SUMMARY: (U) NUMEROUS UNIDENTIFIED OBJECTS WERE
SIGHTED IN THE SKIES OVER BRAZIL, BUT BAF FIGHTERS
WERE UNABLE TO INTERCEPT THEM.

TEXT: 1. [REDACTED] ACCORDING TO SOURCES, AT
LEAST 20 UNIDENTIFIED OBJECTS WERE OBSERVED BY
SEVERAL AIRCREWS AND ON RADAR THE NIGHT OF
19 MAY 86. THE OBJECTS WERE FIRST SEEN BY THE
PILOT OF A KINGU AIRCRAFT, TRANSPORTING OZIERES
SILVA, FORMER PRESIDENT OF EMBRAER, BETWEEN SAO
PAULO AND RIO DE JANEIRO. FIGHTERS WERE LAUNCHED
FROM SANTA CRUZ AB (2255S 4343W) AT APPROXIMATELY
2100 HOURS. ALTHOUGH ALL THREE MADE RADAR CONTACT,
ONLY ONE OF THE THREE PILOTS MANAGED TO SEE WHAT HE
DESCRIBED AS RED, WHITE AND GREEN LIGHTS. SHORTLY
AFTERWARD, RADAR CONTACT WAS MADE WITH SIMILAR
OBJECTS NEAR BRASILIA AND THREE MIRAGES WERE
LAUNCHED FROM ANAPOLIS AB (1614S 4858W). ALL MADE
RADAR AND VISUAL CONTACT AT 20,000 FEET. THEY
REPORTED THAT THEY WERE ESCORTED BY THIRTEEN OF
THESE DISKS WITH RED, GREEN, AND WHITE LIGHTS AT A
DISTANCE OF ONE TO THREE MILES. THE OBJECTS THEN
RAPIDLY DISAPPEARED FROM BOTH GROUND AND AIRBORNE
RADARS.

2. [REDACTED] THE AIR MINISTER IS QUOTED BY
THE PRESS AS SAYING THERE WERE THREE GROUPS OF
TARGETS ON THE GROUND RADAR AND THAT THE SCOPES
OF THE AIRBORNE RADARS WERE SATURATED.

0A. DETAILS: SOURCE TOLD RO ABOUT THE SPOTTING OF AN UNIDENTIFIED FLYING OBJECT IN THE VICINITY OF MARIANO MELGAR AIR BASE, LA JOYA, PERU (168050, 0715306W). SOURCE STATED THAT THE VEHICLE WAS SPOTTED ON TWO DIFFERENT OCCASIONS. THE FIRST WAS DURING THE MORNING HOURS OF 9 MAY 80, AND THE SECOND DURING THE EARLY EVENING HOURS OF 10 MAY 80.

SOURCE STATED THAT ON 9 MAY, WHILE A GROUP OF FAP OFFICERS WERE IN FORMATION AT MARIANO MALGAR, THEY SPOTTED A UFO THAT WAS ROUND IN SHAPE, HOVERING NEAR THE AIRFIELD. THE AIR COMMANDER SCRAMBLED AN SU-22 AIRCRAFT TO MAKE AN INTERCEPT. THE PILOT, ACCORDING TO A THIRD PARTY, INTERCEPTED THE VEHICLE AND FIRED UPON IT AT VERY CLOSE RANGE WITHOUT CAUSING ANY APPARENT DAMAGE. THE PILOT TRIED TO MAKE A SECOND PASS ON THE VEHICLE, BUT THE UFO OUT-RAN THE SU-22.

THE SECOND SIGHTING WAS DURING HOURS OF DARKNESS. THE VEHICLE WAS LIGHTED, AGAIN AN SU-22 WAS SCRAMBLED, BUT THE VEHICLE OUT-RAN THE AIRCRAFT.

0B. ORIG CMTS: RO HAS HEARD DISCUSSION ABOUT THE SIGHTING FROM OTHER SOURCES. APPARENTLY SOME VEHICLE WAS SPOTTED, BUT ITS ORIGIN REMAINS UNKNOWN.

SUBJECT: CLOSE ENCOUNTERS IN AFGHANISTAN

1. (C) ENTIRE TEXT.

2. I AM CONVINCED THAT THERE IS SUBSTANCE IN THE MANY
TRAVELLERS' REPORTS FROM AFGHANISTAN THAT THE RED ARMY IS
USING A TYPE OF VERY POWERFUL, HIGH INTENSITY LIGHT THERE.
THE LIGHT MAY BE USED IN CONNECTION WITH PERIMETER DEFENSE
AND/OR ROAD SECURITY.

3. WE HAVE HEARD AND REPORTED ACCOUNTS OF THIS PHENOMENON
SINCE SEPTEMBER, PRIMARILY FROM FRENCH JOURNALISTS AND
ADVENTURERS. THESE HAVE DESCRIBED STRANGE LIGHTS ILLUMINATING
LARGE PORTIONS - TYPICALLY AS MUCH AS 40 MORE THAN ONE QUARTER
- OF THE AFGHAN BFF. THE LOCATIONS OF THE SIGHTINGS
REPORTED TO US HAVE BEEN SHARNI (AUGUST, 1980), SAROZ,

4. ACCOUNTS HAVE IN COMMON THE BRIGHTNESS OF THE LIGHTS, THE DISTANCES FROM WHICH THEY ARE DISCERNIBLE, AND THE SIZE OF THE AREAS THEY APPEAR TO ILLUMINATE (MORE - PERHAPS MUCH MORE - THAN 9 MILES IN DIAMETER). ACCOUNTS DIFFER IN THAT SOME SPEAK OF NARROW BEAMS, WHICH ARE COMPARED WITH LASER OR SEARCH LIGHTS, AS A PART OF THE PHENOMENON. MOST, THOUGH, SPEAK OF MORE DIFFUSED ILLUMINATION. ACCOUNTS DIFFER AS TO WHETHER LIGHTS SLOWLY GAVE, OR REACH MAXIMUM INTENSITY AND TURN OFF INSTANTLY.

5. I HAD BEEN SCEPTICAL ABOUT THE STORIES, WHICH HAVE A UFO CAST, UNTIL [REDACTED] FROM PARTIA LAST MONTH. [REDACTED] WELL AND CONSIDER HIM AN ACCURATE, CAREFUL REPORTER. [REDACTED] HE WAS PASSING NEAR KNOX (MAYBE) ABOUT JAN [REDACTED] SAW THE LIGHT. AT THE TIME, [REDACTED] 12 MILES SOUTH OF THE KNOX CREST. [REDACTED] SOURCE OF IT, THE LIGHT SEEMED TO BE AT FULL INTENSITY.

6. THEIR FIRST IMPRESSION WAS THAT IT WAS BORNE BY A HELICOPTER WHICH WAS SEARCHING FOR THEM. IT DID NOT MOVE, HOWEVER, NOR WAS ANY AIRCRAFT (OR OTHER MOTOR NOISE) DISCERNABLE. THEY LEFT THE AREA AS QUICKLY AS POSSIBLE BUT WERE SURE THAT THE LIGHT REMAINED VISIBLY AND STATIONARY FOR AT LEAST 70 MINUTES.

7. [REDACTED] IMPRESSION WAS THAT THE LIGHT WAS GENERATED FROM AN UNKNOWN SOURCE AT AN ALTITUDE OF SOME HUNDREDS OF FEET. BECAUSE IT DID NOT MOVE, AND THERE WAS NO MOTOR NOISE, HE THINKS IT MAY HAVE BEEN SUSPENDED FROM A BALLOON. LIKE OTHER WITNESSES, HE REPORTS BEING SHOCKED BY THE INTENSITY AND MAGNITUDE OF THE LIGHT AND WONDERS IF IT IS INTENDED PRIMARILY

TO PREVENT POTENTIAL ATTACKERS.

8. I ASKED [REDACTED] IF THE LIGHT MIGHT HAVE COME FROM SOMETHING LIKE THE [REDACTED] PARACHUTE FLAKES SUCH AS ARE USED BY THE U.S. ARMY. HE WAS QUITE SURE NOT, AS THERE WAS NO NOISE AND THE QUESTION WAS MUCH TOO LONG. AS FOR MORTAR-LAUNCHED FLAKS, THERE WAS NO EXPLOSION AND AGAIN NO NOISE.

SEPTEMBER. [REDACTED] WHO SEEMS TO HAVE SOME SCIENCE AS WELL AS MILITARY BACKGROUND, CLAIMS THE LIGHT HE SAW WAS "COLDER AND DRIER" THAN THAT FROM A TUNGSTEN SOURCE "WHICH WOULD BEAT BY 3,000 DEGREES KELVIN". AT FIRST SIGHTING, THE LIGHT ILLUMINATED A WINDMILL DIAMETER OF 8 TO 10 KILOMETERS, IN WHAT HE DESCRIBED AS A PERFECT AND CLEARLY OUTLINED HEMISPHERICAL SHAPE. THE PERIOD OF ILLUMINATION WAS ABOUT 18 MINUTES, WITH THE PERIOD OF SHARPEST INTENSITY BEGINNING INSTANTLY AND LASTING TWO OR THREE MINUTES. SUBSEQUENTLY, THE SIZE OF THE ILLUMINATED HEMISPHERE EXPANDED DRAMATICALLY, WHILE THE INTENSITY OF THE LIGHT WITHIN IT DIMINISHED GRADUALLY TO NOTHING. [REDACTED] THOUGH THE LIGHT SOURCE WAS NOT RINGING, AS THIS WOULD HAVE BEEN A MORE THAN HEMISPHERICAL SHAPE. AS WITH [REDACTED] HEARD NO NOISES ASSOCIATED WITH THE LIGHT.

10. INTERESTINGLY, A NIGHT LIGHT PHENOMENON OVER ISLAMABAD'S MARGALA HILLS WAS SEEN BY DIPLOMATS AND OTHERS A FEW MONTHS AGO AND REPORTED IN THE PRESS. WE THINK THIS WAS PROBABLY OF THE MOVING LIGHT, CLASSIC UFO SCHOOL, AND NOT RELATED TO THE AFGHAN SIGHTINGS. ANCHARD QUOTE. KING

SUMMARY OF INFORMATION

REMARKS

- On 2 Sept 80, SOURCE related on 3 Aug 80, three Security Policemen assigned to 1608 SPS, KAFB, NM, on duty inside the Manzano Weapons Storage Area sighted an unidentified light in the air that traveled from North to South over the Coyote Canyon area of the Department of Defense Restricted Test Range on KAFB, NM. The Security Policemen identified as: SSGT STEPHEN FERENZ, Area Supervisor, AIC MARTIN W. RIST and AMN ANTHONY D. FRAZIER, were later interviewed separately by SOURCE and all three related the same statement: At approximately 235Chrs., while on duty in Charlie Sector, East Side of Manzano, the three observed a very bright light in the sky approximately 3 miles North-North East of their position. The light traveled with great speed and stopped suddenly in the sky over Coyote Canyon. The three first thought the object was a helicopter, however, after observing the strange aerial maneuvers (stop and go), they felt a helicopter couldn't have performed such skills. The light landed in the Coyote Canyon area. Sometime later, three witnessed the light take off and leave proceeding straight up at a high speed and disappear.
- Central Security Control (CSC) inside Manzano, contacted Sandia Security, who conducts frequent building checks on two alarmed structures in the area. They advised that a patrol was already in the area and would investigate.
- On 11 Aug 80, RUSS CURTIS, Sandia Security, advised that on 9 Aug 80, a Sandia Security Guard, (who wishes his name not be divulged for fear of harassment), related the following: At approximately 002Chrs., he was driving East on the Coyote Canyon access road on a routine building check of an alarmed structure. As he approached the structure he observed a bright light near the ground behind the structure. He also observed an object he first thought was a helicopter. But after driving closer, he observed a round disk shaped object. He attempted to radio for a back up patrol but his radio would not work. As he approached the object on foot armed with a shotgun, the object took off in a vertical direction at a high rate of speed. The guard was a former helicopter mechanic in the U.S. Army and stated the object he observed was not a helicopter.
- SOURCE advised on 22 Aug 80, three other security policemen observed the same

aerial phenomena described by the first three. Again the object landed in Coyote Canyon. They did not see the object take off.

5. Coyote Canyon is part of a large restricted test range used by the Air Force Weapons Laboratory, Sandia Laboratories, Defense Nuclear Agency and the Department of Energy. The range was formerly patrolled by Sandia Security, however, they only conduct building checks there now.

6. On 10 Aug 80, a New Mexico State Patrolman sighted an aerial object land in the Manzano's between Belen and Albuquerque, NM. The Patrolman reported the sighting to the Kirtland AFB Command Post, who later referred the patrolman to the AFOSI Dist 17. AFOSI Dist 17 advised the patrolman to make a report through his own agency. On 11 Aug 80, the Kirtland Public Information office advised the patrolman the USAF no longer investigates such sightings unless they occur on a USAF base.

7. WRITER contacted all the agencies who utilized the test range and it was learned no aerial tests are conducted in the Coyote Canyon area. Only ground tests are conducted.

8. On 8 Sept 80, WRITER learned from Sandia Security that another Security Guard observed a object land near an alarmed structure sometime during the first week of August, but did not report it until just recently for fear of harassment.

9. The two alarmed structures located within the area contains [b 2] material.

REMARKS

On 24 Oct 80, Dr PAUL FREDRICK BENNEWITZ, Maie Born 30 Sep 27, KS, Civ, SSAN: b7C
b7C contacted SA RICHARD C. DOTY through Major
ARNEST E. EDWARDS, Commander, 1600 SPS, Kirtland AFB, NM and related he had knowledge and
evidence of threats against Manzano Weapons Storage area. The threat was from Aerial
phenomena over Manzano.

On 26 Oct 80, SA DOTY, with the assistance of JERRY MILLER, GS-15, Chief, Scientific
Advisor for Air Force Test and Evaluation Center, KAFB, interviewed Dr. BENNEWITZ at his
home in the Four Hills Section of Albuquerque, which is adjacent to the northern boundary
of Manzano Base. (NOTE: MILLER is a former Project Blue Book USAF Investigator who was
assigned to Wright-Patterson AFB (W-PAFB), OH, with FTD. Mr. MILLER is one of the most know-
ledgeable and impartial investigators of Aerial Objects in the southwest). Dr. BENNEWITZ
produced photographs and over 2600 feet of 8mm motion picture film depicting unidentified
aerial objects flying over and around Manzano Weapons Storage Area and Coyote Canyon Test
Area. Dr. BENNEWITZ has been conducting independent research into Aerial Phenomena for
the last 15 months. Dr. BENNEWITZ also produced several electronic recording tapes;

allegedly showing high periods of electrical magnetism being emitted from Manzano/Coyote Canyon area. Dr. BENNEWITZ also produced several photographs of flying objects taken over the general Albuquerque area. He has several pieces of electronic surveillance equipment pointed at Manzano and is attempting to record high frequency electrical beam pulses. Dr. BENNEWITZ claims these Aerial Objects produce these pulses.

3. After analyzing the data collected by Dr. BENNEWITZ, Mr MILLER related the evidence clearly shows that some type of unidentified aerial objects were caught on film; however no conclusions could be made whether these objects pose a threat to Manzano/Coyote Canyon areas. Mr MILLER felt the electronical recording tapes were inconclusive and could have been gathered from several conventional sources. No sightings, other than these, have been reported in the area.

4. Mr MILLER has contacted FTD personnel at W-P AFB, OH, who expressed an interest and are scheduled to inspect Dr. BENNEWITZ' data.

REMARKS

1. On 10 Nov 80, a meeting took place in 1606 ABW/CC Conference Room attended by the following individuals: EGen WILLIAM BROOKSHER, AFOSP/CC, COL JACK W. SHEPPA, 1606 ABW/CC, COL THOMAS SIMMONS, 1606 ABW/CV, COL CRES. BACA, 1606 SPGp/CC, COL FRANK M. HUEY, AFOSI Dist 17/CC, LTC JOE R. LAMFORT, 1606 ABW/SJ, MAJ THOMAS A. CSEH, AFOSI Det 17CO/CC, Dr. LEHMAN, Director, AFWL, ED BREEN, AFWL Instrumentations Specialist and Dr. PAUL F. BENNEWITZ, President Thunder Scientific Laboratory, Albuquerque. Dr. BENNEWITZ presented film and photographs of alleged unidentified Aerial Objects photographed over KAFB, NM during the last 15 months. Dr. BENNEWITZ also related he had documented proof that he was in contact with the aliens flying the objects. At the conclusion of the presentation, Dr. BENNEWITZ expressed an interest in obtaining financial assistance from the USAF in furthering his investigation regarding these objects. DR. LEHMAN advised DR. BENNEWITZ to request a USAF grant for research. DR. LEHMAN advised DR. BENNEWITZ he would assist him in filling out the proper documents.

2. On 17 Nov 80, SA RICHARD C. DOTY, advised DR. BENNEWITZ that AFOSI would not become involved in the investigation of these objects. DR. BENNEWITZ was advised

that AFOSI was not in a position to evaluate the information and photographs he has collected, to date or technically investigate such matters.

3. On 26 Nov 80, SA DOTY received a phone call from an individual who identified himself as U.S. Senator HARRISON SCHMIDT, of New Mexico. SEN SCHMIDT inquired about AFOSI'S role in investigating the aerial phenomena reported by Dr. BENNEWITZ. SA DOTY advised SEN SCHMIDT that AFOSI was not investigating the phenomena. SA DOTY then politely referred SEN SCHMIDT to AFOSI Dist 17/CC. SEN SCHMIDT decline to speak with 17/CC and informed SA DOTY he would request that SAF look into the matter and determine what USAF agency should investigate the phenomena.

AFOSI/

4. It should be noted that DR. BENNEWITZ has had a number of conversations with SEN SCHMIDT during the last few months regarding BENNEWITZ'S private research. SEN SCHMIDT has made telephone calls to BGEN BROOKSHER, AFOSP/CC regarding the matter since Security Police are responsible for the security of Manzano Storage Area.

<p>On 30 Jul 81, the 1606th ABW IG contacted DO 17/BID and advised that Senator PETER DOMENICI desired to talk to SA RICK DOTY regarding the matter involving BENNEWITZ. After checking with Col HARVELL, Acting AFOSI/CC, it was agreed SA DOTY and DO 17/CC would meet with Senator DOMENICI. Senator DOMENICI was present in the IG's Office but departed immediately to meet with BENNEWITZ. A subsequent check with Mr. TIJERO, Senator DOMENICI's Aide, in an effort to determine the Senator's specific questions, determined his sole interest was to know whether AFOSI had conducted a formal investigation of SUBJECT. Mr. TIJEROS was informed that no formal investigation of BENNEWITZ was conducted by AFOSI. Mr. TIJEROS stated that he assumed if any information were available, and was to be requested from AFOSI, it would have to be requested from our Headquarters. He was provided Col BEYEA's name and the Bolling AFB address of our AFOSI in event he desired any further information. Mr. TIJEROS thanked us and indicated no further inquiries from the Senator regarding this matter are anticipated.</p>

FEATURE SECTION

"GHOST ROCKETS" OVER SCANDINAVIA

Flying missiles were first reported over southern Sweden in late May 1946 by the press, which gave the missiles the name of "Ghost Rockets." In June, the missiles also had been reported over Finland and Denmark. By July, the number of sightings over Sweden had greatly increased, and several also had been reported over Norway. The great majority of these reports were made by untrained observers and, as would be expected, varied widely in the description of the actual missiles as well as, of their course, altitude, and speed.

Descriptions of the Missile

The two most common descriptions of the missiles were "a ball of fire with a tail" and a "shiny cigar-shaped object." The reported direction of flight covered all points of the compass, with a northerly direction being slightly predominant. Variations in altitude ranged from treetop height to 160,000 feet, the higher altitudes almost exclusively being reported from Finland. Speeds reported were from 65 m. p. h. to "lightning fast," with the majority described as having great or very great speed. The missiles generally have been described in horizontal flight; a few have been reported as diving into the ground or into lakes, or exploding in the air. In no case have fragments been found other than bits of material described as "nonmetallic slag."

One of the few reports available from an individual who should be more reliable and competent than the average

layman is that of a Swedish Air Force pilot. On 14 August, at 1000 hours, he was flying at 650 feet over central Sweden when he saw a dark, cigar-shaped object about 50 feet long and 3 feet in diameter flying 200 feet above and approximately 6,500 feet away from him at an estimated speed of 400 m. p. h. The missile had no visible wings, rudder, or other projecting part; and there was no indication of any flame or light as has been reported in the majority of other sightings. His report states that the missile was maintaining a constant altitude over the ground and, consequently, was following the large features of the terrain. The last statement casts doubt on the reliability of the entire report because of the inability of a missile, without wings, to maintain a constant altitude over hilly terrain. However, the pilot does imply that there may have been wings which he was unable to see, because he stated that it could not have been a Swedish jet plane as there was none flying in the vicinity at that time.

The Scandinavian press, with the exception of the Communist papers, initially reported the incidents in some detail and openly attributed them to missiles fired by the U. S. S. R. In August, a partial censorship was imposed on the press, restricting the publication of exact details or localities where missiles were seen. The Communist press has continued to ridicule the entire matter and claims that there was no basis for the reports that the missiles were of Soviet origin. In fact, a charge was made that they came from the United States and that Gen. Doolittle was sent over to observe the effects of the missiles!

Official Investigations

Official investigations of these reports were begun by the Swedish authorities in June. The Defense Staff requested the public to report any unusual observations, and by the

~~SECRET~~

GHOST ROCKETS

end of July almost 1,000 such reports had been received. The investigation has been carried out by the Swedish Defense Staff in a very peculiar manner. In the beginning, many of the key personnel were on summer leave, and they were not recalled to deal with the problem. Spokesmen for the Defense Staff repeatedly have told the United States Military Attaché that they definitely believed there were rockets over Sweden, and that they were launched by the Soviets from Peenemünde on the German Baltic coast. However, they have not been able to produce any evidence to support these statements. To date, no United States military or naval personnel in Sweden have seen any fragments, points of impact, or other direct evidence to prove that guided missiles have appeared over Sweden.

The official communiqués issued to the press by the Defense Staff have not reflected the same tone as the statements made by individual officers in conversations. In fact, the communiqués themselves have varied. The last one, issued on 10 October, very strongly indicated that the great majority of the reported incidents were of celestial origin, which is a complete change from the one of 6 August when it was reported that, except in a few cases, they could not be meteorites.*

Attitude of Swedish Officials

To arrive at any definite conclusion from the conflicting evidence available on these reported missiles is impossible. The contradictory attitude of Swedish officialdom would tend to indicate that it was doing very little to arrive at a definite conclusion, perhaps for political purposes. The complete change in attitude between the communiqués issued on

* In September and October, flying objects were reported over widely separate points in Europe and Africa, including Belgium, Greece, Italy, Morocco, and Austria. In the main, these reports have not been confirmed and appear to be due to explainable causes, such as meteors or Very flares, fireworks, etc.

6 August and 10 October indicates that the Swedish Staff was trying to minimize the entire matter which had grown to such a size that the Staff was afraid of its having official repercussions on Swedish-Soviet relations.

Conclusions

The Soviets are known to be working on various guided missiles. They have the ability to produce, and probably have tested, missiles of the V-1 type. Without warheads and with slightly improved motors, these missiles could have a range of 500 miles, and are the only available German missiles believed capable of horizontal flight at low altitudes. There is some evidence that such work has been carried out at Stolp (in Polish-administered Germany) or on the Baltic islands of Oesel or Dago. Three of the people reporting sightings have mentioned the noise of an outboard motor, a characteristic of the impulse duct motor used on the V-1 by the Germans; and one of them stated that what he saw looked like the V-1 he had seen over London during the war. Others have reported little or no sound, a condition which may indicate the use of a turbo-jet instead of a pulse-jet.

The best evidence, at present, is that there have been only 2 or 3 real incidents, perhaps as many as 5 or 10, of low-flying missiles of the V-1 type. The high-altitude missiles reported seem definitely to have been meteors or fireworks. The Swedish Defense Staff probably has taken advantage of the situation for political purposes and allowed the newspapers to make a big story out of the missiles, without admitting that the Staff had any evidence to indicate that there actually were any such missiles. This was done at a time when the Swedish public was demanding reductions in defense expenditures.

1. An unusual incident was observed during a 10 September 1976 British European Airways (BEA) flight (number 831) from Moscow to London. Between 1800 and 1900 hours, the aircraft was cruising at an altitude of approximately 33 thousand feet (9,900 meters), apparently inside the border of Lithuania, when a blinding, single source, constant intensity, and stationary light was observed off the starboard flight path of the aircraft. The light's distance was estimated to be approximately 10 to 15 miles (16 to 24 kilometers) off of the aircraft's path and approximately five to six thousand feet (1,500 to 1,800 meters) below the aircraft, somewhat above a lower cloud layer. The light, which resembled a sodium vapor lamp (yellowish in color), and which was too intense to view directly for any period of time, completely lit the top of the lower cloud layer, giving it a glowing cast.
2. The light was of such interest that the BEA pilot came onto the aircraft's intercom network, stated that he was somewhat concerned over its presence, and said he had asked the Soviet authorities for an identification of its source. The Soviet authorities came back with a negative identification response, suggesting that he should not ask questions. The light was observed for approximately 10 to 15 minutes, until the aircraft had flown past and left the light source behind.

 CATTLE MUTILATIONS OCCURRING
 IN WESTERN STATES
 CIR - MISCELLANEOUS

FIFTEEN

104 15 APR 1979

For the past seven or eight years mysterious cattle mutilations have been occurring throughout the United States and for the past four years have been occurring within the State of New Mexico. Officer GABE VALDEZ, New Mexico State Police, has been handling investigations of these mutilations within New Mexico. Information furnished to this office by Officer VALDEZ indicates that the animals are being shot with some type of paralyzing drug and the blood is being drawn from the animal after an injection of an anti-coagulant. It appears that in some instances the cattle's legs have been broken and helicopters without any identifying numbers have reportedly been seen in the vicinity of these mutilations. Officer VALDEZ theorizes that clamps are being placed on the cow's legs and they are being lifted by helicopter to some remote area where the mutilations are taking place and then the animal is returned to its original pasture. The mutilations primarily consist of removal of the tongue, the lymph gland, lower lip and the sexual organs of the animal. Much mystery has surrounded these mutilations, but according to witnesses they give the appearance of being very professionally done with a surgical instrument, and according to VALDEZ, as the years progress, each surgical procedure appears to be more professional. Officer VALDEZ has advised that in no instance, to his knowledge, and these carcasses ever attacked by predator or scavenger animals, although there are tracks which would indicate that coyotes have been circling the carcass from a distance. He also advised that he has requested Los Alamos Scientific Laboratory to conduct investigations for him but until just recently has always been advised that the mutilations were done by predatory animals. Officer VALDEZ stated that just recently he has been told by two assistants at Los Alamos Scientific Laboratory that they were able to determine

the type of tranquilizer and blood anti-coagulant that have been utilized.

Officer VALDEZ stated that Colorado probably has the most mutilations occurring within their State and that over the past four years approximately 30 have occurred in New Mexico. He stated of these 30, 15 have occurred on Indian Reservations but he did know that many mutilations have gone unreported which have occurred on the Indian reservations because the Indians, particularly in the Pueblos, are extremely superstitious and will not even allow officers in to investigate in some instances. Officer VALDEZ stated since the outset of these mutilations there have been an estimated 8,000 animals mutilated which would place the loss at approximately \$1,000,000.

R. E. THOMPSON, United States Attorney, advised that he had received an urgent call from the head of the Criminal Division, Department of Justice, advising him that he would be contacted by Senator HARRISON SCHMITT of New Mexico, who had been in contact with Attorney General GRIFFIN BELL in an effort to obtain Federal assistance in seeking to solve these cattle mutilations.

Bureau telephone call of 2/13/79 advised that a letter was forthcoming from the Department to the Bureau requesting our assistance in the investigation based on the fact that 15 of these animals had been mutilated on Indian reservation land.

On 2/15/79, ^{Gabe Valdez,} Senator HARRISON SCHMITT, USA R. E. THOMPSON, SA SAMUEL W. JONES and myself met to discuss this matter. It was agreed that a conference should be held in April of this year in Albuquerque involving New Mexico and the surrounding States who have suffered cattle mutilation cases in an effort to fully discuss this matter to determine what has been developed to date and to recommend further steps to be taken to solve this ongoing problem. The role of the FBI was discussed but was not established since it was not resolved whether the FBI would act in a coordinating capacity, an investigating capacity or both. It was decided however that it would be most beneficial if all this available information could be placed in a computer bank so that appropriate printouts could be made and an analysis made in an effort to determine a trend or pattern of these mutilations.

It is obvious if mutilations are to be solved there is a need for a coordinated effort so that all material available can be gathered and analyzed and further efforts synchronized. Whether the FBI should assume this role is a matter to be

AQ

decided. If we are merely to investigate and direct our efforts toward the 15 mutilated cattle on the Indian reservation we, I believe, will be in the same position as the other law enforcement agencies at this time and would be seeking to achieve an almost impossible task. It is my belief that if we are to participate in any manner that we should do so fully, although this office and the USA's office are at a loss to determine what statute our investigative jurisdiction would be in this matter. If we are to act solely as a coordinator or in any other official capacity the sooner we can place this information in the computer bank, the better off we would be and in this regard it would be my recommendation that an expert in the computer field at the Bureau travel to Albuquerque in the very near future so that we can determine what type of information will be needed so that when the invitation for the April conference is submitted from Senator SCHMITT's Office that the surrounding States will be aware of the information that is needed to place in the computer. It should be noted that Senator SCHMITT's Office is coordinating the April conference and will submit the appropriate invitations and with the cooperation of the USA, Mr. THOMPSON, will chair this conference. The FBI will act only as a participant.

Since this has not been investigated by the FBI in any manner we have no theories whatsoever as to why or what is responsible for these cattle mutilations. Officer GABE VALDEZ is very adamant in his opinion that these mutilations are the work of the U. S. Government and that it is some clandestine operation either by the CIA or the Department of Energy and in all probability is connected with some type of research into biological warfare. His main reason for these beliefs is that he feels that he was given the "run around" by Los Alamos Scientific Laboratory and they are attempting to cover up this situation. There are also theories that these are cults (religious) or some type of Indian rituals resulting in these mutilations and the wildest theory advanced is that they have some connection with unidentified flying objects.

If we are to assume an investigative posture into this area, the matter of manpower, of course, becomes a consideration and I am unable to determine at this time the amount of manpower that would be needed to give this our full attention so that a rapid conclusion could be reached.

The Bureau is requested to furnish its comments and guidance on this whole situation including, if desired, the Legal Counsel's assessment of jurisdictional question. An early response would be needed however, so that we might properly, if requested to do so, obtain the data bank information. If it appears that we are going to become

AQ

involved in this matter, it is obvious that there would be a large amount of correspondence necessary and Albuquerque would suggest a code name be established of BOVMUT.

SUBJECT: FLYING SAUCER! EXPERT LECTURING IN NEW ZEALAND

1. Mr. George ADAMSKI, the California 'flying saucer expert' and author of the book Flying Saucers Have Landed and others, has been visiting New Zealand for the last two weeks. He has given well-attended public lectures in Auckland and Wellington as well as meeting with smaller groups of 'saucer' enthusiasts. In Wellington his lecture filled the 2200 seats in the Town Hall. He was not permitted to charge for admission as the meeting was held on a Sunday night, but a 'silver coin' collection was taken up and this would more than recoup his expenses.

2. Adamski's lecture appear to cover the usual mass of sighting reports, pseudo-scientific arguments in support of his theories and his previously well-publicized "contacts" with saucers and men from Venus. He is repeating his contention that men from other planets are living anonymously on the earth, and, according to the press, said in Auckland that there may be as many as 40,000,000 of these in total. He is also making references to security restrictions and saying that the US authorities know a lot more than they will tell.

3. The report of Adamski's lecture in Wellington in The Dominion was flanked by an article by Dr I. L. THOMSEN, Director of the Carter Observatory, vigorously refuting Adamski on a number of scientific points. However, the news report of the lecture called it "the best Sunday night's entertainment Wellington has seen for quite a time."

4. Interest in flying saucers in New Zealand seems to be roughly comparable to that in the United States. There is a small but active organization of enthusiasts which have supported for some years. This organization publishes a small paper and receives and circulates stories of sightings. At the Adamski lecture in Wellington, approximately 40 members of the "Adamski Corresponding Society" wore blue ribbons and sat in reserved seats in the front row. Press reports suggest that Adamski probably is making no new converts to saucer credence in his current tour. His audiences have given forth with a certain amount of "incredulous murmuring" and are said to be totally unimpressed with his pictures of saucers.

SUBJECT: (U) INVESTIGATION OF UNUSUAL "LIGHT PHENOMENON"
SEEN IN KUWAIT'S SKIES

REF: 79 KUWAIT 0406

1. (C) ACCORDING TO A RELIABLE SOURCE, KUWAIT MINISTRY OF INTERIOR IS INVESTIGATING REPORT BY SENIOR KUWAIT AIRWAYS PILOT OF AN UNUSUAL "LIGHT PHENOMENON" ON JUNE 20, 1980. THE PILOT, OPERATIONS DIRECTOR H. SHARLAN, SAID THAT "DURING DESCENT THROUGH APPROXIMATELY 15,000 FT AND BEFORE REACHING WAFRA VOR, WHILE OPERATING FLIGHT NUMBER KUS42 FROM CAIRO TO KUWAIT, THE CREW AND I SIGHTED A HUGE BALL OF BRIGHT LIGHT SHAPED LIKE A HEMISPHERE (HALF A MOON SHAPE) ESTIMATED DIAMETER TO BE AROUND TEN MILES, WITH THE FLAT BASE OF THE SPHERE APPROXIMATELY

"ITS POSITION WAS NORTHWEST OF THE CITY OF KUWAIT AND STEADILY MOVING EASTWARD AT A SLIGHTLY LESSER SPEED THAN MY AIRCRAFT WHICH WAS 320 KNOTS AT THAT STATE. WHEN I TURNED NORTH AT WAFRA, THE PHENOMENON WAS STILL CLEARLY VISIBLE AND REMAINED SO UNTIL WE DESCENDED BELOW THE HAZE LAYER AND STARTED APPROACH TO THE RUNWAY. THE CREW OF FLIGHT KU 700, WHO WERE 40 MILES AWAY FROM KUWAIT, REPORTED SIGHTING THE SAME PHENOMENON. MY SIGHTING AND THE KU 700 SIGHTING WERE REPORTED TO KUWAIT CENTRE, WHO COULD NOT PICK UP ANY TRACE OF IT ON THEIR RADAR NEITHER COULD WE PICK IT UP ON OUR WEATHER RADAR."

2. (C) THOUGH A TIME FOR THE SIGHTING WAS NOT GIVEN, IT MUST HAVE BEEN CLOSE TO 2100 HOURS LOCAL TIME, ASSUMING BOTH FLIGHTS WERE ON TIME. KJ642 WAS SCHEDULED TO HAVE ARRIVED AT KUWAIT INTERNATIONAL AIRPORT FROM CAIRO AT 2110 HOURS, WHILE KJ700 WAS DUE IN FROM KHARTOUM AT 2055 HOURS.

3. (J) ABOVE REPORT IS REMINISCENT OF REFTEL'S REPORT OF JANUARY 1979 AND NOVEMBER 1978 ON UFO SIGHTINGS IN KUWAIT'S SKIES. ACCORDING TO SENIOR KOC OFFICIAL, UFO WHICH APPEARED OVER NORTHERN OIL FIELDS IN NOVEMBER 1978 DID STRANGE THINGS TO KOC'S PUMPING SYSTEM. SOME WASS ARE BLAMING CURRENT KUWAIT ELECTRIC POWER FAILURES (SEE KUWAIT 3220) ON UFO'S.

[redacted] on 4/27/64, advised that on 4/26/64, he had met [redacted] at Santa Fe, New Mexico, and both proceeded to La Madera, New Mexico, to check out [redacted] observations. He stated that at the scene there was still some smoldering material. He noted that there was miscellaneous rubbish in the area and the site may have been a dump at one time. In his opinion, some material, such as a can of paint, could have caught fire and exploded. He also noted that [redacted] had an odor of alcohol about him. [redacted] stated he would advise the FBI, Albuquerque, of any pertinent developments. b7c

It may be noted that [redacted] and [redacted] on 4/24/64, advised that they answered [redacted] radio calls and went to the site quickly. They noted several small burning areas at the site and the indentations. No one else was noted in the area. [redacted] a well regarded and capable officer, was noted to be perfectly sober and thoroughly frightened. b7c

SA [redacted] was at Socorro, New Mexico, 4/24/64, and had noted the four irregular burned spots and the four indentations at the site. SA [redacted] immediately advised [redacted] Stallion Range Center, Socorro, New Mexico. [redacted] along with [redacted] and SA [redacted] checked the Socorro site and interviewed [redacted] at length. [redacted] observations were taken in the form of a statement. A copy of this lengthy statement is retained at the Albuquerque FBI Office as well as a small sample of charred material taken at the scene. b7c

An unusual observation made at the Socorro scene was that there appeared to be no "blast" effects. Between the burned spots were unburned areas, including patches of unburned brown range grass.

It may be noted that [REDACTED] immediately contacted proper military personnel concerning this incident.

Liaison will be maintained with [REDACTED] who advised he has received several more reported incidents to which he will give attention.

NOTE:

[Redacted] described as sober, dependable, mature, and not known to engage in flights of fantasy reported seeing an unidentified flying object rise from the earth with a roar, emitting bluish and orange flames and disappear over a distant mountain. When he reported his observations, representatives of the local law enforcement agencies searched the scene and noted four small irregularly shaped smouldering areas and four regular depressed areas at the site. The unidentified flying object was described as oval shaped; about twenty feet long; with a red insignia; there is no indication in the referenced teletype that Air Force had been advised. Our policy is not to investigate but assure that Air Force is cognizant. Military is investigating and Albuquerque Office is maintaining liaison.

Reference is made to the letter from the San Antonio Office to the Director dated 1/31/49. u

On 2/6/49 PAUL RYAN, Office of Special Investigations, Roswell, New Mexico, advised the resident agent at Roswell that he had just left a conference with Dr. LINCOLN LA PAZ, Meteorologist, who has written a letter summarizing the search for the "Unidentified Aerial Phenomena".

RYAN advised that Dr. LA PAZ came to Roswell after one of these objects had been observed by several persons in the Roswell area the night of January 30, 1949, at approximately 6:00 P.M. One of these persons who witnessed the object was an OSI Investigator who stated the object appeared to explode or (disseminate) near the Walker Air Force Base at Roswell, New Mexico.

RYAN informed that all of his agents had been searching the area around Roswell, Artesia, Tatum, and Kenna, New Mexico; Amherst, Brownfield, and Lamesa, Texas, where the phenomena had recently been observed. These searches all met with negative results.

Dr. LA PAZ advanced the theory to RYAN that the objects were controlled missiles traveling around the earth at an altitude of approximately 25 miles and at a speed of approximately 15 miles per second. The missile was probably controlled by agents stationed at various intervals who are able to bring the missile down over a designated area and explode it. He stated that Dr. LA PAZ added that he believed the Russians or some other country was practicing with these weapons which carried no war head and were being exploded at an altitude of approximately 10 miles. After the practice period LA PAZ assumed the weapons would be loaded with an atomic war head.

LA PAZ told RYAN that two men whom he interviewed at Kenna, New Mexico, who had observed phenomena which appeared to have disseminated near Tatum, New Mexico, had informed him "nothing will be found". LA PAZ stated he attached significance to the above statement and that the men apparently had some knowledge that the phenomena was not a meteorite.

RYAN advised his Office would keep this Office informed of any current developments.

A review of your referenced letter reflects that Dr. Lincoln E. Paz, Meteorologist, indicated to Mr. Paul Ryan, Office of Special Investigations, Roswell, New Mexico, that two men whom he interviewed at Kenna, New Mexico apparently had some knowledge that the "unidentified aerial phenomena" was not a meteorite.

It is believed desirable that you endeavor to ascertain the identity of these two individuals at Kenna, New Mexico and to interview them for any information which they may be able to furnish relative to this matter.

FLYING DISC, INFORMATION CONCERNING.

HEADQUARTERS

EIGHTH AIR FORCE, TELEPHONICALLY ADVISED THIS OFFICE THAT AN OBJECT PURPORTING TO BE A FLYING DISC WAS RECOVERED NEAR ROSWELL, NEW MEXICO, THIS DATE. THE DISC IS HEXAGONAL IN SHAPE AND WAS SUSPENDED FROM A BALLOON BY CABLE, WHICH BALLOON WAS APPROXIMATELY TWENTY FEET IN DIAMETER. [REDACTED] FURTHER ADVISED THAT THE OBJECT FOUND RESEMBLES A HIGH ALTITUDE WEATHER BALLOON WITH A RADAR REFLECTOR, BUT THAT TELEPHONIC CONVERSATION BETWEEN THEIR OFFICE AND WRIGHT FIELD HAD NOT Borne OUT THIS BELIEF. DISC AND BALLOON BEING TRANSPORTED TO WRIGHT FIELD BY SPECIAL PLANE FOR EXAMINATION INFORMATION PROVIDED THIS OFFICE BECAUSE OF NATIONAL INTEREST IN CASE AND FACT THAT NATIONAL BROADCASTING COMPANY, ASSOCIATED PRESS, AND OTHERS ATTEMPTING TO BREAK STORY OF LOCATION OF DISC TODAY. [REDACTED] ADVISED WOULD REQUEST WRIGHT FIELD TO ADVISE CINCINNATI OFFICE RESULTS OF EXAMINATION. NO FURTHER INVESTIGATION BEING CONDUCTED.
