ARGOSY UFO : author index

|||||

[This seems to have been a spin-off from the regular **Argosy**. After an 1975 Annual, seemingly a one-off, it began to appear regularly from July 1976 (first not numbered, but subsequently vol 1 #2 &c) to July 1977, with an annual at the end of 1977, and an issue dated winter 1977/1978. There may have been one or more additional issues that I'm not aware of. The references here are to this note rather than to what's printed on the magazines themselves.]

BEYOND REALITY : UFO articles

|||||

Beyond Reality sought to cover the whole paranormal scene, and included a proportion of UFO articles ; but evidently reader interest in them grew so strong that eventually a separate publication, **UFO Update**, was created to cater for them, commencing Fall 1978. The level was uncritical, even by pulp standards : but some interesting material continued to appear among the blatant concoctions.
