

1

00:00:00,000 --> 00:00:02,000

What are you saying?

2

00:00:02,000 --> 00:00:07,000

Yes, I'm about to report a UFO sighting of last night.

3

00:00:07,000 --> 00:00:09,000

Alright, sure, like here by it.

4

00:00:09,000 --> 00:00:12,000

Okay, well let's see, I guess it was about 1130

5

00:00:12,000 --> 00:00:17,000

and me and a couple of my friends were just sitting around outside

6

00:00:17,000 --> 00:00:22,000

and out at the west end of the sky it just looked like an airplane was coming in

7

00:00:22,000 --> 00:00:27,000

and this kept getting closer really quick, you know, in about a minute it was right over it

8

00:00:27,000 --> 00:00:33,000

and it stopped over it and then it tilted and had a really long beam of light

9

00:00:33,000 --> 00:00:40,000

and it tilted and it was a plate, this with a cone with a flat top on top of it

10

00:00:40,000 --> 00:00:46,000

and it had red and green and white lights and then it just came level again

11

00:00:46,000 --> 00:00:52,000

and came down and it landed on a street like about a few under feet from it

12

00:00:52,000 --> 00:01:00,000

and it hummed like gyros, you know, I mean, but when it was in the sky

13

00:01:00,000 --> 00:01:10,000

it was like a deep sounding jet, you know, but wow, you know, it was pretty scary, you know.

14

00:01:10,000 --> 00:01:12,000

Okay, how long did you watch it?

15

00:01:12,000 --> 00:01:19,000

Let's see, I guess it was, we saw it on the ground for like probably five, six minutes

16

00:01:19,000 --> 00:01:23,000

then they went over there in a car and couldn't find it anywhere

17

00:01:23,000 --> 00:01:30,000

so, you know, I called the local large airport around here and they gave me this number

18

00:01:30,000 --> 00:01:31,000

so, okay, I saw it.

19

00:01:31,000 --> 00:01:35,000

Now when this was in the sky, you say that it was shaped like a disc?

20

00:01:35,000 --> 00:01:40,000

Yeah, it was round and had a round cone with a flat top on top of it

21

00:01:40,000 --> 00:01:45,000

but a friend of mine started waving at it and it, you know, it tilted

22

00:01:45,000 --> 00:01:50,000

so it could look like it's a window or something or whatever on it

23

00:01:50,000 --> 00:01:57,000

was on the front of it, like so they could look down at it or whatever, but, you know, it was pretty wild.

24

00:01:57,000 --> 00:02:00,000

Okay, now you said there was a beam of light coming from it?

25

00:02:00,000 --> 00:02:04,000

Yeah, like, see, we thought it, I've seen it in the sky, plenty of times

26

00:02:04,000 --> 00:02:11,000

and it just looks like a huge headlight on front of it, you know, but it wasn't a point

27

00:02:11,000 --> 00:02:15,000

because it was about 100 feet up in the air when it stopped

28

00:02:15,000 --> 00:02:23,000

and it was, you know, moving around from different sides of the sky, like so, you know, so

29

00:02:23,000 --> 00:02:26,000

Yeah, you feel that this thing was a metallic or solid object?

30

00:02:26,000 --> 00:02:27,000

Yes.

31

00:02:27,000 --> 00:02:28,000

Okay.

32

00:02:28,000 --> 00:02:29,000

Very much so.

33

00:02:29,000 --> 00:02:31,000

Do you have any estimate of size?

34

00:02:31,000 --> 00:02:34,000

Uh, it was larger than a car.

35

00:02:35,000 --> 00:02:41,000

Okay, now how far away from this, or from you did the object land?

36

00:02:41,000 --> 00:02:43,000

Let's see.

37

00:02:43,000 --> 00:02:49,000

Uh, probably about 400 feet.

38

00:02:51,000 --> 00:02:55,000

Okay, now did this have any kind of a light glow around it?

39

00:02:55,000 --> 00:03:02,000

Let's see, it seems when we, it landed, we could just see like a glow against the houses that were

around there,

40

00:03:02,000 --> 00:03:05,000

kind of like a really whitish green glow.

41

00:03:05,000 --> 00:03:07,000

And it came down in the street?

42

00:03:07,000 --> 00:03:08,000

Yes.

43

00:03:08,000 --> 00:03:09,000

Okay.

44

00:03:09,000 --> 00:03:13,000

And it moved around the street, a friend of mine said that while it was sitting there,

45

00:03:13,000 --> 00:03:19,000

the something came out and came down, and then the ship came down.

46

00:03:19,000 --> 00:03:20,000

So.

47

00:03:20,000 --> 00:03:22,000

Said that somebody came out?

48

00:03:22,000 --> 00:03:24,000

No, not somebody, just something.

49

00:03:24,000 --> 00:03:26,000

Uh, another, some sort of object, I didn't,

50

00:03:26,000 --> 00:03:27,000

Oh, I see, okay.

51

00:03:27,000 --> 00:03:31,000

I don't think it was any kind of creature, anything, just that, you know, something around it.

52

00:03:31,000 --> 00:03:33,000

And that came down in the area where it landed?

53

00:03:33,000 --> 00:03:38,000

Right, right near it, just like 50 feet, probably.

54

00:03:38,000 --> 00:03:42,000

Okay, and you definitely heard a sound from this thing?

55

00:03:42,000 --> 00:03:47,000

Yeah, it went like, ooh, ooh, ooh, like that when it was coming down.

56

00:03:47,000 --> 00:03:51,000

But, you know, it roared like a jet when it was in the sky.

57

00:03:51,000 --> 00:03:55,000

Okay, and then when you went over to the area to investigate it was gone?

58

00:03:55,000 --> 00:03:59,000

Yes, they drove around through the streets and it wasn't anywhere.

59

00:04:00,000 --> 00:04:05,000

But, I know I saw it on the ground because while it was sitting on the ground, it was quiet.

60

00:04:05,000 --> 00:04:12,000

It made that hum noise again and it moved over just a couple of feet, you know.

61

00:04:12,000 --> 00:04:17,000

Okay, and where did this, what was the, was this within a city or town?

62

00:04:17,000 --> 00:04:24,000

Oh yeah, right in the rural areas, right, like there were houses just all over hell, you know.

63

00:04:24,000 --> 00:04:28,000

Okay, now, do you know the cross streets area?

64

00:04:28,000 --> 00:04:30,000

So, in pinpoint the exact location?

65

00:04:30,000 --> 00:04:36,000

Let's see, I don't know the name of the streets because, you know, it's not in my neighborhood, it's over in a friend of mine's neighborhood.

66

00:04:36,000 --> 00:04:37,000

Okay.

67

00:04:37,000 --> 00:04:44,000

But, you know, we went over to the area again this morning and looked around, but, you know, nothing there.

68

00:04:44,000 --> 00:04:46,000

Shane, how many people were there?

69

00:04:46,000 --> 00:04:47,000

Three.

70

00:04:47,000 --> 00:04:49,000

You all agree exactly what you saw?

71

00:04:49,000 --> 00:04:54,000

Yeah, he, a friend of mine described the exact same thing before I even said it.

72

00:04:54,000 --> 00:04:58,000

He said he saw it move over too and heard the noise and everything.

73

00:04:58,000 --> 00:05:00,000

It's pretty wild.

74

00:05:01,000 --> 00:05:08,000

Now, if we get one of our investigators, field investigators in, to take a look at that, would you direct him to where this thing came down?

75

00:05:08,000 --> 00:05:15,000

Sure, it was just like, you know, it was right in the neighborhood, you know, there were just houses all over the place, you know, in a normal neighborhood.
