

1

00:00:00,000 --> 00:00:04,000

Yeah, I'd like to report a UFO.

2

00:00:04,000 --> 00:00:06,000

Okay, would you like to describe it?

3

00:00:06,000 --> 00:00:10,000

Okay. Uh, just, uh, just Seattle?

4

00:00:10,000 --> 00:00:11,000

Yes.

5

00:00:11,000 --> 00:00:13,000

Okay, I'm from Colorado.

6

00:00:13,000 --> 00:00:14,000

Okay.

7

00:00:14,000 --> 00:00:19,000

Okay, um, we were out, we just got back and they were there to get back and call somebody.

8

00:00:19,000 --> 00:00:25,000

Um, this happened. It was still all together with an hour, all kinds of weird stuff.

9

00:00:25,000 --> 00:00:31,000

We were out, uh, by some farmland, out south, between Countyline Road, Broadway and San Jose.

10

00:00:31,000 --> 00:00:32,000

Yes.

11

00:00:32,000 --> 00:00:40,000

And, you know, we're just out in the middle of nowhere and we're just sitting around and, uh, as we rocked out of this one hill, we saw one single light.

12

00:00:40,000 --> 00:00:44,000

It was a super bright, bright yellow glow.

13

00:00:44,000 --> 00:00:51,000

And it was above all the rest of the hills. It wasn't on a hill or anything like that.

14

00:00:51,000 --> 00:00:55,000

And we sat there and we watched it and it disappeared.

15

00:00:55,000 --> 00:00:59,000

And so we walked back to the car and we got some more shells.

16

00:00:59,000 --> 00:01:01,000

We were out shooting.

17

00:01:01,000 --> 00:01:04,000

And we came back and it was closer.

18

00:01:04,000 --> 00:01:06,000

It was been three miles closer.

19

00:01:06,000 --> 00:01:10,000

And the next thing we knew was it kept watching and it was over the next hill from us.

20

00:01:10,000 --> 00:01:11,000

Uh-huh.

21

00:01:11,000 --> 00:01:20,000

And so we went back to the car and turned our lights on and sat there and there was a glowing, a bright, white glowing over the next hill.

22

00:01:20,000 --> 00:01:25,000

And we were hearing some weird noise, a humming noise.

23

00:01:25,000 --> 00:01:28,000

And as we walked out, we were going to see what it was.

24

00:01:28,000 --> 00:01:32,000

We heard a weird noise like someone jumping off a spring or something.

25

00:01:32,000 --> 00:01:34,000

We were also making a lot of tricks for the boy.

26

00:01:34,000 --> 00:01:35,000

Right.

27

00:01:35,000 --> 00:01:43,000

And, uh, then we were sitting there and, uh, like one part the car lights were shining and then there was a dark, dark area.

28

00:01:43,000 --> 00:01:45,000

We couldn't see anything.

29

00:01:45,000 --> 00:01:52,000

And so I thought to move out of the shadows into the light, back into the shadows and then back out.

30

00:01:52,000 --> 00:01:55,000

And then it went back in and it came back out.

31

00:01:55,000 --> 00:01:59,000

It was running towards us but at a 45 degree angle.

32

00:01:59,000 --> 00:02:01,000

And it wasn't running like a person.

33

00:02:01,000 --> 00:02:03,000

It was moving super super fast.

34

00:02:03,000 --> 00:02:04,000

Uh-huh.

35

00:02:04,000 --> 00:02:14,000

And then the next thing my girlfriend spotted was big huge things back in the shadows.

36

00:02:14,000 --> 00:02:16,000

And that's it.

37

00:02:16,000 --> 00:02:19,000

We don't, we don't know what it was or anything.

38

00:02:19,000 --> 00:02:22,000

We just heard a noise, weird light.

39

00:02:22,000 --> 00:02:23,000

Okay.

40

00:02:23,000 --> 00:02:28,000

While you were seeing this thing moving around on the ground, could you still see the light on the hill?

41

00:02:28,000 --> 00:02:30,000

No, we could still see the glowing light too.

42

00:02:30,000 --> 00:02:32,000

Was that quite close to the surface?

43

00:02:32,000 --> 00:02:34,000

Yeah.

44

00:02:34,000 --> 00:02:41,000

It was, you could just see it like there was a ridge and it was over on the next ridge right down in the next glowing light.

45

00:02:41,000 --> 00:02:45,000

Okay. Do you have any estimates of how far that light was from you?

46

00:02:45,000 --> 00:02:47,000

How far it was from me.

47

00:02:47,000 --> 00:02:50,000

When it was down, when it was close.

48

00:02:54,000 --> 00:02:57,000

So, but it would sit down below the surface.

49

00:03:00,000 --> 00:03:02,000

It was about a quarter of a mile.

50

00:03:02,000 --> 00:03:03,000

Okay.

51

00:03:03,000 --> 00:03:05,000

Well, is this quite large?

52

00:03:05,000 --> 00:03:08,000

Can you estimate the size by comparing it with something?

53

00:03:09,000 --> 00:03:14,000

I'm not sure. It was, I can't estimate how big it was, but it was big.

54

00:03:14,000 --> 00:03:17,000

Okay. Was that so low that it was illuminating the surface at all?

55

00:03:17,000 --> 00:03:25,000

Right. Yeah, it was. You could make out the top of the ridge and out the little bush and stuff.

56

00:03:25,000 --> 00:03:29,000

Okay. Now, when did you first spot the first light? About what time?

57

00:03:31,000 --> 00:03:34,000

About 10 o'clock.

58

00:03:34,000 --> 00:03:36,000

Okay.

59

00:03:37,000 --> 00:03:39,000

About 10 o'clock.

60

00:03:39,000 --> 00:03:46,000

And that's where we're just at. We didn't really think anything, but we just saw this light. It was like a, you know, like a triangle.

61

00:03:46,000 --> 00:03:47,000

Right.

62

00:03:47,000 --> 00:03:51,000

It was sharp at the top and it just started to spread now.

63

00:03:51,000 --> 00:03:58,000

And it first noticed there was a plane and we sat there and watched it and there were no red or green blinks in my train.

64

00:03:58,000 --> 00:04:00,000

It was solid, bright yellow.

65

00:04:01,000 --> 00:04:03,000

Okay.

66

00:04:04,000 --> 00:04:11,000

And then after when it did disappear, it went down and then it disappeared.

67

00:04:11,000 --> 00:04:15,000

And it disappeared on the next ridge.

68

00:04:15,000 --> 00:04:22,000

Okay. And that light was there on the other ridge while you were observing these other things here in the humming sound?

69

00:04:22,000 --> 00:04:26,000

We didn't hear anything until it was up about the next ridge.

70

00:04:26,000 --> 00:04:27,000

Okay.

71

00:04:27,000 --> 00:04:28,000

Then we started hearing it.

72

00:04:28,000 --> 00:04:31,000

Okay. Now, is that humming sound that's steady?

73

00:04:31,000 --> 00:04:32,000

Uh-huh.

74

00:04:33,000 --> 00:04:34,000

Okay.

75

00:04:35,000 --> 00:04:41,000

How about those things that you saw on the surface? Can you give me any estimates? How tall they were?

76

00:04:41,000 --> 00:04:44,000

How tall was that thing?

77

00:04:52,000 --> 00:04:56,000

It was, it was short, stocky person.

78

00:04:56,000 --> 00:05:01,000

It was, it was, it was big and it was kind of hunched over.

79

00:05:01,000 --> 00:05:02,000

Uh-huh.

80

00:05:03,000 --> 00:05:05,000

Any sounds from that?

81

00:05:06,000 --> 00:05:11,000

No. What we could hear was, it sounded like someone talked to it, but we didn't know what that was.

82

00:05:11,000 --> 00:05:14,000

It could have been the radio from the car or anything.

83

00:05:14,000 --> 00:05:16,000

Was it?

84

00:05:17,000 --> 00:05:19,000

We heard some kind of talk or something.

85

00:05:19,000 --> 00:05:20,000

Okay.

86

00:05:20,000 --> 00:05:24,000

I don't know if that could have been because we were out in the middle of nowhere.

87

00:05:24,000 --> 00:05:27,000

Because we had to go up on two trails, you know?

88

00:05:27,000 --> 00:05:28,000

Okay.

89

00:05:28,000 --> 00:05:37,000

Did anything else strange happen between all the people that were watching all this? Anything unusual?

90

00:05:37,000 --> 00:05:38,000

With them?

91

00:05:38,000 --> 00:05:40,000

Yeah. With all you witnesses.

92

00:05:40,000 --> 00:05:45,000

No, we just got nervous and left.

93

00:05:45,000 --> 00:05:46,000

Okay.

94

00:05:46,000 --> 00:05:49,000

Uh, that thing did run after us.

95

00:05:49,000 --> 00:05:57,000

Uh, both myself and my friend took a couple shots at it, whatever it was.

96

00:05:57,000 --> 00:06:00,000

And you didn't get any response from it from that?

97

00:06:00,000 --> 00:06:07,000

No, it just kept on running. It didn't stop. It didn't change direction. It just kept going at the same thing.

98

00:06:07,000 --> 00:06:10,000

And then I came out and I couldn't see it.

99

00:06:10,000 --> 00:06:13,000

How close did they get to you?

100

00:06:15,000 --> 00:06:21,000

Can I say, it was about 50, about 50 yards.

101

00:06:21,000 --> 00:06:22,000

Okay.

102

00:06:22,000 --> 00:06:31,000

And, but as it came, we were standing, okay, it was over to the right of me, up to the shadows, and it kept coming in and out.

103

00:06:31,000 --> 00:06:36,000

And then as it shot down, it came down at a 45 degree angle.

104

00:06:36,000 --> 00:06:37,000

Okay.

105

00:06:37,000 --> 00:06:44,000

And it was really fast. I mean, I had a semi-automatic and I couldn't keep up with it as I was shooting.

106

00:06:45,000 --> 00:06:52,000

And the next thing I knew by the time I got clicked, I couldn't find it anywhere.

107

00:06:52,000 --> 00:06:54,000

We just asked it to wait for us.

108

00:06:54,000 --> 00:06:55,000

Okay.

109

00:06:55,000 --> 00:07:01,000

Now, how long did all this entire incident take? Do you have any idea?

110

00:07:01,000 --> 00:07:08,000

Okay. It started at about 10.30 and we left there about 11 o'clock.

111

00:07:08,000 --> 00:07:16,000

That was the last thing that happened was that whatever it was running and we could shot that, it was just, let's not step around here and let's go call somebody.

112

00:07:16,000 --> 00:07:19,000

Okay. Now, when you left, was the light still on the ridge?

113

00:07:19,000 --> 00:07:21,000

Yeah, still on the ridge.

114

00:07:21,000 --> 00:07:25,000

Did it have any defined shape when you last saw it?

115

00:07:25,000 --> 00:07:30,000

It was, the glowing of the light was just arc shaped.

116

00:07:30,000 --> 00:07:34,000

Okay. Would that be kind of like a half-sphere?

117

00:07:34,000 --> 00:07:35,000

Yeah.

118

00:07:35,000 --> 00:07:36,000

Okay.

119

00:07:39,000 --> 00:07:43,000

Do you have any problems with your car running?

120

00:07:43,000 --> 00:07:44,000

What, are you up there?

121

00:07:44,000 --> 00:07:46,000

Not really, not that I know of.

122

00:07:46,000 --> 00:07:49,000

Okay. Did you ever use your car radio while you were up there?

123

00:07:49,000 --> 00:07:51,000

No, we didn't radio on it.

124

00:07:51,000 --> 00:07:52,000

Okay.

125

00:07:54,000 --> 00:07:57,000

Yeah, I can give you another street to its mineral.

126

00:07:57,000 --> 00:08:04,000

It shoots mineral and when we saw the first light, it was out in the parking lot.

127

00:08:04,000 --> 00:08:09,000

Okay. Which direction were you looking when you first saw that first one?

128

00:08:09,000 --> 00:08:11,000

Okay, the first one we saw, south.

129

00:08:11,000 --> 00:08:13,000

South, okay.

130

00:08:13,000 --> 00:08:15,000

The next one we saw, southeast.

131

00:08:18,000 --> 00:08:21,000

And then the next one was south.

132

00:08:21,000 --> 00:08:27,000

And then the glowing half-sphere was southwest.

133

00:08:28,000 --> 00:08:33,000

And the same that we saw was running southwest.

134

00:08:34,000 --> 00:08:36,000

To south north.

135

00:08:39,000 --> 00:08:40,000

North-east.

136

00:08:40,000 --> 00:08:45,000

Okay. One other thing, how long did that humming sound last?

137

00:08:46,000 --> 00:08:54,000

About 15, 20 minutes and then it quit for about 10 minutes.

138

00:08:54,000 --> 00:08:56,000

And it went on again.

139

00:08:56,000 --> 00:08:58,000

And that was a very funny sound.

140

00:08:58,000 --> 00:09:01,000

It sounded like the wind, but the wind wasn't blowing.

141

00:09:01,000 --> 00:09:02,000

Uh-huh.

142

00:09:02,000 --> 00:09:05,000

It was a tall night.

143

00:09:05,000 --> 00:09:07,000

Okay.

144

00:09:08,000 --> 00:09:15,000

While that object was on the ridge, you could hear the humming sound then.

145

00:09:15,000 --> 00:09:16,000

Uh-huh.

146

00:09:16,000 --> 00:09:23,000

Okay. Did you notice whether there was any fluctuation with the light on that object in relation to the humming sound?

147

00:09:25,000 --> 00:09:26,000

Not really.

148

00:09:26,000 --> 00:09:27,000

Okay.

149

00:09:27,000 --> 00:09:32,000

Well, sir, we thank you again.

150

00:09:32,000 --> 00:09:35,000

And if we get any more on this, we'll get back to you and let you know.

151

00:09:35,000 --> 00:09:36,000

Okay.

152

00:09:36,000 --> 00:09:37,000

Thank you.

153

00:09:37,000 --> 00:09:38,000

All right, thank you.

154

00:09:38,000 --> 00:09:39,000

Bye.
