

UFO sighting baffles police

REPORTS of a large unidentified flying object over the town of Dumfries early this morning have baffled police.

Residents on a council estate in the town and workers at Dumfries Infirmary reported sighting an object, said a spokesman for Dumfries and Galloway Police.

"It was apparently oblong in shape, well illuminated, but there was no sound with it," the spokesman said.

"There have been other reports, but we tracked them down to car lights. This one could definitely not be explained."

Some people who sighted the object told police it was a series of clusters of lights which hung just below cloud level for about 20 minutes before vanishing.
