THE AMERICAN UFO PULPS : AN AUTHOR INDEX

How exciting it must have been for an American ufologist of the 1970s, to see the corner newsstand heaped with brightly-coloured magazines devoted to the latest news of his favorite subject ! Sensational new cases, revolutionary new theories, fresh discoveries - how different, how very different, from the sober grey journals from the UFO organisations which slip, by subscription only, through the mail-box...

None of us will turn to the pulps for an authoritative account of a case, or a scholarly approach to the phenomenon. Yet they are useful in more ways than one. First, they did often publish pieces by or about researchers of repute - almost every well-known American ufologist is included in this index. Second, they often contain illustrations not available elsewhere. And third, they are of immense value to the historian and to the social scientist, who can study material which is closer to the grass roots of the phenomenon than anything else which gets into print. In addition, they're a lot of fun.

A thorough study of the pulps has yet to be written : it would be a fascinating and rewarding undertaking.

Articles with no relevance to UFO research have not been listed. Numbering : 'SA.7.6.14' means 'Saga's UFO Report vol 7 no 6 page 14'. Where articles are co-authored, listing is under first-named author, but second author is cross-referenced.

AR = ARGOSY UFO

ARA = ARGOSY UFO SPECIAL ANNUAL EDITION

This seems to have been a spin-off from the regular **Argosy**. After an 1975 Annual, seemingly a one-off, it began to appear bi-monthly (though less frequently in its declining years) from July 1976 (first not numbered, but subsequently vol 1 #2 &c) to July 1977, with an annual at the end of 1977, and an issue dated winter 1977/1978. There may have been one or more additional issues that I'm not aware of. The references I give are not always what's printed on the magazines themselves, but should make sufficient sense.

BR = BEYOND REALITY

UU = (Beyond Reality's) UFO UPDATE

Beyond Reality, first published in 1972, sought to cover the whole paranormal scene, and included a proportion of UFO articles ; but evidently reader interest in the subject grew so strong that eventually a separate publication, **UFO Update**, was created to cater for them, commencing Fall 1978 and published quarterly. The level was uncritical, even by pulp standards : but some interesting material continued to appear among the blatant concoctions.

FS = FLYING SAUCERS UFO REPORTS

Not strictly a pulp zine, and refreshingly free of the advertising which, however delightful in itself, is something of a distraction from the editorial content ; however, FSUR is, like the pulps, made up of one-off articles on diverse aspects of the subject, so it seems useful to include its four issues in this index. Besides the articles, the photographs are particularly interesting and well reproduced.

FLYING SAUCERS AND UFOS

The contents of this publication were taken entirely from TRUE FLYING SAUCERS & UFOS QUARTERLY, so I have not included them here.

ID = IDEAL'S UFO MAGAZINE

Issue #1 is dated March 1978 : it was issued quarterly.
13 (Feb 1981) is not numbered ; # 14 (May 1981) is numbered only inside.
Some non-UFO articles are not indexed here.

OF = OFFICIAL UFO

The first issue is dated May 1975. Under the editorship of Bernard O'Connor (from start through #1.12) and Dennis Hauck (through #2.6) the journal maintained a reasonable standard as pulp zines go. With the advent of Jeffrey Goodman it relinquished all responsibility, and the subsequent contents, though fascinating sociologically, are not indexed here.
Note there was no issue numbered #2.4 : on the other hand there were two numbered #2.6, for September & October 1977 respectively ; to minimise confusion the second is here identified as #2.6b.]

SA = SAGA'S UFO REPORT

SAA = SAGA'S UFO ANNUAL

SAS = SAGA'S UFO SPECIAL

Dates of publication of SA are approximately : Vol 1 - 1973-4 ; vol 2 - 1974-5 vol 3 - 1976-7 ; vol 4 - 1977 ; vol 5 - 1977-8 ; vol 6 - 1978-9 ; vol 7 - 1979 ; vol 8 - 1980 ; vol 9 - 1981.

Numbering was somewhat uncertain at first, with designations such as II and III, but settled down to volumes of six numbers, plus annuals. The periodicity varied as public interest fluctuated.]

Some articles were reprinted ; this is indicated here, except when the reprint was in the Annuals, which were composed almost entirely of reprints. References to the Annuals are therefore to articles which appear to be receiving their first publication.

TF = TRUE REPORT ON FLYING SAUCERS

The comments on FS are more or less true of this publication.

TR = TRUE FLYING SAUCERS & UFOS QUARTERLY

First published in Spring 1976. Later retitled TRUE UFOs AND OUTER SPACE QUARTERLY. (I am missing one issue - #14 - so the index is not absolutely complete !)
