Dozens of schoolchildren say they saw an unidentified flying object in the sky over Brierley Hill and Dudley.

The pupils from Bluecoate School, Beechwood Road, Dudley, compared notes after the encounter on Wednesday night and about 25 say they saw the UFO.

Vanessa Meese and Elaine Adams, both aged 15, said it was spotted in several places between Brierley Hill and Dudley between 8 p.m. and ten.

They said it was an oval shaped object with a reddish and orange light at the bottom.

Dudley police said no UFO reports had been made.
