# Berwick textile worker saw a U.F.O.

Textile worker, Yeoman Redfearn, is not just spinning a yarn when he says he saw a U.F.O. in the early morning sky on Monday.

Yeoman, who works at Pringles of Scotland Ltd., on the Tweedside Trading Estate, spotted the object on his way to work.

At 6.45 a.m. he saw a flashing light in the sky.

It was following the railway embankment at Tweedmouth, travelling towards Berwick, when it disappeared above the 'One Tunnel' leading to the Trading Estate.

Yeoman said it wasn't a helicopter or an aeroplane, and there was no sound. He observed the U.F.O. for about 10 minutes.

This is the second sighting in a week. Last week Mr. George Smith, of the Pilot Inn, Berwick, reported a similar sighting.
