

1

00:00:00,000 --> 00:00:07,000

The question of unidentified flying objects.

2

00:00:07,000 --> 00:00:16,000

Note, one must recognize the fact that there are so many things that continue to buck your

3

00:00:16,000 --> 00:00:17,000

man-calling.

4

00:00:17,000 --> 00:00:25,000

Prime Minister Eric Gehry of Grenada proposed two years ago that the United Nations investigates

5

00:00:25,000 --> 00:00:26,000

psychic phenomena.

6

00:00:27,000 --> 00:00:32,000

Last year, Gehry added UFOs to the list of things needing study.

7

00:00:32,000 --> 00:00:37,000

But Prime Minister says he, like President Carter, has seen the things.

8

00:00:37,000 --> 00:00:44,000

I both privileged to see what I considered to be an unidentified flying object very far

9

00:00:44,000 --> 00:00:46,000

up in the sky.

10

00:00:46,000 --> 00:00:50,000

And there was going and tremendous speed.

11

00:00:50,000 --> 00:00:55,000

I could not identify.

12

00:00:55,000 --> 00:00:58,000

Any movement within the object.

13

00:00:58,000 --> 00:01:01,000

But just tremendously bright.

14

00:01:01,000 --> 00:01:05,000

But what about the significance of the unknown to the UN?

15

00:01:05,000 --> 00:01:13,000

The list of the various actions that have been having the experience of other people or taken

16

00:01:13,000 --> 00:01:15,000

up by these sources.

17

00:01:15,000 --> 00:01:20,000

And one is getting too obnoxious.

18

00:01:20,000 --> 00:01:28,000

And I think it's that flying forces call it what you may, must denounce the way of the

19

00:01:28,000 --> 00:01:30,000

other, influence the life of all people.

20

00:01:30,000 --> 00:01:32,000

And it has got it.

21

00:01:32,000 --> 00:01:38,000

Prime Minister Gehry wants the UN to create a special agency to conduct UFO research and

22

00:01:38,000 --> 00:01:41,000

to coordinate the findings of individual nations.

23

00:01:41,000 --> 00:01:48,000

Last night, he accepted 300 free-b-tickets from the distributor of a movie about UFOs

24

00:01:48,000 --> 00:01:52,000

and led UN diplomats over to the theater.

25

00:01:52,000 --> 00:01:55,000

Minister Gary is convinced and committed

26

00:01:55,000 --> 00:02:02,000

we would be more than naive to accept any theory that

27

00:02:02,000 --> 00:02:08,000

if they are only the total estate of God's domain

28

00:02:08,000 --> 00:02:12,000

there must be other planets, there must be other creatures,

29

00:02:12,000 --> 00:02:15,000

there must be other living things.

30

00:02:15,000 --> 00:02:20,000

And they are the most intelligent of God's creatures.

31

00:02:20,000 --> 00:02:23,000

My minister, Eric Gary of Grenada.
