

1

00:00:00,000 --> 00:00:11,480

We're watching this thing that started out, they first saw this unusual bright object

2

00:00:11,480 --> 00:00:16,160

in the sky looking west from their house there on Anderson Street which would make it toward

3

00:00:16,160 --> 00:00:17,160

the Nellis Bridge.

4

00:00:17,160 --> 00:00:20,160

And evidently it was up there in that area.

5

00:00:20,160 --> 00:00:24,520

It was extremely bright orange and it looked like it had some blueish tint to the bottom

6

00:00:24,520 --> 00:00:25,520

of it.

7

00:00:25,520 --> 00:00:34,760

And then as they noticed later it had shifted over to the area of Mount Rainier and evidently

8

00:00:34,760 --> 00:00:40,080

they saw no movement of it but it had gone from one place to the other in a span of time

9

00:00:40,080 --> 00:00:42,080

and just occurred to over there.

10

00:00:42,080 --> 00:00:47,920

And he couldn't give me much of, oh much of the depth perception out of how many miles

11

00:00:47,920 --> 00:00:50,920

away or how high it was.

12

00:00:50,920 --> 00:00:59,040

So he said on an angle, using the sky as a top reference point, he said it was about

13

00:00:59,040 --> 00:01:09,040

45 degree angle off of the earth and it's about on the next summit.

14

00:01:09,040 --> 00:01:12,040

Yeah, well that sounds interesting.

15

00:01:12,040 --> 00:01:15,040

South Anderson, I see that.

16

00:01:15,040 --> 00:01:20,040

I'm not sure if he's down near the airport or not.

17

00:01:20,040 --> 00:01:21,040

Down near where?

18

00:01:21,040 --> 00:01:22,040

Up on the board.

19

00:01:22,040 --> 00:01:25,040

Oh no, that's way, way far from McCartan.

20

00:01:25,040 --> 00:01:27,040

Yeah, he used to live in that area.

21

00:01:27,040 --> 00:01:29,040

That's a long way from McCartan.

22

00:01:29,040 --> 00:01:34,040

So anyway, I thought I'd check and see if you'd have any call.

23

00:01:34,040 --> 00:01:36,040

Well, sure, I appreciate it.

24

00:01:36,040 --> 00:01:38,040

I was thinking about you this afternoon.

25

00:01:38,040 --> 00:01:40,040

I thought, well what the heck?

26

00:01:40,040 --> 00:01:42,040

I haven't heard from our favorite newsman.

27

00:01:42,040 --> 00:01:46,040

Well, I should say, you know, the holidays just really got busy there and you spend a

28

00:01:46,040 --> 00:01:48,040

lot of time with the family here and there.

29

00:01:48,040 --> 00:01:52,040

So we didn't have, I didn't have much of a chance to really get into some of the things

30

00:01:52,040 --> 00:01:53,040

I wanted to.

31

00:01:53,040 --> 00:01:57,040

And one of the things I wanted to do before the snow fell, which I never did get done,

32

00:01:57,040 --> 00:02:03,040

was to take another plane trip down there to the Sahelis area and look over the ground

33

00:02:03,040 --> 00:02:06,040

that we didn't cover.

34

00:02:06,040 --> 00:02:14,040

And the area, about five miles, I guess it was northwest of where we were supposed to be.

35

00:02:14,040 --> 00:02:16,040

And I never got a chance to do that either.

36

00:02:16,040 --> 00:02:18,040

Yeah, that's just about out now till spring.

37

00:02:18,040 --> 00:02:19,040

Yeah, I know.

38

00:02:19,040 --> 00:02:20,040

Yeah.

39

00:02:20,040 --> 00:02:21,040

Love it.

40

00:02:21,040 --> 00:02:22,040

Oh well.

41

00:02:22,040 --> 00:02:26,040

You know that darn fireball is still in the news.

42

00:02:26,040 --> 00:02:33,040

I heard something on the radio the other day, the thing was still considered a super mystery.

43

00:02:33,040 --> 00:02:40,040

Oh, there was a shot on the AP about the tell Northwest who was looking for it saying that

44

00:02:40,040 --> 00:02:47,040

it's, that they've got it, they think they have the impact area narrowed down to within

45

00:02:47,040 --> 00:02:55,040

a large square mile area in eastern Washington, which I think is the baloney myself.

46

00:02:55,040 --> 00:02:59,040

You see, they've got two mixed up there.

47

00:03:00,040 --> 00:03:06,040

Yeah, I know that I think what they saw was one of these things that happened to break up in the sky over there

48

00:03:06,040 --> 00:03:11,040

that the lady in the soap makes, but I don't think they have an impact area there.

49

00:03:11,040 --> 00:03:16,040

I think something may have busted up in the sky, but by the time there was,

50

00:03:16,040 --> 00:03:19,040

it hit the ground, it was probably disintegrated.

51

00:03:19,040 --> 00:03:27,040

We had a fifth report from a fellow around Spokane, and he saw something in the sky that same night,

52

00:03:27,040 --> 00:03:32,040

and he said that he made two 90 degree turns while he was watching it.

53

00:03:32,040 --> 00:03:33,040

Oh, is that right?

54

00:03:33,040 --> 00:03:34,040

Yeah.

55

00:03:34,040 --> 00:03:35,040

Well, I'll be there.

56

00:03:35,040 --> 00:03:39,040

So that's six different objects now.

57

00:03:39,040 --> 00:03:43,040

By the way, I saw you on the tube not too long ago.

58

00:03:43,040 --> 00:03:44,040

Really?

59

00:03:44,040 --> 00:03:45,040

I forget what channel it was.

60

00:03:45,040 --> 00:03:46,040

No, I know it was Channel 4.

61

00:03:46,040 --> 00:03:51,040

Ed Evans was interviewing you on your, on your conclusions after your investigation.

62

00:03:51,040 --> 00:03:52,040

Oh, yes.

63

00:03:52,040 --> 00:03:55,040

Yes, and I just turned on the tube when I was there, you were.

64

00:03:55,040 --> 00:03:56,040

Yeah.

65

00:03:56,040 --> 00:03:57,040

It was on a Sunday night, I think.

66

00:03:57,040 --> 00:04:01,040

Yeah, he, he was quite interested.

67

00:04:01,040 --> 00:04:02,040

Yeah.

68

00:04:02,040 --> 00:04:07,040

I'm rather surprised that so much had gone on that night.

69

00:04:07,040 --> 00:04:15,040

Well, I'm surprised that after all that did go on last night, it kind of ended up really, you know, not much of anything.

70

00:04:15,040 --> 00:04:21,040

I mean, I'm surprised that nobody really has really dug into this thing.

71

00:04:21,040 --> 00:04:29,040

Yeah, I think that we're probably the only two groups in the whole area that really worked on it at all.

72

00:04:29,040 --> 00:04:32,040

Oh, yeah, I think that'd be a safe bet.

73

00:04:32,040 --> 00:04:40,040

I also think that the town northwest, when I talked to the guy over there some time ago, after I first heard the reports, they were looking over there.

74

00:04:40,040 --> 00:04:49,040

From what he, from what the spokesman for the place could tell me, they had the less reason to be looking over there than we did over here.

75

00:04:49,040 --> 00:05:00,040

They didn't have the, half of the cooperating statements from the pilots who saw it go down, and saw this thing burning on the ground, and we did.

76

00:05:00,040 --> 00:05:05,040

They had, you know, a couple of farmers here and they earned some people as if they saw something that was wrong.

77

00:05:05,040 --> 00:05:06,040

Yeah.

78

00:05:06,040 --> 00:05:15,040

Of course, we had terrific cooperation from the people on this side of the mountain, from Canada right south.

79

00:05:15,040 --> 00:05:23,040

And getting all these witnesses, or an awful lot of witnesses, is really important, trying to get some kind of a picture out of a jigsaw puzzle like that.

80

00:05:23,040 --> 00:05:26,040

Yeah, well, damn it, I wish I'd seen something like that.

81

00:05:26,040 --> 00:05:27,040

Yeah, yeah.

82

00:05:27,040 --> 00:05:30,040

And I didn't make a good beginning to thank everybody in the world for all of this.

83

00:05:30,040 --> 00:05:34,040

How has your activity been on your phone the last week or so?

84

00:05:34,040 --> 00:05:35,040

Very slow.

85

00:05:35,040 --> 00:05:40,040

Very, and it always, things are really dead during the holidays anyway.

86

00:05:40,040 --> 00:05:42,040

Why do you think so?

87

00:05:42,040 --> 00:05:52,040

Well, everybody's wrapped up with Christmas and New Year's, then towards about the middle of January, the 1st of February, where things start to pick up again.

88

00:05:52,040 --> 00:05:59,040

Do you ever check for those, like the toll free number organization that's, uh...

89

00:05:59,040 --> 00:06:00,040

Oh, Heineck?

90

00:06:00,040 --> 00:06:01,040

Yeah, I guess that's it.

91

00:06:01,040 --> 00:06:06,040

Do you ever check with them to see what kind of activity they get on any nights?

92

00:06:06,040 --> 00:06:11,040

No, we get a copy of their summary report at the end of each month.

93

00:06:11,040 --> 00:06:12,040

Oh, I see.

94

00:06:12,040 --> 00:06:19,040

It doesn't give any information in great detail, but it gives the number of sightings on each date and the location.

95

00:06:19,040 --> 00:06:20,040

I see.

96

00:06:20,040 --> 00:06:24,040

Are you ever surprised to see something from the Seattle area that you're aware of?

97

00:06:24,040 --> 00:06:25,040

Yes, yes.

98

00:06:25,040 --> 00:06:26,040

Really?

99

00:06:26,040 --> 00:06:27,040

Yeah.

100

00:06:27,040 --> 00:06:29,040

And of course, he gets this data from the police department.

101

00:06:29,040 --> 00:06:33,040

Uh, does it say which agency reports?

102

00:06:33,040 --> 00:06:37,040

No, no, I just, uh...

103

00:06:37,040 --> 00:06:48,040

See, he sent all of his, uh, information and let it show out strictly to police departments, and this is who he depends on more than the news media.

104

00:06:48,040 --> 00:06:50,040

But he does send you his reports?

105

00:06:50,040 --> 00:06:52,040

Oh, yes, the summary, right.

106

00:06:52,040 --> 00:06:53,040

I see.

107

00:06:53,040 --> 00:06:58,040

And then that way, of course, we get some kind of a picture of what he's doing.

108

00:06:58,040 --> 00:07:06,040

I think that we're, as far as the Pacific Northwest is concerned, we're getting a lot more than he is, though.

109

00:07:06,040 --> 00:07:07,040

Are you all right?

110

00:07:07,040 --> 00:07:08,040

Yeah.

111

00:07:08,040 --> 00:07:10,040

Well, I'll be all right.

112

00:07:10,040 --> 00:07:14,040

Of course, people out here are pretty UFO minded.

113

00:07:14,040 --> 00:07:16,040

They're, uh...

114

00:07:16,040 --> 00:07:24,040

Of course, KGR has always been a UFO station for the total area, and, uh, they're just...

115

00:07:24,040 --> 00:07:27,040

Lariat is the subject.

116

00:07:27,040 --> 00:07:32,040

You ever hear what happened to, uh, did you ever know, uh, what was his name?

117

00:07:32,040 --> 00:07:33,040

Major Wayne Aho?

118

00:07:33,040 --> 00:07:34,040

Oh, yes.

119

00:07:34,040 --> 00:07:38,040

What, uh, what is, uh, what's he into now?

120

00:07:38,040 --> 00:07:40,040

Oh, he's still making speeches.

121

00:07:40,040 --> 00:07:41,040

Is he?

122

00:07:41,040 --> 00:07:42,040

Yeah.

123

00:07:42,040 --> 00:07:44,040

What was your opinion about his activity in that area?

124

00:07:44,040 --> 00:07:46,040

Strictly negative.

125

00:07:46,040 --> 00:07:48,040

Why?

126

00:07:48,040 --> 00:08:00,040

Well, the man, uh, I think the thing that really turned me sour on him was shortly after I had made his acquaintance, he got involved in quite a stock scandal back in Oklahoma City.

127

00:08:00,040 --> 00:08:02,040

Oh, is that right?

128

00:08:02,040 --> 00:08:14,040

Uh, they were out, him and another group were out selling stock to a secret project where they were going to send this, uh, disc-shaped spacecraft to the moon.

129

00:08:14,040 --> 00:08:16,040

Man.

130

00:08:16,040 --> 00:08:18,040

Wow.

131

00:08:18,040 --> 00:08:23,040

And they had discovered the propulsion to the UFOs and so forth and so forth.

132

00:08:23,040 --> 00:08:25,040

He got in a lot of trouble back there.

133

00:08:25,040 --> 00:08:27,040

Did he ever do any time over that?

134

00:08:27,040 --> 00:08:28,040

No, he didn't.

135

00:08:28,040 --> 00:08:29,040

He got out of it.

136

00:08:29,040 --> 00:08:36,040

But, uh, I think that the top people got a little time out of it.

137

00:08:36,040 --> 00:08:44,040

But anyway, uh, he incorporates religion a lot into this thing and I just don't see it at all.

138

00:08:44,040 --> 00:08:45,040

Okay.

139

00:08:45,040 --> 00:08:52,040

Would you label him as, uh, would you put him in the category of crackpot?

140

00:08:52,040 --> 00:08:59,040

Well, I kind of like to put into the category of the lunatic friends.

141

00:08:59,040 --> 00:09:01,040

Well, I think that's the same deal.

142

00:09:01,040 --> 00:09:03,040

Same difference, yeah.

143

00:09:03,040 --> 00:09:12,040

Yeah, I don't even know if the guy wants it, I never was able to figure out just exactly where he is, uh, where his head was at, is it worth regarding all of this stuff?

144

00:09:12,040 --> 00:09:20,040

But after that, well, I stayed clear of him and I, I don't go around playing him down, but by the same token, I don't go around doing it a lot either.

145

00:09:20,040 --> 00:09:23,040

Uh, he's a cheat, he's a lunatic.

146

00:09:23,040 --> 00:09:27,040

Well, I would say, I guess that's about it.

147

00:09:27,040 --> 00:09:32,040

Um, yeah, I can't think of anything else.

148

00:09:32,040 --> 00:09:34,040

Well, if anything pops, let me know.

149

00:09:34,040 --> 00:09:36,040

Yeah, and I sure appreciate you having me call.

150

00:09:36,040 --> 00:09:38,040

Okay, talk to you later.

151

00:09:38,040 --> 00:09:39,040

Okay, bye-bye.
