

1

00:00:00,000 --> 00:00:04,000

This is a UFO reporting center in Washington.

2

00:00:04,000 --> 00:00:07,000

We understand you saw something in the sky tonight.

3

00:00:07,000 --> 00:00:11,000

I wonder if we could get a description of exactly what happened.

4

00:00:11,000 --> 00:00:12,000

Okay.

5

00:00:12,000 --> 00:00:14,000

First, I want to tell you.

6

00:00:14,000 --> 00:00:16,000

I kind of shook up.

7

00:00:16,000 --> 00:00:18,000

Let's see.

8

00:00:18,000 --> 00:00:22,000

I went out to move my hose in the front yard,

9

00:00:22,000 --> 00:00:27,000

and I looked at the rest of my house.

10

00:00:28,000 --> 00:00:33,000

I noticed this really gorgeous light.

11

00:00:33,000 --> 00:00:39,000

You know how sometimes when an airplane is coming towards you,

12

00:00:39,000 --> 00:00:42,000

you see the white light, but then after a while it turns,

13

00:00:42,000 --> 00:00:45,000

and you can see it's headlights, kind of.

14

00:00:45,000 --> 00:00:46,000

Yes.

15

00:00:46,000 --> 00:00:49,000

Well, 15 minutes and about 30 seconds.

16

00:00:49,000 --> 00:00:50,000

Bye.

17

00:00:50,000 --> 00:00:52,000

It didn't turn.

18

00:00:52,000 --> 00:00:53,000

It didn't move.

19

00:00:53,000 --> 00:00:59,000

And I kind of got a landmark from the house across the street's TV antenna.

20

00:00:59,000 --> 00:01:06,000

And it was in this same position, and then all of a sudden it started to the left real quick.

21

00:01:06,000 --> 00:01:11,000

And then it went to the right up, though.

22

00:01:11,000 --> 00:01:15,000

You know, it went back to the right in a diagonal upwards motion,

23

00:01:15,000 --> 00:01:21,000

and then went back to the original place that I had seen it by my landmarks antenna.

24

00:01:21,000 --> 00:01:28,000

And then it started moving like, obviously, at the east,

25

00:01:28,000 --> 00:01:35,000

like directly over top of me, and it was moving slowly.

26

00:01:35,000 --> 00:01:42,000

And it was frightening because it appeared that I could reach out and grab it.

27

00:01:42,000 --> 00:01:46,000

However, I know it was a lot further up than that.

28

00:01:46,000 --> 00:01:52,000

And what it was, when it got over top of me, it was, and I was looking straight up,

29

00:01:52,000 --> 00:01:59,000

it was perfectly round, and it, nothing was moving on it, but it had four red lights,

30

00:01:59,000 --> 00:02:08,000

like one in, say, in the front of it, and one in the back, and then one on each side.

31

00:02:08,000 --> 00:02:13,000

And then the white light that I guess had seen from the distance was like,

32

00:02:13,000 --> 00:02:19,000

maybe like on the top so that the haze of white was coming down from the top of it.

33

00:02:19,000 --> 00:02:22,000

So I could still see, you know, I saw the perfect outline.

34

00:02:22,000 --> 00:02:30,000

And it was perfectly round, and it made a sound, but it wasn't an airplane sound,

35

00:02:30,000 --> 00:02:35,000

it was more of a hum than anything else.

36

00:02:35,000 --> 00:02:42,000

And I can't even tell you how long that it was up there because I was really numb by it.

37

00:02:42,000 --> 00:02:44,000

You know, I was frightened.

38

00:02:44,000 --> 00:02:53,000

And then all of a sudden, it took off again, but not as fast as it had darted originally.

39

00:02:53,000 --> 00:03:02,000

It took off to the east, east south, I guess, because I landmarked again by the high school

40

00:03:02,000 --> 00:03:07,000

that's right, east due east of us, so it was a little bit south of that.

41

00:03:07,000 --> 00:03:15,000

And I watched it, and I turned, and it kept going, and it just vanished out of sight.

42

00:03:15,000 --> 00:03:22,000

Towards, you know, towards the frittles there, like say, the Coyah area, King's Canyon area.

43

00:03:22,000 --> 00:03:25,000

Well, you watched it until it just moved away out of sight, didn't it?

44

00:03:25,000 --> 00:03:27,000

Well, no, it just disappeared.

45

00:03:27,000 --> 00:03:28,000

It suddenly disappeared?

46

00:03:28,000 --> 00:03:30,000

Yeah, it just vanished.

47

00:03:30,000 --> 00:03:32,000

Okay. Just like turning off a light?

48

00:03:32,000 --> 00:03:33,000

Yeah, exactly.

49

00:03:33,000 --> 00:03:35,000

Okay.

50

00:03:35,000 --> 00:03:39,000

Okay, now let's get back to when the object was hovering overhead.

51

00:03:39,000 --> 00:03:49,000

Could you see an object, a surface of an object, or were you just looking at plain light?

52

00:03:49,000 --> 00:03:57,000

No, it was, I don't want to say the substance was metal, but it was a hard physical substance.

53

00:03:57,000 --> 00:03:59,000

It was, you know...

54

00:03:59,000 --> 00:04:03,000

You could see a body of something there then.

55

00:04:03,000 --> 00:04:05,000

Right, but it was perfectly round.

56

00:04:05,000 --> 00:04:06,000

Okay.

57

00:04:06,000 --> 00:04:09,000

Because I was looking like from bottom straight up.

58

00:04:09,000 --> 00:04:15,000

Okay, now when you say round, you're not talking like round like a ball, you're talking like circular?

59

00:04:15,000 --> 00:04:18,000

Right, like would it be the radius?

60

00:04:18,000 --> 00:04:19,000

Right.

61

00:04:19,000 --> 00:04:20,000

Right, okay.

62

00:04:20,000 --> 00:04:24,000

Now did this object appear flat, or could you tell?

63

00:04:24,000 --> 00:04:27,000

Was it at an angle where you could tell the exact shape?

64

00:04:27,000 --> 00:04:35,000

No, when it was coming towards, you know, when it was going east, all I saw was the light.

65

00:04:35,000 --> 00:04:39,000

And it was shining because it looked like it was coming at me.

66

00:04:39,000 --> 00:04:40,000

Right.

67

00:04:40,000 --> 00:04:50,000

And there was no blinking light, no nothing to indicate that it was a, even a, gosh, one of those blimps, you know, anything.

68

00:04:50,000 --> 00:04:53,000

And I remember seeing a shape and thinking to myself, what is that like?

69

00:04:53,000 --> 00:04:58,000

But I was so scared that I think I must have just...

70

00:04:58,000 --> 00:05:06,000

My mind must have gone numb for a few minutes or something because I remember thinking that I thought of something, but I don't remember what I thought, if you know what I mean.

71

00:05:06,000 --> 00:05:07,000

Right.

72

00:05:07,000 --> 00:05:13,000

Because I couldn't move really, I was really scared because it's the first time that's ever happened.

73

00:05:13,000 --> 00:05:26,000

And, but when it finally got to where I remember seeing it again, over, directly overhead, looking up like if it was directly overhead, I was looking straight up.

74

00:05:26,000 --> 00:05:37,000

And like at the bottom of it, I remember seeing the metal or whatever it was surface and it was in a perfectly round, radius round shape.

75

00:05:37,000 --> 00:05:42,000

With the white glow, maybe say on the top of it, shining down.

76

00:05:42,000 --> 00:05:45,000

It was just the perfect white light.

77

00:05:45,000 --> 00:05:50,000

Was this glow, did it have a hazy effect around this object?

78

00:05:50,000 --> 00:05:51,000

Hazy effect?

79

00:05:51,000 --> 00:05:55,000

I mean it wasn't, it wasn't a solid light, was it?

80

00:05:55,000 --> 00:06:00,000

It was solid when I first saw it.

81

00:06:00,000 --> 00:06:02,000

Right, but I mean when it was directly overhead.

82

00:06:02,000 --> 00:06:04,000

No, it was hazy light.

83

00:06:04,000 --> 00:06:05,000

Okay.

84

00:06:05,000 --> 00:06:12,000

Like I was looking at a silhouette, maybe with a light behind it kind of like, you know what I mean?

85

00:06:12,000 --> 00:06:14,000

Right, right, okay, right.

86

00:06:14,000 --> 00:06:21,000

And you didn't see anything else other than that, the white and then the red lights.

87

00:06:21,000 --> 00:06:31,000

Right, and the red lights were just, in comparison to what the white light was, the red lights were very small and there were just four of them and they did not move at all.

88

00:06:31,000 --> 00:06:32,000

They didn't flash or blink?

89

00:06:32,000 --> 00:06:33,000

No.

90

00:06:33,000 --> 00:06:38,000

Okay, and were those red lights still on when the object started to move away from you?

91

00:06:38,000 --> 00:06:40,000

They stayed on constantly.

92

00:06:40,000 --> 00:06:42,000

Okay, until it just suddenly vanished.

93

00:06:42,000 --> 00:06:43,000

Right.

94

00:06:43,000 --> 00:06:44,000

Okay.

95

00:06:44,000 --> 00:06:45,000

It just disappeared.

96

00:06:45,000 --> 00:06:51,000

Okay, now can you give us an estimate on the altitude when it was directly overhead?

97

00:06:51,000 --> 00:07:02,000

Hmm, like I said, it felt like I was right there, like I could touch it, but I know that I was fighting and that's why it seemed so close.

98

00:07:02,000 --> 00:07:24,000

Um, hmm, gosh, I, hmm, the only way I could estimate it was like for a city block, it seemed like it would have been like a city block or maybe even two away, but not too much further.

99

00:07:24,000 --> 00:07:25,000

Okay.

100

00:07:25,000 --> 00:07:39,000

Now, if you were holding, if you took a 12 inch ruler and just held it straight up into the sky where that object was, how many or how wide would that be in inches on that ruler?

101

00:07:39,000 --> 00:07:41,000

Uh, like about two of them.

102

00:07:41,000 --> 00:07:43,000

About two inches, okay.

103

00:07:43,000 --> 00:07:45,000

Or maybe, maybe more.

104

00:07:45,000 --> 00:07:48,000

Gosh, I remember what it looked like, but I,

105

00:07:48,000 --> 00:07:50,000

That's very difficult to make those estimates.

106

00:07:50,000 --> 00:07:55,000

Well, it is, because all I remember feeling is just the whole sight, like everything was drained.

107

00:07:55,000 --> 00:07:59,000

I was scared that I didn't have any saliva left in my mouth to calm my mind.

108

00:07:59,000 --> 00:08:06,000

Okay, when that was overhead, did it at any time appear to come closer as it was directly overhead?

109

00:08:06,000 --> 00:08:09,000

Did it appear to descend towards you at all?

110

00:08:09,000 --> 00:08:12,000

Uh, no, not that I know of.

111

00:08:12,000 --> 00:08:13,000

Okay.

112

00:08:13,000 --> 00:08:17,000

And it was, when it was overhead, was it stationary at all times?

113

00:08:17,000 --> 00:08:19,000

Yeah, it was just right there.

114

00:08:19,000 --> 00:08:22,000

Okay, and you could definitely hear that humming sound.

115

00:08:22,000 --> 00:08:27,000

Yeah, it was like a, um, I don't know what to...

116

00:08:27,000 --> 00:08:29,000

How about a turbine?

117

00:08:29,000 --> 00:08:31,000

Well, I don't know how that sounds.

118

00:08:31,000 --> 00:08:32,000

It was not an airplane.

119

00:08:32,000 --> 00:08:39,000

An airplane, you know, as you hear it going through the sky, you can hear it goes, you know, but this was like a...

120

00:08:39,000 --> 00:08:41,000

It was steady.

121

00:08:41,000 --> 00:08:42,000

Yeah, exactly.

122

00:08:42,000 --> 00:08:43,000

Okay.

123

00:08:43,000 --> 00:08:47,000

Did that sound change as it moved away?

124

00:08:47,000 --> 00:08:50,000

Did it increase or decrease in volume?

125

00:08:50,000 --> 00:08:53,000

No, no, but as soon as the thing was out of sight, it was gone.

126

00:08:53,000 --> 00:08:54,000

The sound was gone.

127

00:08:54,000 --> 00:08:56,000

Right, okay.

128

00:09:00,000 --> 00:09:04,000

And that white light, did it maintain its constant brilliance at all times?

129

00:09:04,000 --> 00:09:05,000

At all times.

130

00:09:05,000 --> 00:09:06,000

At all times.

131

00:09:06,000 --> 00:09:07,000

Okay.

132

00:09:07,000 --> 00:09:10,000

Do you have any pets around your area?

133

00:09:10,000 --> 00:09:13,000

Uh-huh, I have my two dogs and a cat.

134

00:09:13,000 --> 00:09:14,000

How did they react?

135

00:09:14,000 --> 00:09:25,000

You know, that's really funny, you should ask that, because, um, uh, my one dog, well, let's see, my poodle was out...

136

00:09:25,000 --> 00:09:26,000

My poodle was outside?

137

00:09:26,000 --> 00:09:33,000

No, my poodle was in the back bedroom and he was carrying on high, but I thought that that's maybe because I was outside.

138

00:09:33,000 --> 00:09:35,000

He's just a yapper anyhow.

139

00:09:35,000 --> 00:09:41,000

But my other dog, my cockapoo, is in the living room because she just had a litter of puppies and she was in her little cage

140

00:09:41,000 --> 00:09:44,000

and she was just carrying on too.

141

00:09:44,000 --> 00:09:51,000

But then I have a little cat who was out with me who didn't, it didn't even, you know, phase it.

142

00:09:51,000 --> 00:09:55,000

So probably the dogs were barking because I was out front.

143

00:09:55,000 --> 00:09:58,000

Did they calm down after this thing left?

144

00:09:58,000 --> 00:10:03,000

Um, no, they continued barking until I came in the house.

145

00:10:03,000 --> 00:10:04,000

Okay.

146

00:10:04,000 --> 00:10:06,000

What time did you spot that?

147

00:10:06,000 --> 00:10:08,000

Oh, let's see.

148

00:10:08,000 --> 00:10:15,000

Uh, the only way I can associate the time, my sister was watching sitting here.

149

00:10:15,000 --> 00:10:26,000

Um, I went outside to move the water, approximately, let's see, sitting here started at 10, so say approximately between 10.13 and 10.30.

150

00:10:26,000 --> 00:10:27,000

Okay.

151

00:10:28,000 --> 00:10:39,000

And that's when I probably saw it the first time and then for about 15 minutes and 30 seconds approximately that I sat there and watched it

152

00:10:39,000 --> 00:10:43,000

until it started, you know, the first of all it started.

153

00:10:43,000 --> 00:10:52,000

And it was a big enough dart in distance, it was far enough that you knew that your eyes weren't doing that, you know, how you focus on something so long.

154

00:10:52,000 --> 00:10:53,000

Right.

155

00:10:53,000 --> 00:11:00,000

And then when it went in the sky, it went three houses long, the houses that were directly in front of me across the street.

156

00:11:00,000 --> 00:11:04,000

So it, you know, it was three houses long, the dart.

157

00:11:04,000 --> 00:11:08,000

So it made it a pretty decent thing.

158

00:11:08,000 --> 00:11:17,000

Okay, now this numbing effect you had when you were watching that, do you feel that it was strictly because of fright?

159

00:11:17,000 --> 00:11:19,000

I don't know.

160

00:11:19,000 --> 00:11:22,000

Was there, did your body have any tingling sensation at all?

161

00:11:22,000 --> 00:11:38,000

In fact, I felt like I was, like, feet raised, you know, but like rubber or something like I was about ready to either pass out or something.

162

00:11:38,000 --> 00:11:40,000

Like, feet raised were going off through.

163

00:11:40,000 --> 00:11:48,000

I was sitting here thinking, you know, who's the thing that didn't do something to me?

164

00:11:48,000 --> 00:11:51,000

But that's kind of far, I guess.

165

00:11:51,000 --> 00:11:55,000

Did you have the feeling that you were singled out by this thing?

166

00:11:55,000 --> 00:11:56,000

No.

167

00:11:56,000 --> 00:11:59,000

Okay.

168

00:11:59,000 --> 00:12:04,000

Were there any electric power problems in your neighborhood at the time that you noticed?

169

00:12:04,000 --> 00:12:06,000

Not to my knowledge, you know.

170

00:12:06,000 --> 00:12:08,000

Were you wearing a watch?

171

00:12:08,000 --> 00:12:10,000

Yes.

172

00:12:10,000 --> 00:12:13,000

Did you check the time on that by any chance?

173

00:12:13,000 --> 00:12:19,000

Yeah, but the only thing I remember as far as crime was the 15 minutes and 30 seconds.

174

00:12:19,000 --> 00:12:23,000

Approximately 30 seconds.

175

00:12:23,000 --> 00:12:27,000

But you didn't feel there was any loss of time while you were watching this, did you?

176

00:12:27,000 --> 00:12:28,000

No.

177

00:12:28,000 --> 00:12:42,000

Other than, I know the 15 minutes, but when I came back in at 11.15, I had been gone longer than when I realized I was out there.

178

00:12:42,000 --> 00:12:50,000

When I left, sitting here was maybe into it, say, a half hour rather than 15 minutes.

179

00:12:50,000 --> 00:12:54,000

And then when I came back in, my sister had been watching the news for 15.

180

00:12:54,000 --> 00:12:57,000

But I hadn't seemed like I had been gone that long.

181

00:12:57,000 --> 00:13:00,000

So I must have really been scared.

182

00:13:00,000 --> 00:13:02,000

You came in about 11.15?

183

00:13:02,000 --> 00:13:06,000

Yeah, around there, yeah.

184

00:13:06,000 --> 00:13:16,000

And then I called my mom right away to tell her, and I asked her if she'd call whoever you called to see if, you know, something weird is up there.

185

00:13:16,000 --> 00:13:19,000

How long do you feel you watch that?

186

00:13:19,000 --> 00:13:29,000

Well, like I said, the brilliant light when I singled it out in the sky, because it isn't something you'd have to take a second look at.

187

00:13:29,000 --> 00:13:32,000

It was just right there, just brilliant.

188

00:13:32,000 --> 00:13:37,000

I mean, the North Star sticks out, but this was just immense.

189

00:13:37,000 --> 00:13:41,000

And I watched that 15 minutes and 30 seconds until it did its little dart.

190

00:13:41,000 --> 00:13:49,000

And then as soon as it started and went back to the same original place, then it started going overhead.

191

00:13:49,000 --> 00:13:50,000

Okay, then you...

192

00:13:50,000 --> 00:13:52,000

That's a headache.

193

00:13:52,000 --> 00:14:00,000

Okay, then from the time you first spotted the light until the time the thing disappeared, how long would you say that was?

194

00:14:00,000 --> 00:14:06,000

You got into the house about 11.15, you know?

195

00:14:06,000 --> 00:14:09,000

Or 11.10.

196

00:14:09,000 --> 00:14:14,000

Well, no, it had to be late in that because the weather was on, and that was the last thing.

197

00:14:14,000 --> 00:14:16,000

So it was about 11.15.

198

00:14:16,000 --> 00:14:18,000

Okay.

199

00:14:18,000 --> 00:14:25,000

Do you feel that you were watching it at all that time, or that you might have lost some time there?

200

00:14:25,000 --> 00:14:29,000

I don't know. I'm really... I don't know. I'm really afraid to say.

201

00:14:29,000 --> 00:14:32,000

That's fine. That's fine.

202

00:14:32,000 --> 00:14:35,000

All I know is I'd never felt so scared in my whole life.

203

00:14:35,000 --> 00:14:37,000

I understand your neighbor saw it also.

204

00:14:37,000 --> 00:14:38,000

Yeah.

205

00:14:38,000 --> 00:14:41,000

Did he watch it as long as you did?

206

00:14:41,000 --> 00:14:46,000

Uh, yes.

207

00:14:46,000 --> 00:14:54,000

It's really weird though because the whole time when he was there, I still felt alone.

208

00:14:54,000 --> 00:14:57,000

Now, you want a busy thoroughfare by any chance?

209

00:14:57,000 --> 00:14:58,000

Oh, no.

210

00:14:58,000 --> 00:14:59,000

Okay.

211

00:14:59,000 --> 00:15:02,000

But we're on a residential, you know, quiet...

212

00:15:02,000 --> 00:15:05,000

It was country, but they built it up around us.

213

00:15:05,000 --> 00:15:06,000

Okay.

214

00:15:06,000 --> 00:15:09,000

Is this the first time you've ever seen anything like this?

215

00:15:09,000 --> 00:15:11,000

Anything like this, yes.

216

00:15:11,000 --> 00:15:17,000

What was your opinion of the subject of UFOs before this happened?

217

00:15:17,000 --> 00:15:22,000

Um...

218

00:15:22,000 --> 00:15:24,000

I didn't really care.

219

00:15:24,000 --> 00:15:27,000

It was really too deep to get into. I don't understand them that much.

220

00:15:27,000 --> 00:15:28,000

Okay.

221

00:15:28,000 --> 00:15:35,000

What's the bucket for?

222

00:15:35,000 --> 00:15:44,000

Okay, if we could get somebody in there to talk to you, to get some diagrams and so forth, would this be permissible?

223

00:15:44,000 --> 00:15:46,000

It's a medium.

224

00:15:46,000 --> 00:15:49,000

Okay.

225

00:15:49,000 --> 00:15:52,000

Well, we sure appreciate your talking to us.

226

00:15:52,000 --> 00:16:00,000

And, uh, if we come up with any information on this object through our investigation, we'll get back to you and let you know about it.

227

00:16:00,000 --> 00:16:09,000

Okay, well, all I know is that, whether anybody else knows what it was, all I know is that there's something that I've never seen before, and I hope I never see it again.

228

00:16:09,000 --> 00:16:13,000

Well, if it's a description of things that they're seeing all over the world.

229

00:16:13,000 --> 00:16:20,000

Which probably are not what we think are little things in and flying saucers, but something else.

230

00:16:20,000 --> 00:16:27,000

Well, we know that they're not from this planet. I don't know whether they've got little green men or women or what.

231

00:16:27,000 --> 00:16:33,000

Well, you know, I really hesitated even calling my mom because I...

232

00:16:33,000 --> 00:16:37,000

I don't know. You know, I don't want anybody to think I'm crazy.

233

00:16:37,000 --> 00:16:49,000

Well, we understand that. Of course, you know, one of the big problems is we have trouble convincing the public that this is very, very important for them to report these things.

234

00:16:49,000 --> 00:16:52,000

So you don't have to worry about that. Okay.

235

00:16:52,000 --> 00:16:58,000

And if we need further information, could we feel free to call you back again? Sure.

236

00:16:58,000 --> 00:17:01,000

Okay, thank you again. Thank you very much. Bye-bye.
