

1

00:00:00,000 --> 00:00:06,000

I'd like to report if you also sighted just North of Grand Rapids.

2

00:00:06,000 --> 00:00:09,000

Alright sir, would you like to describe what you saw?

3

00:00:09,000 --> 00:00:16,000

Well, we've seen first of all, we've seen a fighter, you know, an Air Force fighter.

4

00:00:16,000 --> 00:00:18,000

Yes, it was an Air Force fighter.

5

00:00:18,000 --> 00:00:25,000

Okay, it was flying south, it was flying north out of the south, and when it went into a cloud bank,

6

00:00:25,000 --> 00:00:30,000

just a little down towards the horizon we've seen.

7

00:00:30,000 --> 00:00:34,000

You know, we lost sight of it in the clouds, so we were looking around Wingsmart to come out.

8

00:00:34,000 --> 00:00:41,000

We saw there was a disc object fly out, and it banked up and towards the right,

9

00:00:41,000 --> 00:00:50,000

and then it kept doing these odd maneuvers, and that's when we noticed that it wasn't a fighter, you know, it was slovery, and it was disc-shaped.

10

00:00:51,000 --> 00:00:56,000

That came out of the same clouds that the aircraft went into?

11

00:00:56,000 --> 00:01:00,000

No, it's a smaller cloud bank down close to the horizon.

12

00:01:00,000 --> 00:01:02,000

Oh, okay.

13

00:01:02,000 --> 00:01:04,000

About what time did you spot that?

14

00:01:04,000 --> 00:01:06,000

About 1.30.

15

00:01:06,000 --> 00:01:10,000

That's afternoon, okay.

16

00:01:10,000 --> 00:01:13,000

Which direction were you looking at this time?

17

00:01:13,000 --> 00:01:14,000

North.

18

00:01:14,000 --> 00:01:16,000

North sky, okay.

19

00:01:20,000 --> 00:01:26,000

How far was this cloud that the jet went into from the one that the object came out of?

20

00:01:26,000 --> 00:01:30,000

About a mile to a half mile.

21

00:01:30,000 --> 00:01:31,000

Okay.

22

00:01:31,000 --> 00:01:36,000

And just after we had seen it, we were watching the UFO for about, oh, two minutes.

23

00:01:36,000 --> 00:01:40,000

Yeah, it was making all kinds of maneuvers right in the same spot.

24

00:01:40,000 --> 00:01:48,000

And then real weird that a plane couldn't make, and that just after it went into a cloud bank, we lost it.

25

00:01:48,000 --> 00:01:58,000

Two more, we think, fighters came out of that east and west and converging about the same point with the UFO.

26

00:01:58,000 --> 00:02:02,000

In other words, these fighter aircraft and the UFOs were all operating right in the same area?

27

00:02:02,000 --> 00:02:03,000

Yeah.

28

00:02:03,000 --> 00:02:04,000

Okay.

29

00:02:04,000 --> 00:02:07,000

Now, would you describe those maneuvers the object was making?

30

00:02:07,000 --> 00:02:15,000

Oh, it banked off towards the right climb like an airplane, then it snapped and then hovered there.

31

00:02:15,000 --> 00:02:23,000

And then it went into the clouds and come back out just like it's peeking out at us, you know.

32

00:02:23,000 --> 00:02:30,000

And then they'd go back in, then we'd lose it, come out, swirl around, and it stopped.

33

00:02:30,000 --> 00:02:37,000

It gave us a profile a couple of times and it was making these like 30 degree turns.

34

00:02:37,000 --> 00:02:39,000

They were sharp turns.

35

00:02:39,000 --> 00:02:44,000

And at a speed that I think it would just destroy one of our jets.

36

00:02:44,000 --> 00:02:49,000

They were sharp, fast turns, and it executed real smoothly too.

37

00:02:49,000 --> 00:02:53,000

Okay, and you could definitely make out that this was a disc?

38

00:02:53,000 --> 00:02:56,000

Yes, like a brushed silver too.

39

00:02:56,000 --> 00:02:57,000

Okay.

40

00:02:57,000 --> 00:03:00,000

Did you notice any lights on that disc at all?

41

00:03:00,000 --> 00:03:01,000

No.

42

00:03:01,000 --> 00:03:02,000

Okay.

43

00:03:02,000 --> 00:03:05,000

How about how long did you watch that?

44

00:03:05,000 --> 00:03:07,000

Two minutes, two to three.

45

00:03:07,000 --> 00:03:08,000

Okay.

46

00:03:09,000 --> 00:03:13,000

Was this disc traveling at pretty high rate of speed while it was making those maneuvers?

47

00:03:13,000 --> 00:03:15,000

No, it was a medium one.

48

00:03:15,000 --> 00:03:17,000

It wasn't real fast, but we're at a pretty good point.

49

00:03:17,000 --> 00:03:21,000

It was about as fast as a jet plane, but it was super fast.

50

00:03:21,000 --> 00:03:22,000

Okay.

51

00:03:22,000 --> 00:03:23,000

Yeah.

52

00:03:23,000 --> 00:03:27,000

Was that disc as large as the jet?

53

00:03:27,000 --> 00:03:28,000

Yeah.

54

00:03:33,000 --> 00:03:35,000

Okay, man, where did you get our number?

55

00:03:35,000 --> 00:03:36,000

Awesome.

56

00:03:36,000 --> 00:03:41,000

We called the air, the control tower at the Kentown Airport.

57

00:03:41,000 --> 00:03:42,000

Okay.

58

00:03:43,000 --> 00:03:45,000

Now, were you the only witnesses?

59

00:03:45,000 --> 00:03:46,000

Yep.

60

00:03:46,000 --> 00:03:50,000

As far as we know, so far we're the only ones.

61

00:03:50,000 --> 00:03:53,000

Was there a pretty heavy cloud layer there, or was this broken?

62

00:03:53,000 --> 00:03:54,000

It was broken.

63

00:03:54,000 --> 00:03:55,000

Okay.

64

00:03:55,000 --> 00:04:01,000

It was broken, but when they'd come out to the clear, you'd see, oh, what's that there, there.

65

00:04:02,000 --> 00:04:06,000

And you felt that you saw at least three jets in the area?

66

00:04:06,000 --> 00:04:07,000

Yeah.

67

00:04:07,000 --> 00:04:08,000

Okay.

68

00:04:08,000 --> 00:04:11,000

We were right after it happened, and one was just before.

69

00:04:11,000 --> 00:04:12,000

Okay.

70

00:04:13,000 --> 00:04:18,000

And there was no dot in your mind that you were watching a metallic object of some kind?

71

00:04:18,000 --> 00:04:19,000

No, no.

72

00:04:19,000 --> 00:04:20,000

Okay.

73

00:04:21,000 --> 00:04:28,000

Okay, man, well, we sure appreciate you reporting this, and we'll check into it, and if we come up with any more information on it, we'll get back to you and let you know.

74

00:04:28,000 --> 00:04:29,000

Okay, thank you.

75

00:04:29,000 --> 00:04:30,000

Thank you very much.

76

00:04:30,000 --> 00:04:31,000

Thank you.
