that usually a busy highway?

85

00:04:35,600 --> 00:04:39,600

Yeah, it's usually one of the main highways here.

86

00:04:39,600 --> 00:04:41,600

Okay, you said it was very, very quiet?

87

00:04:41,600 --> 00:04:42,600

Yeah.

88

00:04:42,600 --> 00:04:45,600

Is this kind of a spooky quiet?

89

00:04:45,600 --> 00:04:50,600

No, you know, the quietness didn't really hit me, you know.

90

00:04:50,600 --> 00:04:54,600

The highway makes, you know, clear, you know, you're like a light makes some red.

91

00:04:54,600 --> 00:04:58,600

You know, we're out on Long Island, I don't know if I told you that, but we're out on Long Island.

92

00:04:58,600 --> 00:04:59,600

Uh-huh.

93

00:04:59,600 --> 00:05:05,600

And in New York, and, you know, it clears everyone's smile, but it was real fun, there was no cars there,

94

00:05:05,600 --> 00:05:07,600

and there was no sand, we just drove it.

95

00:05:07,600 --> 00:05:09,600

I was so afraid.

96

00:05:09,600 --> 00:05:12,600

I thought when I come back to my house and get me at night or something.

97

00:05:12,600 --> 00:05:13,600

Uh-huh.

98

00:05:13,600 --> 00:05:15,600

I was so afraid.

99

00:05:15,600 --> 00:05:20,600

Did you have any strange feelings before you actually saw this object?

100

00:05:20,600 --> 00:05:22,600

Did I have any physics?

101

00:05:22,600 --> 00:05:26,600

Yeah, just before you saw the object. Anything really out of the ordinary?

102

00:05:26,600 --> 00:05:27,600

No.

103

00:05:27,600 --> 00:05:28,600

Okay.

104

00:05:28,600 --> 00:05:29,600

Is it reflecting?

105

00:05:29,600 --> 00:05:32,600

Now did you say that was hovering right above the treetops?

106

00:05:32,600 --> 00:05:36,600

Yeah, right above it. It was very close.

107

00:05:36,600 --> 00:05:40,600

Okay.

108

00:05:40,600 --> 00:05:45,600

And did you see anything else in the sky? Any aircraft in the sky at the time?

109

00:05:45,600 --> 00:05:48,600

I didn't look around all I noticed was that.

110

00:05:48,600 --> 00:05:49,600

Okay.

111

00:05:49,600 --> 00:05:54,600

I saw that night, you know, I saw the airplane, you know, I know the difference between airplanes,

112

00:05:54,600 --> 00:05:56,600

you see the red and green running lights.

113

00:05:56,600 --> 00:05:57,600

Right.

114

00:05:57,600 --> 00:06:01,600

And, you know, they blink, you know, there's a light on the blink, but these lights, they were there,

115

00:06:01,600 --> 00:06:02,600

and they were so bright.

116

00:06:02,600 --> 00:06:06,600

I thought it was strange, because, you know, like, when you first saw all these things,

117

00:06:06,600 --> 00:06:11,600

and it was strange, because I thought, I'm saying, an airplane doesn't like that,

118

00:06:11,600 --> 00:06:15,600

and you can't see the light of an airplane in the windows or whatever.

119

00:06:15,600 --> 00:06:18,600

And then you see this thing going around, and I was so afraid.

120

00:06:18,600 --> 00:06:24,600

Now did the lights, did the glow from the lights light up the ground area or the trees?

121

00:06:24,600 --> 00:06:25,600

No.

122

00:06:25,600 --> 00:06:28,600

Okay.

123

00:06:28,600 --> 00:06:32,600

And did these lights stay on as the object moved away?

124

00:06:32,600 --> 00:06:33,600

Yep.

125

00:06:33,600 --> 00:06:36,600

Was there any change in the brightness or the color?

126

00:06:36,600 --> 00:06:40,600

No, they were, no, they were like, like a light bulb color.

127

00:06:40,600 --> 00:06:41,600

Just stayed the same?

128

00:06:41,600 --> 00:06:42,600

Yep.

129

00:06:42,600 --> 00:06:44,600

Okay.

130

00:06:44,600 --> 00:06:46,600

Where did you get our number?

131

00:06:46,600 --> 00:06:51,600

We called the FAA control tower at Icewood, MacArthur Airport.

132

00:06:51,600 --> 00:06:52,600

Okay.

133

00:06:52,600 --> 00:06:53,600

That's where people.

134

00:06:53,600 --> 00:06:54,600

Okay.

135

00:06:54,600 --> 00:06:57,600

We reported the incident last night, and they told us to call back this morning.

136

00:06:57,600 --> 00:06:58,600

Okay.

137

00:06:58,600 --> 00:07:03,600

The only credence I can lend to this is that the girl is visibly upset.

138

00:07:03,600 --> 00:07:06,600

She was visibly upset when she called me last night.

139

00:07:06,600 --> 00:07:07,600

She did not sleep.

140

00:07:07,600 --> 00:07:09,600

That's how bad she was shaking up.

141

00:07:09,600 --> 00:07:10,600

Okay.

142

00:07:10,600 --> 00:07:12,600

The girl has been around aircraft.

143

00:07:12,600 --> 00:07:15,600

I have flown a few times myself.

144

00:07:15,600 --> 00:07:16,600

They have been with me.

145

00:07:16,600 --> 00:07:21,600

I have been in the aircraft industry, so she knows the difference between an airplane,

146

00:07:21,600 --> 00:07:24,600

a chopper, and something that shouldn't be there.

147

00:07:24,600 --> 00:07:26,600

All right.

148

00:07:26,600 --> 00:07:30,600

If we need additional information on this, would it be permissible to come call back to you?

149

00:07:30,600 --> 00:07:31,600

Yes, it would.

150

00:07:31,600 --> 00:07:32,600

All right, sir.

151

00:07:32,600 --> 00:07:35,600

Is there anything else that the lady can add to that?

152

00:07:35,600 --> 00:07:41,600

Just that the one thing that stuck out in her mind was the black spot that kept moving from left to right.

153

00:07:41,600 --> 00:07:42,600

Uh-huh.

154

00:07:42,600 --> 00:07:44,600

Blacken out one window section at a time.

155

00:07:44,600 --> 00:07:45,600

She described it to me.

156

00:07:45,600 --> 00:07:47,600

She drew a picture.

157

00:07:47,600 --> 00:07:52,600

It's six squared off windows in a row horizontally.

158

00:07:52,600 --> 00:08:01,600

I made her hold her arm out, and she says it was about six inches in length from left to right the distance to the windows.

159

00:08:01,600 --> 00:08:05,600

The windows were six in a row within the six inches.

160

00:08:05,600 --> 00:08:06,600

Uh-huh.

161

00:08:06,600 --> 00:08:14,600

She says the black spot moved from the left to the right, blacking out one window at a time, and it went around three times.

162

00:08:14,600 --> 00:08:15,600

Okay.

163

00:08:15,600 --> 00:08:19,600

I called the control tower, and right away they said a chopper.

164

00:08:19,600 --> 00:08:21,600

The girl knows a chopper.

165

00:08:21,600 --> 00:08:23,600

There was no sound associated with it.

166

00:08:23,600 --> 00:08:27,600

Like she said, there was no nav lights showing.

167

00:08:27,600 --> 00:08:31,600

Uh, what more can I say other than the white dome light on top?

168

00:08:31,600 --> 00:08:32,600

Right.

169

00:08:32,600 --> 00:08:33,600

I lighted up dome on top.

170

00:08:33,600 --> 00:08:34,600

Let me put it that way.

171

00:08:34,600 --> 00:08:37,600

And that light on top was that steady?

172

00:08:37,600 --> 00:08:38,600

Yes.

173

00:08:38,600 --> 00:08:39,600

Okay.

174

00:08:39,600 --> 00:08:44,600

The control tower had no other calls.

175

00:08:44,600 --> 00:08:46,600

They had no references to it.

176

00:08:46,600 --> 00:08:48,600

Uh, what more can I tell you?

177

00:08:48,600 --> 00:08:50,600

Other than the girl was visibly shaking.

178

00:08:50,600 --> 00:08:51,600

Okay.

179

00:08:51,600 --> 00:08:54,600

If we send a questionnaire to you, a sister, and filling it out?

180

00:08:54,600 --> 00:09:02,600

I had the girl sit down and write everything down while it was still fresh in her mind, and you can have all the information that we had.

181

00:09:02,600 --> 00:09:03,600

Oh, beautiful.

182

00:09:03,600 --> 00:09:04,600

Then we'll get a letter off to you right away.

183

00:09:04,600 --> 00:09:05,600

Okay, sir.

184

00:09:05,600 --> 00:09:06,600

Thank you very much for your trouble.

185

00:09:06,600 --> 00:09:07,600

And thank you for calling.

186

00:09:07,600 --> 00:09:08,600

Right.

187

00:09:08,600 --> 00:09:09,600

Bye.
